Erskine Defeats TRF Thieves Sunday 2 to 1

For a second successive Sunday the Thieves and righthander Bob Hallameck dropped a 2 to 1 decision in Northern Minny league by reason of an unearned score after two men had been retired, losing to Erskine, 2-1, in a game played at Erskine on Sunday afternoon.

The Thieves will meet the league-leading Bagley Merchants on the Fair Grounds diamond on Sunday night, July 10, with game time slated for 8:00 P.M.

In Sunday afternoon's tilt at Erskine, the Thieves, in the second inning, on a walk to Glenn Carlson, an error by Ron LaChance on Roy Pederson's ground ball, a force play at third base on Dennis Bakke's hard smash to third baseman Jason Huseby, and Bob Hallameck's single to center field, scoring Pederson from second, gained a 1 to 0 lead.

Erskine, with two men out in the third inning on strikeouts of Darryl Sykes and Tom Tranby, evened the game at 1 to 1 when Don Yoke singled between third and short, and Ron LaChance followed with a sizzling line drive to right field that eluded Duane Hodsdon, the ball rolling to the fence and permitting Yoke to score from first base.

The Merchants plated their game-winning tally by bunching a pair of hits in the fifth inning. Elwood Largis looped a single into short center field; Sykes was called out on strikes; Largis stole second base, and Tom Tranby was issued a walk; Yoke flied out to left fielder Swede Lund; but LChance banged a ground single past shortstop Pederson, and Largis came home with the tie-breaking tally.

The Thieves made a threat to even the game in the eighth inning when, with one out, Arlan Hjelle lined a single through second baseman Largis. Hjelle stole second, and advanced to third base on Lund's infield out, second to first. The rally was snuffed out when Carlson grounded out, second to first.

Schedule, Sunday, July 10:
Bagley at Thief River Falls (night)
Erskine at Fosston (night)
Gonvick at Winger (afternoon)

Manager Jerry Riewer's Bagley Merchants continued their undefeated pace in the Northern Minny league, defeating the Winger Tigers, 13 to 0, in a game played at Bagley on Sunday. Bagley holds a two-game lead in the league standings, with Cass Lake in second place.

In a Fourth of July doubleheader played at Bagley Monday, the Merchants dropped a pair of decisions to Halstad of the Norman-Polk league, losing 3 to 2 in a 15-inning afternoon game, and a 16 to 4 defeat in the night-cap. The Thieves' righthander, Arlan Hjelle, pitched for Bagley in the night game.

In a Sunday afternoon game at Erskine, the Thieves' Bob Hallameck and Erskine's Don Yoke hooked up in a duel which found manager Ron LaChance's Erskine team winning by a 2-1 score.

The Cass Lake Lakers rolled up 10 to 0 win over Gonvick in a game played at Gonvick. Cass Lake met Bagley in a league game at Bagley last night.

Sunday's schedule will be highlighted by the Bagley at Thief River Falls and the Erskine at Fosston tilts.

Two from Lincoln High Class of 1911 Are Visitors Here

Mr. and Mrs. Maurice Powell of Kingston, Jamaica, and Mr. and Mrs. T. L. Rank of Minneapolis were guests of the N. A. Holens over the Fourth of July week-end. Both Mrs. Powell and Mrs. Rank were members of the 1911 graduating class of Lincoln high school. Mrs. Powell, the former Marjorie Grundy, is a native of Thief River Falls, and is the daughter of the late Dr. Henry Grundy, who practiced medicine here from the early 1890s until 1911, when the family moved to Toronto, Canada.

Schedule, Sunday, July 10:
Thief River Falls at Greenbush
Badger at Plummer
Goodridge at Grygla

After a week's recess because of the Fourth of July holiday, the six-team Pen-Ro-Shall league will return to scheduled play on Sunday. The Bums, sharing the league lead with the Badger club, will play Greenbush at Greenbush. The Badger club will bring their league lead to Plummer for a game against the upset-minded Red Sox; and the Goodridge and Grygla teams, in a game at Grygla, will be playing for the near-cast honors.

In an exhibition game played at Greenbush on the Fourth of July, Wally Grovum's Bums scored a 10 to 3 win over Greenbush. Southpaw Freddy Jensen pitched for the Bums, and aided his own cause by poling out a homerun. Fred Dablow also hit a round-tripper for the Bums.

Three Are Fined in Court Monday

Two Others Forfeit Bonds after Failing to Appear

One of the lightest municipal court sessions in recent weeks was held Monday, before Judge H. O. Chommie. Only three persons appeared, with two others forfeiting bonds.

Harold L. Jesme, Milwaukee, Wis., forfeited $17 bond on a speeding charge lodged against him by the highway patrol.

Two cases were brought by the sheriff's office. Earl B. Gjernes, city, pleaded guilty to driving under the influence of intoxicants and was fined $100. His driver's license was also revoked.

Allen R. Mortenson, Rt. 1, Holt, pleaded guilty to a speeding charge and was fined $17.50.

Only one case was brought by city police. Leslie Relerson, Grand Forks, pleaded guilty to failure to display 1960 license plates and was fined $10.

Paul C. Johnson, Crookston, forfeited $100 bond for furnishing liquor to a minor and an additional $25 for having an open bottle of liquor in his car.

American Legion Juniors Playing 6 Games in 8 Days

Locals Defeat Baudette Jrs. Saturday 16-6; Lose Tuesday to EGF 5 to 4

Coach Ralph Skay's local American Legion junior baseball team will have a six-game schedule during the next eight days. On Thursday, July 7, the locals will play the Lake Bronson juniors on the Fair Grounds diamond, with game-time at 6:30 P.M.; on Friday, the club will travel to Argyle for a 6:30 P.M. game against the Argyle juniors; on Monday, July 11, the team will play a return game with the Clearbrook squad, playing at Clearbrook at 6:30 P.M.; on Tuesday night, July 12, *Marv Skaar and his highly-*rated Grand Forks junior club will play the locals on the Fair Grounds diamond, at 8:30 P.M.; on Wednesday, July 13, a return game with coach Jerry Lindell's Crookston juniors at Crookston will be played, at 6:30 P.M.; and on Thursday, July 14, the Twin Valley juniors will play a night game here on the Fair Grounds diamond, with game-time at 8:30 P.M.

In a pair of games played this week, it was a win and a loss for the locals. In a Saturday evening game played on the Fair Grounds diamond, the locals, with righthander Jack Goulet pitching, rolled up a 16 to 6 win over the Baudette juniors. On Tuesday evening, in a conference game played at East Grand Forks, the locals dropped a 5 to 4 decision to the league-leading East Grand Forks juniors. Trailing by a 3 to 1 score entering the fourth inning, the East Side aggregation rallied for four runs to move into a lead which they maintained during the balance of the seven-inning game.

Paul Klungness, after driving out a triple in the first inning, poled out a two-run home run in the third inning.

Workshop Slated on School Lunches

70 Have Registered for N.W. School Event July 18

One of three school lunch workshops to be held in Minnesota this summer is scheduled for July 18-21 at the Northwest School of Agriculture, Crookston. This is for cooks, cook managers and others active in the school lunch program.

Mrs. Margaret Dayton of Minneapolis is coordinator for the workshops which are sponsored by the University of Minnesota and the community school lunch section of the state department of education.

A. R. Taylor and Herbert Menzel of St. Paul represent the state department of education in planning the program.

Workshops will highlight food purchasing for the school lunch, nutrition, menu planning, sanitation, management, baking problems, and training of the school lunch workers.

Seventy persons have registered for the workshop at the Northwest school this year. Each workshop is limited to 75 registrants. The workshop will have six staff members for instruction and lectures.

Keeping Score with "Huck" Olson

College Leanings

It appears, from the indications we have received, that Dale Wennberg, the Prowlers' all-round athlete and an all-state hockey tournament selection as a center-ice player, will enroll at North Dakota this fall. Dale has had several conversations with Barry Thorndycraft, the Sioux varsity hockey coach. craft made a favorable impression on Dale.

Well, if Dale decides to become a "fighting Sioux from North Dakota U," we can assure the Nodak fans that they will be gaining an A-1 competitor. Dale continues to be bothered somewhat by knee trouble, with the right knee, which was injured during last season's football campaign, being particularly troublesome. He was to consult a specialist this week and discuss the possibility of undergoing surgery to remove the cartilage fragments.

With Roseau's burly Don Ross having already made arrangements to enroll at North Dakota, and now with Dale on the verge of joining the Sioux, it means that North Dakota U has been successful in gaining a pair of the finest hockey players that Region Eight has produced the past couple of seasons.

Jason Huseby, the stellar Red Lake Falls' Eagles athlete, and who is now playing baseball with Ron LaChance's Erskine club in the Northern Minny league, hasn't made a final decision as to the college of his choice. Jason, or "Slew" as he is called by his buddies, expressed himself as favoring Kansas U, a top-flight track school, or North Dakota U. One reason why he is considering North Dakota is because the Huseby family will be moving to East Grand Forks in a week or two.

It is fortunate for the Prowlers that Slew had completed his high school eligibility before the Huseby family moves to East Grand Forks. What an asset the six-foot five-inch Slew would have been to the Green Wave football, basketball, and track squads!

Archie Schneider, perhaps the best defenseman in high school hockey last season, and an all-state hockey tournament choice visited here during the Fourth of July holiday. Archie is employed in Minneapolis. He has been in touch with John Mariucci, the Minnesota Gophers hockey coach, and it is reported that Marucci advised Archie to remain out of school for a year, stay with his job and earn some money to defray his college expenses. There is a possibility that Archie would play a season of hockey with the Rochester Mustangs of the Central league.

Corky's Win Streak Ended

Clark (Corky) Johnson, the Bemidji athlete who entered professional baseball by way of the Erskine Merchants, had his ten-game winning streak ended last week when Binghamton scored a 6-3 win over the Springfield Giants.

Corky, pitching for the Giants in the Class A Eastern league, had run up a string of ten straight wins before he bumped into his first loss. And he didn't survive the first inning in his start against Binghamton, giving up two singles, three walks, and a pair of runs before being relieved.

Springfiled, in second place in the league standings, has won thirty-one games, and Johnson and George Case, another righthander, have accounted for eighteen of these victories. It appears that Corky will play dividends on the $20,000 bonus he received for signing a contract with the San Francisco Giants organization.

A Loss for the Thieves

Manager John Drury and Thieves received a blow this week when they learned that Charlie Kankel, the popular Red Lake Falls' athlete, won't be able to play with the local baseball club. Charlie was informed by his doctor that he should forego all athletic activity to avoid the hazard of aggravating a chronic back injury.

Kankel, who played a starring role for Red Lake Falls high school teams in football, baseball, and basketball, is attending North Dakota University, and last season, as a sophomore, he gained a varsity football letter. Charlie is hoping that his present inactivity will enable his injury to heal so that he can report to coach Merv Helling when the Sioux gridders begin practice.

We surely hope that Charlie will mend rapidly. He has made many friends here and has proved to be a valuable addition to the Thieves baseball organization.

The Thieves could well use Charlie's competitiveness in Sunday night's important game against the league-leading Bagley Merchants. This game should provide the fans with some of the finest baseball of the year.

Eagles Midgets Edge Fertile 5-4

Extra Inning Required; Locals Play at Ada Friday

Coach Gene Sacks' Eagles midgets baseball team scored a thrilling 5 to 4 win over the Fertile midgets in a Western Border league game played on the Fair Grounds diamond Wednesday morning. The game went into extra-innings with the locals shoving across two runs in the tenth inning to win the decision.

On Friday, July 8, at 10:00 A.M. the locals will play a league game against the Ada midgets at Ada. On Saturday and Sunday, on the Fair Grounds diamond, the local midgets will play a pair of games against a midget baseball team from the Earl Grey community club in Winnipeg. The game on Saturday will be played at 3:00 P.M.; while the Sunday game will be played as a preliminary to the Thieves vs. Bagley Northern Minny league game. The midget game is slated to start at 6:00 P.M.

In Wednesday morning's tense game, Fertile scored a run in the top half of the tenth inning to break a 3-all tie and gain a 4 to 3 margin. In the locals' half of the tenth, with one man out, Rick Jensen drew a walk; Tony Poole, who pitched a sturdy game for the locals, poled out a double, with Jensen stopping at third base. Jim Ellingson then closed out the game with a two-base hit, scoring Jensen and Poole with the tying and winning runs.

The line score:

					R.	H.	E.
Fertile	020	010	000	1	4	8	1
T. R. Falls	020	001	000	2	5	9	3

'Piggyback' Service to Be Started By Soo on Chicago-Minot Run

Direct piggyback service between Chicago, Minneapolis-St. Paul and Minot, N. D., will be inaugurated about August 1 by the Soo Line. Highway trailers, loaded on railroad flat cars, will be moved on schedules which call for delivery in Minot on the second-morning out of Chicago.

The expansion of Soo Line's growing trailer-on-flat car service was announced in Minot today by John B. Benson, assistant traffic manager in charge of the North Dakota district.

Soo Line's new service will provide shippers in Minot and the Minot trade territory with their first single-line direct piggyback service between Minot and Chicago. Minot traffic will be handled in the "Western Soo-per", a through train between Chicago, the Twin Cities and the Canadian border. Comparable eastbound service will be provided.

Construction of the necessary facilities at Minot is under way. A loading ramp and track are being built near Soo Line's locomotive service building. Access to the ramp will be from Valley street.

"Soo Line's initial Minot service will include all freight handled on rail billing and loaded in railroad-owned trailers under so-called Plan 2," Benson said. "We will be prepared to establish piggyback service under any of the other plans that Minot shippers feel will suit their needs," he added.

The Soo Line System recently acquired 10 new 85-foot flat cars designed especially for trailer loading. The new cars will carry two 40-foot trailers. Other Soo Line flat cars will handle only one trailer.

A piggybacker since January 1955, Soo Line has seen its service expand constantly. Minot will be the first piggyback point west of the Twin Cities in the continuing development of the service.

Lutherans Plan St. Paul Home for Retired Persons

Multi-million Dollar Home to Supply Nursing Service and Apartments

Plans to build high-rise apartment buildings in a Twin Cities nursing home development were *announced today by a ladies'* society and a Lutheran Church body.

Ultimately several million dollars will go into the project, designed as one of the leading examples of retirement care in Minnesota and the Upper Midwest.

First step will be a new 100-bed, $900,000 combination unit providing "sheltered care" as well as nursing care, said John Mason, assistant executive secretary for the board of charities of the Evangelical Lutheran Church (ELC).

It will be built next to the home for the aged which has been operated for half a century at Midway Parkway and Pascal Avenue, St. Paul, by Lyngblomsten Society.

The project was made possible by merger of the Lyngblomsten Society with congregations of the ELC in St. Paul this spring, Mason said.

It will offer a broad range of services—from apartment-type accommodations to "intensive" nursing care — demonstrating a concept new in the field, Mason said.

Use of the high-rise structures will enable the builders to retain the park-like landscaping of the 9½ acre site while accommodating many people. Well-shaded green lawns will contribute to the relaxed atmosphere.

The Navy made its first wireless installation on a battleship in 1901.

80-foot jump through the air over the back of an elephant is something that most motorists won't be required to do any time in their life span, but this is an every-performance feat for Jimmie James of Chicago, dean of the nation's stuntment appearing Tuesday night, July 26, at the Pennington County Fair with the Aut Swenson Thrillcade. Sometimes James makes his sensational ramp to ramp leap in an F-100 pickup truck, as above, and other times he'll be at the wheel of a Sunliner or a 1960 Ford sedan.

Iron Mines Await Summer Visitors

Oliver Company Expects 2,000,000th Caller in '60

Oliver Iron Mining Division late this summer expects to welcome the two-millionth visitor to its open pit mine observation stands on the Mesabi Range. The stands were opened to the public on Friday, July 1, and will remain open through Labor Day to allow tourists and vacation visitors to watch the mining of iron ore, one of Minnesota's largest industries.

This will be the tenth anniversary of establishment of the mine viewpoints by the U.S. Steel mining division. During the past few years attendance during each season has ranged between 150,000 and 250,000 visitors.

This summer five observation stands have been readied for public reception. Two are located in Hibbing overlooking the Hull-Rust open pit, which is the largest mine of its kind in the world. Other stands will be at Virginia, Chisholm and Marble.

College students who have undergone a period of intensive training will serve as guides on the Third Avenue at Hibbing, the Rouchleau mine viewpoint at Virginia and the Sherman mine lookout between Chisholm and Buhl. The stand at Marble and one of the Hibbing stands will be unattended.

21 Seniors Given Scholarships by Gamble-Skogmo

More than $4,000 in scholarships was awarded in June by Gamble-Skogmo, Inc. to 21 high school seniors. This is the second year of such awards by the Minneapolis-based merchandising firm given in honor of its founder and president, B. C. Gamble. Included in the recipients were students from Moorhead, Hopkins, Robbinsdale and Worthington, Minnesota.

Known as "B. C. Gamble Scholarship Awards", the scholarships are presented each year to graduating seniors on the basis of scholastic ability and demonstrated interest in selling as a career.

Gamble stores and authorized dealers throughout the firm's 21-state area compete for the honor of making the awards in their own localities.

NEWFOLDEN CHURCH SETS SUNDAY SCHOOL PICNIC

The Evangelical Free church Sunday school at Newfolden will hold its annual picnic at the church Sunday, July 10. A program will begin at 2:30 p.m., with the children taking part. Rev. Harvey Anderson will bring the message. Following the program there will be games and lunch.

May Traffic Was up Ten Per Cent

The opening of fishing season and increased interstate travel boosted traffic on Minnesota highways by 10 per cent over the April count, it was reported by the Minnesota department of highways.

A survey of the 27 automatic counters throughout the state showed a substantial increase of 27 per cent in interstate travel on Highway 2 in the vicinity of Bagley.

The annual rush of fishermen to the lake regions accounted for large gains of 18 per cent on T.H. 10 near Anoka, and 46 per cent on T.H. 169 just south of Mille Lacs Lake.

The only unseasonable drop was reported on T. H. 59 in Mahnomen County, where frost boils temporarily diverted traffic from its normal channel.

New Veteran Pension Law in Effect July 1

The new veterans pension law approved by Congress and the President during 1959 went into effect July 1.

The Veterans Administration said veterans and their dependents coming on the pension rolls from now on will do so under provisions of this new law known as Public Law 86-211.

The new law increases both the maximum pension payments and the amount of permissable *income from other sources and* provides a sliding scale of payments based on need. At the same time, it provides for counting part of the wife's income as the veteran's and for considering the net worth of the applicant.

The new law also puts pension eligibility requirements for widows and orphans of World War II and Korean conflict veterans on the same eligibility basis as those of World War I. It eliminates the previous requirement that a veteran of World War II or Korea have a service-connected disability at time of death.

Veterans and their dependents already on the pension rolls are allowed either to remain under the previous law or to elect to come under the new law. Such an election once made may not be revoked.

Pension is paid only in cases of veterans whose disabilities have no connection with their actual military service. Payments to veterans and their dependents for service-connected disabilities are called "compensation" and are not affected by the pension laws.

Under the law becoming operative today, single veterans with annual income not exceeding $1800, who are permanently and totally disabled, may be paid pension at a monthly rate ranging from $40 to $85 depending on the amount of other income they have. Similarly, disabled veterans who have dependents can draw from $45 to $100 per month, and have maximum income limitation of $3,000. To each of these amounts, $70 will be added if the veteran *requires constant aid and attendance.*

Widows alone may be paid from $25 to $60 a month, and the rate increases to from $40 to $75 per month for widows with one child. An extra monthly payment of $15 is allowed for each additional child. The maximum income limitation for a widow alone is $1800 and for a widow with children is $3,000.

Under the old pension system, veterans whether single or with dependents, were paid a flat rate of $66.15. This payment was increased to $78.15 per month after 10 years on the rolls or attainment of age 65. Income limitations were $1400 a year for single veterans, and $2700 for veterans with dependents. A payment of $135.45 was allowed a veteran needing constant aid and attendance.

The old law provided flat payments of $50.40 for a widow alone; $63 for a widow with one child, and $7.56 for each additional child.

Detailed information regarding the new pension law may be obtained from any VA office.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	145	7-12
Monday	Deuteronomy	33	7-12
Tuesday	Psalms	77	11-15
Wednesday	II Timothy	2	3-7
Thursday	John	4	23-24
Friday	Revelation	22	16
Saturday	Psalms	93	6-7

Memories are precious things. I remember often the afternoon on our honeymoon when Jim and I visited these old cliff dwellings in Colorado. Later, we stopped at a mission church built of pink adobe. It was dark and cool inside, and you felt that many prayers had been said here, and many answered.

I thought of our own church back home — white frame, in a green New England valley. I was reared in that church, I was married in it, and you'll find Jim and me at worship in it each Sunday. It's a vital part of our life.

Unless you have a church that is vital to your life, you are missing something irreplaceable. Don't wait any longer. Select the Church of your choice — and start attending it this Sunday.

The real essence of work is concentration.

Water management meant good corn yields in dry weather last summer for many a state farmer. Jack Fest, Heron Lake, cooperator in the Jackson soil conservation district, is an example. He had called on SCS conservationist Ralph Nordstrom to help set up a water control plan. Terraces and shallow ditches that Fest installed helped keep moisture on slopes and removed excess water from the flat fields.

Wednesday coffee guests at the Arnold Hammer home were Mrs. Tina Stenseth and her daughters, Mrs. Gordon Hall of St. Paul and Mrs. Charles Hinman of Hershey, Neb.

Visitors at the Melvin Stenseth home Friday evening of last week were Mr. and Mrs. Hans Hanson of Thief River Falls, Mr. and Mrs. H. Jacobson and two boys of Minneapolis, who were former residents of Norway, arriving in the U.S. a year ago.

Sunday afternoon visitors at the Albert Mostrom home were Mr. and Mrs. Bert Berg of Thief River Falls, Mr. and Mrs. Jergen Oftelie of Trail and Mrs. Orrin Drangstveit and Merlin of Goodridge.

Mr. and Mrs. Philipp Lowe and family of Worthington arrived at the Anton Torkelson home Saturday and have been house guests there the past week.

Mr. and Mrs. Harland Knutson, Holly and Sharon were visitors at the John Larson home Tuesday evening to help him celebrate his birthday. Others there were Mr. and Mrs. Carl Surmo and Mr. and Mrs. Melvin Anderson.

Several of the children of Mrs. Tina Stenseth have been visiting at the Stenseth home the past two weeks. Mrs. Charles Hinman and boys are here from Hershey, Neb. Mr. and Mrs. Orrin Green and Trudy of Kansas City, Mr. and Mrs. Gordon Hoel and boys from St. Paul and Mr. and Mrs. Lynn Stenseth, Marie Ann and Billy of Redwood City, Calif. Monday evening, several neighbors and friends gathered at the Smiley hall to view pictures taken by Lynn last year when he and his wife toured Holland, Denmark, Norway and Sweden.

Smiley 4-H Project Meeting

The Smiley club held a series of project meetings during the past week. At the Maurice Newton home Monday morning three girls met to make three bakings of bread. Those taking part were Gloria Philipp, Carol Stenseth and Nancy Newton. The same day Mrs. Newton also gave instruction to the girls present in junior food preparation. They prepared a meal for themselves and the Newton family.

At 2 o'clock Monday afternoon, JoAnn Kraemer, Holly Knutson, Charlene and LaDawn Rude met at the Norton Nelson home for instructions in the home assistance project. Mrs. Nelson explained the changes in the project for next year and helped with the completion of their records. Some of the other topics discussed were demonstrations and exhibits and what to look for when selecting articles for the home.

A safety project meeting was held at the Smiley hall Tuesday evening for all members. Since this was also record completion night the slogan contest was left for the July meeting. Each family was given supplies for a first aid kit, the members bringing the containers and arranging for convenience. The club furnished treats for all. Adults present to help were Edwin Helgeland, Mrs. Maurice Newton, Mrs. Adam Lendobeja and Mrs. Norton Nelson.

Mrs. Vivian McCrum, Miss Clara Olson, Mrs. Mark Olson, Mrs. Wayne Olson and girls, Mrs. Harland Knutson and Mrs. Ray Schindler and Teresa were among the many who attended a party at the Ernest Droppo home June 21 honoring Mrs. Anna Olson, who is leaving to make her home in Salt Lake City, Utah. Sixty Communities in Minnesota Adopt Water Fluoridation

Approximately one-third of the state's population is now served by fluoridated water supplies as recommended by the Minnesota department of health, according to Dr. William A. Jordan, chief of the department's section of dental health. The department began urging communities to fluoridate their water supplies in 1951. Since then 60 communities, including the large population centers of Minneapolis, St. Paul, Rochester, and St. Cloud have adopted the department's recommendation and are currently supplementing the fluoride content of their water supplies as a means of controlling tooth decay.

However, there are approximately 490 community water supplies in the state that do not meet the department of health's recommendation of one part fluoride to one million parts of water. Studies conducted in Minnesota as well as in other parts of the nation show that recommended amounts of fluoride added to water supplies effectively control tooth decay in children and in adults. Communities not already in the process of supplementing the fluoride content of their water supplies, should be giving serious consideration to this important dental health measure, Dr. Jordan states.

The effectiveness of a sound fluoridation program is seen in the results of a 13-year study conducted among children and adults in Evanston, Illinois. The study team found that during the 13-year period of adding fluoride to the city's water supply, 30,000 teeth were protected from decay at a saving of a quarter of a million dollars in dental bills. Both children and adults benefited from Evanston's fluoridation program.

Minnesota currently ranks fifth in the nation in the ratio of dentists to the population. (One dentist to 1,400 people). Two years ago the state ranked third. This means that the state's population is growing faster than graduate dentists can be provided by our schools, Dr. Jordan states.

As a result, the Minnesota department of health and the dental profession stresses the importance of preventive dental health measures, including community adoption of water fluoridation programs. A good dental health program must also involve regular dental care, proper and timely mouth hygiene and control of excessive sweets. Neglected dental care is both painful and costly, Dr. Jordan said.

Record Traffic Is Expected in July

Minnesota Motorists May Travel 1⅓ Billion Miles

Heavy traffic expected during July, the vacation month, may exceed one and one-third billion miles in Minnesota, the highway department said today. During July, 1959, Minnesota motorists traveled one billion, 413 million vehicle miles to and from work, for recreation and on tourist trips. Vehicle miles traveled have increased annually, and the same increase can be expected this year.

"With that many miles traveled by so many motorists," Harry A. Sieben, state highway safety director, said, "we all must stress the need for courtesy as well as carefulness in meeting the onslaught of vacation travel. Many of our visitors will be unfamiliar with local conditions and regulations. Minnesotans can be hospitable hosts by taking a few minutes to help them out.

"We can also help them out very much by being on our best behavior and thereby setting a good example of obeying traffic laws and other safety rules."

State Acquiring More Wetlands

76,734 Acres Purchased or Optioned Thru May

Latest report on wildlife wetlands acquisition by the Minnesota game and fish division reveals that 76,734 acres have been purchased or optioned as of the end of May.

Stephen Sokolik, land project leader, said that during May there were 589 acres either acquired or optioned. State-owned wetlands are presently contained in 868 tracts located in 70 counties.

These valuable wildlife wetlands have been brought into public ownership under the "Save Minnesota's Wetlands" program started in 1951.

Recent observation of these wetland units in southwestern Minnesota showed them to have good supplies of water. Ducks were seen on virtually all units checked.

2 Cars Damaged in Parking Mishap

A parking mishap caused an estimated $175 total damage to the two vehicles involved about 11 a.m. Thursday, police said.

David M. Wefald, city, was parked in front of the post office when Mary Kathleen Looker, city, who was attempting to double-park, got too close and sideswiped the Wefald car.

No tags were issued in the mishap, which caused $75 damage to the 1960 Chevrolet driven by Wefald and owned by General Motors Acceptance Corp., while damage to the Looker car was estimated at $100.

Local Boy Scouts at Camp Wabaunaquat

Sunday, July 3, marked the beginning of the summer camping season for the Lake Agassiz Council, Boy Scouts of America, at Camp Waubaunaquat on White Earth Lake in Minnesota. This summer, the activities will coincide with the council's celebration of the Golden Jubilee of the Boy Scouts of America.

During the past week, young men of the camp staff have participated in the camp leadership training program conducted at camp. This year the camp director will be Paul Stark, district executive, living in Devils Lake. Assisting him as camp commissioner is James Sculthorp, Thief River Falls; and as assistant camp commissions are David Quam, Grand Forks and Ronald Reynen, Devils Lake.

The program staff will include Charles Nowacki, Stephen; Pat Curran, Grand Forks; Roger Olson, McIntosh; and James Rolland, Grand Forks. Art Johnson, Jr., Moorhead, formerly of Thief River Falls, will be the waterfront director assisted by Richard Espeland and Douglas Miller of Grand Forks. The boat and canoe director and a member of the waterfront staff will be Douglas Cameron of Crookston.

Mrs. Evelyn Fisher, assisted by Mrs. Lloyd Austin of Lengby, will again serve deliciously prepared meals in large quantities to the campers. They will be assisted by the dining room stewards, Brian Mostue and Bruce Gilbertson of Thief River Falls.

Virgil Erickson, Holt, has been employed as the camp ranger and has been getting camp ready for the past month. Mr. Erickson will be employed during the camping season and will do the necessary construction and maintenance work this fall. It is the plan of the council to soon employ him for a full year.

The registrations for the four weeks of camp are over 600 boys, an increase of nine per cent over last year. 131 boys from the following troops are attending camp during the first period: Troop 112, Holt; Troop 145, Middle River; Troop 4, Grand Forks; Troop 98, St. Thomas; Troop 60, Thief River Falls; Troop 85, Fertile; Troop 25, Larimore; Troop 36, Crary; Troop 58, Newfolden; and Troop 140, Neilsville.

Program suggestions include overnight canoe trips, overnight hikes, troop cookouts, compass hikes, fishing trips, hiking, archery, swimming, and conservation projects. Instruction and practice of Scouting skills of cooking, compass, axemanship, nature study, rope lashing, splicing, construction of bridges and towers, swimming, boating and canoeing and life saving are also some of the suggestions given to troops in planning their program at camp.

The week's activities are climaxed with a water carnival and the recognition of outstanding campers for membership in the Order of the Arrow, the honor camper society of the Boy Scouts of America.

Editorials...

In politics, economics, and farm organization affairs, many men live only by their wits. Their prime concern is to assay the public temper and affiliate with it. But, unfortunately, a few men think and live in advance of their time. On them rests the hope for a successful, advancing democracy. While the immediate race and reward often go to the clever, surely the ultimate winner in the Kingdom of Heaven is the dedicated follower of his conscience in his determined increasing effort to serve mankind.

—David Byers

The Rent is Paid

On Saturday, July 2, the rent came due for Uncle Sam's naval base in Cuba, and the American embassy in Havana gave the Cuban government a check in the amount of $3,386.25. Now, with the rent paid, presumably we will continue to occupy the 28,000 acre area on which we maintain the Guantanamo Bay Naval Base, referred to by Navy men as "Gitmo". So writes James N. Wallace in the Wall Street Journal.

According to Wallace we have occupied the area since it was occupied by U.S. Marines during the Spanish-American war. The present lease, renegotiated in 1934, gives us perpetual exclusive rights to the site and can be terminated only by mutual agreement between the United States and Cuba, or by the U. S. abandoning the area. It provides an almost completely landlocked harbor, anchorage for 50 ships, and two air fields.

With our relationship with Castro steadily worsening, Gitmo may suddenly become controversial. The Castro news agencies refer to it as an armed camp and the probable base for American occupation forces, but so far Castro has made no official demands for the withdrawal of forces, and the Cuban government did accept the rent check.

The one-sided vote in Congress giving to the President the right to cut Cuban sugar quotas should convince Castro that the administration has the support of both parties in dealing with him. This fact may induce him to be more neighborly again.

The Dakota Election

Quentin Burdick won over John E. Davis by a small margin in last week's election in North Dakota to fill the unexpired term of Senator William Langer. While the margin was small, the result nevertheless was an important victory for the Democrats.

This election was especially interesting because the issues between the liberal and the conservative were clearly defined. Davis campaigned as a conservative and presented the conservative point of view frankly and without apology. Burdick represented himself as a liberal and he too was honest. He was in favor of bigger government giveaways for everybody.

It has been said that Burdick won the election because he was against Secretary of Agriculture Benson and that probably was one of the factors in the defeat of Davis. But the North Dakota farm vote was not solidly behind Burdick and Davis too had strong farm support. It is interesting to note that Burdick did not get as big a farm vote as he expected and Davis did not get as big a city vote as he expected.

There are those who think the North Dakota vote proves that the Republicans have been too conservative and should become more liberal. We would not go along with such a conclusion. It is our opinion that Davis conducted the kind of a campaign Republicans everywhere should conduct, a sensible campaign for good honest government that would appeal to well informed, reasonable people.

Eventually that approach will prevail, just as sure as two times two is four. Davis was defeated by the votes of people who still believe in Santa Claus, but the encouraging thing about the result of the North Dakota election was the fact that, with the issues clearly defined, and the choice being for or against Santa Claus, good old Santa was almost defeated.

We doubt that Davis could have been elected in North Dakota this year if he had altered his course and become a "me too" liberal. And we doubt that the Republicans nationally, or here in Minnesota, would improve their chances by being less conservative.

In our form of government we need too strong parties, and it is well that we divide as liberals and conservatives. We do not need radicals or reactionaries, although a few of them sometimes serve a good purpose. But as liberals and conservatives we should be able to maintain a constructive balance. Conservatives sometimes become too conservative. Liberals sometimes become too liberal. At the present time our state and our country are suffering because of too much liberalism and we need a conservative reaction to put our house in order again.

We need an era of good management in public affairs, and this is a service a conservative Republican party should provide. Better that the party suffer a few setbacks but be right, rather than strive for a meaningless victory by going along with what obviously is wrong. John Davis did the party and the people a good service in the North Dakota election.

Congress Recesses

Congress has recessed for the party conventions and will reconvene August 8. The Congress that reconvenes at that time will have the same membership as the one that closed shop Saturday, but it will be a different Congress in several respects.

By August the party lines will be clearly drawn for the election battle, and partisan considerations will have top priority. The end of the session will be used as a sounding board for campaign oratory. Under such conditions it isn't likely that much good will be accomplished.

Under the circumstances, maybe the best thing for the folks back home to do is to relax and enjoy it.

Coya Is Home

Coya Knutson is home, and back in the race for Congress again. And the issues, by her own choice, seem to be the same as they were in the last campaign, largely her own personal family problems.

The contents of a 12-page circular she distributing are not impressive. It has to do with a hearing before the election committee of the House at which information was presented for the purpose of proving unfair practices in the campaign. The election committee of the Democratic Congress was not impressed. In reviewing the testimony it concluded:

> "It is the opinion of the committee that the exploitation of the family life of the Knutsons was a contributing cause of her failure of election. No matter how distasteful the interjection of the family life of a candidate into a campaign may be, it is something which must be left to the good taste of the electorate for correction.
>
> "— If there was unethical conduct on the part of her husband's lawyers, that is not a matter within the jurisdiction of this committee.
>
> Finally, no direct evidence was supplied to connect the successful candidate to the alleged conspiracy.
>
> "After hearing all of the evidence presented in support of the complaint—the committee—feels that no further action is warranted."

This election committee report clearly absolves Congressman Langen of any unfair practices and here in the district we know that Coya's difficulties were within her own party and not with the Republican opposition. As we recall it, the explosion occurred at the Crookston DFL convention, but prior to that explosion there had been many months of internal bickering with charges and countercharges.

We are satisfied that the voters of the district were right two years ago when they voted for Odin Langen to represent them in Congress. We can see no good reason why he now should not be reelected.

Public Employe Strikes

(Milwaukee Journal)

Former Mayor Frank Zeidler is recognized as one of the best informed men in the nation on matters of municipal government and one of the most experienced as the result of his years at the helm of Milwaukee. Furthermore, as a dedicated Socialist, Zeidler is known to be sympathetic to the members of labor unions.

In view of this record, the former mayor's forthright stand on strikes by public employes is most significant. In the course of a panel discussion a few days ago, he termed such strikes "intolerable."

"If a strike were called and the union were able to bring the government to its knees," Zeidler added, "the union in effect would become the government for it has the greatest power. Governments exist only by their ability to exercise power successfully in a challenge for it. Thus, theoretically, no government can allow a union or anyone else to challenge its power at any time."

This, essentially, is what municipal attorneys have been saying for years. It does not rule out labor unions for public employes, but it does restrict their role as compared to the position they hold in private business.

Public employes (in Milwaukee) have a right to join unions — except for policemen, deputy sheriffs and others in highly sensitive positions. But they do not have the right to strike or the right to obtain exclusive bargaining privileges, as now requested of the Milwaukee common council by the largest union of public employes. And a common council or county board, which draws its authority from the public, cannot delegate that authority to an arbitrator as a third party.

These are limitations which should be fully made known to individuals when they take public employment. They are limitations, incidentally, which are normally more than made up for by security of employment and desirable working conditions.

An Unusual Appreciation

(Christian Science Monitor)

The Hope Press is the newspaper of the adult correctional institutions of Rhode Island. Its May issue contains an article about Martin Dalton, who passed on in March after 63 years in prison, one of the longest terms on record.

Sentenced to life imprisonment in 1897, Dalton was eligible for parole 30 years ago. But he took one automobile ride outside the prison walls and chose to remain in the surroundings that were, by then, familiar.

"For three generations of inmates," says the Press, "Martin was unofficial greeter, court jester harbinger of hope, and prime example . . . He was unfailingly kind, sympathetic and cheery . . . He never complained, never spoke sharply . . . He has gone, but he lives on in each of us, and we are far, far better men for having known him."

Though Martin Dalton took a life in a youthful crime, he "gave so much of himself to so many others in gentleness, and humility, and just plain kindess" that his chronicler feels sure of his reward. If others feel limited in opportunity, cramped by circumstance, even victimized by fate, they may remember a man to whom prison became a home and fellow prisoners his family.

Borrowed Nonsense . . .

A Texan got into a poker game with some Englishmen. The cards were dealt and the Englishman to his right bet "One pound."

Looking at the four aces in his own hand, the Texan said, "Ah don't know how you-all count your money, but ah'll raise you a ton."

CHEVROLET *Year's Best Seller at a Record Breaking Rate!*

This is the gracious Impala Sport Sedan

More people are buying Chevrolets (including Corvairs) than ever before—and Chevrolet's popularity leadership is reaching new, all-time highs! That means the buying's better than ever for you right now. So drop in for a chat with your dealer while the choice is wide and the time is right!

CHEVY'S CORVAIR THE BEST SELLER'S CAR OF THE YEAR!

No other car even came close to Corvair in this year's competition for Motor Trend magazine's Car-of-the-Year award. But unless you've actually driven a Corvair—experienced its silken ride, light steering, grab-hold-and-go traction—you can't imagine how quick it really is to please. Your dealer's the man to see.

Democrati Conventio Opened To

Kennedy Appe Likely to Receive Nod for Presidency

As the Democratic national convention opened in Los Angeles this afternoon, mounting indications were to the effect that Senator John F. Kennedy of Massachusetts would win the nomination for the presidency on an early ballot Wednesday. He gained additional support Sunday from leaders of the California, Iowa, Illinois, New Jersey and Kansas delegations.

The 62-member Minnesota delegation, headed by Senator Hubert H. Humphrey and Governor Orville Freeman, flew to the convention in a chartered plane from Minneapolis Saturday. The delegation is expected to give its first-ballot vote to Humphrey.

Representing the Minnesota Ninth district at the convention are Arthur O. "Spot" Relerson, district chairman; State Rep. Ben Wichterman of Plummer; Mrs. Kay Peterson, wife of a Karlstad automobile dealer; and Robert Irvine of Detroit Lakes.

The basic situation at the convention Sunday appeared to be that Sen. Lyndon B. Johnson's attempt to stop Kennedy had not caught fire. In fact, support for Johnson was slipping in the south where his strength lies.

Under these conditions, the alternative to Kennedy appeared to be Adlai Stevenson, twice nominated and twice defeated candidate, and willing to be "drafted" again.

Delegates and leaders opposing Kennedy talked vaguely of a coalition against him, but their difficulty was in finding a man to coalesce behind. Stevenson appeared to be the only real possibility, however remote.

But Stevenson's difficulty was the same as that often referred to by Brown. It was difficult to find open support for the former Illinois governor anywhere except California.

Weekend Weather Was Hot and Humid

Outlook for Area Crops Is Reported Promising

Hot, humid weather was the feature dished up by the weatherman late last week and this is expected to last through today according to the KTRF forecast.

Relief is in sight, however, as winds will become northwesterly tonight and only partly cloudy skies are in prospect Tuesday. That old phrase, widely scattered showers, still remains in the forecast however.

Temperatures since Thursday have ranged in the low to mid-80's for highs, to 55 Thursday. Today's low was 63. Only .07 inch of precipitation fell during the period, that coming in a brief shower late Sunday.

The forecast is for variable cloudiness today with cooler temperatures northwest. Partly cloudy skies tonight and Tuesday with widely scattered showers throughout th earea. Temperatures will range from 80-90 for the highs and lows will be in the 55-60 bracket—in other words, no important temperature change.

Crops in this area, which got off to a late start, look promising at this stage, with wheat, oats and barley heading out and early seeded flax now in bloom. Much progress was made with haying operations during the past week when no rain was recorded until Sunday night's shower.

8 Area Boy Scouts to Leave Friday on Way to Colorado Jamboree

Eight Boy Scouts from this area, including five from Thief River Falls, will leave Friday for Emerson, Manitoba, for a three-day training period before departing for Colorado Springs, Colorado, to attend the international Boy Scout Jamboree, which will continue until July 30, with well over 50,000 Scouts in attendance.

Representing this area will be David Jones, Eugene Kauppila, Larry Larson, Robert McCrum and Richard Sculthorp, all of Thief River Falls; John Dill of Holt; and Mark Carlson and Warren Sagstuen, both of Newfolden.

Morris Owen, who had been scheduled to supervise the local contingent as scoutmaster again this year, found it necessary to give up the trip because of his duties here.

Alvin Larson of Grand Forks will serve as scoutmaster, with Richard Paulson of McIntosh and Albert Bjornerud of Fosston as his assistants, and with Donovan Peterson of Holt as contingent leader.

Before returning home August 7, the boys also will visit Salt Lake City, Utah; the Grand Tetons in Wyoming and Yellowstone national park.

Rear-end Crash on No. 1 East of City

No Injuries in Mishap Reported by Sheriff

Two rural Pennington county youths returning from a Luther League picnic had a minor collision early this morning about eight miles east of the city, according to Deputy Sheriff Eugene Prestegaard.

Prestegaard said the youths, James Appelman and Rodney Wayne, both 17 and both driving cars owned by their fathers, were going west on Minnesota Hwy. 1 when Appelman slowed to make a turn and was struck in the rear by the car driven by Wayne, about 12:30 a.m. today.

There were no injuries, Prestegaard said. Extent of the damage to the older model cars is unknown and the case is still under investigation. It is believed the stop lights on the Appelman car were inoperative at the time, Prestegaard said.

Storm Sewer Project Delayed by Rain, to Be Completed Shortly

City projects, delayed by heavy rains, are now under way and some are nearing completion.

Pipe laying in the storm sewer project in district three is expected to be completed in less than two weeks, according to D. H. Stewart, consulting engineer, and will be followed by the cleanup work and resurfacing of streets.

Work on the 17 lineal blocks of street being resurfaced in the area north of the business district has been delayed by rain but nine blocks have been dug out and subbase has been laid on eight of these blocks in preparation for the crushed rock. Curb and gutter work is now being done and the service connections have been completed. Water main pipe for Sixth st. has arrived and installation will begin this week.

Two carloads of pipe and reinforcing steel for the underground storage tank west of the water treatment plant have arrived and work is expected to begin soon.

Two carloads of steel have arrived for the elevated storage tank on Merriam av. S., and the crew which will erect that tank may be in this week. Reinforced concrete footings for the tank have now cured and the site has been cleared.

Girl Scouts Asked to Pick up Items Left at Day Camp

$450 Damage from Two-car Collision

Highway Patrol Reports Accident Near Plummer

A two-car collision approximately three and a half miles north of Plummer about 4:30 p.m. Saturday caused an estimated $450 damage to the cars involved, highway patrol officials reported today.

Loren D. Joppru, rural Thief River Falls, was backing from a private driveway along U.S. 59 when the car he was driving was struck in the right side by another car driven south on 59 by Alvin Strand, Gonvick.

Damage to the Strand car was estimated at $300, to Joppru's, $150. No citations were filed, pending further investigation, the patrol reported.

Col. Schlechter on Military Duty at Grand Forks

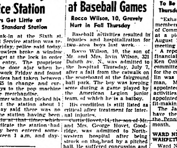
Col. M. L. Schlechter, Thief River Falls, in charge of the 5110 Logistical Command, headquartered in Grand Forks, will be stationed for the next two weeks at the Army Reserve Center in that city.

His mission is the handling of administrative affairs which includes planning a training program for the 1961 fiscal year.

The program will include the command's annual school of instructions which will open in Grand Forks Sept. 1 and close May 31.

LEGION MUNICIPAL BAND GIVES CONCERT FRIDAY

The Legion municipal band presented the third in a series of summer band concerts Friday evening on the postoffice lawn. Earl Lindahl directed the group.



CUTTING down the overhead for Crazy Days Friday and Saturday, July 15-16, by moving merchandise displays out on the sidewalks was taken too seriously by Cliff Bjorkman who lost his head marking down some of the items this week (but fortunately found it again.) The two-day festival of bargains and frivolity is expected to attract an even larger group of shoppers than it did last year to make their selections and see the costumed salespeople.

BOUND FOR NORWAY Mr. and Mrs. Syvert Hanson of this city left Saturday, July 9, enroute to New York where they will board a boat for Oslo, Norway. They will return in September.

675 Enjoyed Soo Employes Picnic

Favored by a pleasant day, the second annual picnic of the Soo Line Employes association at Riverside park in Thief River Falls Sunday strained the facilities of the attractive park to the limit, 675 men, women and children being registered, coming from points as far distant as St. Paul, Alexandria, Glenwood, Superior, Wis., and Kenmare and Harvey, N. D.

That the folks were hungry is indicated by the fact that they consumed 150 pounds of hot dogs, 40 gallons of ice cream and 2,180 bottles of pop. Trinkets were given to the youngsters by the Soo Line Employes Credit Union.

Lloyd Quesnell presided over the informal program, which included a demonstration by Clarence Grindeland of his trick horse, Bobby, and the award of a variety of prizes.

Winners included Albert Berg, oldest retired Soo Line employe present; Steve Law, station agent at Detroit Lakes, active employe with most years of service, 53½ years; Mrs. Elizabeth Pechie, 82, oldest lady in attendance; Otto Halldin, St. Paul, coming the longest distance; and Robert Looker and Vernon Weeks, tied for the largest family, with seven children each.

The day's program also included horseshoe and corn games.

Sponsors of the picnic expressed their appreciation to the park board for providing facilities, and to the police department for regulating traffic.

Break-in Friday at Service Station

Burglars Get Little at 6th st. Standard Station

A break-in at the Sixth st. Standard Service station was reported Friday, police said today.

The prowlers broke a window pane to get at the lock in order to gain entry. The proprietor found the door ajar when he came to work Friday and found the intruders had taken between $4 and $5 in change and currency, keys to the pop machine and some merchandise.

A customer who had picked his car up at the station about 1 a.m. Friday said there was no sign of the station having been broken into at that time, which would indicate the station had apparently been entered sometime between 1 a.m. and daylight.

Recently elected officers of Our Lady of Lourdes council of the Knights of Columbus will be installed at a meeting in St. Bernard's hall Thursday evening, July 14, at 8 o'clock, it was announced today.

Four Involved in Series of Thefts Appear in Court

Two Are Bound over to District Court; Others Appear in Juvenile Court

Four of the approximately 30 local youths alleged to have been involved in shoplifting and other forms of theft in this area recently were brought into court here and in Red Lake Falls.

The remainder will be brought in when processing of their cases is completed.

Two boys, age 15, who were taken before Judge Herman A. Kjos in juvenile court, were ordered placed on farms under the strict supervision of the probation officer, and they were ordered to make full restitution. Their cases will be reviewed at the end of one year.

Vincent Hesse, 19, of Rt. 2, Thief River Falls, was bound over to district court when he appeared in municipal court in Red Lake Falls to face a charge of theft committed in Red Lake county.

Appearing in municipal court here, Myron Gutterud, age 18, R. 2, city, was bound over to district court on a charge of burglary in the second degree.

Two Boys Injured at Baseball Games

Rocco Wilson, 10, Gravely Hurt in Fall Thursday

Baseball activities resulted in injuries and hospitalization for two area boys last week.

Rocco Wilson, 10, the son of Mr. and Mrs. Irvin Wilson, 321 Duluth av. N., was admitted to the hospital Thursday, July 7, after a fall from the catwalk on the scoreboard at the fairground ball park. The boy was keeping score during a game played by the American Legion junior team, of which he is a batboy.

His condition is still listed as critical after treatment for internal injuries.

Curtis Hovet, 14, the son of Mr. and Mrs. George Hovet, Goodridge, was admitted to Northwestern hospital after being struck on the head by a pitched ball. He suffered concussion and was kept at the hospital under observation until his release Friday, July 8.

Mr. and Mrs. A. Jacobson of Viking were last Sunday guests at the Werner Jacobson home.

Jaycees Plan Details of '60 Th[illegible] Aquacade

Lively Program Has Been Arranged for Two Days, Aug. 6-7

Plans for the annual Jaycee Aquacade which has been scheduled for Saturday and Sunday, August 6-7, were discussed at a meeting of the organization Thursday evening, July 7, and a tentative list of attractions has been announced.

According to Fred Franklin, publicity chairman of the Jaycees, Saturday events will begin with the parade at 8 p.m. in which will be 4-H club floats, floats for the queens and attendants, bands, boat displays and other units. Included this year will be a ceremonial group from the Red Lake Indian reservation; Miss Elaine Johnson, princess of the Powwow and celebration of the Red Lake Band of Chippewa Indians; Miss Minnesota; Miss Thief River Falls of 1959-60, Miss Rosalie Fonnest; and the 1960 queen candidates.

Whoopee John, nationally-known band leader, will bring his musicians to the city for the coronation ball beginning at 9 o'clock the evening of August 6. Miss Minnesota will display the talent which won the state title and Miss Thief River Falls will be crowned by her predecessor at 10 o'clock.

Sunday events will again include swimming contests for the youngsters and the finals of the horseshoe tournament will be held beginning at noon. Tentative plans call for elimination contests in the tournament a week before the Aquacade and more details will be announced soon.

Afternoon features will include band concerts by the Legion Municipal band and the Lincoln high school band, boat rides, the boat parade and the always-spectacular water show.

1960 'Crazy Days' Friday & Saturday

Stores to Offer Sidewalk Displays of Bargains

"Crazy Days," the annual two-day Thief River Falls celebration of bargains and high-jinks, has been scheduled for Friday and Saturday, July 15 and 16, and Reuben Lockrem, chairman of the event, has promised a bigger and better promotion than ever before.

As in past years, merchants will have sidewalk displays of special items and bargains, of course, will be offered throughout the stores.

Salespeople will again wear outlandish costumes, with everyone participating to make it a gala affair. The costumes, however, will not be a bit crazier than the prices on the many items which will be offered by the business places.

Retired Jaycees Invited to Picnic

To Be Guests at Outing Thursday Night, Aug. 18

"Exhausted Roosters," retired members of the Junior Chamber of Commerce, will be recognized at a picnic Thursday evening, August 18, it was decided at a meeting of the Jaycees July 7.

Elaine Hellquist, Roger Langlie Exchange Vows

Baskets of pink and white peonies and lighted candelabra graced the altar of the Zion Lutheran church Saturday, July 2, for the marriage of Elaine E. Hellquist to Roger A. Langlie. Dr. Walter M. Pedersen officiated with Rev. Lynn Luthard assisting in the 8 p.m. double ring ceremony.

The bride is the daughter of Mr. and Mrs. Emil Hellquist of rural Thief River Falls and the groom is the son of Mr. and Mrs. Albin Langlie of rural Newfolden.

Mrs. Reuben Lockrem was at the organ for the nuptial music and accompanied the soloist, Mrs. Donald Rupprecht, as she sang "Because" before the ceremony and "The Lord's Prayer" while the couple knelt at the altar.

The bride, escorted to the altar by her father, was attired in a floor length gown of chantilly lace and nylon tulle over ruffled net and taffeta, featuring a very bouffant skirt and a fitted bodice wih a scooped neckline trimmed with sequins and the long sleeves coming to a point over the hand. She carried a lavender orchid centered in white feathered carnations on top of a white Bible. The tradition of "something old, new, borrowed and blue" was carried out.

Mrs. Maynard Waldron of Virginia, sister of the bride, was matron of honor while Mrs. Vern Melin of Newport, sister of the bride, and Miss Cleone Langlie of Minneapolis, sister of the groom, served as bridesmatron and bridesmaid respectively. They wore turquoise, shrimp pink and light blue street length nylon jersey dresses over silk and net with white net hats and white lace gloves. Their pearl earrings were a gift of the bride and they carried pink and white sweetheart roses on a white testament. Loretta Waldron, a niece of the bride, was flower girls and wore a white nylon dress, net hat and lace gloves, similar to the bridesmaids. She carried a basket of pink and white roses and carnations and her teardrop pearl necklace was a gift of the bride.

Otto Anderson of Newfolden was best man while Noral Langlie of Newfolden, brother of the groom, and Dennis Clayton of Minneapolis were groomsmen. Ushers were Roland Hellquist of Roseau, brother of the bride, and Dennis Langlie of Minneapolis. Jeffrey Langlie was ring bearer and carried the rings on a white satin heartshaped pillow. All the men of the bridal party wore dark trousers, white dinner jackets and pink carnation boutonnieres.

For her daughter's wedding, blue lace dress with matching Mrs. Hellquist chose a copen accessories and the groom's mother wore a light gray embroidered satin dress with white accessories. Their corsages were of sweetheart roses and white carnations.

Following the ceremony, a reception was held in the church parlors for 400 friends and relatives. The bridal table was centered with a four-tiered wedding cake with pink and white bells and topped with a lace heart and a miniature bride and groom. The cake was baked by Mrs. Gilford Sannes of this city and was cut and served by Miss Helen Evans and Miss Gevenith Langlie, both of Minneapolis, while Mrs. Leslie Erickson of Anoka, sister of the bride, and Mrs. Irvin Schmitke of this city poured.

Beverly Bakke and Barbara Johnson of Newfolden served the punch and the waitresses were Linda Langlie, sister of the groom, Myrna Doran, Carol and Marlys Hall. They wore blue and pink net aprons, gifts from the bride. Arranging the gifts were Marlene Hanson, Martha Uggerud, Mrs. Erwin Olson and Pat Langlie, sister of the groom, while Sandra Langlie, sister of the groom, was at the guest book. Assisting in the kitchen were Mrs. Elmer Kron, Mrs. Helmer Kalbakdalen, Mrs. Edwin Quam and Mrs. Irwin Johnson.

The bride is a 1956 graduate of Lincoln high school and a former secretary to Ray Henderson, elementary director in this city. The groom is a 1953 graduate of Newfolden high school and is employed with the Audio-Development, Inc., in St. Louis Park.

For their trip to northern Minnesota, the bride chose a light blue cotton and cuponi pleated dress with white accessories and wore the corsage from her bridal bouquet. They are now making their home at 535 Penn av. N. in Minneapolis.

Out of town guests were from Minneapolis, St. Paul, Newport, Anoka, Moorhead, Virginia, Detroit Lakes, Forest Center, Roseau, Greenbush, Baudette, Red Lake Falls, Middle River, Newfolden, Viking and Antler, Bowman and Drayton, North Dakota.

21st Aquatennial to Start Friday, July 15

Two thrilling events—a massed parachute drop and the rugged finish of the Paul Bunyan Canoe Derby—will officially open the 21st annual Minneapolis Aquatennial Friday, July 15.

For the following 10 days, the City of Lakes will be in a holiday whirl of fun-filled events, many featuring internationally known celebrities.

In the spectacular 9 a.m. parachute drop, 250 men from the 101st Airborne Division of Kentucky will plunge into the air two miles north of Anoka.

The Canoe Derby finish at 4 p.m. at St. Anthony Falls will climax an arduous 10-day, 450-mile race down the Mississippi from Bemidji. Forty-five two-man teams—a record number—began the derby. Survivors will win $10,000 in cash and merchandise.

More than 60 colorful floats will wind from Parade stadium through downtown Minneapolis July 16 in the Grande Day parade. Nearly 175 units in all will delight spectators.

Children, especially, will be captivated at the pre-pared show at 1:30 p.m. by the antics of three of their favorite CBS-TV cartoon characters. Huckleberry Hound and Yogi Bear, from the Emmy award-winning "best children's show," and Quick Draw McGraw will be there "in persons."

The Torchlight parade — a fairyland procession of lighted floats adorned with graceful queens and models—is scheduled for July 20, with a pre-pared show at 7:30 p.m. in the stadium.

Riding in both parades and appearing at several other Aquatennial events will be many beautiful visiting queens—Miss Sweden, the Norway Festival Queen, and the Chinese Narcissus Queen of Hawaii among them.

Most dramatic event of the Aquatennial, Star Night and Coronation July 22, will begin the reign of a new Queen of the Lakes. She will be chosen from 40 candidates representing Minnesota communities and organizations at a star-studded program at 8:30 p.m. in Minneapolis auditorium.

Before the queen is crowned, Star Night spectators will be treated to entertainment by romantic baritone Nelson Eddy with his lovely blonde singing partner, Gale Sherwood; pert and pretty songstress June Valli, and vocalist, Steve Lawrence.

Hugh Downs, versatile NBC-TV personality, will emcee the program, which will include stirring numbers by the famed 40-voice Army Chorus.

Show business celebrities will frist capture the spotlight July 17 at the Aquatennial's new outdoor spectacular, "Music on Parade," at 8 p.m. in Metropolitan stadium.

Heading the MOP bill are Mahalia Jackson, the "World's Greates Gospel Singer;" Woody Herman and his 17-piece band; the sensational Lambert, Hendricks and Ross vocal jazz trio, and singer Vic Damone.

The talented Mat Gouze Tamburitzans will present lively *songs, dances and instrumental* numbers from many foreign lands twice daily in Southdale Shopping Center Garden Court. Southdale shows also will feature the Great Lakes Naval Band and Choir, the YMCA Boys Choir from Racine, Wis., and the prize-winning Kenosha, Wis., high school band.

Al Sheehan's Aqua Follies, a perennial Aquatennial favorite, will bring a crack water ballet, Olympic swimming and diving sars, comedy diving stunts and a lavish stage show to Theodore Wirth pool. A 14-performance run begins July 13.

A new Skipper Pin attraction, the prize-laden "Guess the Queen Sweepstakes" contest, is adding extra sparkle to this year's Aquatennial.

Local Man Tagged after Collision in City Thursday

One minor traffic mishap was reported last week by city police, with a total of $140 damage to the two cars involved. A rural Thief River Falls youth was tagged as a result.

Alfred Longren, rt. 4, was making a left turn off E. Third st. to go north of Atlantic av. about 10:28 Thursday when his car was struck in the left rear fender by another car driven south on Atlantic by Gary R. Klungness, rt. 4.

Damage to Longren's car was estimated at $65, to Klungness' $75. Klungness was tagged for failure to yield the right of way.

The Library Corner

By Eleanor Olson

The full green of summer is in the trees and if you are eight, ten or twelve years old the days may be dragging a little. Those first wonderful days of vacation filled to overflowing with projects postponed until school was out are over. The tadpoles are grown, the fish have stopped biting and the thrill of hikes, picnics and trips to grandma's is beginning to wear off. More and more parents are hearing, "What should I do now." Unless you are more resourceful than most of us, this might be the perfect time to send the young set off to the library for the lift that gives summer freedom back of its charms.

I know Mrs. Bennes had children with time on their hands in mind when she set up the hobby horse display in our own library. Bright and gay it offers all sorts of suggestions for summer projects for children. Books are a major part of the display, but they change rapidly since they are circulated any time a child expresses a desire to take them out. When I was there the other day they covered a wide range of subjects for children of all ages and reading abilities. For youngsters intrested in nature there was "All About the Flowering World" by Lane, "Seeds Are Wonderful" by Foster, "My Hobby Is Rocks and Minerals" by Jensen, "The Golden Book of Nature Crafts" by Saunders and "An Aquarium Book for Boys and Girls" by Morgan. (My 11-year-old neighbor who "loves" frogs would find the last one fascinating.) For children who just like to do things there was "The Long Hike" by Ivens and "Billy Goes Exploring" by Sterling and Ehrenberg.

If your child has a particular interest, the librarians will be glad to help him or her find books suited to it. If your child just likes to read generally the librarians may have something to suggest that will become a new "favorite."

If your youngsters hasn't been to the library much and feels shy about coming by himself, (those big doors are a little frightening until they become familiar) bring him the first time. Once he's well acquainted and self-sufficient he won't mind coming by himself. If he's over six he may have a card of his own, after he has brought you an application to fill out for him. (His card is absolutely free you know if you live in Pennington county.) Younger children may take out books on their parents' cards.

And the best thing of all about this wonderful new diversion is that you'll find vacation time can be a real vacation for both mother and child. You may even find time to curl up in the hammock or outside in the shade with a book of your own.

East Grand Forks Merchants Vote Down Meters 4-1

There will be no parking meters in East Grand Forks, at least not for the time being.

The question, brought up for discussion late in June by the Chamber of Commerce and the city council, died Tuesday night. The merchants committee of the Chamber counted a vote submitted by Chamber members, presented the negative results at the council meeting and the issue was dropped.

The Chamber had issued ballots for a yes-no vote on the meters to all business places on DeMers Ave., the area which would be most affected by the installation of meters. Ninety-four ballots were sent out and 71 per cent were returned, with 52 voting NO and 14 voting YES.

Mazeppa Man Wins in Butter Contest

Carl Radtke Wins $25 Prize in State Event

Carl W. Radtke of Mazeppa Farmers Cooperative Dairy association won first place in the second of Minnesota's four annual statewide buttermaking contests with a score of 99.67.

Radtke was declared winner of the 1960 June educational buttermaking contest sponsored by the Minnesota department of agriculture. His cash prize is $25.

Oscar Nelson, Arco Dairies Co., Wanamingo, won the $20 second prize with a score of 99.66. Other winners were Holger Rasmussen, Tri-County Dairy cooperative, Winthrop, 99.65—$15; B. M. Haugen, Land O'Lakes Creameries, Inc., Ada, 99.64—$10; and A. J. Bullert, Rochester Dairy cooperative, 99.63—$5.

Remaining 1960 contests and their closing dates are the State Fair contest, July 6, and the Minnesota Creamery Operators' and Managers' association convention contest, August 3.

A state buttermaking champion is named each year by averaging individual scores in the four contests.

T.R. Falls Marine Guards President on Okinawa Visit

Mr. and Mrs. Gust Haugen, 1013 Arnold av. N., recently received a letter from their son, Pfc. Wm. Haugen, stationed with the Marines on Okinawa in the Western Pacific, telling of the recent brief visit there of President Eisenhower.

He wrote that the unit of which he is a member had guarded the President from student demonstrators who started a riot two blocks from the government building in which Mr. Eisenhower was stationed.

The demonstrators, who were subdued apparently by the sight of the Marines' bayonets, bore signs reading, "Yankee, Go Home," "Banzai" and "Give Us Back to Japan."

Minnesota at Top in State-local Tax on $5,000 Income

Typical Family in $5,000 Income Class Pays $480.18 in State and Local Levies

A Minnesota family, consisting of a husband, wife and two children, and having a total income of $5,000 per year, pays the highest combined state and local tax bill in the country, according to figures recently compiled by Congressman Goodell of New York and entered into the Congressional Record.

"The Congressman's remarks and comparative figures," says Harold T. Miller, research director of the Minnesota Taxpayers association, "were presented to show the absurdity of increasing the tax burden on northern states for the benefit of other states—under the guise of federal aid to education."

Congressman Goodell pointed out that not only are other states carrying a smaller tax load but several are also attempting, through extended concessions, to lure industries to them.

The figures, reported to be statistically valid by experts in the legislative and tax service of the Library of Congress and the Census Bureau, indicate that the "typical $5,000 income family of four" in Minnesota pays state and local taxes of $480.18—far more than any other state in the country. Minnesota is followed by Vermont with $457.16; Massachusetts $448.75; Maine $425.04, and New York $405.47. West Virginia collects only $139.03—the least from such a typical family.

According to Congressman Goodell's comparative tabulation, state and local taxes to be paid by the typical family in some of our neighboring states are: Wisconsin, $360.25; Iowa, 294.72; Indiana, 281.66; Michigan, 285.54; Ohio 230.42; Illinois, 216.55.

"The Congressman's figures dramatically emphasize the wide variation in taxing efforts among the states and Minnesota's disadvantage in attracting industry," Miller concluded. "With all states competing with one another to attract industry, it is important that Minnesotans be alert to Congressman Goodell's admonition to proceed cautiously with any federal assistance program that would place us at an even greater tax disadvantage."

Boating Club to Hold Bee Tuesday

The Thief River Falls Water Sports club members are asked by Malcolm Magnuson, president, to share in a dock improvement bee at the Boy Scout park Tuesday evening, July 12, at 7 o'clock. He added that at a business session following there will be a discussion of a boat cruise planned for Saturday, July 16, across Lake of the Woods. Movies also will be shown.

Wheat, Oats & Barley Heading out in Area

Following is the weekly report as of Friday, July 8, prepared by E. A. Hameski, superintendent of the Winnipeg division of the Soo Line:

Alexandria to Thief River Falls

Weather varied from cool, rainy days to warm, sunny days, with showers producing from .10 to 3¼ inches of rain. More warm weather is needed to promote corn growth and dry low areas where rain has collected. Some flax is only fair due to excessive moisture. Wheat, oats and barley are heading and in excellent condition. Soy beans are in good shape. First cutting of alfalfa was fair to good and farmers are now looking forward to a very good second crop.

Newfolden to Orleans

Although very little rain was received his week, top and subsoil moisture remain good. Wheat, oats and barley look good in the heading stage. Potatoes are making good progress. Haying is in full swing and heavy yields are reported.

Viking to Rolette, N. D.

Top and subsoil moisture adequate for the present time, with an average of one-third inch of rain having been received this week. Reports indicate all grains are looking good with heavy stands and good color. Early grain is heading. Potatoes and sugar beets are showing good progress although some are about two weeks behind normal growth due to late planting and earlier cold weather.

Overly to Norma

Rainfall varied from none to 1½ inches the past week. However, moisture supply is still adequate for the present. Early grain is starting to head; and due to the heavy stands added moisture will be a necessity when this grain reaches the milk and filling stages. Haying is in full swing and rye harvest will follow shortly. Prospects remain good for all grain crops.

Dahlin to Orrin, N. D.

Rainfall varied from a light sprinkle to 2½ inches this week with more moisture necessary for late crops and heading grain which is displaying heavier than usual stands. All hay and pasture lands have an abundance of forage. Potato fields are looking very good. General prospects are good.

General

Wheat, oats, barley and rye continue to look very good with little report of damage from the elements or insects. In some areas flax on poorly drained land shows poor color due to too much moisture. Moisture supply is fair to abundant. First hay cutting is nearing completion with heavy yields and some damage due to frequent rains. Potatoes, sugar beets and soy beans are progressing nicely. Corn is a little slow. General prospects are good on the entire Winnipeg division.

Summer Pruning

All shrubbery which blooms early in the season on old wood should be pruned just after it has finished blooming. This includes the barberries, bridal wreath, burning bush, cotoneasters, currants, dogwood, cedars, flowering plums, Cheraris, almonds, forsythia, hawthorns, highbush cranberry, honeysuckles, June berry, nannyberry, mockoranges and wayfaring tree.

Climbing and species roses which bloom only once should be pruned after they have flowered. Remove old canes but leave the new shoots for next year's bloom.

Arbor vitae, junipers and yews may be pruned. Remove only the ends of the branches that extend beyond the normal form of the shrub. Avoid a sheared, unnatural look of the shrub.

Pinching is a cultural practice which usually improves the shape and form of annuals and perennials. Removal of the fleshy growing tip causes more branching and increases the number of flowers on a plant.

Plants such as snapdragon, carnation, dahlias, salvia, phlox, zinnia, marigolds and garden chrysanthemums will benefit from pinching. Mums should not be pinched after July 1.

Mack's CANDID COMMENT

BY V. M. DRAPER

You don't have to join the army, navy or air force nowadays to take orders from the brass hats, or, as enlisted men called 'em during the war, "chicken" officers. (There's another word between chicken and officer but we can't print it here.)

Elwood "Pete" Quesada stepped from his job as boss of the Strategic Air Command into the one as boss of the Federal Aviation Agency in 1958.

The old CAA had eased up somewhat after World War Two so that you could have the family doc give you your physical for private and student pilot's license. You could also take your private flight test from a local examiner. Other regulations were eased too. For instance, those who have always hankered to build and fly their own ships have been able to do so only since 1947.

But now most of the progress gained in the 1940's has been lost to old Ironpants Quesada's sense of being God omnipotent. In short, Quesada is bossing civilian pilots around just as though he never shed AF blues and those weighty stars. Now, however, the stars appear more like chips on his shoulders to beleaguered pilots.

He's gonna get 'em knocked off, too, if pending legislation is passed. Sen. Clair Engle (D.-Cal) and Rep. John Bell Williams (D.-Miss.) have proposed nearly identical bills to strip the FAA administrator of some of his absolute power over civilian airmen.

Other inane proposals by Quesada include one that would make aerial agricultural chemical applicators' (crop sprayers to you) regulations so strict the operators would have to hire a man just to take care of government bookwork. You, the farmers who have your crops sprayed, would have to pay his salary through increased spraying costs.

More than likely, however, this would put many smaller operators out of business entirely because farmers would probably revert to the slower ground sprayers except in extremely wet years, rather than pay the increased costs.

So, in reality, the pilots' fight for less stringent regulation of aviation is also your fight if you don't want to pay increased crop spraying and other unnecessary costs.

As far as individual pilots themselves, Quesada has more power over them than is exercised over the worst criminals—and pilots are actually treated worse!

A man who is arrested by the highway patrol for careless driving can plead innocent, or if he is a borderline drunken driving case, he might conceivably plead guilty to a lesser charge and get off easier. In any event, if he is found guilty after trial he can appeal his case to a higher court.

Not so the accused pilot. According to FAA he is guilty until proved innocent, if we are to judge by past actions dealing with errant pilots. Let's say a local pilot is accused of an infraction of flight rules. He gets a notice from FAA regional hq. in Kansas City of the charge against him. If he wants a hearing he can have it, probably in some faraway city. If he does demand a hearing and is found guilty, he must appeal to the same FAA official who sat as judge, jury and prosecuting attorney over him in the first place!

Or, he can demand a hearing before a federal court if he feels innocent of any wrongdoing and doesn't want the infraction posted against his record.

In any case, regardless of the gravity of the charge involved, the cost of defending one's self against FAA is so terribly great many pilots are forced to plead guilty and accept the punishment meted out rather than attempt to fight to prove their innocence.

The above situation would be remedied under the Engle bill which is awaiting action in the U.S. Senate. The Williams bill in the house of representatives is similar to the Engle bill. Neither goes far enough to clip Quesada's wings but they are a beginning, and should be passed.

Whether or not they get the support they deserve depends on public opinion. We pilots alone will be hard pressed to throw enough weight behind the congressmen who would help us. Your interests are involved and your letters to congress could do the trick.

Thieves Trip Bagley Sunday by 4-3 Margin

With one run across the plate, the tying run perched on second base in the person of Ken Theis, two men out, righthander Bob Hallameck whiffed southpaw-swinging Denny Fallon to protect a 4 to 3 lead and give the Thieves a well-earned Northern Minny league win over the Bagley Merchants in a game played on the Fair Grounds diamond here Sunday night.

The loss was the second in a row for Bagley, with the Merchants having dropped a 2 to 1 decision to Cass Lake on Wednesday night, but manager Jerry Riewer's team continues to lead the Northern Minny league, holding a half-game edge over the Cass Lake team.

The Thieves are billed for exhibition game against the Warroad Muskies at Warroad on Wednesday night.

In Sunday's thrilling tilt here, the Thieves erupted for a three-run cluster in the third inning. Duane Hodson banged a double up against the fence in left field; Rod Collins bounced to second baseman Dwayne Syverson, and both runners were safe when Syverson elected to make the play a third base in an effort to erase Hodsdon, who beat the play. Harlie Drees singled off the wall in left-center, scoring Hodsdon. Arlan Hjelle was nicked by a pitched ball, loading the bases, and then John Drury laced a single into right field, plating Collins and Drees. Hjelle was thrown out attempting to pilfer third, Walhowe to Josephson. Roy Pederson lofted to right geld, and Dennis Bakke popped to first baseman Jim Lawrence.

Bagley notched a run in the fourth inning on a walk to Jerry Riewer, a passed ball, and infield out, and a wild pitch.

The Thieves tallied what proved to be the winning run in the seventh inning when Pederson scratched a hit to shortstop, moved around to third base on Glenn Carlson's line single to right field, and scored on Hallameck's fly ball into deep center-field.

The Merchants, held hitless until the eigth inning, put together a double by Tom Walhowe and a ground single by Jerry Riewer to score a run and pare the locals' lead to two runs.

In the ninth inning, Bagley made a desperate effort to tie the game, and some fine defensive play by the Thieves halted the threat. Bill Lawrence lined to Hjelle in left field; Jim Lawrence beat out a hit to shortstop; Syverson drew a base on balls; Ken Theis, batting for Sorenson, singled into left field, with Jim Lawrence stopping at third and Syverson at second. Walhowe singled to right-center scoring Jim Lawrence, but Syverson was erased at the plate on a fine play, with Hallameck aking Drury's throw near the mound and whipping in to catcher Bakke who put the tag on the sliding Bagley runner. Hallameck then whiffed Fallon for the game-ending out.

Legion Juniors Win Three Games

Defeat Bemidji and Take Two from Lake Bronson

Coach Ralph Skay's local American Legion junior baseball club, winning three games during the latter part of the week, boosted its season's won-and-lost record to twelve wins and four losses. The victories posted into the record book were over Bemidji and Lake Bronson. In a game played at Bemidji on Wednesday, the locals rolled up a 20 to 5 win in six innings over the Bemidji juniors. In a doubleheader played here Thursday evening, the locals defeated the highly-rated Lake Bronson by a 10 to 0 and 14 to 9 scores.

This week's play will find the locals traveling to Clearbrook for a game this evening, Monday, at 6:30 P.M. On Tuesday, July 12, the Grand Forks juniors will play the local club in a night game, with game-time at 8:30 P.M., on the Fair Grounds diamond. On Wednesday, coach Skay will take his squad to Crookston for a game against the Crookston juniors, with game time at 6:30 P.M. On Thursday night, at 8:30 P.M., the Twin Valley juniors will play the local club on the Fair Grounds diamond.

The American Hardware Mutual Insurance squad—Steve Embury, Ron Solheim, Curt Johnson and Jon Larson—fired an aggregate of 138 on Wednesday evening to overtake and pass the Tunberg Motors team and move into first place in the city golf league standings.

Entering Wednesday evening's play, the Tunbergs held a four-stroke lead, 712 to 716; but the 145 total that Rog Tunberg's squad carded dropped the team three strokes behind the leaders.

In Wednesday evening's play, net 37, Solheim a 41 and 38, Embury had a gross 42 and a Johnson a 39 and 32, and Larson a 36 and 31.

The Tunberg Motors squad posted scores as follows: Roy Lee a gross 47 and a net 38, Bob Wurst a 47 and 38, Reid Stromberg a 40 and 37, and Shorty Perkins a 37 and 32.

The evening's low gross was Jon Larson's 36; while Jim Solsten had the low net, shooting a 39 and having a nine-stroke handicap for a 30.

TRF Bums Lose to Greenbush 6 to 4

In league baseball play in this area the past week, the city's two teams, the Thieves and the Bums, scored a win and absorbed a loss. In Northern Minny league competition, the Thieves defeated the league-leading Bagley Merchants, 4-3, in a game played here. In other Northern Minny league tilts, Gonvick defeated Winger, 13-3, and Fosston defeated Erskine, 13-1.

The Bums of the Pen-Ro-Shall league dropped a decision to Greenbush, losing by a 6-4 score. Grygla scored a 7-3 win over Goodridge, and Plummer edged out Badger, 9-8.

In and Out of Surgery

Dale Wennberg was in surgery on Friday morning at Northwestern hospital here, and a specialist made a couple of incisions alongside the knee cap of Dale's right leg and removed some cartilage fragments.

According to the reports we have received, Dale will be getting therapy today, Monday, under the supervision of Frank Harger. Frank, therapist at the hospital, has been Dale's personal trainer during the past athletic season, and it was through his efforts that Dale was able to skate through the Prowler hockey schedule. Before every Prowler hockey game, Frank applied tape bandages to both of Dale's knees.

It was only after consultation with the family's doctor, and a specialist, that it was decided to perform surgery on Dale's knee. The furthering of Dale's athletic career, now that the Prowler all-state hockey tournament choice has completed his high school years and is planning to attend college, was of secondary consideration. These fragments in the knee were a hazard in everyday life, and it was to forestall future accidents that the surgery was decided upon. Dale could never tell when these fragments would "pop out" and cause his knee to buckle.

On Thursday morning, Dale received a telephone call from Minnesota's John Mariucci, and the Gopher coach gave Dale much encouragement as to the outcome of the surgery.

With the Experience

Gordy Bjerken and Amorin Olson, local canoeists who were entered in the Aquatennial canoe derby, withdrew from the derby after completing the 51-mile first lap from Bemidji to Bena. The two boys decided that they were handicapped too greatly by the canoe they used.

According to Gordy, their canoe, a canvas-covered Old Town canoe, was the only bonafide canvas-covered canoe in the derby. The other canoes were custom-made jobs that were patterned for derby racing.

The two boys aren't discouraged, though, and they are going to spend the winter months in making a fiberglass canoe in readiness for next year's derby. They made a careful inspection of the craft used by Eugene Jensen and Tom Estes, the current leaders in the derby, and will pattern their canoe after this model. The Howard Thompson and Eugene Storlie canoe, in second place in the derby at present, is also a custom-made fiberglass craft.

It was quite an experience for the boys, and they surely learned that derby racing, Aquatennial style, is a professional operation.

Thanks, Fellows

On behalf of the Times' trapshooting squad we wish to extend a note of appreciation to Tony Dorn's Ekeren Pharmacy team for scoring that 121 to 119 win over Gene Gaer's Ben Franklin team last Thursday. We had begun to have doubts about Franklins losing a match, but the Pharmacy, with some steady marksmanship, were able to score a win. So it can be done.

The defeat dropped the Franklins into a first place tie with the Times, with each squad having eight wins and a loss for sixteen points.

But the Franklins and the Times should make not of the team that is in third place, the Wilson Bros. Stan Wilson's squad is the league's high-average club, and being only two points off the pace they are in a fine position to take advantage of any erratic shooting by the leaders. The Wilsons are a very consistent squad.

An Even Dozen

Horace May, the Bemidji Lumberjacks' baseball coach, has been in town for a couple of weeks supervising the physical education program being given to the elementary teachers in this area.

Horace was an interested spectator at the doubleheader junior Legion baseball game played here Thursday evening, and which found Ralph Skay's locals upsetting a favored Lake Bronson club, 10 to 0 and 14 to 9.

During the course of the conversations with the fans along the third base line, May reported that Corky Johnson had posted his eleventh and twelfth wins with the Springfield club of the Eastern league. Corky gained his high school training under May, and Horace is rightly proud of the accomplishments of the sturdy righthander. After having his ten-game winning streak halted, Corky moved back into the win column with a 6 to 1 win over Williamsport and a 1 to 0 win over Allentown. In the 1 to 0 game, Johnson allowed but two hits, struck out nine, and didn't issue a walk.

It was May's opinion that if Corky reaches fifteen wins with Springfield, the San Francisco organization will move the righthander up into double A or triple A. And it's not too far-fetched to believe that Corky may reach the majors within a year or so.

Schedule, Thursday, July 14:
Wilson Bros. vs. Ekeren Pharmacy
Times vs. Oen's Appliance
Northern Chevrolet vs. Starekow Clinic
Coast-to-Coast vs. Ben Franklin

The highlight of the week's competition in the Thief River trap shoot league was the two-bird win, 121 to 119, of Tony Dorn's Ekeren Pharmacy squad over the league-leading Ben Franklin team. It was the first defeat of the season for the Franklins, and the loss dropped Gene Gaer's squad into a two-way tie for first place with the Times, who scored a 121 to 111 win over the Northern Chevrolet.

In marking up their victory over the league-leaders, the Pharmacy had three "25's", a 24, and a 22. Wayne Schantzen had a twenty-five straight; Ray Johnson a 23-8; and Red Thyren a 22-3. Dorn, shooting at scratch, had a 24, and Russ Embury an 18-4. For the losers, Bill Ranta and Bill Pederson, having 19-6 scores, posted "25's". Jim Disse had a a 20-2, Bob Baker a 17-6, and Ralph Helm a 20-4.

The Times, moving up into a tie for first place, marked up a 121, tying the Wilson's for the week's team high total, defeated the Chevy, 121 to 111. Bob Mattson broke twenty-five straight, while Leif Erickson had a 20-8. Bill Dahlquist and George Mostue had identical 20-4's and Clarence Mattson a 20-3. For the losing Chevy squad, Walt Jung scored a 21-5 for a "25".

The Wilson Bros. with Sandy Wilson scoring a straight twenty-five, and Roy Peterson having a 22-4 and Al Tonder a 23-3, defeated Oen's Appliance, 120 to 107.

The defending league champion Coast-to-Coast moved back into the win column again by scoring a 120 to 109 win over the Starekow Clinic. Darrell Wood, with a 22-3, and George Hale, with an 18-8, had "25's" for the winners. The Clinic had three "25's" in their losing effort, with Steve Skadsen having a 20-7, Phil Hartley an 18-8, and Wally Vagle a 20-7.

Eagles Midgets Spill Ada 10 to 0

Locals to Play Fosston Here Wednesday Night

Coach Gene Sack's Eagles midgets baseball team handed the Ada midgets their first defeat in Western Border league play when, playing at Ada on Friday morning, the locals scored a 10 to 0 win over the Ada midgets. The locals will meet the Fosston midget in league game here on Wednesday morning at the Fair Grounds diamond.

In a two-game series with the Earl Grey juveniles of Winnipeg played on the Fair Grounds diamond on Saturday afternoon and Sunday evening, the heavy-hitting Winnipeg club marked up a pair of victories. On Saturday afternoon the Greys rolled up 15 to 2 win. On Sunday evening, in a well-played game and with righthander Mike Aune pitching effectively, the Winnipeg club scored a 4 to 1 win.

In Friday morning's game at Ada, the locals' hurlers, Dick Jensen and Tony Poole, limited the Ada club to but two base

Crops and Soils Day at N.W. Experiment Station to Be July 19

The annual Crops and Soils Day at the Northwest Experiment Station, Crookston, will be held Tuesday, July 19, commencing with a tour of all the field plots at 9:30 a.m.

A special demonstration of fertilizer application equipment, including application by airplane, will be presented at 1:30 p.m. The women are especially invited to special tours of flower gardens and other horticultural research.

The Red River Valley Crops and Soils association will meet in the library of the Northwest School at 2:30 p.m.

According to Superintendent B. E. Youngquist, the field plots look very good at this time. Disease, insects, and other hazards could develop very rapidly under the current lush growing conditions.

Research specialists from the Institute of Agriculture will be in attendance to discuss and to answer questions on the experimental work with soils, small grains, potatoes, sugar beets, weed control, and specialty crops.

An item of special interest will be a stop at the chemical weed control project. Several new chemicals are on test. Carbyne and Avadex are two promising chemicals for wild oats control. In another trial, eight different chemicals are being used for weed control in sugar beets. Several chemicals are being tested for weed control with flax.

Which is the best and most economical way to apply commercial fertilizer? This question is being considered at 1:30 p.m. when a demonstration of the latest methods of applying commercial fertilizer will be staged. Farmers are using more and more fertilizer and need to keep posted on the newest methods of application. For instance, what fertilizers can be applied with the airplane?

In the small grain plots, 16 different varieties of spring wheat are in the trial, 15 varieties of oats, six of barley and six of flax. Several new varieties of field peas are in the trial for the first time. About eight acres of breeding work in potatoes can be seen on the tour.

Special tours of the flower and horticultural area have been planned by the station horticulturist, Bruce Beresford. This is planned especially for members of garden clubs and other women interested.

Northwest School Starts Fall Term September 26th

Offers Wide Variety of Courses in Agriculture and Pre-college Work

The Northwest School of Agriculture at Crookston will open for the fall school term on Sept. 26.

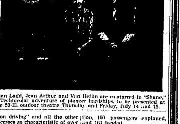
The school offers courses in technical agriculture, including field crops, animal husbandry, soils, and farm management. The agricultural engineering courses include: gas and arc welding, farm mechanics, tractors (where students bring in their own machines and overhaul them in their training), carpentry, electricity, and aeronautics. A boy can handle most welding jobs after completing the welding course at the Northwest School.

Students who wish to go on to college will find that the regular academic courses offered in high schools are available at the Northwest School. In the field of science and mathematics, the following courses are offered: general science, biology, chemistry, physics, albgbra, higher algebra, plane geometry, trigonometry. Over the past ten years, 31 per cent of the graduates of the Northwest School have gone on to college.

Besides the regular academic courses, the girls have the oporunity to take four years of home economics, of which the last year is spent in home management practices. Courses in business training and typing prepare the girls for clerical and office work.

For information, write to the Principal, Northwest School of Agriculture, Crookston.

PUPPETS will perform at the Pennington county fair July 26-29 when the "Circus on Strings" will be presented in front of the grandstand along with Marlo's revue.



Alan Ladd, Jean Arthur and Van Heflin are co-starred in "Shane," a Technicolor adventure of pioneer hardships, to be presented at the 59-Hi outdoor theatre Thursday and Friday, July 14 and 15.

Use Moderation in Vacation Driving

Official Advises Not to Try for 600 Miles a Day

The frenzied "600-mile-a-day or bust" approach to vacation driving causes hundreds of traffic accidents every summer, an official of the Minnesota State Automobile assn. declared today.

"Traveling on limited time and financial resources, many motorists try to pack the maximum amount of driving into their vacations," said Hugh M. Craig, executive secretary. "As a result they not only reduce the pleasure of their trip, but also greatly boost chances for an accident."

Urging a more leisurely approach to vacationing, the AAA official warned against "marathon driving" and all the other excesses so characteristic of over enthusiastic travelers. He said the driver who tries to set an endurance record on his vacation trip runs the risk of extreme fatigue which reduces alertness and slows the speed of reaction to danger.

Craig offered the following suggestions for vacationing drivers:

1. Start out on your trip early in the morning so you can stop early. Keep driving time each day to a seven-hour limit.
2. During your trip, stop every two hours or so for rest and refreshment. This will help keep driving efficiency at a maximum level.
3. If someone else can drive, take turns at the wheel.
4. "Highway hypnosis" is a constant threat to the motorist on long trips. Converse with others and listen to music on your car radio. Avoid heavy meals while traveling.
5. Above all, let moderation be your guide. It is far better to cover fewer miles on the ground . . . than be six feet underneath it.

Traffic on North Central Airlines Hits Peak in June

Passenger traffic over North Central Airlines' system reached an all-time high of 98,840 during June, reports Frank N. Buttomer, vice president, traffic and sales.

This represents a 5.6 per cent increase over June of last year when 93,543 passengers were carried and a 3.5 per cent increase over the airline's previous top month—August 1959.

"Our goal for 1960 is 1,100,000 passengers," said Buttomer. "To date we have reached 45.2 per cent of this figure, and our best bucsiness months are still ahead of us."

At the Thief River Falls station, 160 passengers enplaned, and 164 landed.

Allergy May Cause Bee Sting Reaction

More Deaths Caused by Bees Than Reptile Bites

Bee stings annually account for deaths of more Americans than the combined total of deaths due to snake bites and all other venomous reptiles, says the Minnesota State Medical association.

Many medical authorities are convinced that the severe reactions which may result from a bee sting are due to an allergy. Medical research indicates that severe reactions to bee stings occur more frequently than generally supposed. A number of heart failure and heat prostration during the warm weather season are actually the result of unrecognized allergy to bee sting.

The honeybee, the bumblebee and three kinds of wasps—yellow jackets, hornets and Polistes—are the culprits responsible for the most severe types of allergic reactions resulting from insect bites. There are, however, at least 25 other varieties of insects whose bites or stings are capable of producing allergic reactions in man.

Yellow jackets are easily irritated and account for the majority of insect stings. Less likely to sting are honeybees and bumblebees.

"I have a phenomenal memory," says one happy quipster. "I can forget anything."

U.S. Studying Wheat Rust in Puerto Rico

Mountainous fields in Puerto Rico are isolation wards for plant disease studies that could lead to rust-resistant wheat varieties for Minnesota.

It's all part of a special grain testing program organized in recent years by the U.S. Department of Agriculture, in cooperation with plant scientists from a number of states.

Purpose of the plan is to test new grain selections for disease resistance without risking accidentally spreading the disease to commercial fields in the states. Here is how it might work.

Let's say University of Minnesota scientists want to learn whether a new wheat selection is susceptible to a new type of wheat rust recently discovered in Texas.

Should they import rust spores from Texas, put them on wheat here and see if the disease develops? Or should they send the seed to Texas and try it out there?

Their answer would be no to both choices. If you bring the spores to Minnesota, you would risk introducing a new rust to the entire spring wheat region.

Under the second choice, if the wheat did turn out susceptible you might hasten spread of the disease in the Lone Star state.

Here's where Puerto Rico comes in—located as it is, about a thousand miles off the southeast coast of Florida where there is little danger of spreading grain diseases. Puerto Rican farmers don't raise small grains commercially. And besides, the island is so mountainous there is little risk of rust spores blowing from one part of the island to another.

However, Puerto Rico works nicely for grain testing because wheat, oats and other small grains thrive in winter there if protected from insects and weeds. So a grain sample harvested in St. Paul this summer can be sent to Puerto Rico this fall and the test will be completed before planting season begins here next spring.

This whole project is discussed by E. R. Ausemus, USDA agronomist, in the current issue of "Minnesota Farm and Home Science", issued by the University's Agricultural Experiment station.

Ausemus says about 25,000 total rust plots are being studied at four different places in Puerto Rico. Several hundred different grain samples from Minnesota have undergone tests on these plots in recent years.

Disease organisms used in the testing are actually produced in greenhouses in continental U.S. All test plantings are inoculated with the test spores in mid-winter and scientists know by March or April whether the strain or selection being tested is resistant to the disease.

Foreign Competition

American typewriter manufactures have appealed to the Tariff Commission for protection from foreign competition. In 1949 our country exported 224,200 typewriters and by last year this total had declined to 50,600 units.

Sales of U.S.-produced typewriters during that same period increased from about 490,000 to 740,000, but imports increased at an even faster rate—from 36,000 less than ten years ago to 454,000 last year. And about one-third of the imported machines are the products of American firms that have set up factories abroad to manufacture their products.

This is a mixed-up mess that is interesting mainly because it is typical of what is happening in many of our industries. Foreign-made products are not only rapidly replacing American-made products in the world markets but they are becoming increasingly competitive here in our own home markets.

We no longer have a monopoly on the know-how and capacity for mass production. We are pricing ourselves out of business and we are confronted with a problem for which there is no easy solution. The sooner we recognize the facts and take steps to regain our competitive position the easier that adjustment will be.

Water Use Important

Gladwin Young, assistant administrator of the United States Soil Conservation Service, said recently that if American farm production per capita continues at its present rate we will need 250 million more acres of land under cultivation by 1980. The National Association of Soil Conservation Districts estimates that highways, airports, suburban and industrial expansion will be taking a million acres out of production each year. This is not a matter for immediate concern but it would appear that the next generation will not be troubled with a soil bank problem.

When we consider the vast areas here in Minnesota alone that now are wasteland, but that can be made productive, we are sure that next generation, and several more, will get along quite well.

We do have some responsibility for the welfare of those future generations too, and there probably are some things we can do now to simplify their problems. There are areas of the state that already are short of water, and water conservation is going to become increasingly important.

The metropolitan area is concerned about its water supply and the use of lakes in the Mississippi watershed as reservoirs would be one solution. There would be opposition to the use of lakes that already have been developed for recreational purposes, but it should be possible to create new reservoirs in the wasteland areas that would serve this need.

But maybe a sensible solution would be to bring the industrial expansion and development to the areas where there is ample water. In recent years northern Minnesota has attracted many industries and there is no reason why the trend to industrial development should not continue. Certainly it should be encouraged. Our water supply is an important asset and water conservation will become increasingly important as our population expands.

Governors Hear About Schools

William H. Stringer, Chief of the Washington Bureau of the Christian Science Monitor, covered a recent conference of governors held at Glacier National Park and came up with an interesting report on the problems of education as viewed by them. Here are parts of it:

> The assembled governors, meeting amidst the towering mountains, eschewed politics for a few short hours to participate in a wide-ranging alerting symposium on this nation's massive educational needs.
>
> Central among their conclusions was that: the United "educational crisis" is not wholly one of finances, or "lack of urgency," but a condition of outmoded techniques and curricula.
>
> They also heard of heartening strides to utilize new techniques and spruce up teaching practices and even, occasionally, salaries.
>
> Hopefully the governors listened to education professionals who declared that the use of new teaching techniques—more television, more "teaching mechanisms," more clerical assistants to teachers, more student participation—would somehow keep the nation's education bill from growing overfast.
>
> Perhaps there was oversimplification here.
>
> "The whole concept of the secondary school—its purpose, its curriculum, its method, its staff, its facilities, and its finances—must undergo basic, carefully considered changes," declared Dr. Lloyd S. Michael, chairman of the Commission on Experimental Study of Secondary School Staff Utilization.
>
> He emphasized a point which educators are coming to recognize: "Quality education demands that students learn to become independent of their teachers. They must learn to work on their own in libraries, laboratories, shops, and other places where learning occurs."
>
> But what about the maxim that the finest teaching in the world was Mark Hopkins on one end of a log and a student on the other end? The modern approach would amend this approach to put Mark Hopkins in the education television studio and a million students before the TV receivers.
>
> At Penn State more than 30,000 students have had instruction via television. Physics and chemistry courses now are being offered over a national network. In elementary and secondary education, more than 600 school districts are using TV. Dade County, Fla., claims to have saved $3,000,000 in school construction by using television instruction.
>
> Alvin C. Eurich, director of the Fund for the Advancement of Education, advised the governors that each state should establish a commission on educational development to sponsor experiments designed to boost quality in education.
>
> He argued that three "shibboleths" are hampering education modernization:
>
> 1. The fixed teacher-student ration which is altogether too low (he advocates larger classes taught by superior teachers).
>
> 2. Limitation of attainment by requirements that students must spend a certain number of years at school to be qualified. ("Some high school seniors are better educated than some college graduates.")
>
> 3. Unrevised curricula (too many useless courses taught).
>
> The governors will take home many ideas to chew on: accelerated high school programs, more flexible grade school systems, summer "enrichment" courses, more efficiency in classroom use, more use of mechanical aids.

Vicious Circle

The First National City Bank of New York questions the soundness of the idea that we must turn to the government more and more for the support and guidance of our economy. The report expresses concern about the fact that taxes, federal, state and local, increased from 18.8% of the total income in the mid-1920's to 20.8% in 1940 and to 31% in the late '50's.

We are enjoying many of the benefits of increased productivity, but these benefits have come to us not because of increased government activity but rather in spite of it. Our 48 cent dollar and the nearly one-third tax bite out of that 48 cent dollar have tended to reduce our share of the benefits of increased productivity.

The report points to the vicious circle when excessive taxation leads to demands for more government subsidies and these in turn call for higher taxes, and concludes:

> "There are beyond doubt some government programs suffering from lack of sufficient funds. If this is so, it is hardly because the people are too rich, or inadequately taxed, but because government is trying to do more things than it can handle with real competence. The real point at issue is how much farther—if at all—we can safely go toward discouraging individual initiative, self-reliance and industrious habits. The barrage of complaints over inadequate economic growth would seem to suggest that we need to concern ourselves more, rather than less, with the human aspirations that make the economy go."

Our state debt exceeded the 200 million dollar mark last week. Some of this total will be paid from the revenues derived by special user taxes, but most of it will have to be paid the hard way. This additional burden of debt service will be piled on top of the bigger tax load we will have to carry to meet the rising current costs of government. We can't remember just why we are supposed to be glad about this but Governor Freeman said we should.

Minneapolis United Fund leaders have "endorsed the principle of city or state laws requiring public disclosure of information about the operations of charity funds." The idea is right but it should be a state law, thus simplifying the procedure and making possible more thorough examination. All statewide solicitations should be regulated and audited by the state. Fund raising is a big business and reasonable precautions are justified to protect the public from possible rackets.

Milk—Favorite Food

(Hoard's Dairyman)

When the U. S. Army asked our soldiers to vote for their best liked food, a resounding endorsement was recorded for milk in the top spot. Milk even outclassed such expected favorites as steak and strawberry shortcake.

We are told that another survey at South Dakota State college revealed that young people going to school also listed milk as their most preferred food.

Now let's turn to the products of milk.

Where can be found a more delectable flavor than that found in good creamery butter? Cheese has been the favorite of the gourmet for centuries. Sour cream is a fast-growing favorite on baked potato. Cottage cheese with fruit makes an ideal salad.

What other food, or family of foods, can compare to milk and dairy products in appetite appeal? Surely, these are dream products to sell when considering consumer acceptance. Scores of industries would relish the prospect of producing and marketing products with such a favorable buying climate.

Obviously, the opportunities are before us to capitalize upon. We haven't begun to do the job we should be doing in further expanding our market. The entire dairy industry should resolve, this June Dairy Month, to uncork a sales promotion effort which our products merit. And this high-level activity should be continued throughout the year.

Aquacade Queen Nominations Due

Girls from this community interested in competing for the title of Aquacade queen were invited today to register their names as early as possible with either Roger Tunberg or Charles Samuelson, co-chairmen of the contest sponsored by the TRF Junior Chamber of Commerce.

The contest will be concluded the first week in August, and the queen will be crowned at a dance in the municipal Auditorium Saturday evening, August 6, with music by Whoopee John and his orchestra. It is planned that the girl selected as queen will compete in the Miss Minnesota contest in June, 1961. The 1960 Miss Minnesota will come to this city to share in the coronation ceremony.

Any prospective sponsor wishing to enter a girl in the queen contest is asked to notify Tunberg or Samuelson.

Rules of the contest are as follows:

Entrants must be residents of the Thief River Falls area for the past six months.

Must be single and never have been married, divorced or had marriage annulled.

Must be a high school graduate by September, 1961.

Age on September 1, 1961, shall not be less than 18 or more than 28 years.

Entrants must be of good character, and possess poise, personality, intelligence, charm and beauty of face and figure.

It was announced that anyone may make a nomination merely by writing one of the co-chairmen.

Ed Noto Departs for Norway Today

Veteran Local Barber to Spend Five Weeks There

Ed Noto who has barbered here since 1930, departed this morning by North Central plane for Minneapolis from where he will fly to Norway by way of New York and Copenhagen. From New York to Oslo he will fly a Scandinavian Airlines jet.

He expects to spend about five weeks in Norway, most of this time being spent in the Aalesund area on the west coast north of Bergen, where he has many relatives. He hopes to take a trip by boat from Aalesund to North Cape, the far north of Norway and the Land of the Midnight Sun.

Mr. Noto was born in this country and this will be first trip abroad. He told a Times reporter that this too will be almost his first vacation.

Blaze Hits Feed Mill at G. Forks

An explosive fire which blew off the top and ravaged the interior of the feed mill at the State Mill & Elevator in Grand Forks late Tuesday caused damages estimated at $125,000 to $135,000.

P. R. Fossen, manager of the mill, made the estimate early Wednesday. He said, however, that his was just a preliminary estimate and that the final figure may be larger.

$50 Conscience Money Mailed to Goodridge School

Supt. David M. Brown of the Goodridge school reported yesterday that the school had received $50 in "Conscience" money from an unidentified person. It came in a letter mailed July 9 via the St. Paul and Noyes railway postoffice, the money being in the form of three $10 and one $20 bills. Accompanying the money was a printed note reading, "This is conscience money. Please don't take it. Use it for library books." Dr. Brown indicated that the donor's wishes will be respected.

Warren Resident Is Killed in Crash

Killed Saturday night on Highway 220 north of East Grand Forks was Bill Mark Walters, 30, of Warren.

Authorities who investigated the crash said it occurred on a sharp curve about 10 miles north of East Grand Forks.

An Oslo farmer, Maurice Knutson, had approached the highway from a county road and had halted at a stop sign in time to see the Walters pickup truck go into a skid and into the ditch.

Polk County Sheriff Carl N. Knutson said the truck skidded 60 feet before it hit the shoulder of the curving highway.

The rear end then spun around and into the ditch and the truck rolled end over end for another 150 feet before stopping upside-down in the ditch.

The 30-year-old Walters moved only recently to Warren from West Sacramento, Calif. At Warren he managed an aerial spray service, and it is believed he was returning from a business trip to Grand Forks and East Grand Forks when the accident occurred.

'61 Allotments on Wheat Sent out This Week

Culkins Reminds of Wheat Referendum Scheduled July 21

Official notices of farm allotments for the 1961 wheat crop are being mailed to farmers this week, according to Patrick W. Culkins, office manager of the county Agricultural Stabilization and Conservation committee. Most of them differ only slightly from 1960-crop allotments, since the national acreage allotment remains at the minimum 55 million acres which has been in effect for the past six years. The farm allotments are based primarily on past wheat production history.

Culkins points out that all growers who will produce more than 15 acres of wheat as grain in 1961 will be eligible to cast ballots in the July 21 referendum on marketing quotas and those who are taking part in the feed wheat program are not eligible to cast ballots, since the wheat from such farms would not be subject to marketing quota penalties.

"The referendum will decide important questions for wheat producers," Culkins said, "and the outcome, naturally, will represent the will of those growers who take the trouble to cast their ballots.

"If at least two-thirds of the growers who vote approve the quotas, then they will be in effect for the 1951 wheat crop, marketing penalties will apply to 'excess' wheat of growers who do not comply with their farm allotments, and price support will be available at not less than 75 per cent of parity—the exact level to be announced soon.

"If more than one-third of the voters oppose the quotas, there will be no quotas or penalties for the 1961 wheat crop, and price support will be available at 50 per cent of parity, as directed by law. Allotments will remain in effect as a condition of price support eligibility.

"Growers who like to make their own decisions should remember that date — Thursday, July 21.

Pearson Again Named Head of School Board

Joe Iverson Gives up Position Here to Accept St. Olaf Post

Arnold Pearson was reelected president of the Thief River Falls board of education at its annual organization meeting Monday evening. Others named include Lloyd Howick, vice president; Dr. Ralph Helm, clerk; and Rufus Olson, treasurer.

At its regular July session immediately following, the board accepted the resignation of Joseph Iverson, for the past two years director of secondary education here, who has accepted a position as assistant professor of education at St. Olaf college, Northfield, Minn.

Other resignations accepted were those of Mrs. Geraldine DeCorsey, junior high school guidance counselor; and Laura Sherlock of the elementary teaching staff.

At the session a contract was approved for Fred Sorenson of Waseca as adult agriculture instructor in the area vocational school. He has been on the staff of the Waseca school of agriculture for the past several years.

Mrs. Betty Roadfeldt, employed at Northwestern Hospital, was engaged as an instructor in the practical nursing course at the area vocational school.

Richard Baril of Red Lake Falls, who during the past year attended the University of Minnesota on a mathematics scholarship, was engaged as a mathematics instructor in Lincoln high school. He has taught previously at Mahnomen and Clearbrook.

Mrs. Alice Dagen will teach in the elementary schools. Needed to complete the faculty for the coming year are three grade teachers and a junior high school counselor.

Marshall R. Hankerson, who arrived last week from Mapleton to take over the superintendency here succeeding Irwin T. Mickelson, resigned, was present at Monday evening's board meeting.

County Board Accepts Low Graveling Bid

Lake Park Firm Is Lowest of Three Bidders at $19,200

The Pennington county board at its July session Monday awarded to Megorden Bros. of Lake Park the contract to carry out the graveling and regraveling of county aid and state aid roads on the firm's bid of $19,200, lowest of three received. The work is scheduled to start shortly.

To allow additional time for local assessors to complete their records, the board postponed the annual meeting of the county board of equalization from Monday, July 18, to Monday, August 8, at 8 a.m.

After considering bids on fuel oil for the court house for the year starting July 1, the board awarded the contract to the Consumers Cooperative assn. on its low bid of 11.45 cents per gallon. Three other bids were received, ranging up to 12.82 cents a gallon.

The board accepted the bid of Christ Kruse in the amount of $350, highest of two offers submitted, for the county equipment shed located on the Kruse farm. The county plans to build another equipment shed at a more central location in Bray township.

Sheriff Charles R. Richards submitted a list of 54 items of unpaid personal property taxes, some of them in sizeable amounts. The board voted to cancel none of the taxes, and instructed the sheriff to continue his efforts to collect them.

A supplemental list of 40 names was drawn for petit jury duty.

Receiving a petition for the repair of Branch 1 of County Ditch 76, the board took the matter under advisement. At the same time it acted to call for bids to be opened August 12 on a one-mile section of the outlet of the ditch, and instructed the county engineer to study the cost of the project, and then to advise the board on the best means of carrying it out.

Debra Olson, Age Six, Is Injured in Tractor Accident

Little Debra Olson, six-year-old daugher of Mr. and Mrs. Henry C. Olson of R. 3, Thief River Falls, yesterday was reported as being in good condition in the local hospital, where she was taken Sunday to receive treatment for a fractured pelvis.

The child had been riding with her father on the seat of a tractor at work in a hay meadow, when she fell forward and landed on the ground, where a wheel of the tractor passed over her.

VICTIM of an accident Monday in which the tractor he was driving tipped over in a deep ditch and pinned him underneath was Albert Sorenson, 66, of Newfolden township. His body is shown in the photograph above covered by a blanket alongside the tractor.—Middle River Record photo.

Crazy Days to Be Friday, Saturday

A German band parading thru the streets Friday morning at 10 o'clock will mark the opening of Crazy Days Friday and Saturday, an annual sales promotion feature sponsored by the Thief River Falls Chamber of Commerce and local merchants.

A huge variety of outstanding bargains will be displayed on sidewalk tables, with the salespeople attired in the most outlandish apparel they are able to dream up. It will be well worth a trip to get a look at the ridiculous costumes, and to take advantage of the money-saving offers.

As a special incentive to store employes to dress up for the occasion, the Chamber of Commerce will award a $10 prize to the man wehring the craziest costume, and a similar award to the woman sporting the silliest outfit. Second prizes of $5 each also will be conferred, in addition to which there will be $2 prizes for the five men and five women runners-up.

Minn. Employers Assn. Officer Is Speaker at Lions

Christianson Discusses Shift of Population and Growth of Labor Unions

Otto Christianson, executive vice president of the Minnesota Employers association, discussed current economic and political trends at the Lions club luncheon meeting Wednesday noon in the Elks club rooms.

He also had been guest speaker Tuesday evening at an outdoor meeting of the Pennington County Young Republican club in Riverside park.

In his talk to the Lions club, Christianson called attention to recent shifts in population and industries to the southern and West Coast states, and within Minnesota from the rural areas to the larger cities. Half of the people of the state, he said, now live within 50 miles of the Twin Cities.

He also cited the tremendous growth in labor union membership during the 15 years since World War II. He added that the unions are moving rapidly into politics, and that they now control the DFL party.

Introduced at the meeting were Marshall R. Hankerson, new superintendent of schools here, and Jack Prichard, Rotary club president.

In its business session, the club voted to hold next week's meeting at the golf club Thursday evening, July 21, when a golf tourney will be staged between the local and McIntosh Lions clubs.

Mr. and Mrs. Floyd Lepper of Minneapolis were supper guests Saturday at the R. A. Werner home.

Young Republicans Stage Picnic Here

The Pennington County Young Republican club held an outdoor meeting in Riverside park Tuesday evening, with Dr. David M. Brown of Goodridge, chairman, presiding.

Principal speaker was Otto Christianson, executive vice president of the Minnesota Employers association, who discussed economic issues and other factors in the current election campaign.

Cooperation of Young Republican groups was solicited by T. L. Lindroos, Ninth district representative of the Republican central committee.

Also present were Douglas Cann of Bemidji, Ninth district chairman of the Young Republican League, and Mrs. Cann.

Kennedy Given Democrat Nod for President

Senator Nominated on First Ballot at Los Angeles Parley

As had been generally predicted, Senator John F. Kennedy of Massachusetts late last night was nominated for the office of president at the Democratic national convention in Los Angeles, Calif.

The first Roman Catholic to be nominated for the post since 1928, when Alfred E. Smith ran against Herbert Hoover, Kennedy won by a narrow margin on the first ballot, which later was made virtually unanimous.

Governor Orville Freeman of Minnesota proposed Kennedy's name, while U.S. Senator Eugene McCarthy, another member of the Minnesota delegation, placed the name of Adlai E. Stevenson in nomination. Other leading candidates for the nomination, all of whom pledged their support to Kennedy, were Senator Lyndon Johnson of Texas and Stuart Symington of Missouri.

The convention today is scheduled to select a Democratic candidate for the vice presidency. Both Governor Freeman and Senator Hubert H. Humphrey have been mentioned for the post, but reports this morning indicated that Missouri's Symington was favored.

The platform adopted by the party's national convention Tuesday night included a major feature of the Brannan farm proposal—broad payments to farmers to supplement returns from sale of their products.

The Brannan plan has been a center of controversy since it first was proposed in 1949 by Charles F. Brannan, then secretary of agriculture under President Truman. The plan was never adopted by Congress.

President Eisenhower has attacked it as being socialistic.

Albert Sorenson, Newfolden, Killed as Tractor Upsets

Was Hauling Hay to Farm Monday When Tractor Upset in Deep Ditch along Road

Albert Sorenson, 65, Newfolden township farmer, met a violent death about 11 a.m. Monday when pinned beneath a tractor which overturned in a ditch on CSAH 8 about 2¼ miles south of Newfolden. Investigation of the mishap was conducted by the Marshall county sheriff's department.

According to the department report, Mr. Sorenson was driving the tractor north of CSAH 8, pulling a load of bales which were to be unloaded in the farm yard. The tractor drove into the east ditch, estimated to be about 15 feet deep, where it overturned, pinning Mr. Sorenson under the machine. The accident occurred about one-fourth mile from the farm crossing.

Mr. Sorenson was found shortly after the accident by his brother Arthur and two hired men, Norman Sorenson and Darrell Johnson, who had been in the farm yard waiting for the load of bales to arrive. The accident victim was still alive when found in the ditch which contained some water. Arthur Sorenson went for a wrecker to move the tractor while the other two men remained to hold the injured man's head above water.

Death was ruled as accidental due to a crushed chest according to Dr. E. E. Pumala, Marshall county coroner. The victim died before the tractor could be moved. It is not believed that an inquest will be held.

Mr. Sorenson farmed in partnership with his brother and had never married.

The obituary appears elsewhere in this issue of the Times.

Karen Aaseby Exchanges Vows with Stuart Nelson

Baskets of white gladioli and pink carnations graced the altar of Trinity Lutheran church Saturday, July 2, for the marriage of Karen Aaseby and Stuart Nelson. Rev. Reuben Wangberg officiated at the 8 p.m. double ring ceremony in the presence of 150 guests.

The bride is the daughter of Mr. and Mrs. Alvin Aaseby and the groom is the son of Mr. and Mrs. Millard Nelson; all of this city.

Mrs. Arthur Hamilton was at the organ for the nuptial music and accompanied the soloist, Mrs. Roy Jensen, as she sang "O Perfect Love" before the ceremony and "The Lord's Prayer" while the couple knelt at the altar.

The bride, escorted to the altar by her father, was attired in a white ballerina length gown of silk organza featuring short sleeves and embroidery around the scalloped neckline and on the skirt and her fingertip veil was caught on a crown of seed pearls. She carried a cascade bouquet with two cattleya orchids, stephanotis and white carnations and her pearl earring and necklace set were a gift of the groom.

Karen Wallack of Minneapolis, cousin of the bride, was maid of honor while Rosalie Fonnest served as bridesmaid and wore matching ballerina length dresses of pale blue chiffon over taffeta and carried bouquets of pink and white carnations. Their nose veils were held in place by a velvet bow and their pearl earring and necklace sets were a gift of the bride.

Gary Nelson, brother of the groom, was best man while Jim Nelson, cousin of the groom, was groomsman and Gene Sannes and John Sannes were ushers. The gentlemen of the bridal party wore white dinner jackets with dark trousers and pink carnation boutonnieres.

For her daughter's wedding, Mrs. Aaseby, chose a pale green sheath dress with white accessories while Mrs. Nelson wore a brown and white dress with white accessories and they wore corsages of garnet roses and French carnations.

Following the ceremony, a reception given by the bride's parents was held in the church parlors for 150 guests. The bridal table was centered with a four-tiered wedding cake which was baked and decorated by Mrs. Gil Sannes and topped with a miniature bride and groom with the bridal bouquets gracing either side. The cake was cut and served by Mrs. Rodney Lindstrom, godmother of the groom, and Mrs. Paul Aaseby, aunt of the bride, and Mrs. Trygue Johnson, aunt of the groom, poured.

Waitresses were Janice Anderson, Sharon Wendell and Gail Aaseby with Judy and Frances Wallack at the guest book and Carole Ewing and Mrs. Willard Fleegel in charge of arranging the gifts.

Mr. and Mrs. Millard Nelson, parents of the groom, gave a dinner for the bridal party Friday, July 1, at the Rex Cafe.

The bride is a 1959 graduate of Lincoln high school and a 1960 graduate of the Area Vocational school and is presently employed with Donaldson's Beauty Salon in Minneapolis. The groom is a 1957 graduate of Lincoln high school and presently in the armed forces.

For their trip to upper Michigan and Mackinac Island, the bride chose a beige sheath dress with matching accessories and wore a corsage of orchids from her bridal bouquet.

Out of town guests were from Minneapolis, Hallock, Detroit Lakes, Oklee, Fergus Falls, Rochester and Goodridge, Minnesota; Grand Forks, Dickenson, and Kramer, North Dakota.

Carol Anton and James Kooyer Exchange Vows

St. John's Lutheran church was the scene of the marriage of Carol Anton and James Kooyer Saturday, July 2, with Rev. A. C. Seitz officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. L. P. Anton of this city and the groom is the son of Mrs. Andrew Schiefert of this city.

Baskets of dark red peonies and fern graced the altar as the organist, Mrs. Sherman Idso, played the nuptial music and she also sang, "O Perfect Love" and "The Lord's Prayer."

The bride, escorted to the altar by her father, wore a ballerina length gown featuring a skirt with tiers of Chantilly lace over the taffeta, fitted bodice with Peter Pan collar and long sleeves which came to a point over the wrist. She wore a finger-tip veil held in place by a crown of pearls and carried a shower style bouquet of pink roses, stephanotis and white carnations. Her pearl earrings were a gift of the groom.

Attending as maid of honor was Mrs. Dale Bernard with Faye Fuller as bridesmaid. The maid of honor wore a street length dress of light blue nylon over taffeta and the bridesmaid wore a street length dress of pink net over taffeta. They carried fan bouquets of pink roses and white carnations.

Dale Bernard served as best man with David Anton as groomsman and Roger Fuller and Herbert Fuller as ushers.

The mothers of the bride and groom chose navy blue dresses and white accessories and their corsages were red roses and white carnations.

Following the ceremony, a reception given by the brides parents was held in the church parlors for 150 guests. Centering the serving table were bowls of pink and white peonies and pink candles while pink and white candles and a five tiered wedding cake decorated the bridal table. Juel Fuller lit the candles and the cake was cut and served by Mrs. Tom Fuller and Mrs. Donald Fuller with Mrs. Norman VeVen and Mrs. Karen Thompson pouring.

Waitresses were Carol Louly, Darlene Olson and Doris Kooyer with Shirley Fuller at the guest book and Pat Larson in charge of arranging gifts.

For their wedding trip to Bemidji the bride chose a black sheath dress with a black and white jacket.

The bride and groom attended Lincoln high school and the groom is presently employed with Peterson Biddick.

Out of town guests were from Holt, Grand Forks and South Range, Wisconsin.

Barbara Kagg Wedded to Lennart Lekstrom July 3

White and pink gladioli and carnations graced the altar of Zion Lutheran church Sunday, July 3, for the 3 p.m. double ring ceremony which united Barbara Joan Kagg and Lennart C. Lekstrom in holy matrimony with Dr. Walter M. Pedersen officiating.

The bride is the daughter of Mr. and Mrs. Harold Kagg of Viking and the groom is the son of Mrs. Ingeborg Lekstrom of Ironton and Axel Lekstrom of Long Island, New York.

Mrs. Reuben Lockrem was at the organ for the nuptial music and accompanied the soloist, Mrs Howard Layman of Minneapolis, as she sang "O Lord Most Holy," "The Wedding Prayer" and "O Perfect Love."

Given in marriage by her father, the bride was escorted to the altar in a floor length gown of silk organza over taffeta. The bodice featured a sabrina neckline, accented with Venice lace. The full skirt extended into a chapel train. Her fingertip veil was held in place by a jeweled crown and she carried a cascade bouquet of Rhubrum and Calla lilies.

Miss Diane Cobb of Minneapolis was maid of honor with Miss Jeanne Vanek of St. Paul and Mrs. Sidney Young of Grand Forks as bridesmaid and bridesmatron respectively. Lisa Thum of Mankato was junior bridesmaid. They wore matching pink dresses of crystalette and organza. Their picture hats were of nylon braid and they carried cascade bouquets of rose, pink and white carnations.

Alan Thoman of Rochester was best man and Nick Koropchak and Wayne Larson of Minneapolis served as groomsmen with Randy Jacobson of Grand Forks as junior attendant. Mervin Tostrup of Viking and Wayne Larson were ushers. All the men of the wedding party wore dark trousers, white dinner jackets and pink carnation boutonnieres.

The bride's mother chose a honey beige lace dress with green and white accessories and the groom's mother wore a light blue linen dress with white accessories. Their corsages were of yellow roses and white carnations.

Following the ceremony, a reception was held in the church parlors for 175 friends and relatives. A four-tiered cake topped with three pink satin bells centered the bridal table and was cut and served by Mrs. Vernon Kagg of Hayward, Calif., and Mrs. Verne Grun of Newfolden. Mrs. Lawrence Hudgel of Manvel, N. Dak., and Mrs. Clara Hagen of Minneapolis poured. Mrs. Willis Kagg of Essex, Iowa, was at the punch bowl while Miss Gail Gunderson of Viking was at the guest book. Miss Marilyn Bolstad of Bagley and Mrs. Robert Pape, Jr., of East Grand Forks were at the gift table.

Miss Amy Hjelle of Viking was hostess and Mrs. John Thompson of Newfolden was in charge of the reception. Waitresses were Mary Solheim, JoAnn Kraemer and Judy Rupprecht, all of this city. Mrs. Carl Krohn and Mrs. Louis Stokke of Viking were in charge of the serving.

For their trip, the bride chose a green and white two-piece dress with green and white matching accessories and a corsage from her bouquet.

The bride is a graduate of St. Olaf college and taught the past year at Lincoln high school. The groom is a graduate of the University of Minnesota and was with the Navy aboard the U.S.S. Fort Mandan. They are now living in Norfolk, Va.

Out of state guests were from New York, Iowa, California and North Dakota.

Moorhead Is Scene of State Convention of Legion July 20 to 23

Although this will be their first time as hosts for a state American Legion convention the city of Moorhead and Melvin E. Heart Post 21 of that city have completed preparations for the 42nd annual conclave and are ready to welcome and entertain the Legionnaires, Auxiliary members and Voyageurs Militaire of the 40 and 8 who will convene there July 20-23.

Business sessions of the Legion and Auxiliary open on Thursday, and continue on Friday and Saturday; reaching their climax with the election of new officers on Saturday. Legion sessions will be held at West Senior high school and Auxiliary sessions at the East Senior high school. Forty and Eight meetings will be at the Moorhead Armory.

The Frederick Martin Hotel is headquarters for both the Legion and Auxiliary and the Comstock Hotel is headquarters for the 40 and 8.

In addition to business sessions, the principal convention events will be the memorial parade and service Thursday evening, the 40 and 8 torchlight parade which follows the memorial service Thursday, the drum and bugle corps competition Friday evening, and the convention parade Saturday afternoon at 2:15.

Legion delegates will convene for the first time at 8 a.m. Thursday, when they will caucus by districts. The Auxiliary will have a rehearsal of its traditional convention processional Wednesday evening and will caucus by districts at 8:30 a.m. Thursday.

Presiding over the business sessions of the three organizations will be Carl L. Lundgren of Minneapolis, department commander of the Legion; Mrs. Gene Lindquist of Clarissa, department president of the Auxiliary; and Laurence Carlson of Maple Plain, grand chef de gare of the 40 and 8.

In addition to local delegates, the Thief River Falls Legion post will be represented in the convention parade July 23 by the Legion municipal band.

Final Rites For Gunder Tveit Held Today

Funeral services for Gunder Tveit will be held Thursday, July 14, in Green funeral chapel at 2:00 p.m. with Rev. A. B. Heltne officiating and interment will be in Greenwood cemetery. The body will lie in state at the Green funeral home until the time of services. Green funeral home is in charge of arrangements.

Gunder Tveit a resident of this city and Goodridge community for many years died Sunday, July 10, at Northwestern hospital at the age of 74 years.

Mr. Tveit was born January 8, 1886 at Lille Toudal, Norway, where he was baptized, confirmed and attended school and came to America when 16 years of age and settled in Towner, North Dakota. Marshall Co. Fair Will Open Tomorrow

Offering its greatest array of educational and entertainment features, the 54th Marshall county fair will be ready for its annual three-day run at Warren on Friday, Saturday and Sunday.

Indications are that exhibit space will be at a premium this year with advance inquiries indicating that a record number of entries will be made in all departments of the fair, said Ken S. Nelson, secretary.

The opening grandstand program for the fair will be on Friday night when Crash Dick's Auto Daredevils will present a full two hour thrill program. A special feature of this program will be a series of Go-Kart races by county children on a special track. A large number of entries have been received for the races. The Thrill Show will be on Friday night only.

Interest in the stock car racing programs for Saturday and Sunday afternoons is at high pitch througout the Valley with 15 of the top drivers of Class B racers scheduled to compete for the attractive purses being offered.

Riverboat Follies, a high class Minstrel Show produced by Ernie McLean of Chicago, will be the feature attracion on Saturday and Sunday nights. The Follies will be interspersed with comedy, music and dancing. This production comes to the Marshall county fair with high recommendations as high quality entertainment and different from the usual type of grandstand productions.

Saturday night will be 4-H club night at the fair when the Style Queen Revue will be staged. Narrator will be Patty Marek of Boxville and Bernadine Dahl of Plainview. The livestock parade and tractor contest will also take place during the early part of the evening. In addition to the Revue, the county 4-H clubs will present several numbers.

$1,000 Household Goods Taken from Polk County Farm

Burglars Sunday afternoon helped themselves to nearly $1,000 in furnishings and other belongings of a Winger area farmer, Henry L. Rude.

Polk County Sheriff Carl N. Knutson said Rude discovered the loss after returning from an absence of little more than three hours. Rude left the farm at 4:30 p.m. and returned about 7:30 p.m.

Taken were a 21-inch floor-model television set, a radio, a set of sterling silver, an electric frying pan, vacuum cleaner, a camera, two rifles and a shotgun, about 25 pounds of meat from a freezer, and gasoline from a tank in the farm yard.

Rural R. L. Falls Man Fined Total of $160 on 3 Charges

Less Than Usual Number of Cases Brought Before Judge Chommie Monday

Another light session of municipal court was recorded here Monday, with a special session Saturday thrown in for good measure. Judge H. O. Chommie presided.

Saturday, Elmer G. Ulrich, rt. 4, Red Lake Falls, was brought in by city police as the result of a citizen's complaint of careless driving by Ulrich. Before Ulrichs' day in court was done he had been fined $100 or 90 days for driving after license revocation, and $30 or 30 days on each count of having an open bottle of intoxicants in a car and careless driving, after he pleaded guilty.

The only Monday police case was that of Arthur J. Bakke, rt. 5, city, who pleaded guilty to and was fined $20 for speeding.

Neil Vigstol was one of two highway patrol cases but forfeited $25 bond on an open bottle charge. Joyce Mae Thompson, Minneapolis, the other patrol case, did not appear but pleaded guilty by mail and was fined $15 for speeding.

The sheriff's office brought four charges against three persons. Sherilyn Ann Hirsch, Red Lake Falls, pleaded guilty to driving without a proper driver's license and was fined $15. An accident was involved.

Kenneth Irvin, Red Lake Falls, pleaded guilty to disorderly conduct at the drive-in theater and was fined $10 or 10 days.

Herbert Peterson, St. Hilaire, pleaded guilty to driving over the center line and was fined $20 and and was fined an additional $25 on a open bottle charge.

Missionary and Sons Provide Delightful Program for Rotary

Rev. Henry Peterson, a native son of the Gatzke community, and his sons LeRoy and Lowell provided an unusually interesting program for Rotarians at their regular meeting Monday noon. The sons, both talented musicians, played several delightful violin solos and duets.

Rev. Peterson, on a one year furlough from a mission service in the Far East where he has served since 1947, delivered an interesting report on conditions in the southeast Asian countries, illustrated with color slides and movies.

Rev. Peterson spoke favorably of the American aid program in that part of the world. The program has had some notable shortcomings, but considering the circumstances and the nature of the governments with which the Americans had to work, much good has been accomplished, he said. Without this aid the area would no doubt be Communist controlled, he was sure.

Communists are active in all countries in that area and these activities are directed from both China and Russia.

Headquarters for the Seventh Day Adventist Church missionary and medical program in the Far East was at Singapore and that is where the Petersons and their four sons were stationed. The church operates 15 hospitals in various Far East countries he said.

LeRoy Peterson, 22, now an accomplished concert violinist, started his musical studies in Singapore at the age of 10. He studied one year at the Geneva Conservatory in Switzerland and he now is studying in New York City with a scholarship to the world-famous Juilliard School of music. He has served as guest soloist with the National Orchestra and the American University Orchestra. He has one more year to complete his studies at Washington Missionary College where he is majoring in music.

Lowell, 18, received his first training at the Royal School of Music in Singapore and has made good progress with the violin. Both as soloists and as duet they thrilled their Rotarian audience with their violin selections. They were accompanied by Mrs. Arthur Hamilton.

There is a possibility that, under local sponsorship, a program similar to that presented at the Rotary club may be arranged for the public. The Petersons will be in the community another month and already have been scheduled to present concert and lecture programs in many communities. This week they will make two appearances on the Iron Range at Hibbing and [illegible].

Rev. Peterson is the son of Barney Peterson of Gatzke who died Saturday following an operation. He would have been 85 years old on October 8. Funeral services were conducted yesterday afternoon at the Seventh Day Adventist church at Middle River.

FATHER AND SONS who provided the program for Rotarians Monday are Rev. Henry Peterson and Lowell (left) and LeRoy. Rev. Peterson has served in the Far East mission field for the Seventh Day Adventist Church since 1947 and is living in Washington during a one year furlough. He was born and spent his boyhood in the Gatzke community. He spoke on conditions in the Far East.

LeRoy is a talented concert violinist and has been recognized by The National Symphony Orchestra. The violin solos and duets provided by the brothers were greatly appreciated by the Rotarians.

Rev. W. Schroeder St. John's Speaker

Son of Former Pastor to Be Guest Speaker Sunday

REV. WINFRED SCHROEDER

Guest speaker at St. John's Lutheran church Sunday, July 17, in the services at 7:30 and at 10:30 a.m. will be the Rev. Winfred A. Schroeder, for the past 10 years pastor of Redeemer Lutheran church in Hawaii. In his sermon he will tell about his work in what is now the 50th state of the Union. He will also speak in Plummer at 9 a.m. Sunday.

Born in Woodville, Wisconsin, the Rev. Schroeder is a son of the Rev. Victor E. Schroeder, now in retirement in Bismarck, North Dakota, who served as pastor of St. John's Lutheran church in Thief River Falls from 1926 to 1953.

After his graduation at Concordia Seminary young pastor Schroeder served the church in Oregon City, Oregon, Tacoma, Washington, and Honolulu, Hawaii. He has now accepted a call to Memorial Lutheran church in Vancouver, Wash., and will begin his work there in the near future. While in Hawaii he was president of the Lutheran Mission Council of Hawaii and was responsible for much of the mission development in the Hawaiian Islands.

Married in 1938 the Schroeders have five children. The family will visit in Thief River Falls from Saturday till Monday. The Albert Koop and Tom Fuller families are serving as hosts to the family during their visit here.

After the second service a pot luck meal will be served in the church parlors at a reception for the Rev. and Mrs. Schroeder and family. In the afternoon the young people of the church will go on an outing to a lake.

Norman Voldness to Receive 'U' M. Degree Tonight

President O. Meredith Wilson will award approximately 410 degrees at University of Minnesota July 14 commencement exercises at 8 p.m. tonight, Thursday, in Northrop Memorial auditorium, Minneapolis.

Among candidates for degrees is Norman C. Voldness of Thief River Falls, bachelor of arts.

His Excellency, Aziz Ahmed, Pakistan's ambassador to the United States, will address the graduates on "The Crucial Challenge in a New Age."

Cool Weather Good for Crops in Area

Mercury Drops to 45 Degrees This Morning

A cool trend in the weather this week will last through today and prospects are that pleasant weather will prevail at least through Friday, according to the KTRF forecast.

Temperatures ranged from a high of 82 Monday to today's low of 45. The coolest day in the month so far was 42, recorded July 3. There was .07 inch of precipitation Monday.

The cooler weather this week is generally favorable to grain crops now generally in the heading stage throughout this area. Some parts could benefit by rain at present but generally speaking moisture supplies are ample at this time.

There have been a few scattered reports of grain aphids in the area but no serious infestation is indicated. Thus, with favorable weather conditions and other circumstances prevailing, the crop outlook is very promising at present.

The forecast for today is for fair skies and cool temperatures with partly cloudy skies and warmer temperatures Friday.

The high today will be in the seventies, the low from 48-55. Winds will be light and variable.

Baptists to Hold Rally Next Sunday

Two Missionaries Will Speak at Lake Bronson

The Red River Valley Baptist association is sponsoring a special rally on Sunday, July 17, at 3 p.m. in the Baptist Bible camp which is situated just north of Lake Bronson State park. The rally, which is open to the public, will include a variety musical program and will feature two missionary speakers. Miss Ruby Eliason, missionary from Assam, India, will give an interesting talk on the work of missions. Miss Eliason may also be heard in First Baptist church here at the morning service this Sunday.

The other speaker at the rally will be the Rev. J. B. Tweter, veteran missionary from China, who was forced out by the Communist occupation. Rev. Tweter was pastor for several years at the Fosston Baptist church and is at present pastor of the South Isanti Baptist church.

Rev. W. R. Dalzell of this city is in charge of arrangements for the rally at Lake Bronson.

The camping season at the Baptist Bible camp began with an inter-church rally and picnic on July 4. Since then, 47 junior boys and over 60 junior girls were enrolled at camp. The junior high age group meets from July 16 to 23 and the senior high group meets the following week. The camp offers a full program with Bible study, crafts, sports and swimming for the enjoyment of the youth.

Tent Meetings to Open July 20 for Luth. Brethren

Prof. Frew Nofer will conduct meetings in the Lutheran Brethren tent located north of Long's bridge beginning Wedesday, July 20, at 8:30 p.m. continuing nightly thru July 31. This tent has the same location as last year, near the Rev. Langness home. Prof. Nofer is a teacher in the seminary department of the Lutheran Brethren schools and is well known as a Bible teacher and expositor.

3 Burglaries at Badger, Lancaster

Six Juveniles Arrested Saturday in Roseau Co.

Three burglaries of business firms in northwestern Minnesota towns were reported within the past week, one of which was solved by county law officers and the area crime bureau agent the same day it occurred.

Buschle's Corner Tavern, Badger, was burglarized early Saturday morning, with the burglars entering through a rear window they broke out.

Taken were 12 cases of beer and about $12 in cash. Later in the day six juveniles were arrested by Roseau county Sheriff Paul Knochenmus and Max Graham, state crime bureau agent. The case was turned over to Roseau county authorities for disposition.

Sometime early Tuesday morning burglars entered through a rear window of the Lake Bronson Farmers' Store and cleaned out two cash registers and also pried open account files with a claw-hammer.

The same morning burglars entered the Lancaster Implement Co. through a glass front door they had broken open. In this case they hauled out an adding machine-cash register containing $65-70. It is believed the same persons were involved in the Lake Bronson and Lancaster burglaries. In both cases, according to authorities, only paper money was taken and silver was left behind.

Investigation is continuing in both cases, both by Kittson county Sheriff Oscar Pearson and the state crime bureau agent.

Legion Jr. Ball Team Set for Subdistrict

Coach Ralph Skay's Legion junior baseball club will conclude its pre-tournament schedule this week, and then make

In a meeting held on Monday the sub-district's Legion junior baseball representatives made the pairings for the tournament. In first round games slated for July 20, East Grand Forks will play Argyle at 1:00 P.M.; Lake Bronson will meet Warren at 3:00 P.M.; Crookston will play the winner of the Roseau vs. Newfolden playoff at 6:30 P.M.; and at 8:30 P.M. the Thief River Falls team will play Hallock. The semi-finals will be played on Thursday evening, July 21; and the championship finals on Friday night, at 8:30 P.M.

The locals club will end its home schedule tonight, Thursday, when they meet the Twin Valley Juniors on the Fair Grounds diamond, with game time at 8:30 P.M. On Monday night the locals will travel to Ada for a game against coach Ken Weber's highly-rated Ada juniors, with game time at 8:00 P.M.

In a game played here Tuesday night, the defending North Dakota state champions, Grand Forks, scored a 16 to 4 win over the locals. Coach Marv Skaar's club rolled up eight runs in the preparations for the sub-district tournament to be played here on Wednesday, Thursday and Friday, July 20, 21, and 22. second inning, utilizing four base hits to take advantage of six bases on balls and an error.

Righthander Duncan Cunningham limited the local batsmen to seven hits. Jack Goulet's single with the bases loaded in the fourth inning accounted for two of the locals' runs; and in the eighth inning, Paul Klungness' triple to left center added another pair of runs.

Dock Improvement Bee Conducted by Water Sports Club

Club Arranging Cruise over Lake of the Woods for Saturday and Sunday

The regular monthly meeting of the Thief River Falls Water Sports club was turned into a dock-improvement bee Tuesday evening as members of the club gathered at the Boy Scout park boat landing to level a portion of the dock and add a railing to prevent boats from slipping underneath.

Following completion of the improvement job the club members gathered at the Legion club rooms to view movies. The club also went on record favoring installation of a new concrete loading ramp at the Scout park and work will begin on this project immediately after the Jaycees Aquacade, according to Malcolm Magnusson, club president.

Joe Mead was appointed chairman of the boat club's part in the Aquacade, with Stan Gibson to serve as his assistant.

Plans were also laid out for the boat club's cruise across Lake of the Woods this week-end. All interested parties should contact Robert Mattson at the Times or Stan Gibson at his real estate office, no later than 6 p.m. Friday, Magnusson said.

The cruise party will start from the central parking lot across from Trinity Lutheran church at 12:30 Saturday afternoon, according to Magnusson.

TURN TO PAGE 7 FOR ADDITIONAL SPORTS

PROSPECT John Aune, a Prowler sophomore next season, has been playing a leading role in midget and junior baseball this season. On Wednesday morning, in a baseball game against the East Grand Forks midgets, John led coach Gene Sacks' team to a 12 to 5 win over the East Siders, getting four hits in four trips to the plate. Aune is a catcher for Sack's team, and also catches for coach Ralph Skay's Legion juniors.

Eagles Midgets Win Two Contests

Defeat East Grand Forks 12 to 5 and Fosston 10-2

Coach Gene Sacks' Eagles midgets baseball team scored a pair of Western Border league victories this week. On Monday, the locals scored a 12 to 5 win over East Grand Forks; and on Wednesday morning the locals defeated Fosston, 10 to 2. Both games were played on the Fair Grounds diamond.

In league competition coach Sack's club has a league mark of five wins and two losses. On Friday the club will travel to McIntosh for a league game, with play ball time slated for 10:00 A.M.

The Season's Best

The season's best fish and best fish story came out of the Red Lake river here on Saturday. Some youngsters swimming at the Tindolph Park pool Saturday noticed a large fish surfacing nearby. Ron Wisniewski, who was at the beach, was told about the fish, and he spotted the fish, noting the dorsal fin above water.

Just at this time, Ed Christensen came by in a row boat, and his attention was directed to the fish. Ed, realizing that the fish was of good size, rowed in to shore and took aboard Wisniewski for assistance. They maneuvered into position, and, Ed, with a full-swing, clubbed the fish with an oar. The stunned fish was grabbed by Ron and hauled into the boat.

When in the water it was thought that the fish was a carp, but when boated, Ed immediately identified the fish as a walleyed pike. It's weight? About eleven pounds.

That there are such huge walleyes in the river her isn't a surprise. We can recall a number of years ago when Tom Belland, who was a fishing partner of Christensen, came in with a couple of walleyes that tipped the scales at better than ten pounds. These fish were taken on a minnow, still-fished, out of the Red Lake river a couple of miles upstream.

Denny the Chief

We are in receipt of a news item, embellished with a three-column photo, clipped from the Escanaba (Mich.) Daily Press which informs us that Dennis McGinn was made an honorary member of the Ottawa Indian Tribe at the All State Indian Pageant held in Petoskey, Mich. last week.

Dennis was honored by the tribe because of his services to the Indians in their claims against the federal government for deficient payments in the treaty cession of Michigan lands in 1821 and 1836. McGinn is a prominent lawyer in Escanaba.

Denny's Indian name is "Ta-go-bit," meaning "One who sits with others."

Legion Sub-district Tourney

The Fair Grounds diamond will be the site of the Legion's sub-district junior baseball tournament, and the dates for the tourney are July 20, 21, and 22.

In a tournament-arrangements meeting held on Monday, pairings for the tourney were made. East Grand Forks was rated number one, Thief River Falls number two, Crookston number three, and Lake Bronson number four.

East Grand Forks and Lake Bronson were seeded into the upper bracket, where they will play Argyle and Warren; and Thief River Falls and Crookston were placed in the lower bracket, along with Hallock and Roseau or Newfolden.

The local club will be handicapped considerably in its tournament play by the absence of sturdy righthander Jim Weckwerth. Jim was the victim of a bizarre accident last week, and he has been advised to refrain from physical activity for a month or two.

Jim was assisting his father in unloading truck merchandise last Thursday, and he had his head "pinched" between a pair of trailers. Fortunatey the trailers were each equipped with three-inch rubber bumpers, otherwise the "pinch" could have been fatal. Jim was rushed to the hospital where he was under observation for a possible skull fracture.

Several small bones near the ear were broken, and a persistent bleeding occurred. Jim was released from the hospital on Tuesday with instructions to "rest."

Schedule, Sunday, July 17
T. R. Falls at Gonvick (afternoon)
Fosston at Bagley (night)
Winger at Cass Lake (afternoon)

The week's play in the Northern Minny league was featured by the two defeats handed Jerry Riewer's league-leading Bagley Merchants. Last Wednesday night, in a game played at Bagley, manager Bob Montabello's Cass Lake squad scored a 2 to 1 win over the Merchants. And on Sunday night, in a game played at Thief River Falls, righthander Bob Hallameck limited the league leaders to five hits as the Thieves recorded a 4 to 3 win. In spite of the two losses, Bagley continues to hold the league lead, having a half-game edge over the runner-up Cass Lake team.

In this week's competition, the Bagley team will be host to the third place Fosston team, the Winger Tigers will play at Cass Lake, and the Thieves will play Gonvick at Gonvick.

Shortstop Golf Tourney Sunday

Local Club Plans Event for Merchandise Prizes

The local golf club will be host to its first shortstop golf tournament of the season on Sunday, July 17. A tournament had been scheduled for last month, but the conditions of the greens at that time forced cancellation of the tournament.

Much time and effort has been concentrated on the greens since that time, and the course has responded to the treatment and the golfers participating in Sunday's tournament will find the greens greatly improved.

Golfers wishing to compete in the tournament, and championship flight golfers in particular, should report their qualifying scores to Jack Boyer at the club house. The phone number at the club is MU 1-2955. Merchandise prizes will be awarded to the flight winners, runners-up, and consolation winners.

Highway Dept. Begins Watch for Vandalism

The Minnesota highway department has begun a "watch" campaign on its public properties, Commissioner L. P. Zimmerman announced today.

The measure, according to Zimmerman, calls for surveillance for state highway department property to protect it from vandalism that has increased at an alarming rate since late spring.

Vandals have left their mark on newly surfaced highways, on bridges, in field offices and on houses acquired in right of way purchases. And more than a little of the vandalism was further corrupted by the crudest profanities printed on numerous places open to public view.

Commissioner Zimmerman expressed the hope that the public, in its own interest, will join in protecting its investment in public property by watching for vandalism. "The quickets way to put an end to these destructive acts," he said, "is to enlist the aid of all citizens to report to the police any acts of vandalism they might witness."

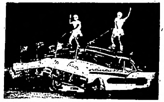
According to the highway department, it has apparently become a fad to paint large letters in black or red on bridge slope protections, piers and steel beams. Inscribing initials, names and profane words in freshly laid concrete roadways has also become a popular pastime among the vandals in the state.

But the most malicious acts involve breaking into construction field offices, and breaking windows and tearing apart the insides of houses recently acquired by the highway department in right of way proceedings. A number of such houses are sold to the highest bidders—not all of them are demolished—and their condition is a vital factor in their sale.

Zimmerman added that is is very possible that those committing such acts could be seriously injured in some of the older houses which are sometimes near collapse, and for this reason more than any other, youths should stay out of them.

Children and teen-agers are not the only ones committing these acts, though they are in the majority, Zimmerman pointed out. He cited a case that occurred in early June when three adults were taken into custody and held for 72 hours for illegal entry into a state-owned house on highway right of way in Minneapolis.

Zimmerman warned that because of the malicious nature of the vandalism, those apprehended and found guilty will be prosecuted to an extent that will serve as a severe warning to potential offenders.



AT FAIR A streamlined, modern version of the old Roman steeplechase gives the Thrilladettes ample opportunity to display their daredevilitry, not to mention their charms, in an exciting portion of the Aut Swenson Thrillcade performance, scheduled Tuesday evening, July 26, at the Pennington County Fair.

Records Judged for Marshall 4-H

Approximately 1200 4-H records were judged by 39 adult 4-H leaders from 21 Marshall county 4-H clubs at the annual record judging meeting held July 6 at the Newfolden school cafeteria, reports Harlem Sandberg, 4-H club agent.

Preceding the judging, a briefing session was conducted. Leaders judged records according to the Danish judging system, scoring them blue, red, or white. The score sheet tells the member why his record received a blue, red, or white rating. He also will use it as a guide when working with 4-H records in the future.

Firearm Training for Youth Gains

17,347 Young People Are Certified in 12 Months

Firearm safety chief Jerry Liemandt reported today that 17,347 young people were trained and certified by the firearm safety program during the past 12 month period.

This was the program's second largest year in terms of numbers trained and certified since its inception in 1955, Liemandt announced.

Since 1955 he said, a total of 71,178 boys and girls have been certified as having completed training in the program.

This fine record is due primarily to the unselfish and untiring efforts of the 3,500 volunteer instructors and county directors who serve without pay, and to the game wardens who are responsible for coordinating the programs in the various areas of the state, he said.

It has been shown that the program has successfully reduced the accident rate in the age group under 21 years. The addition of these 17,000 plus graduates to the ranks of those previously trained should further reduce that rate, Liemandt concluded.

" 'You haven't changed a bit,' is an observation I do not take to kindly. It is a form of greeting prevalent at school reunions, and I have seen its recipients simper with pleasure in a fashion that astonishes me. I have traveled, worked, borne children, lived in various communities and made many more friends and kinds of friends than comprised the group that surrounded me in pigtail days, and I hope my looks show something of these experiences. To be told that nothing of this increase in richness and enjoyment of living shows, makes me indignant."—Emily Kimbrough

Milk Production Up

Milk production in Minnesota increased five per cent in 1959 over 1958, and this increase in production was accomplished with two per cent fewer cows. The average cow produced 7,610 pounds of milk or 267 pounds of butterfat. Not many years ago the average production per cow was only 225 *pounds of fat.*

This is an encouraging report and it is especially encouraging hereabouts because our area is making good progress in dairying along with the rest of the state.

Another important factor in the general trend toward greater efficiency in the dairy industry is the increase in the size of our dairy herds. The small herd is rapidly passing out of the picture. Dairying is becoming a highly specialized segment of our agriculture and modern equipment is taking much of the drudgery out of the operation.

The industry's weakness in the area is mainly in the inefficiency of some portions of its marketing system, but there is a steadily increasing awareness of this situation and no doubt steps will be taken to cut costs. Our dairy industry is still our most dependable source of revenue.

We May Get That Smart

Fargo now is back on standard time again as the result of a referendum in which both urban and rural voters of the county expressed themselves by substantial majorities as being opposed to fast time. By reverting to standard time the line of confusion was moved back to the Minnesota border rather than west of the city. Recognizing the inevitability of confusion, the citizens of Fargo decided it would be better to be confused with their Minnesota neighbors than with their fellow citizens of their own state.

All transportation in the country still operates on standard time, which makes for confusion of course, but the confusion is not of their making. Some day we may smarten up enough to recognize the need for a uniform time system and give to our national government the exclusive right to regulate it.

Pan-American Unity

Canada's Secretary of State for External Affairs has indicated that the Dominion will be represented by an observer at the next meeting of the Organization of American States, to be held next February in Ecuador, and this announcement is hailed by South American countries as an indication that Canada intends to become a partner in this continental association of nations. One headline cheerfully hopes that "Canada Is Going Pan-American."

Norman Ingrey, special correspondent of the Christian Science Monitor, reports on this development and explains:

> "Up till little more than a decade ago Canadians themselves used to laugh off any suggestion of active association with Pan-Americanism. Not because they disparaged the role and value of this continental family group, but because their links with the Commonwealth and Europe were considered preferential.
>
> "This attitude was assumed, significantly, under a Liberal administration which persistently contributed to the broadening independence and responsibility of the dominion in international relationship. It has fallen to a Conservative and more Commonwealth-minded administration to proclaim, through its Secretary for External Affairs, that the time is approaching for full identification with the first regional authority.
>
> "The mistake will not be made in this case of assuming that there has been any sudden or dramatic reversal of Canadian policy. The movement toward continental integration, on a fraternally cooperative level, has existed over the years, gathering impetus with the formation of Canadian nationality itself and with the solid industrial development which has converted a dominion into a world power. It has been above party and controversy.
>
> "At the same time pan-Americanism itself has undergone a deep change, not merely in name, but in spirit and aim, compelling changed attitudes in Europe and particularly in Britain. The new sense of hemispheric unity, perceptible in countries as radically apart as, say, the United States and Argentina, is working for the welfare of universal democracy. The Old World already has experienced many of the benefits accruing from regional solidarity."

Considering the Communist pressures to which we now are being subjected openly in Cuba, and no doubt secretly in other Latin American countries, this prospect of developing greater unity among North and South American countries is encouraging. La Prensa, best known newspaper in Argentina, hails the "firm Americanist trend" and sees a possibility of improving not only the relations of American countries among themselves but also of a stronger world position for the Democracies by a closer alliance through Canada with Commonwealth countries. La Prensa concludes:

> "Up to the present Canada has remained aloof for reasons made known by the Canadian Secretary of State. These include the convenience of Canada's not becoming involved in disputes which sometimes divide the Pan American entity and also the obligations which the Canadian government has contracted with certain multilateral organizations.
>
> "But, it now looks as if the force of some arguments against the entry of Canada has weakened. American solidarity has overcome the problems which often divide the republics, which naturally do not always see eye to eye in all matters. The so-called influence of an American or Latin-American sector has never prevented member nations from accepting suggestions emanating from outside these zones of influence.
>
> "The truth is that the OAS is working seriously, and its efforts to assure the peace and progress of the whole continent have given good results up *till now. The incorporation of Canada* may complete the task."

Who's The Goat In Brazil?

Congress has again failed to amend the law under which the wheat price support program is administered and on July 21, for the eighth consecutive year, wheat growers will decide whether they want to continue the present program or discontinue price supports for wheat altogether. That doesn't leave much choice and no doubt the present program, with its obvious shortcomings, will be renewed.

Democrats blame Ezra Benson and the administration for the sorry mess but it is quite apparent that the Democrats themselves are not in agreement on what should be done and they are satisfied to let the old law, the product of a Democratic administration, remain on the books for campaign purposes.

Commenting on the fact that other countries have surpluses, Walter Barnes of the Sleepy Eye Herald Dispatch, points to the 70 million bags of surplus coffee on hand in Brazil, enough to supply the world's needs for a year and a half, and wonders who their Ezra Benson is and what they call him in Portugese.

Far Eastern Balance Sheet

(New York Times)

There is no nation in the world more willing than ourselves to admit—one might even say proclaim—its errors, setbacks and disappointments. If there is anybody anywhere who doesn't now know that we are shocked and discouraged by what happened in Japan it isn't because we didn't make enough noise about it.

Yet, what did happen during President Eisenhower's trip to the Far East?

He did not travel through Russia—Mr. Khrushchev wouldn't let him. Does this indicate that the Russians are stronger, smarter or more polite than we are?

On the other hand, Mr. Eisenhower did go to the Philippines, where he was joyfully and tumultuously received. He did go to Taiwan, where a similar welcome awaited him. He did go to Okinawa, where most of the people were friendly, though a small group of juvenile delinquents were not. He did go to Seoul, where the rush of popular affection for him and for America was almost dangerously great.

The truth about these events is not discreditable to us. It should, indeed, make friends for us among the oppressed, impoverished and frightened peoples of the earth . . .

In Japan, whose government was not strong enough to guarantee President Eisenhower's safety, we have little by little given up the controls won in battle in 1945 . . .

Throughout the Far East we may perhaps be criticized because our policies have often been inept, but no one in his senses, not even our sworn antagonists, can really believe we have been aggressive or imperialistic. Even in Japan two thirds of the electorate have so far recognized our good intentions as to support a pro-American program.

We have the means, on the record and on the evidences of Mr. Eisenhower's adventures during the past week, to win new ground in the propaganda battle for men's minds and hearts . . .

This is a critical moment: yes. It is a moment to renew our faith, without apologies or lamentations, in the ideas and ideals of freedom.

Borrowed Nonsense . . .

An absent minded fellow was trying to improve his memory by the association of ideas method. To remember a name think of it in terms of something familiar to you.

On being introduced to a Mrs. Hummick he associated the name with stomach and he was sure he would be able to remember that.

Several days later he met her again and with a great deal of confidence he said "How do you do Mrs. Kelly."

Looking Backward

1900—SIXTY YEARS AGO

The TRF Lumber Co. resumed day and night operation of its sawmill here.—Dan Shaw returned from a visit with his brother in Pittsburgh, Penna.—John Pederson's log drive for the St. Hilaire Lumber Co., containing about 8,000,000 feet of logs, arrived here last week.—The ladies of the Methodist church met at the home of Mrs. F. J. Stebbins.

1920—FORTY YEARS AGO

Judge Andrew Grindeland denied the application of a local citizen's group for a permanent injunction to restrain the city from proceeding with its street paving project. — A tornadic wind caused a good deal of damage north and west of TRF.—Mr. and Mrs. P. W. Mabey are visiting at Lake City.—The county board voted a tax levy of $76,500 at its July session.

1930—THIRTY YEARS AGO

The Osborne-McMillan Elevator Co. in Minneapolis announced that it will build a 400,000-bushel terminal elevator here this year. —V. C. Noper and L. M. Rayson were reelected to the local school board.—Roger Dooley of Waterloo, Iowa, was named Lincoln basketball coach, and S. P. Orwall was appointed band instructor.—The county board voted a levy of $101,000.

1940 — TWENTY YEARS AGO

Dr. H. J. Rice of this city was elected president of the N. W. District Dental Society at its annual meeting in Park Rapids.—Dr. A. E. Jacobson was reelected president of the local board of education.—Mr. and Mrs. Alfred C. Olson, living west of the city, celebrated their golden wedding day in the presence of their 13 children. — Lester A. Ihle attended the Republican national convention in Philadelphia. — The city council overruled a veto by Mayor W. W. Prichard of a resolution to buy a Diesel unit for the power plant at a cost of $103,000.

1950—TEN YEARS AGO

Stan Mortenson, local attorney, suffered a broken back and foot injuries when he fell 15 feet while trimming a tree in his yard. — Mrs. J. M. Bishop announced the sale to Al Christofferson of the Credit Bureau, operated by her the past 15 years.— Otis E. Wold was reelected president of the local school board. — Fred Forsberg, local resident since 1933, and president of the seed-cleaning machinery factory bearing his name, died July 9 at the age of 73.—The county board set its tax levy at a new peak of $282,577.—Mrs. Wayne Bredeson was installed as president of the Legion auxiliary unit, succeeding Mrs. Harold F. Harrison.

Attention Cattle & Hog Tour
Mr. Livestock Feeder, Hogman & Dairyman;
On July 19, 1960 there will be a hog and cattle tour starting at the Alex Wald farm at 1:00 P.M.
The purpose of this tour is to show actual feeding operations and how they are being fed with local grain and roughage. Also how these projects could be put into operation on many of our local farms with very little investment in real estate and equipment; thereby feeding out many of our feeder cattle, dairy steers, and feeder pigs for additional profits and income.
We will work on the theme of "Getting the Most From What You Have" on your farm. This will mean talking about the trends, actual feeding costs, utilizing existing buildings, labor requirements and for you a question and answer period at the close of the tour before lunch
Several men have worked very closely with our people, namely Mr. Fred Grant and Alex Wald, to make this tour possible and I'm sure they will have much to offer on this tour.
The Wald farm will be clearly marked on Highway No. 59. From Thief River Falls, on Highway No. 59, it is 10½ miles South or first farm South of the Clearwater Church. From there we will go to the other locations as a group.
Sincerely,
Your Purina Dealer
Art Dicken

HOW GOOD A DETECTIVE ARE YOU?

Using the clues on this page, can you guess the occupation of these men?

Have you ever felt that you might have made a good detective—perhaps even better than the "private eyes" on television? Here is your chance to prove it. See whether you can discover the true occupation of the men in the pictures. These men are all in the same line of work.

Clue number one: Signatures. Are you a judge of handwriting? Do the signatures reveal executive traits? Manual skills? Independent minds?

Clue number two: Civic activities. All the men play prominent roles in community affairs. They are interested in people, like to deal with them. And, because they are civic *leaders*, you can assume they have a very good stake in their communities. A financial stake, perhaps?

Clue number three: General appearance. They have the independent air of men who can stand on their own feet, manage their own affairs. They also spend time outdoors, yet seem to feel at home doing office work.

Put these clues together and you find men who are: independent, practical, probably own their own business, like to deal with people, work indoors as well as outdoors.

By now you've probably solved the case. They are all Standard Oil dealers. Typical of the some 15,000 dealers, they own their businesses. They have based their futures on association with a company that stresses product quality.

When they are not on the job, they give much time and talent to civic and human welfare activities. As participants in local government, chambers of commerce, school boards, scouting and other youth work, they lead full, active lives devoted to the service of others.

WHAT MAKES A COMPANY A GOOD CITIZEN? A good citizen is one who works for the good of all. By working in harmony with small businesses and making it possible for them to grow and prosper, Standard hopes to contribute to the well-being and general welfare of many communities. We are proud that so many of our dealers and employees are successful both in business and civic life.

Yield Right of Way to Emergency Vehicles

"Failure to yield the right of way to emergency vehicles is going to cost someone's life," Leo M. Smith, chief of the Minnesota highway patrol warned today. "Careless motorists disregard the welfare of others and hamper the work of officers and firemen and medical aid people by blocking traffic on our highways. In recent weeks our officers have reported a number of incidents where motorists have refused to give way to cars carrying injured to hospitals, thus endangering their lives by delaying medical attention."

Smith pointed out that the highway traffic act requires that the driver of each other vehicle "shall immediately drive to a position parallel to and as close as possible to the right-hand edge or curb of the highway clear of any intersection and shall stop and remain in this position until the authorized vehicle has passed."

The approach of an authorized emergency vehicle shall be indicated by "at least one red light . . . visible to the front of the vehicle, and when the driver is giving audible signal by siren."

Drivers of fire apparatus, ambulances and in many cases police cars are on emergency missions where seconds count, Smith warned. "A few minutes saved may mean the difference between a small or serious fire; or the difference between a life or death," the patrol chief said. "That is why it is necessary that every driver give way to these vehicles and not delay them in any way.

"Not only is it safer for the occupants of all vehicles involved, but it is a simple matter of giving aid yourself to those in need. When the red lights are on and the siren is sounding, there is an emergency which concerns someone's life or property. The conscientious person who has regard for others will not interfere, others must learn to do so the hard way."

Sketch of Lloyd Nelson, Veteran 4-H Club Leader

Lloyd Nelson is a long time leader of the Silverton - Steiner 4-H club. He is also treasurer of the Pennington county 4-H Leaders council. In addition to these services he has served on numerous committees in past years.

Lloyd was born and raised in Agder township and has farmed there, with his wife and four children, all of whom are active 4-H members or leaders of the Silverton club. For the past 14 years Mr. Nelson has acted as assessor. He has been and is still serving on church bards, Farmers Union activities, telephone lineman, and school board.

Mr. Nelson has a registered herd of Holstein cattle which have been shown, wih good results, by his children through the 4-H. He farms 307 acres.

Two State Boys to Go to Washington

To Attend Legion Boys' Nation July 22 to 29

Timothy Gamelin of Robbinsdale, and David Dennison, Caledonia, will be Minnesota's two representatives at American Legion Boys Nation, to be held July 22-29 in Washington, D. C., with headquarters at the University of Maryland, College Park, Maryland.

Ninety-eight boys, two selected from 49 Legion Boys State programs throughout the country, will constitute the body of the mythical federal representative group. The program features a practical approach to the study of federal government and will include many highlight events. Among these will be a Capitol visitation, laying a wreath at the Tomb of the Unknown Soldier, holding hearings on two or three Boys Nation Senate bills, and conducting a Senate session at the Capitol.

An added honor awaits one youth who will participate in this, the 15th annual program. A representative of the 1960 Boys Nation will be invited to attend the Legion's 42nd National Convention, October 15-20, in Miami Beach, Florida, as a part of the youth theme. He will appear before one of the business sessions.

Gamelin was elected Governor of Minnesota Legion Boys State during that program held July 12-18 on the St. Paul campus of the University of Minnesota. Dennison was named by the counselors as the "outstanding boy" at the same session. By virtue of their election and selection, they became automatic delegates to Boys Nation.

Big Supply Brings Wheat Vote July 21

National Wheat Stocks Total 2,561 Million Bu.

With the marketing quota referendum for 1961-crop wheat drawing near, the total national wheat supply for the 1960-61 marketing year is now estimated at a record 2,561 million bushels, according to the latest U.S. department of agriculture report on the wheat situation received at the Marshall county Agricultural Stabilization and Conservation office.

The new record supply is six per cent above the previous record a year earlier and 26 per cent above the 1954-58 average, according to Chairman Edward A. Johnson of the Marshall county ASC committee. This increase primarily results from the large 1960 wheat crop in prospect—1,271 million bushels compared with the 1959 crop of 1,128 million, Mr. Johnson said.

Domestic disappearance of wheat for 1960-61 is estimated at about 625 million bushels, slightly above that of the previous year. Exports are assumed at about 500 million bushels, only slightly different from the 510 million estimated for 1959-60. This would leave a carryover of about 1,435 million bushels, about 150 million bushels above the estimated carryover this July and a new record.

With this record supply and carryover in prospect, farmers will vote July 21 for the eighth successive year on whether to have a system of marketing quotas for the 1961 wheat crop.

If quotas are approved as a result of a two-thirds favorable vote, producers who stay within the acreage allotted for their farms will be eligible for the full announced level of price support on their entire production.

Producers who exceed their farm acreage allotments will not be eligible for price support and will be subject to marketing quota penalties if (1) they have more than 15 acres for harvest, or (2) they have not signed applications for exemption under the feed wheat program.

If quotas are not approved by wheat growers in the referendum the law provides a wheat price support level at 50 per cent of the July 1, 1961 parity for producers who stay within their acreage allotments. There will be no penalties for excess production.

PLUMMER FU LOCAL TO MEET TUESDAY EVENING

The Plummer local of the Farmers Union will meet Tuesday, July 19, at 8 p.m. in the Plummer hall. Cy Carpenter of Thief River Falls will be the guest speaker, and also will show movies. Lunch will be served.

During 1959, one out of every 15 licensed drivers in the state reported traffic accidents in Minnesota.

55,000 Boys to Attend 50th Scout Jamboree

Boy Scouts of the nation and the world meet this month in a land of legends.

From their breakfast fires on the broad plains of the Reverse J Diamond ranch in central Colorado, the 55,000 youngsters may see the morning sun glinting on snow atop 14,110-foot Pike's peak.

At this 50th National Boy Scout jamboree, commemorating half a century of scouting, boys from every state and three dozen foreign nations will be surrounded by memories of it Carson and Jim Bridger and the Mountain Men, by tales of Buffalo Bill and the early Spanish conquistadores, by stories of the fabulous Pony Express and by relics of the forts of the early army of the west.

The scouts and leaders start moving into the site July 20. The jamboree formally runs July 22 through 28.

In addition to almost 4,000 service tents already in place, they will set up some 27,000 two-man tents to form—for 10 days—the fourth largest city in Colorado.

What the Scouts will eat indicates erroneously that eat is all they will do. Food for 3½ million meals is being gathered. they'll drink 577,960 quarts of milk and 43,980 quarts of orange juice.

They'll eat 132,330 loaves of bread, 10,221 pies, 46,312 heads of lettuce, and 45,200 peaches. They'll bite into more than 25,000 pounds of steak and 21,000 pounds of ground beef.

It isn't always the driver's fault. Eleven per cent of Minnesota's fatal traffic accidents involving pedestrians last year was blamed on pedestrian error.

Challenge

What is it about fishing that appeals to so many men? Is it the tang of the out-of-doors, the salt spray, the play of the reel — or is it a part of that age-old challenge of pitting oneself against the forces of nature?

Probably, it is mostly the challenge, for man is forever excited by a dare. Yet, while life is full of challenges, all of them are not fun. When it comes to meeting the greater tests successfully, you need a lot more than a fishing pole. Then it is that Faith comes into its own; then it is that the teachings of the Church are put into practise.

Don't walk by your church next Sunday — walk into it. Equip yourself for your own spiritual future now.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mrs. D. A. Hanson

Hallquist-Strong Speak Wedding Vows

Marlo Rae Hallquist, daughter of Mr. and Mrs. Rodney Hallquist and Paul Strong, son of Mrs. Jack Adams of Philipsburg, Penn. were united in marriage July 4th at the Zion Lutheran parsonage in Thief River Falls. Dr. Walter M. Pedersen performed the double ring ceremony.

The bride was attired in a blue suit with white accessories and her maid of honor, Janice Prosser wore a pink suit. Their corsages were pink rosebuds and white carnations. The bridegroom and his best man, James Kezar wore dark suits with white carnation boutonnieres. A dinner was served at the bride's home following the ceremony for the bridal party, the parents of the couple and Sonia Brenna and Carol Mickelson, close friends of the bride. Mr. and Mrs. Strong will make their home in Finley, North Dakota where the groom is stationed with the U. S. Air Force.

John Melands Honored on Silver Wedding

A host of relatives and friends gathered at the home of Mr. and Mrs. John Meland for a social hour and lunch Sunday afternoon July 3rd and to extend their best wishes on their silver wedding anniversary.

Those in charge of the arrangements were Mrs. Henry Polansky, Mrs. George Polansky, Mrs. Lloyd Korstad, Mrs. M. C. Kraemer and Mrs. Glenn Bernstein. Mrs. Lloyd Korstad and a group of relatives also assisted in the serving.

Mrs. Livi Moen of Crookston, sister of Mr. Meland and Mrs. of Mrs. Meland, cut and served the wedding cake which had been baked and beautifully decorated by Mrs. Henry Polansky. Mrs. John Pribula of Fargo, sister of Mrs. Meland, poured the coffee. Mrs. M. E. Kramer was in charge of the guest book.

Corsages and boutonnieres were presented to the honored couple and their attendants, Mrs. M. E. Kraemer of Port Hueneme, Calif. and Joseph Polansky of Grafton, N. Dak., by Mrs. Earl Knutson of Crookston, a niece of Mrs. Meland.

Films were taken of the memorable occasion by Glenn Bernstein of Thief River Falls.

Explains W May Ballo Wheat July

Culkins Says Grower of 15 Acres Wheat as Grain May Vote

Just who is eligible to vote in the July 21 referendum on 1961 wheat marketing quotas was today explained by R. W. Culkins, manager of the County Agricultural Stabilization and Conservation committee office.

According to Culkins, any grower in a commercial wheat state who will produce more than 15 acres of wheat as grain in 1961 will be eligible to cast a ballot in the quota vote.

Growers who will have smaller wheat acreages in 1961 and those who are taking part in the feed wheat program are not eligible to vote, since the wheat from such farms would not be subject to marketing penalties under a quota program.

The office manager reminded farmers that those who vote in the July 21 referendum will be the ones who decide what kind of program will be in effect for the next wheat crop. He urges that every eligible voter cast his ballot, so that the result may truly reflect the desires of growers themselves.

At least two-thirds of the total votes cast must be favorable if the 1961 wheat marketing quota is to remain in effect.

Employment Here Shows Small Gain in Past 3 Months

Total of 2,730 Workers Employed in Mid-June, TRF Job Office Reports

Employment in Thief River Falls as of mid-June stood at 2730. When compared with mid-March this amounts to a gain of 75 workers, or 2.8 per cent, said R. S. Eldevik, manager of the TRF employment office.

Employment in manufacturing, government and construction were the only categories showing substantial changes from mid-March to mid-June.

Construction employment jumped from 86 to 144. This was a normal spring increase and mainly a return to work of regular crew members who were unemployed during the winter months. Unless unforeseen developments occur, employment in this category through the summer months will increase very little, if any, due to a lack of projects and a slow-down in demand for new housing.

Government employment dropped by 115 with the end of the school term.

Employment in manufacturing as of mid-June showed a gain of 101 that was of a temporary nature in that it involved a recall of turkey processing crews for only a short period of time needed to process turkey hens at the end of the hatching season. These workers will be called back to work for the regular processing season, which this year is expected to begin about July 18.

Warm Weather Is Due to Continue

Mercury Hits High Mark of 86 Here Last Friday

No important temperature change today, tonight or tomorrow has been forecast in the current warm spell by the KTRF weather station and skies are expected to remain mostly clear.

Readings in the 80's have been predicted for today and nighttime readings in the upper 50's may be expected. Light northerly winds with moderate humidity have also been forecast.

Tomorrow, there is a chance of an isolated thundershower during the afternoon.

Daytime readings over the weekend ranged from Friday's 86 to Saturday's 80 and early morning temperatures from Friday's 61 to Sunday's 51.

Mrs. R. B. Sloan is confined to St. Luke's Hospital in Fargo for a week.

NORTH-CENTRAL AIRLINES

NORWAY BOUND is Ed Noto, well-known local barber, who will visit with relatives in the Alesund area of Norway. Noto, who has already arrived in the land of fjords, traveled by jet plane from New York to Oslo. While there he plans to take a boat trip to North Cape in Norway's far northern Land of the Midnight Sun. This is Noto's first trip abroad and he expects to be gone about five weeks.

Many Children Pass Their Swim Tests at Tindolph Pool Lately

The Tindolph park bathing beach has been well patronized during the recent spell of warm weather, and many youngsters are taking advantage of the "Learn to Swim" program provided by the TRF recreation and park boards, it was announced today by Quentin Jones, water front director.

Classes, he stated, are large in all divisions, but there is always room for more. Patty Clinton will be working with the advanced groups for only two more weeks, and those working with her are reported to be making great strides in swimming fundamentals.

Jones said that 50 per cent of the sixth grade pupils were able to swim in 1959, and he added that it will be possible to improve that record this year if parents make sure that their children are participating and passing the tests.

Among those who have successfully passed the swimming tests are:

Fourth grade: Scott Adolphson, Knox; Jerry Owen and Dana Sromberg, Northrop; and James Kotaska, St. Bernard's.

Fifth grade: Mark Jenkins and Stanley Sjoberg, Knox; David Forsberg and Larry Swanson, Northrop; Richard Delorme and Arlan Overbye, Washington; and Katherine Protz, St. Bernard's.

Sixth grade: John Adolphson, Knox; Rich Adams and Mike Gulbranson, Northrop; Susan Bedard, Ginny Brown and Sandra Protz, St. Bernard's; and Tommy Jones, Washington.

Invite T. R. Falls Girls to Compete in Aquacade Contest

Jr. Chamber Asks Girls to Register in Queen Event; Coronation Aug. 6

Young women of the Thief River Falls community were reminded today by the Junior Chamber of Commerce that now is the time for registering their names as candidates for the title of Miss Aquacade, with the coronation ceremony to be staged at a dance in the municipal Auditorium Saturday evening, August 6.

Girls and their sponsor are asked to give their names in person or by mail either to Roger Tunberg or Charles Samuelson, co-chairmen of the contest.

Rules of the contest are as follows:

Entrants must be residents of the Thief River Falls area for the past six months.

Must be single and never have been married, divorced or had marriage annulled.

Must be a high school graduate by September, 1961.

Age on September 1, 1961, shall not be less than 18 or more than 28 years.

Entrants must be of good character, and possess poise, personality, intelligence, charm and beauty of face and figure.

Phone Cables Near Oklee Are Damaged

Rifle Shooters Are Held Responsible for Damage

Damage to aerial cable north of Oklee caused disruption of service to a great many rural telephones, the Garden Valley Telephone Co. said last week.

The telephone repair crews have found that the damage was presumably caused by .22 bullets.

The logical explanation seems to be that some person or persons have been amusing themselves by shooting at numerous birds that often rest on the telephone cable. A low miss would naturally have a good chance of hitting the cable.

The bullets were fired at an angle upward, and created a genuine hazard for persons, livestock and buildings. They were also illegally fired from within the confines of the public road.

The expense of repair is considerable and the disruption of service could be very serious in cases of emergency.

The telephone company is trying to restore service as fast as possible, but the number of damaged spots have made this difficult.

The telephone company would appreciate any information that would aid in establishing responsibility for these acts.

Firemen Put out Two Electrical Blazes on Sunday

Two minor electrical fires brought out city firemen Sunday with little damage resulting from either blaze.

A shorted fuse box at 4:34 p.m. sent firemen to the George Eastman home at 322 Duluth av. N. Damage, which was slight, was confined to some burned wires.

At 9:05 Sunday evening, firemen made a run to the Leonard Swan home at 1006 Knight av. N. Shorted wiring under the hood of a 1953 Studebaker started a fire which was extinguished by a neighbor before the fire truck arrived. Damage was listed as small.

Dr. E. Thorsgard to Head Medical Staff at Hospital

Dr. E. O. Thorsgaard was elected president of the Northwestern hospital medical staff for 1960-61 at an organizational meeting at the hospital Tuesday, July 12.

Dr. Thorsgaard, vice president of the group last year, succeeds Dr. H. M. Boroson who was elected secretary-treasurer.

Vice president of the staff for the coming year will be Dr. M. A. Mochal.

Sen. Johnson Running Mate for Kennedy

Convention Ended Friday Night with Acceptance Talks

The hoopla of the Democratic national convention at Los Angeles came to an end Friday evening with acceptance speeches by Senator John F. Kennedy of Massachusetts, the party's nominee for president, and Senator Lyndon B. Johnson of Texas, who had been nominated Thursday evening for the vice presidency over the protests of some of the more liberal convention delegates.

In his acceptance speech, Kennedy issued a call for Americans to be new pioneers on the New Frontier of a changing and challenging world.

"The New Frontier of which I speak is not a set of promises—it is a set of challenges," Kennedy said.

"It sums up not what I intend to offer the American people, but what I intend to ask of them.

"It appeals to their pride, not their pocketbook — it holds out the promise of more sacrifice instead of more security.

"But I tell you the New Frontier is here, whether we seek it or not."

In a dramatic but highly traditional decision Thursday Kennedy compromised with the political realities of a threatened Southern bolt and wheeled in Johnson, the majority leader of the Senate, as his vice presidential nominee.

The Massachusetts senator thus took a practical step toward quieting a growing Dixie rebellion. But he repeated in return some protests from party liberals who felt they had been influential in his top-place nomination, and deserved better of their efforts than a middle-of-the-road vice presidential candidate.

Error in Report on Child's Injury

Henry C. Olson of Rt. 3, city, states that the Times erred in its report Thursday on the haying accident July 10, in which his daughter Debra, age 6, was injured.

He states that Debra and an older sister were riding on a mound of hay on a sweeprake attached to the rear of a small tractor, which was pushing the hay backwards. The little girl apparently stumbled, and the sweeprake passed over her.

Mr. Olson noticed her predicament in time to stop the tractor before the rear wheel had passed completely over her. It was necessary, however, to move the tractor forward to release Debra.

TRF Bank Debits Rise 3 Per Cent for Year to date

Bank debits in Thief River Falls rose in June 1960 to $7,789,000 a three per cent gain over the $7,551,000 in June, 1959, it was reported late last week by the Federal Reserve bank of Minneapolis.

Total debits for the first six months of 1960 were up three per cent over the total for the same period of last year. Bank debits are considered an accurate index of business activity in a community.

Other communities in this area showing gains in June were Bemidji, three per cent; Crookston, eight per cent; Detroit Lakes, three per cent; and East Grand Forks, 12 per cent.

Business Is Good at Fred Forsberg Plant in This City

Company Now Producing 40 Machines for Almond Growers in California

Business is good at the Fred Forsberg & Sons plant, manufacturers of gravity separators. Forty machines are in the process of construction for almond growers of California, a market that has been developed during the past year. Progress is being made in perfecting a special separator for the processing of powdered tobacco. Just arrived is a shipment of cocoa beans from another industry that has a cleaning problem.

The Forsbergs' manufacturing operations have expanded in recent years and the company now applies its basic principle of gravity separation to the special needs of many industries.

They started with a machine that did a better job of separating sweet clover and other grass seeds. They now have a laboratory that permits them to experiment economically with the separation problems of a wide range of products.

With the exception of the power equipment that is required in the operation of the separators, practically the entire machine is manufactured and assembled in the local plant.

LEONARD DICKINSON OF BEMIDJI SEEKS OFFICE

Leonard R. Dickinson of Bemidji, former state senator, filed last Monday for state representative of the 62nd district, comprising Lake of the Woods and Beltrami counties.

Incumbent representative Elmer Berglund, who has in the past received the backing of the DFL organization, has also announced that he is again a candidate.

TOP WINNERS in the Crazy Days costume contest Friday and Saturday were these four although hard-pressed by many others. From left to right here are John Morecastle, Red Owl, men's first prize winner; Mrs. Marie Graham, Red Owl's women's second prize winner; Virginia Lanska, Parkins Corner Drug, women's first prize winner and Bart Wangenstein, men's second prize winner.

OOM-PAHING gaily through the streets Friday during Crazy Days was this musical aggregation which added to the enjoyment and festivity of the occasion. Names of individual players will have to be omitted here as they ran off furtively before the Times' shutterbug could get identification. However, they probably would have given aliases anyway. A clue to prove their local origin lies in the fact LHS music director John Moum can be identified tooting a horn in the right background.

Prizes Awarded for Zaniest Costumes on Crazy Days July 15-16

Zany costumes prevailed in Thief River Falls Friday and Saturday as local merchants and employes staged their annual Crazy Days sidewalk sale.

Public reception was good and large numbers of people took advantage of savings offered both days. In addition to the costumes of the salespeople and the low prices offered, a pep band played at various locations in the business section Friday morning.

In the competition for the zaniest costumes the first prize winners were John Morecastle of the Red Owl Supermarket in the men's division and Virginia Lanska, Parkins Corner Drug, in the women's. Morecastle was dressed as a woman while Virginia was a realistic "mummy." Each received a $10 first prize.

Second place winners were Bert Wangenstein, men's division, and and Mrs. Marie Graham, Red Owl checkout, who was dressed as a very realistic tramp. Each received a $5 prize.

Third place winners, each receiving $2, were Richard Schlechter, Schlechter Paint Co.; Kern Olson, S&L; Orvis Olen, Fashion Shop; Phil Hess, Jewel Box, and Lambert Rinowski, Lambert's Barber Shop, in the men's division, and Miss Olga Lund, Penney's; Mrs. Orvis Olen, Fashion Shop; Miss Janice Nesteby, Parkins Drug; Mrs. Marvis Gustafson, Bjorkman's, and Miss Roberta Peterson, S&L, in the women's division.

Judges were Mrs. Lloyd Bennes and Mrs. H. O. Chommie.

Winning honorable mention were Union State Bank employes of whom men wore dollar bill neckties, women wore hats and corsages of dollar bills and officials wore $5 bills.

School District Is Low on Cash as New Year Starts

A summary of the financial statement and a reconcilement of funds of the Thief River Falls school district for the year ending June 30, 1960, is published elsewhere in this issue. This statement indicates that expenditures exceeded receipts during this period and that the district is starting the new year with very little reserve cash to meet current obligations.

Marshall Hankerson, who has assumed his duties as the new superintendent, states that the funds on hand as published in the financial statement, include the June tax settlement and that there will be no additional receipts until the August distribution of state aid funds. There is a possibility that some borrowing may be necessary, he says.

7 More Truckers Seeking Distance Hauling Permits

Propose to Haul Grain from N.W. Minnesota to Minneapolis and Duluth

A hearing on seven area applications for irregular route common carrier trucking permits will be conducted by the Minnesota railroad and warehouse commission at the court house in Crookston Thursday, July 28, at 10 a.m., it was announced Friday by Oliver Ossanna, secretary.

Douglas Benson of Thief River Falls proposes to transport grain from Newfolden to Minneapolis and Duluth, while Reuben Brekke of Trall seeks a permit to haul farm commodities to market, with no mileage restrictions.

Other applicants, who also are seeking permits for long distance hauling of grain, include Lloyd Bruley, Rt. 2, Crookston; David Klinger, Fertile; Earl Knochenmus, Roseau; Leonard C. Nelson, Oslo; and Richard and Joe Ostgard, Mentor.

Optometrists at Session in Roseau

Dr. O. D. Beich, recently elected president of the Red River Valley Association of Optometrists, presided over a meeting of the group in Roseau last Thursday evening, with Dr. Wm. Pitblado of Roseau serving as host. The group went Friday on a fishing trip to Springsteel Island in Lake of the Woods, and all got their limits of fish.

Harlan D. Sorenson, Thief River Falls, recently bought a registered Ayrshire heifer from Carol Joy and Clem Dziengel, Kennedy, according to the Ayrshire Breeders' association secretary, David Gibson, Jr., of Brandon, Vt.

4-H Dress Revue Set Wednesday in City Auditorium

More Than 100 Pennington County Girls in Clothing Project Serve as Models

The Pennington county revue will be held Wednesday evening, July 20 in the City Auditorium. Over 100 girls will step into the spotlight modeling dresses, skirts, blouses and aprons they have made during the past year in the 4-H Clothing project.

The 1960 style revue queen will be crowned by Pat Hornseth, last year's queen. The winner will participate in the state dress revue to be held at the state fair in August. Blue ribbon winners in each division also will be announced.

Judging of the dress revue will take place at 6:30 p.m. and the public presentation begins at 8:30. Everyone is invited to attend.

Going on sale this week at the Thief River Falls postoffice are a four-cent Pony Express commemorative postage stamp and a four-cent Pony Express stamped envelope. The stamp, printed in sepia, will be available July 20, and the envelope shortly after.

No Filings for County Posts; Deadline Soon

Monday, July 25, Is Last Day to Enter Election Contests

The deadline for filing for office in the 1960 Minnesota primary election is next Monday, July 25, and as yet no candidates have entered the race for the four Pennington county posts to be filled, including the office of clerk of court and the three rural county commissionerships now held by Carl R. Anderson, Odin Hanson and Glenn Tasa.

All incumbents, including Henry Storhaug, clerk of court, are expected to seek reelection.

On the basis of filings and filing plans announced so far for state offices in St. Paul, few primary contests are in prospect.

One of these will be for nomination for chief justice. Chief Justice Roger Dell so far faces two opponents, E. Luther Melin of Minneapolis, who has often been a candidate in the past, and Clifford Hansen, of Minneapolis.

Gov. Orville L. Freeman, endorsed for reelection by the DFL state convention, will be opposed for his party's nomination by Belmont Tudisco of Minneapolis, who has never run for public office before.

James Williams, a Minneapolis attorney, has filed for the Republican nomination for U.S. senator and will contest with Mayor P. Kenneth Peterson of Minneapolis, who has party endorsement.

The man who upset the endorsed GOP candidate for lieutenant governor two years ago will try to upset another. Bernard Ericsson of Minneapolis defeated Arthur Ogle, Mankato attorney, for the GOP nomination in 1958, only to lose in the general election to Lt. Gov. Karl Rolvaag.

This year Ericsson has drawn his sights on Robert Johnson, Dakota county farmer who was endorsed by the GOP convention for railroad and warehouse commissioner.

And Ogle, again the endorsed candidate for lieutenant governor, will face formidable opposition in the person of former State Tax Commissioner G. Howard Sapeth.

One of the most interesting contests will come in the 9th District where former Rep. Coya Knutson has announced she will try to defeat the endorsed DFL candidate, State Sen. Roy Wiseth of Goodridge.

The only endorsed candidates who have filed thus far are all DFL candidates for Congress—Roy Wiseth in the 9th, Russell Schwandt in the 2nd, incumbent Rep. Fred Marshall in the 6th and George Shepard in the 1st.

Land O'Lakes to Start Processing Turkeys Tuesday

Earliest Start on Record; About 90 Persons Will Be Employed Thru Next Fall

Northwestern Minnesota's turkey harvest is scheduled to start tomorrow, Tuesday, when the local Land O'Lakes processing plant starts operating. This is the earliest starting date for this harvest, the opening date last year having been August 3, according to Andy Anderson, plant manager.

Opening of the plant will give employment to about 90 persons, Mr. Anderson states, and nine trucks will be required to haul the birds from an area ranging up to 100 miles. There was a substantial increase in the number of poults sold this year, the hatch being started earlier and lasting longer.

Last year's processing continued to Dec. 10.

Postal Receipts Here Hit $124,183

Postmaster R. J. Dryden announced this week that receipts at the Thief River Falls postoffice totaled $124,183.81 for the fiscal year ending June 30, compared to $122,182.86 for the preceding year. The gain of more than $2,000 is slightly less than in other recent years.

Sinding-Christensen Marriage Rites in Tyler

In a beautiful setting of palms, candelabra and garden flowers, Barbara Ann Sinding of Minneapolis and John Phillip Christensen of Owatonna, exchanged marriage vows at the Danebod Lutheran church in Tyler, Minnesota, Sunday afternoon, June 26 at 3:00 o'clock.

The bride is the daughter of Mr. and Mrs. Sigfred Sinding of this city and the groom is the son of Mr. and Mrs. John C. Christensen of Ruthton, Minnesota.

Rev. Enok Mortenson officiated at the double ring ceremony in the Danebod Lutheran church before an altar decorated with altar candles and white bouquets of peonies and mock orange blossoms. The chancel held palms, flanked by candelabra and large baskets of pink and white peonies. The guest pews were graced by large satin bows and miniature bouquets of garden flowers.

A program of organ music was played by Mrs. Roland Johansen of Tyler, who was also the soloist. Mrs. Johansen sang "I'll Walk With God" and "Whither Thou Goest" and was accompanied at the organ by Mrs. C. P. Johnson of Tyler. As the bride entered, escorted by her father, the "Bridal Chorus" was played with organ chime accompaniment.

The bride wore a white Japanese imported silk brocaded satin gown which featured a molded bodice, a bateau neckline which dipped to a dramatic "V" at the back, long fitted sleeves which tapered over the wrists and were buttoned to the elbow with tiny buttons. The floor length skirt featured unpressed pleats at the back which fanned into a wide chapel train and her finger-tip veil of silk illusion was edged with lace and fell from a pearl halo crown. She carried a shower bouquet of white tea roses and her only jewelery was a pearl necklace, a gift from the groom.

Miss Kathi Sinding, sister of the bride, was maid of honor. The bridesmaids were her friends, Judy Nyhus and Janet Paul of Minneapolis. The attendants wore identical gowns of lavender Japanese imported silk brocaded satin and designed with a bateau neckline, fitted bodice and short sleeves. The street length sheath skirt featured a full overskirt of self-material, the unpressed pleats making the bouffant overskirst and their accessories were pale lavender. They carried identical colonial bouquets of white mums with lavender ribbon accents.

Serving as best man was Dr. George M. Christensen of Rifle, Colo., brother of the groom, with Stanley Loftus and Charles Anderson of Ruthton as groomsmen. The gentlemen of the bridal party wore white dinner jackets, dark trousers and carnation boutonnieres. The ushers were Russell Sumption of Ruthton and Franklin Jorgensen of Tyler and they wore dark business suits and white carnation boutonnieres. The ushers also acted as candlelighters and spread the white aisle cloth.

For her daughter's wedding Mrs. Sigfred Sinding chose a brown dress and white accessories and her corsage was of yellow roses. The groom's mother, Mrs. John Christensen, wore an aqua green dress with white accessories and her corsage was of feathered white carnations. Mrs. Erick Johansen, Tyler, grandmother of the bride, wore a light green sheer dress with white accessories while Mrs. George Hauswedell, Arco, grandmother of the groom wore a light blue lace dress with matching accessories and their corsages were pink carnations.

Following the ceremony, a reception was held at Danebod college for 300 guests. Receptionists in the lounge were Mr. and Mrs. Erling Utoft of Tyler, where wine and Danish pastries were served by Sharon Jensen and and Sharon Shriver.

Miss Deanna Goos, Tyler, registered the guests and attending the gift tables were Misses Elsa Johansen, Myrna Larsen and Kathy Kelley.

The college dining hall was decorated with bouquets of peonies, roses and mums. Mr. and Mrs. Roland Johansen were dining room host and hostess. All the flowers used for decorations, both in the church and at the reception, were from the garden of Mrs. George Holm, Tyler, great aunt of the bride.

The bridal table was centered with the top from the wedding cake and featured a miniature bride and groom in a setting of white net and lilies of the valley. Lavender candles and bowls of floating roses graced either side.

The serving table was centered with a four-tiered wedding cake and a bouquet of yellow roses. The cake was cut and served by Mrs. Harold Johansen of Ivanhoe with Mrs. Cecil Paul and Mrs. Alfred Lund of Tyler, both aunts of the bride, seated at the coffee services.

Waitresses were Misses Joyce Sinding, Connie Jorgensen, Linda Johnson, Deanna Rutzen, Jean Kelley and Jean Jensen. Mrs. Marius Madsen was the caterer in charge of the serving.

The bride, a graduate of Tyler high school, attended Dr. assistants' college in Seattle, Wash. and has been recently employed in Minneapolis. The groom is a graduate of Ruthston high school and of South Dakota State college, Brookings, and is presently employed with United States Department of Agriculture.

For going away the bride chose a beige dress with brown accessories. After a tour through northern Minnesota, Mr. and Mrs. John Christensen will be at home in Owatonna, Minnesota.

Out of town guests were from St. Paul, Minneapolis, Slayton, Marshall, Pipestone, Ivanhoe, Colorado, West Virginia, California, Oregon and Washington. Clipping from Tyler Journal-Herald.

BRIDE AND GROOM Mr. and Mrs. John Christensen (nee Barbara Ann Sinding) exchanged wedding vows at the Danebod Lutheran church in Tyler, Sunday, June 26, with Rev. Enok Mortensen officiating. The couple are making their home in Owatonna.

Donna Cloutier and R. Johnson Wed July 2

St. Bernard's Catholic church was the scene of the marriage of Donna M. Cloutier and Robert W. Johnson, both of Minneapolis, Saturday, July 2, with Father Piet Arden officiating at the double ring nuptial mass.

The bride is the daughter of Mr. and Mrs. Francis Cloutier and the groom is the son of Mr. and Mrs. Willis Johnson, both of this city.

White baskets of pink gladioli and majestic daisies graced the altar as the organist, Rosemary Votava, played the nuptial music.

The bride, escorted to the altar by her faher, was attired in a ballerina length gown of Chantilly lace, featuring a bouffant three-tiered skirt with scalloped edge, three-quarter length sleeves and the neckline was scalloped with a pearl etching and she carried a cascade style bouquet of pink sweetheart roses, white majestic daisies and ivy foliage.

Attending as maid of honor was Angie Wiener of this city, with Betty Lou Magner of Minneapolis and Mrs. David Hanson of this city as bridesmaids. Kathleen Wiener was flower girl with Rory Anderson as ringbearer.

The maid of honor and bridesmaids wore dresses of pink coral nylon chiffon over taffeta bouffant skirts with a gathered waistline and featuring a sabrina neckline and flower appliques on the bodice. They carried bouquets of white daisies and ivy foliage.

Dennis Johnson of this city, brother of the groom, served as best man with Glenn Soderberg and Dale Bergland, both of Minneapolis serving as groomsmen and David Cloutier, brother of the bride, and David Hanson of this city as ushers.

The bride's mother chose a blue lace dress and hat with white accessories and the groom's mother wore a black and white dress and hat with white accessories for the wedding. Their corsages were of pink roses and white carnations.

Following the ceremony, a wedding dinner reception was held in the church parlors for approximately 100 guests and was prepared by the bride's mother and two aunts, Mrs. Carl Skjerping and Mrs. Dennis Langevin. Centering the serving table was a four-tiered wedding cake topped by a miniature bride and groom, which was cut and served by Mrs. Martin Belland of Oslo, aunt of the bride.

Serving as waitresses were Eileen Helgeland, Mrs. John Holm, Arlene Smith and Carolyn Wiener, with Dalys Kellberg at the guest book, and Pat Campbell, Cleo Hayes and Kay Frolland in charge of arranging the gifts.

The bride is a 1957 graduate of Lincoln high school and was a student of the Area Vocational school, and is presently employed as stenographer with Prudential Insurance Co. of America in Minneapolis. The groom is a 1955 graduate of Lincoln high school and a 1956 graduate of Dunwoody Institute in Minneapolis and is presently employed as draftsman with Parbury Engineering Co. in Edina.

For their trip to the Lake of Woods the bride chose a brown print dress with white accessories. The couple are now making their home at 618 Robinwood Lane, Hopkins, Minnesota.

Out of town guests were from Minneapolis, Fargo, Oslo, Morris and St. Cloud.

SPEAK VOWS Joan Bergeron and Ben J. Jokerst, Jr. were united in marriage Saturday, July 2, at St. Rose of Lima church in Argyle with Rev. Patrick Kelly officiating. They are now making their home at 7126 A. Tulane, University City, Mo.—Photo by Neal Fox Studio.

Joan Bergeron B. Jokerst Speak Vows In Argyle

Miss Joan Bergeron, daughter of Mr. and Mrs. John Bergeron of Argyle and Ben J. Jokerst, Jr., son of Mr. and Mrs. Ben J. Jokerst, Sr., of St. Genevieve, Mo., were united in holy matrimony Saturday, July 2, at St. Rose of Lima church in Argyle with Rev. Patrick Kelly officiating at the single ring ceremony.

Mrs. Lila Robertson played the nuptial music and accompanied the soloist, Miss Patricia Ryan, as she sang "Ave Maria," "Panis Angelicus," "Oh Lord I Am Not Worthy" and "On This Day O Beautiful Mother."

Given in marriage by her father, the bride was attired in a floor length gown of silk organza with an appliqued skirt accented by a large bow in the back and a chapel length train. The bodice featured a modified sweetheart neckline trimmed with sequins and seed pearls and her finger-tip veil was held in place by a Tiffany crown of seed pearls. She carried a cascade style bouquet of yellow roses and ivy and wore a pearl necklace, gift of the groom.

Miss Eleanor Palmer of Lake City was the maid of honor and wore a street length dress of variegated light and dark green chiffon with a shirred bodice and carried a bouquet of white daisies. Her pearl earrings were a gift of the bride.

Michael Fitzgerald, Jr., of St. Louis, Mo., was best man and ushers were Kenneth Bergeron, Francis Bergeron, David Jokerst and George Jokerst.

For her daughter's wedding, Mrs. Bergeron chose an azure blue chiffon dress with white accessories and the groom's mother wore a navy blue dress with white accessories. Their corsages were of pink roses and white carnations.

Following the ceremony, a dinner reception was held in the St. Rose Hall for 90 guests with Mrs. Edras St. Germain cutting and serving the wedding cake. Mmes. D. J. Stephens, Dan Bergeron, Georgianna Deschene, Lawrence Reopelle and Lloyd Bergeron poured with Mrs. Kenneth Bergeron and Mrs. Francis Bergeron in charge of the guest book and Mrs. Winton Knutson and Mrs. James Kuntz were at the gift table.

The bride is a 1951 graduate of Argyle high school and a 1954 graduate of Moorhead State college and has been employed as a teacher in St. Paul. The groom is employed as an accountant by Peal, Marwick, Mitchell and Company of St. Louis. The couple are making their home at 7126 A. Tulane, University City, Mo.

Out of town guests were from Long Beach, California; River Falls, Wis.; Grand Forks, N. Dak.; St. Louis, St. Genevieve, Mo.; St. Paul, Minneapolis, Lake City, Long Prairie, Oslo, Warren and Donaldson, Minn.

LouAnn Zutz and Willard L. Weiss Wed at R. L. Falls

Lou Ann Marie Zutz, daughter of Mr. and Mrs. Raymond Zutz of Red Lake Falls and Willard L. Weiss, son of the late Mr. and Mrs. Henry Weiss, Sr. of Red Lake Falls were united in marriage Saturday, June 18, at St. John's Lutheran church in Red Lake Falls with Rev. Herman Reese performing the double ring ceremony.

Baskets of white and yellow gladioli and candelabra decorated the altar as Mrs. Harold Busse of Crookston played the nuptial music and accompanied the soloist, Mrs. John Ulrich, as she sang "The Lord's Prayer" and "The Wedding Prayer".

Given in marriage by her father, the bride was attired in a gown of Chantilly lace and net trimmed with sequins. The fitted bodice was fashioned with long lace sleeves which came to a point over the hand and a scalloped neckline. Her finger-tip veil fell from a lace cap trimmed with pearls and sequins and she carried a bouquet of white carnations and red roses. Her pearl earrings were a gift of the groom.

Lorraine Hinricks of Brainerd was maid of honor and Connie Zutz, cousin of the bride, and Marlene Harbott, both of Red Lake Falls, were bridesmaids. They wore street length dresses of yellow and mint green nylon chiffon respectively. The maid of honor's bouquet was of green carnations while the bridesmaids' bouquets were yellow carnations and their matching hats and earrings were gifts of the bride.

The flower girl, Shelly Melin, wore a white dress identical to the bride which was made by her mother. She carried a bouquet identical to the brides and her head band and necklace and earring set was a gift of the bride.

Duane Zutz, brother of the bride, served as best man and Darrell Hinricks and Randy Duckworth were groomsmen. Ushers were Dale Zutz of Radium and Henry Weiland, cousins of the bride, and Rodney Zutz, brother of the bride, was ring bearer. All men of the bridal party wore dark suits and white carnation boutonnieres.

The bride's mother chose a light blue sheath dress with white accessories and her corsage was of red roses.

A reception was held in the church parlors following the ceremony for 250 friends and relatives. Cutting the three-tiered wedding cake was Mrs. Norman Berry, sister of the groom, and Mrs. Arlie Hams, godmother of the bride and cousin of the groom. Mrs. Leonard Duckworth, Jr., aunt of the bride and Mrs. Richard Weiss, poured. Miss Carol Lehrer was at the guest book while Mrs. Kenneth Eggebraaten, Mrs. Duane Brandner, Miss Jeanne Elsert and Della Hoff were at the gift table. Miss Marilyn Henke and Miss Janet Gaass were waitresses for the bridal table and Mrs. Reuben Lehrer and Mrs. Harvey Casavan were at the reception table. The waitresses wore white aprons, gifts of the bride, and others assisting at the reception wore corsages and those helping in the kitchen wore yellow aprons, also gifts of the bride.

For their wedding trip to the Badlands and Black Hills of South Dakota the bride chose a brown suit and white accessories and the corsage from her bridal bouquet.

Mr. and Mrs. Don Narverud and family, Mrs. Kenneth Lindberg and family, Halvor Rhodegard and Miss Eileen Rhodegaard spent the weekend visiting at the home of Mr. and Mrs. Harold Saastad of Long Lake and at the Hauswirth cottage near Alexandria.

FU Plans District Meet in Crookston

To Discuss Farm Census at Meeting July 28th

A series of five area conferences reporting on the farm economic trends revealed by the recently issued federal agricultural census, has been announced for the last week of July by Minnesota Farmers Union. One will be held in the Presbyterian church in Crookston Thursday, July 28, at 8:15 p.m.

The meetings, sponsored by the state Farmers Union organization in co-operation with the county organizations in each area, will indicate the conditions revealed by the county-by-county census reports. Also discussed will be the changes in farm legislation which will be need in 1961 to bring about an improvement in the farm situation.

Speaking at the conferences will be Edwin Christianson, president of the Minnesota Farmers Union, and Dr. John M. Eklund, who heads the research and education program for National Farmers Union.

From where I sit ... by Joe Marsh
On the Right "Track"
Jeb Fisher, the local stationmaster, tells a story that happened last winter during one of our worst blizzards.
Seems there was a Center City salesman down at the depot waiting for the scheduled 8:02 train. Storm raging the way it was, small town, why, the poor chap pictured himself stranded for days. Suddenly a train emerged from the storm and creaked to a stop. It was the 8:02, right on time!
The happy salesman shook Jeb's hand and said: "Weather like this and your 8:02 is right on time!" "Hate to disillusion you, son," said Jeb, "but this is yesterday's 8:02."
From where I sit . . . things aren't always what they first appear to be. For example, there's the fellow whose first impression is that only iced tea is real refreshment, but not beer, which I prefer. Sure he's entitled to his opinion, but he's got to respect mine too. That's tolerance and that's something we've got to "train" ourselves to have more of.

The Library Corner

by Eleanor Olson

Vacation time may hang heavy on the hands of children when summer reaches its peak and starts to glide away, but grownups never seem to find enough hours in the day to do all the out-of-doors projects they've dreamed up through the long winter. Summer time is family time when activities for individuals are pushed into the background. Countless committee meetings, PTA and bridge clubs, are all abandoned temporarily in favor of swimming, picnics and fishing with a rod for every member of the family.

It seems that in our modern society summer binds the family ties that our individual activities try to break down all winter. Summer's flexible schedule with no school buses to be caught, no homework to be done leave time for weekend trips and vacations planned by the whole family.

The "Know Minnesota" display at the Library has lots of book suggestions to make every person in the family an active contributing members on your vacation committee. Dad will enjoy "Minnesota Fish and Fishing," by Bergh and Dennison, or "Fly Casting" by Robinson. Mother will study the guide to Minnesota's Arrowhead Country and the Canadian Lakehead with an eye to picking a new exciting site for this year's trip. Or she may read "North Star State" by Meridel Le Seur with equal pleasure. "The Voyageurs' Highway" by Nute is filled with fascinating tidbits about the lake country frost visited so long ago by the French fur traders.

Our family's dream of owning a canoe someday, led me to bring home "Canoe Camping," by Carle Handel. A delightfully informative volume listing necessary equipment and possible menus for an extended trip into wilderness areas. It even contains a rather frightening chapter full of pointers for finding your way out if you become lost in the wilderness. (Quite opposed to the RCMP of Canada's instructive, "Stay put till WE find YOU!) Any boy or girl would get a summerful of dreams out of this book. There's lots of worthwhile information in it if you are just going through the woods, even if you don't intend to get lost.

Of course, no reading on Minnesota would be complete without Florence Jacques' two books "Canoe Country" and "The Geese Fly High," both so beautifully illustrated with black and white line drawings. "Canoe Country" pictures the wild area of Gun Flint Trail in Quetico National Reserve in St. Louis County. "The Geese Fly High" was written as the Jacques followed migrating water fowl to their winter homes in the South and back again.

The display gives you some idea what brings so many people from neighboring states to Minnesota and makes our lakes and woods seem a very rich gift never to be taken for granted. All the books shown are for circulation.

The first annual flower show and silver tea sponsored by the Friends of the Library is just three weeks away. Make plans to have your entries in place in the rural school room in the basement of the Library by 11 on the morning of August 6. The tea and judging will take place Saturday afternoon from 1-5.

Two Traffic Mishaps in Rural Pennington Reported by Sheriff

A collision between a pick-up truck and a bicycle on SAR 22 about a mile and a half north of Mavie at 1:30 p.m. Thursday resulted in property damage to both vehicles but no serious injuries to the four persons involved, according to the sheriff's office.

According to Deputy Sheriff Eugene Prestegaard, the pick-up was being driven south by Clarence Peters, rt. 3, Goodridge, who had a small load of oats and two passengers in the truck.

Sandra Sanders, 12, daughter of Mrs. Ethel Sanders, rt. 3, Goodridge, was also riding her bike south and apparently decided to cross the road because of the dust, not realizing how close the truck was behind her, Prestegaard said.

Peters swerved to miss the bike rider, lost control of the truck and it rolled over in the ditch on the east side of the road. In doing so it had hit the bike, which went into the ditch with the girl on right (west) side of the road.

Sandra was held overnight in Northwestern Hospital for observation but had no apparently serious injuries. Peters and his passengers also were examined but found to have nothing more serious than cuts and bruises.

The 1956 truck driven by Peters sustained considerable damage and his load of oats was strewn about the crash scene.

Another mishap occurred about 4:30 a.m. Sunday on SAR 20 three miles east and two and one-half miles north of the city, when a car diven north of Edward Van de Streek left the road, traveled some distance in the ditch and struck an approach, Sheriff Charles Richards said today.

Van de Streek and his daughter, Lana, 3, were discharged from Northwestern Hospital. Still hospitalized are the baby, Sheryl, with a broken leg; Mrs. Van de Streek, with chest injuries, extent not as yet determined, and Allan, 4, with a head cut.

Estimated damage to the Van de Streek car was $800, Richards said. Van de Streek, who said he dozed at the wheel, was charged with careless driving.

Final Rites For Barney Peterson Held Wednesday

Funeral services for Barney Peterson of Middle River were held Wednesday, July 13, at 2 p.m. at the Seventh-day Adventist church in Middle River with Pastor J. H. Turner, Elder Vernon Emerson and Elder Merlin Pierson officiating. Interment was made in the First Lutheran cemetery and funeral arrangements were made by the Collins funeral home in Middle River.

Mr. Peterson passed away at Northwestern hospital Saturday, July 9, at the age of 97 years. He was Middle River's oldest resident.

Mr. Peterson was born October 8, 1862 in Norway and at the age of 13 came to Marquette, Michigan, where his mother resided. Mr. Peterson worked in the iron mines in Michigan, for the Great Northern Railway in Minot, North Dakota, and Helena, Montana, and later joined his parents in Marshall county where he was engaged in farming. On June 24, 1893 he was united in marriage to Miss Anna Mattson at Warren. From 1900 to 1907 they operated a farm in Moose River township, Marshall county. 1907 to 1919 he operated a blacksmith shop in Gatzke, and he then returned to farming in Moose River township until 1924. Since then Mr. Peterson has made his home in Middle River. He was an active member of the Seventh-day Adventist church and helped to build two churches in Middle River.

Surviving him are eight sons, Walter, of Holt, Arthur and Albert of Gatzke, Henry of Washington, D. C., Benard of Sheyenne, North Dakota, Odin of this city, Ernest and Eddie, both of St. Paul; two daughters, Mrs. *Alma Sorenson of Minneapolis* and (Viola) Mrs. Vernon Emmerson of Hibbing; 27 grandchildren and 33 great-grandchildren. He was preceded in death by his wife, one daughter and two brothers.

August L. Arlt Succumbs; Rites to Be Wednesday

Funeral services for August Arlt of Plummer will be held Wednesday, July 20, at 2 p.m. at the Redeemer Lutheran church in Plummer with Rev. A. C. Seltz officiating and interment will be in the Oak Grove cemetery in Red Lake Falls. Arrangements are being made by the Petterson funeral home.

August Louis Arlt, 70, a long time resident of Gervais township, passed away Friday evening, July 15, at Northwestern hospital in this city.

August Arlt was born August 20, 1889 at Plato, Minnesota, and when a young man he came to the Plummer community. He was married to the former Mattie Gustafson of Plummer.

Surviving him are four sons, Ervin of Newton, Iowa, Arthur of Morgan, Minnesota, Arnold and Lloyd of Plummer; three daughters, (Evelyn) Mrs. William Ulrich of Buhl, (Alice) Mrs. Henry Konickson of St. Hilaire, and (Eleanor) Mrs. Norman Aanneson of Halstad; five sisters, (Ada) Mrs. Carl Carlson of Red Lake Falls, Mrs. Lydia Kreeklau of Minneapolis, (Emma) Mrs. Nell White, Mrs. Minnie Rutska, and Mrs. Nora Tillman, all of Glencoe, Minnesota, and Mrs. Minie Tipke of Spokane, Washington; 21 grandchildren and five great-grandchildren. He was preceded in death by his wife, two brothers and one sister.

Purina Livestosck Feed Tour Tuesday

Tour to Commence at 1 p.m. on Alex Wald Farm

Livestock feeders and hog raisers and dairymen are invited to join a tour showing actual feeding operation in a getting-the-most-from-what-you-have program sponsored by the Northland Produce of this city, local Purina dealer.

The tour will start on the Alex Wald farm ten and one-half miles southeast on T.H. 59 tomorrow afternoon, Tuesday, July 19, at one o'clock.

The purpose of the tour is to demonstrate a feed program using farm produced grain and roughage and showing how such operations can be put into operation on farms that now have idle buildings with very little investment in equipment.

There will be talks on present trends in these operations, actual feeding costs, labor costs and the utilization of buildings, followed by a question and answer period.

Two State Youths Go to Boys Nation in Washington

David Dennison, Caledonia, and Timothy Gamelin, Robbinsdale will be Minnesota's two representatives at American Legion Boys Nation July 22-29, in Washington, D. C., with headquarters at the University of Maryland, College Park, Maryland.

A total of 98 boys, two selected from each of 49 Legion Boys State programs throughout the country, will constitute the body of the mythical federal representative group.

Tim Gamelin was elected Governor of Minnesota Legion Boys State during the state meeting June 12 to 18 on the St. Paul campus of the University. Dave Dennison was named by the counselors as the "outstanding boy" at the same session. By virtue of their election and selection, they became automatic delegates to Boys Nation.

Twenty-six per cent of the victims of Minnesota traffic accidents in 1959 were below 20 years of age, and 18 per cent were 65 or older. Twenty-two per cent of the pedestrian deaths were 14 years or younger.

A PIRATE CREW were S & L employees during Crazy Days last week. Shown chortling over the zany costumes everyone wore Friday are *John Elsbrenner, Chester Kukuk and Mrs. Alma Malvig. Kern Olson* and Roberta Peterson were S & L Co.'s third prize winners but are not shown in the picture.

GAY NINETIES bathing suits and a Tyrolean outfit—ersatz of course, identified the boss and employees at the Jewel Box during Crazy Days last Friday and Saturday. From left to right they are Mrs. Phil Hess, Phil, and Laureen Benke.

Mack's CANDID COMMENT

BY V. M. DRAPER

When one is accustomed to having children around the house a prolonged period of "batching" causes considerable loneliness so the other evening after work I jumped into the local flying club ship and was off to see the family in Lakota, N. D.

Weather promised to be ideal all the way but even before Warren appeared off the right wing we were flying between rain squalls. Fortunately, there was plenty of space to avoid the showers and an hour or so later the Stinson was squatting on the Lakota runway.

After a pleasant evening together with the wife, kids and friends in Michigan, N. D. (I flew the plane there for overnight tie-down) it seemed the few hours of sleep were all too short before having to bounce out of bed at 5:30 a.m. (4:30 a.m. CST!) for a 6 a.m. takeoff.

It seems that one just cannot plan an accurate takeoff time. I finally lifted the wheels off the wet grass at 6:10 a.m. and was on my way, flying a 60-degree heading which would take me well clear of the Grand Forks AFB climb corridor's lower altitude limits.

Even before crossing the Red river a few wisps of ground fog had floated under the wings and it literally ringed the horizon.

Southwest of Warren more little white puffballs of fog again appeared underneath and before long I was having only an occasional glimpse of the ground.

Eventually the ground was completely obscured. Still there was no undue concern—the only problem was that I hadn't refueled since leaving Thief River Falls the previous evening and in the event the fog covered our airport I might overfly it too far to make it back to Warren or Grand Forks on the supply left in the tanks.

Happily for me the fog lay in a narrow band about 15 miles wide and by maintaining a constant heading I managed to hit the airport dead center. The disgusting part of getting above the overcast was that neither of the two radios that were supposed to be in working order when we bought the plane a few weeks ago was functioning. Our VHF radio was in Minneapolis for repairs and the EDF (low frequency electronic direction finder) which homes on standard broadcast stations just wouldn't raise KTRF.

Had our VRF receiver been in the plane and functioning I would have been able to ask for sky conditions here even before getting over the fog, thus reducing the risk to almost nothing, as I could have picked an alternate airport and landed without stretching my fuel supply, had our field been fogged in.

The moral of this story, if there is one, is that a good radio is a must for flying nowadays. It helps a pilot stay out of trouble and can help him out of trouble if he insists on blundering into awkward situations, as some pilots do on occasion.

Aircraft navigational radio facilities are a great advancement in safety. We can count ourselves fortunate indeed that the state chose to install a VOR station here for the benefit of all phases of aviation.

GULLY . . .

He is survived by three sons, Marvin of Thief River Falls, and Arlie and Gust at home; two daughters, Mrs. Darrell Nielson of Bemidji and Mrs. Clarence Howard of Goodridge.

Mr. and Mrs. Winton Knudson and family of Silver Bay are spending a few days visiting relatives in the vicinity.

Funeral Rites Held July 5 for Mrs. Millard Johnston

Funerals services were held on Tuesday, July 5, at the Huber funeral home in Excelsior for Mrs. Millard Johnston (Mabel Amelia Sollen). She was born at Buxton, N. D., Dec. 20, 1895 of parents, Mr. and Mrs. Christ Sollen. In 1900 the family moved to a farm north of Gully. In 1927 she was united in marriage to Millard Johnson. They made their home in Excelsior where she lived until her death.

Mrs. Johnston passed away on Sunday, July 3, at the age of 64 years. She is survived by her husband; three daughters, three sister, two brothers and eight grandchildren. Attending the funeral from this vicinity were Mr. and Mrs. Louis Torgerson, Orin Torgerson and Otto Sollen of Fosston, Mr. and Mrs. Alex Erickson, Mr. and Mrs. Claude nutson and Mr. and Mrs. Henry Sollen and Virgil Knudson.

The 28,918 persons killed or injured in Minnesota traffic accidents last year is a greater number that the population of all but 20 of the 87 counties in the state. Only four cities have a greater population.

Soo Line Reports on Area Crop Conditions

Alexandria to Thief River Falls

Wheat, oats and barley are filling at a rapid rate aided by moderate weather and ample rainfall. Flax and soy beans are also making good progress. Corn is now making better progress, but growth is still retarded. Forage crops are excellent with abundant vegetation. Farmers are preparing for the second cutting of alfalfa and prospects are bright.

Newfolden to Orleans

Showers produced from ½ to 2 inches of rainfall over this area the past week to maintain good moisture conditions. Haying is nearly completed with above average yields of good quality hay realized. About 40 per cent of the grain is heading, with no reports of rust or other infestations. Stands are very heavy. Present prospects are for a slightly better than average potato crop.

Viking to Rolette, N. D.

Little rain was received the past week. Moisture conditions range from good in the eastern part to poor in the western half of this subdivision. Stands and color of grains continue to look good, with little insect infestation, indicating that spraying operations have been carried out successfully. Wheat, oats and barley are heading and filling. Potatoes and sugar beets are making very good progress, with most potato fields in bloom. Prospects are good. However, rain will be needed soon in the western areas to bring the heavy grain crop through.

Overly to Norma, N. D.

The weather has been hot, and rainfall scattered the past week. Most stations report adequate moisture for the present. However, in some areas where no rain was received recently additional moisture is urgently needed. Most grains continue to make good progress and are nearly all headed. Rye crop is ripening fast and looks very good. Some minor damage to late flax by grasshoppers is reported. With additional rainfall to replenish the moisture supply, a bumper crop could still be realized.

Dahlen to Orrin, N. D.

Good rains were received in the territory Southam to Harlow. However, in most areas dry, hot weather has rapidly depleted the top and subsoil moisture supply and additional moisture is needed to accommodate the heavy stands of grain which are heading. Flax is now in bloom. Haying operations are still in progress with good yields.

General

Rainfall has been scattered the past week. While no damage to crops has been reported because of drought, topsoil moisture is scant in some areas of the 4th, 5th and the western half of the 3rd subdivision, moisture ranges from adequate to plentiful elsewhere. The first cutting of alfalfa is nearly completed with farmers on the 1st Subdivision preparing for the second cutting. Hay yields are good. Heavy stands of wheat, oats and barley have reached the heading stage. Flax and potatoes are blooming; and some fields of rye are ripening. Corn is making good progress but is still a bit behind schedule. Farmers continue to feel that prospects are excellent for a bumper crop of wheat, oats and barley if additional rain is received in the areas where moisture supply is short.

Crookston Man Is Injured in Plane Mishap Thursday

L. T. Rowland, of Crookston received injuries to his right arm when he was involved in a plane crash near Donaldson Thursday.

Rowland and the pilot, Bob Kinser of Ogden, Utah, were going to land on a cleared strip of land when Kinser saw he was traveling too fast and tried to take the plane, a four-passenger aircraft, back up in the air.

As the plane nosed up, the wheels struck a parked truck and were knocked off.

The plane then crash-landed *in the truck parking area.* Rowland and Kinser were on their way to work at Donaldson, where they are employed by Dunn Pipeline Co.

Stubble Mulching Application Due at Marshall ASC

Edward A. Johnson, chairman of the Marsall county ASC office, stated today that July 25 is the opening date for accepting signups for stubble mulching and the winter cover crop. Anyone interested in carrying out these practices, should go to the ASC office in Warren and sign up for them anytime after the 25th of July. The practice must be signed up for before it has been started, or the county committee will not be able to approve it, Johnson said.

16 'U' Archeology Students Examine Sites in This Area

Group Stationed at N.W. School, Crookston, Studying Agassiz Sites

Sixteen students of archaeology from the University of Minnesota, Minneapolis, and their professor, Elden Johnson, will headquarter at the Northwest School, Crookston, from July 18 to August 20.

These are graduate and undergraduate students from the department of anthropology at the University who are studying some of the habitation sites associated with a late stage of old Glacial Lake Agassiz.

According to Professor Johnson, the habitation sites to be excavated will be the pre-pottery Archiac horizon sites. An early burial site or two may be excavated. These sites will be in the Crookston-Fertile-Red Lake Falls area.

The students will live in the dormitory at the Northwest School, take their meals in restaurants, and will commute back and forth to the excavation sites with the Northwest School bus.

The location of the specific sites will be announced as soon as the group gets to work. Visitors will be welcome once the work gets under way.

Uninspired Thieves Lose to Gonvick 5-4

Fielding a make-shift lineup and playing uninspired baseball, the Thieves dropped a 5 to 4 decision to the Gonvick club in a Northern Minny league game played at Gonvick Sunday afternoon.

The Thieves will meet the Warroad Muskies in an exhibition game on the Fair Grounds diamond here on Tuesday night, with game time slated for 8:15 P.M. On next Sunday afternoon, with game time slated for 2:30 P.M., the Cass Lake Lakers will invade the Fair Grounds diamond for a Northern Minny league encounter.

In Sunday afternoon's game at Gonvick, the Thieves were without the services of manager John Drury, catcher Dennis Bakke, and outfielder Swede Lund. Harlie Drees donned the catching equipment, and the sturdy St. Hilaire athlete turned in a fine game of receiving.

Gonvick, on an error, a stolen base and a double by Kurt Mueller, picked up a run in the first inning. That lead was short-lived as the Thieves, in the second inning, tallied when Duane Hodson doubled to left field, moved to third on a wild pitch, and scored on Glenn Carlson's line single to center field.

Gonvick moved into a two-run lead in the fourth inning when, with two men out, Mueller gained a "life" on an error, Neal Hendrickson looped a double into right field, Ken Melby and Lee Pletschett followed with singles.

In the seventh inning, Gonvick added another run on a single by Hendrickson, a sacrafice by Melby, and a throwing error.

Trailing by a 4 to 1 score, the Thieves rallied for two runs in the eighth inning. Hodson beat out a hit to third base, and Carlson poled a triple into right field. With two men out, Don Armstrong lofted a hit over third base, scoring Carlson.

In the last half of the eighth inning, Gonvick picked up an "insurance" run, and it proved to be the game-winning tally, when, with one out, Hendrickson singled past third base. Melby drew a walk. Pletschett singled into short right field, and when the ball was fielded slowly, Hendrickson sped around third base and came in with a run. Smith struck out, and Larry Eck grounded out, short to first.

The Thieves made a flurry in the top of the ninth by scoring a run. Arlan Hjelle grounded out to first base; Bob Hallameck beat out an infield single to second base, with Paul Brusberg making a fine stop of the ball but not being able to recover in time to make the play at first base. Hallameck stole second, and cafe around to third base when the catcher's throw was high and into center field. On Rod Collins' infield out, second to first, Hallameck scored. Hodson grounded out, third to first, to close out the game.

Subdistrict Legion Tourney Opens July 20

Coach Ralph Skay's local Legion junior baseball team will conclude its 1960 schedule tonight, Monday, when, on the Ada diamond, they meet coach Ken Weber's Ada juniors.

On Wednesday night, July 20, at 8:30 P.M. on the Fair Grounds diamond, coach Skay's club will meet the Hallock juniors in a first round game of the sub-district American Legion juniors baseball tournament. Other first round games in the tourney will find top-ranked East Grand Forks playing Argyle at 1:00 P.M.; Lake Bronson playing Warren at 3:00 P.M.; and Crookston meeting Roseau or Newfolden at 6:30 P.M. The tournament semi-finals will be played on Thursday evening at 6:30 P.M. and 8:30 P.M. And the sub-district finals will be played at 8:30 P.M. on Friday.

It was a win and a loss for the juniors in the pair of games played this week, losing to Crookston, 9-1, on Wednesday evening, and edging out Twin Valley, 2-1, on Thursday night.

In the Crookston tilt, played at Crookston, the locals were limited to four hits by the right-handed slants of Ron Brown. Coach Jerry Lindell's Crookston club, getting ten hits off Jack Goulet, broke up a 3 to 1 game by scoring a pair of runs in the fifth inning and adding four runs in the sixth innings.

Playing here on Thursday night, the locals, with Gary Anderson surviving some early-inning wildness, defeated the Twin Valley juniors, 2-1, rallying in the sixth inning for the game-winning runs.

Twin Valley, on three walks and a wild pitch, tallied a run in the third inning, and the Tigers, coached by Mickey Holen, held that 1 to 0 lead until the sixth inning. In the sixth, Paul Klungness was issued a walk by righthander Dave Natwick. Eddie Lietzow banged a ground single to centerfield, moving Klungness around to third base. Lietzow stole second base. Mike McEnelly was out, second to first, with Klungness scoring on the play. John Aune lofted a single down the left-field foul line, scoring Lietzow with the game-winning tally. Righthander Phil Peterick was called in for relief duty, and he succeeded in halting the rally.

The Sub-district Tournament

Fans who enjoy baseball at its hustlingest should set aside a couple of hours on Wednesday, Thursday, and Friday and take in some sessions of the American Legion's sub-district baseball tournament that will be played on the Fair Grounds diamond.

The eight-team field will begin play at 1:00 P.M. on Wednesday, and will continue thru Friday night, with the finals being slated for 8:30 P.M. on Friday. Four games are billed for Wednesday's first round of play, and two games are slated for the semi-finals on Thursday evening.

Coach Roger Aachen's East Grand Forks juniors, the sub-district conference leaders, are rated as the tournament's number one team, with coach Ralph Skay's Thief River Falls juniors listed as number two. East Grand Forks will meet Argyle in a first round game at 1:00 P.M. on Wednesday; while the local club will square off against Hallock at 8:30 p.m. on Wednesday.

While East Grand Forks and Thief River Falls are rated as number one and number one, the Crookston club, coached by Jerry Lindell, and with an able pitching staff in righthanders Jim Turner and Ron Brown, is a distinct title contender. And the veteran Warren club is capable of putting together a winning effort and upset one of the favorites.

The local juniors, fully capable of winning the sub-district, has been plagued by a lack of consistency in their batting, their fielding and their pitching. On occasions the locals have played a remarkable brand of ball, for example their 2 to 1 win over a strong Twin Valley club on Thursday night. And then again they have experienced such games as their 9 to 1 loss to Crookston on Wednesday evening. But that's kid baseball.

The Drayton Juniors

It will be a sad and gloomy day for Drayton, N. Dak. baseball, in the junior and high school category especially, when the Halcrows and Brosseaus quit producing ball players.

We were in the grandstand in Grand Forks' Municipal park on Wednesday evening and witnessed the Drayton juniors vs. Grand Forks juniors in a preliminary game to the Winnipeg Goldeyes vs. Grand Forks Chiefs Northern League game. In that junior game, the Drayton club, behind the steady four hit pitching of Frank Brosseau, defeated coach Marv Skaar's Grand Forks juniors, 8 to 0.

But if it hadn't been for the combined efforts of the Halcrow-Brosseau clan, we doubt if there would have been much of a game. Here's the batting roster of the Drayton club: Jim Knoff, ss; Dixon Halcrow, cf; Frank Brosseau, p; Mike Halcrow, c; Jim Brosseau, lf; Mac Halcrow, rf; Jim VanCamp, 1b; Dick Halcrow, 3b; and Pete Halcrow, 2b. That adds up to five Halcrows, brothers and cousins, and two Brosseaus, brothers.

Mike and Dixon Halcrow, and Frank and Jim Brosseau are veterans of that Drayton club that won the regional title a couple of years ago, and which featured the pitching of southpaw Tom Knoff and righthander Doug Halcrow. Tom later signed a contract with the New York Yankees organization, and we learned that he, Tom, is now playing with Auburn in the New York state league. Knoff is rated as having plenty of "stuff" to be a successful pitcher, but he has been erratic. Doug Halcrow is playing ball with the Mayville Red Caps, and on Saturday night he pitched the Red Caps to a 15 to 3 win over the Bums in an exhibition game played at Mayville.

The "Rubber" Game

Manager Del Hedlund will bring his Warroad Muskies down here on Tuesday night for a game against the Thieves. The series between the two clubs is even-stephen, with each team winning a game. A couple of weeks ago, in a game played here, Warroad scored a 4-3 win; and on Wednesday night, in a game played at Warroad, the Thieves marked up a 3-2 win.

In Wednesday night's game, righthander Arlan Hjelle limited the Warroad club to three hits, and collected sixteen strikeouts. Warroad's Bob Evenson, who defeated Hjelle in the 4-3 win here, was the loser on Wednesday, and his righthanded stuff was tagged for seven hits.

The game on Tuesday night is billed to start at 8:15 P.M. And if the Thieves can get their regular lineup back on the field, the fans should witness a first-rate ball game.

Ekeren Pharmacy vs. Starekow Clinic

The Times trapshooting squad moved into first place in the league standings on Thursday evening by scoring a 123 to 112 win over the Oen's Appliance team while Gene Gaer's Ben Franklin team was dropping a three-bird decision, 122 to 119, to the Coast-to-Coast club. The defeat dropped the Franklins into a two-way tie for second place with the Wilson Bros.

The Times had three "25's" as they carded their eleven-bird margin over the Oen's with Clarence Mattson having a 24-3, Bob Mattson a 24-3, and Leif Erickson a 20-7. "Pipeline" Foley, with a 23-3, had the lone "25" for the losers.

The Wilson Bros. team, in moving up into contention by defeating the Ekeren Pharmacy, 120 to 119, had three "25's": Sandy Wilson and Si Schantzen had straight twenty-fives, while Orv Feragen had a 17-8. The Ekeren Pharmacy posted a pair of "25's" in Wayne Schantzen's 24-3 and Ray Johnson's 23-8.

In the Coast-to-Coast victory over Ben Franklin, Don Olson's defending champions had a pair of "25's" in Olson's 21-6 and Fred Mittelstadt's 20-8; and three 24's, with Walt Fisher having a 22-2, George Hale a 17-7, and Arnie Johnson a 16-8. The Franklins carded three "25's" with Gaer having a 19-8, Bill Ranta a 20-5, and Bill Pederson a 21-6. Dr. Jim Disse had a 21-2, and Bob Baker a 16-5.

The Northern Chevrolet, sparked by a pair of "25's" in Howie Brandt's 19-7 and Pat Fischer's 22-4, defeated the Starekow Clinic, 117 to 115. Wally Vagle, with a 20-7, and Dan Rawerts, with a 19-8, had "25's" for the Clinic.

Larry Perkins Wins Shortstop Tourney

Sixty-four golfers participated in the shortstop golf tournament played over the local course on Sunday. Larry (Shorty) Perkins of the host club, shooting one-under-par golf, won the championship flight honors by scoring a two-and-one win over Glenn Fleisch of Bemidji in the finals.

In the eight-man championship flight play, Perkins defeated Grand Forks' Martin (Duke) Evenson, 1-up, in a first round match, and then eliminated Keith Spindler, 2-1, in the simi-finals to reach the finals against Fleisch. Fleisch, playing in the lower bracket, scored a 4-2 win over Grand Forks' Cliff Yagla in the semi-finals.

In the consolation finals of the championship flight, Paul Reiersgaard of Crookston, who was the medalist in the morning round qualifying play, was the winner, defeating Evenson, 2-1.

With sixteen players having signified their intention of playing in the championship flight, it was necessary to play a nine-hole qualifying round, and the following scores were posted, with the eight low scorers gaining the championship flight: Paul Reiersgaard, 33; Larry Perkins, 36; Cliff Yagla, 36; Duke Evenson, 36; Reid Stromberg, 37; Keith Spindler, 37; Glenn Fleisch, 37; Paul Dorwart, 37; John Matchefts, 38; Don Ross, 39; Skip Peterson, 40; H. F. (Red) Peterson, 40; Bob Harris, 40; John Moum, 41; Jon Larson, 43; and Ken Hirsch, 43. In scoring his low medal, Reiersgaard, a member of the Crookston club, had three birdies and six pars, shooting the following score: 444 343 425 — 33.

The championship flight finals card:

Colonial Brewers Hard to Find

One of the major deterrents to more rapid growth of brewing in colonial America was the extreme shortage of skilled brewers. Records show that both Patrick Henry and Thomas Jefferson had, at various times, arranged for the employment of European brewmasters in the colonies. In fact, one of the earliest help-wanted ads on record called for the services of brewers in Virginia. Probably the biggest boon to the American Brewing Industry was the unsuccessful 1848 German Revolution which sent hundreds of exiled German brewmasters to American shores.

Beer and Breakfasts

Bread and beer was a favorite breakfast with the stalwart Vikings of old. An Americanized version of that ancient dish is as follows:
4 slices white bread
1 cup BEER
2 tbsp. sugar
2 egg yolks
½ cup warm milk
3 tbsp. butter
Trim bread and cut in half. Soak 5 minutes in mixture of beer and sugar. Beat eggs and milk together and dip bread in mixture. Melt butter in skillet and fry bread till browned on both sides. Serves 2-4.

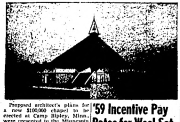
New Chapel Proposed for Camp Ripley, Minn.



Proposed architect's plans for a new $100,000 chapel to be erected at Camp Ripley, Minn., were presented to the Minnesota National Guard Association at a special meeting of the group during the recent annual field training exercise.

The association pledged its support to a program designed to procure funds for the construction of a chapel to be dedicated as a memorial to deceased Minnesota Guardsmen.

Initial plans for the program were put into the hands of a committee of Chaplains headed by Chaplain Sigvard M. Tweeten, Minneapolis.

Main source of funds for construction will be voluntary contributions from individuals and Guard units in Minnesota, Guard units in other states, who use Camp Ripley for field training, business firms and foundations in Minnesota, and monies collected at all religious services of the Minnesota National Guard. In addition, some funds are expected to be appropriated by the federal government, and furnishings by the Chief of Chaplains Fund.

The new chapel will fill a long recognized need at Minnesota's National Guard Camp. Heretofore, services have been held in the Camp Armory, the theatre, and in the open air. Chaplains have been hampered in their work for lack of suitable office space and facilities for conferences and counselling.

19 Deaths in Farm Mishaps in State

Farm Safety Week to Be Observed July 24 to 30

Farm work accidents in Minnesota are on the rise this year after steadily declining during the past decade.

With that sobering thought, Glenn Prickett reminds Gopher state citizens of National Farm Safety Week, July 24-30. Prickett is extension farm safety specialist at the University of Minnesota.

From January through May, there were 19 deaths from farm work accidents in the state. That is compared to 15 in the same period of both 1959 and 1958.

There's a bright spot, though, Prickett adds. Farm home accidents declined sharply in early 1960, after increasing steadily during the past five years.

Here's what the trend has been like: Farm work accidents caused 73 deaths in 1960, 57 in 1955 and 48 in 1958. Farm home fatalities totaled 107 in 1950, 81 in 1955 and 111 in 1958.

How do these deaths occur? During May, 1960—just 31 days—18 Minnesota farm residents died in accidents relating to the farm and home. Eight of the fatalities involved farm tractors. Truck accidents killed two more. Two deaths resulted from livestock—a bull and a number of hogs. A farm fall and a home fall accounted for two more deaths. One farmer was killed by lightning. Two children died from strangulation and suffocation. And a young man died through improper gasoline handling.

With haying still in progress and other harvesting coming up, Prickett says extra precautions are a must. The mower, baler, field chopper, silage wagon, power shaft and pitchfork are all potential killers. So always keep shields in place over moving parts. Stop machines to grease or adjust them.

Theme of Farm Safety Week is "Enjoy Farm Life—Practice Safety". It's a good one to follow.

'59 Incentive Pay Rates for Wool Set

Marshall County ASC Announces Payments

Growers will receive wool incentive payments of $43.20 for every $100 they received from the sale of shorn wool during the 1959 marketing year, according to A. E. Strandquist, office manager of the Marshall county Agricultural Stabilization and Conservation Committee.

The rate of 43.2 per cent, just announced by the department of agriculture, represents the amount needed to bring average wool prices up to the previously announced incentive level of 62 cents per pound under the Nation Wool Act.

The payment rate on sale of lambs that have never been shorn to compensate for the wool on them will be 75 cents per hundredweight of live animals sold. This payment is designed to discourage unusual shearing of lambs before marketing.

The office manager said that county ASC offices will begin making payments soon after July 1. Applications for the payments had to be filed by April 30, and covered marketings from April 1, 1959, through March 31, 1960.

To determine the wool incentive payment for an individual producer, Strandquist explained the rate of 43.2 per cent is applied to the dollar return the producer received for wool after paying marketing charges. This method of payment is designed to encourage producers to do a good job of marketing their wool, for the producer who gets the best possible price for his wool also gets a higher incentive payment.

As approved by producers in a referendum last September, deductions of 1 per cent per pound from shorn wool payments and 5 cents per 100 pounds of liveweight from lamb payments will continue to be made for advertising, promotion, and related market development activities on wool and lamb.

Tips on Removal of Mildew Stains

Don't Delay in Treating Stains, Says Authority

If you discover mildew stains on clothing or household articles during hot, muggy weather, treat them immediately. Otherwise, you'll be giving the mold growth a chance to weaken or rot the material.

Extension clothing specialists at the University of Minnesota say the first step is to brush off as much mildew as possible outdoors to avoid scattering the spores in the house. Next, launder washable fabrics and sun-dry them. If any stain remains, bleach it with lemon juice and salt, sodium perborate or other bleach suitable to the fabric. Before using bleach on colored fabrics, test a sample first. Have nonwashable fabrics dry cleaned promptly.

A new U.S. Department of Agriculture publication, "How to Prevent and Remove Mildew," gives detailed information on how to protect and remove mildew from clothing and such household fabrics as shower curtains, draperies, slipcovers and mattresses, as well as shoes and other leather goods, paper and wood. Copies are available from Bulletin Room, Institute of Agriculture, University of Minnesota, St. Paul 1.

Social Security Adm. Asks Notice of Address Change

Monthly Checks May Be Held up If Recipient Fails to Give Notice

Statistics show that one in four families in the United States changes residence during the course of a year. Of the 13 million people in this country getting social security checks a good number also have a different address during a vacation period.

Acording to Walter D. Kistler, district social security manager, unfortunately some people don't give notice when they do change their address. Consequently, that all important monthly social security check often doesn't catch up with them for a quite a while.

There is one simple solution to this problem; namely, notify social security when you move!" Kistler says, "Even better, send us your notification in beforehand if possible. And don't forget—put your social security number on it. In all things pertaining to social security, your number is all important. Many of the voluminous records of social security are recorded primarily by social security number. If you remember that millions of people are receiving a regular monthly check and they usually need them on time, you realize that we can't get your check to you if you're not at the same place you were when the last check came unless you've told us as far ahead of time as possible," Kistler explained.

The proper way to do so is on the postcard form which each person received when he first signed up for his benefits. Possibly this card may have been misplaced, but the local social security office has one for the asking. It doesn't take more than a minute or two to complete and sign.

Small Cars Reduce Gas Tax Revenues

Compact Cars Reported at 29 Pct. of Total Sales

The swing to smaller cars may cause Minnesota's gasoline tax revenue to fall far short of estimates in the next few years, the chairman of the Minnesota Petroleum Council, said today.

H. V. Smock noted that U. S. auto makers built their one millionth compact car of the year during June, and that compact cars now constitute 29 percent of auto sales.

It has been estimated that total national gasoline receipts will fall well below anticipated levels if the present trend continues, he observed. State gasoline tax revenues will also show a substantial drop, he noted.

Taxes on gasoline have increased about 50 percent over the last 10 years, while the price of the product itself has remained almost unchanged, Smock said. Minnesota taxes gasoline at 5 cents a gallon, and the federal government fakes an additional four cents a gallon. Minnesota motorists paid $88,899,000 in state and federal gasoline taxes last year.

4-H CLUB NEWS

Steiner 4-H

The Steiner 4-H club held its June meeting the evening of the 17th. Vice president, Charles Anderson called the meeting to order. Harold Halvorson led a discussion of proposed plans for a new 4-H building on the fairgrounds. Ideas were brought up for the safety project. Bruce Russell as chairman and Kathryn Solem and Kathleen Torgerson were appointed to consider the selling of safety signs. Mochammad Sjachrani was presented with a farewell gift from our club, to which he responded with thanks.

Ellen Jorde as chairman, Carol Jaennette and Patsy Vatsaas were appointed to plan and work on the county fair booth with the assistance of other junior leaders.

The following program was presented: community singing led by Kathleen Torgerson with Mrs. Carl Torgerson at the piano; project reports on safety by Kathryn Solem and Debra Halvorson; a solo "Green Fields" by Mochammad Sjachrani, a reading "Down on the Farm" by Linda Jorde; a song by Karen Moe, accompanying herself on the accordian and dedicated to Rani; report on Crookston Club Week by Rani; reading "To Any Daddy" by Kermit Solem and dedicated to all fathers, a native dance of Indonesia by Rani, who also explained other dances.

The lunch was in the form of a wiener roast with Rani as honor guest. Mrs. B. J. Vatsaas was the hostess.

Cites Heavy Load of Property Taxes

Taxpayers Assn. Reports Levies at All-time Peak

Minnesota real and personal property taxes levied by the state and the various local subdivisions of government continue to climb at an alarming rate, with tax levies increasing more than seven times as fast as taxable property taxes, the Minnesota Taxpayers association announced.

According to the annual abstract of property taxes compiled and recently released by Stafford King, state auditor, total real and personal property taxes for 1959 (payable in 1960) have risen to a new all-time high of $437,700,000.

While total taxable values (the values placed upon the different categories of property by the assessing officials) increased less than $26 million or only 1.2 per cent over those of the previous year, the taxes levied increased over $34½ million or 8.6 per cent.

The average mill rate for 1959 also set a new record — 197.8 mills as compared with 181.10 mills for the previous year.

"With the dollar increase in taxes levied actually exceeding the dollar increase in total taxable values, it is apparent that local and state spending is far exceeding the rate of increase in property tax base," Charles P. Stone, general counsel of the Minnesota taxpayers association, pointed out.

"The figures point up the excessive—in some cases almost confiscatory — and ever-increasing tax burden which our real and personal property taxpayers are being forced to carry.

"It is becoming increasingly obvious that something must be done soon to relieve our property taxpayers of at least a part of this heavy load. More and more responsible citizens and organizations are coming to the conclusion that a replacement sales tax is the most satisfactory answer to the problem."

QUESTIONS answered for VETERANS

Q—In the last few years VA has been paying me my GI insurance dividends in cash. I have one coming up soon, and understand I can leave it with VA as a credit, to pay premiums in case I should miss one. Will you explain how this works?

A—Dividends left with VA as a credit draw interest and will be used by VA to pay one monthly payment before the end of the 31-day grace period. Before the VA can act, however, a letter must be submitted to the VA by the veteran requesting this be done. There must, of course, be earned dividend money in your account.

Q—I have a service-connected disability. Can my family doctor treat my disability and send the bill to the VA?

A—If he has prior approval from the VA, yes. Under law, that is necessary before he may treat your service-connected condition at government expense. In case of an emergency, the family doctor may tender treatment without prior approval. However, the VA must be notified of this emergency treatment within 15 days.

Q—I am now receiving pension from the VA, and have a right to switch to the new system of payments which starts July 1. If I decide I want to switch over, do I have to make the change before July 1?

AT FAIR Featuring the Marlo Shows in front of the grandstand at the Pennington county fair July 27 to 29 are the Ellen Bell dancers, who will present a variety of entertaining dance routines.

A—No. You may make the change at any time. However, once you make it, and the first check has been negotiated, your decision is final. You can't change back. See your nearest VA office if you need help.

Q—I understand there have been some changes in the income limitations for veterans eligible for pension. Will you explain the changes to me?

A—Under present law a veteran who has more than $1400 annual income and no dependents cannot qualify for pension. If he is married or has a minor child, his income cannot be more than $2700. The new pension law, effective July 1, increases the amount of income a veteran can have, and still collect pension. A veteran with no dependents is allowed up to $1800 income, and up to $3000 if he has dependents.

Breeders of Brown Swiss Hold Picnic

Nearly 100 Attend Event on Orrin Kruger Farm

The Minnesota Brown Swiss picnic was held recently at the Orrin Kruger farm northeast of Warren.

About 100 persons were in attendance. Out of state visitors from Illinois and Massachusetts also were present.

A pot luck dinner was enjoyed with milk and use of a milk dispenser donated by the St. Hilaire Co-op Creamery.

The afternoon program started at 1:30. Neil Kruger called on the national director, Rudy Bode, for remarks. Also speaking were State President Ed Drewitz, State Secretary Mrs. Alf Larson, Fieldman Marvin Kruse and former extension dairyman, Ramer Leighton. A musical number was given by Mary Rantanen, songs by a trio, Sandra Barr, Kathy Myrfield and Phyllis Edgar and an accordion number by Gary Homan.

Neil Kruger gave a brief history of the Kruger herd. Two classes of cattle were judged, with Betty Rantanen of Middle River and Leo Johnson of Sterling, Ill., tying for first for adults and Carol Yonke of St. Hilaire winning first for the juniors. Dale Homer of Massachusetts judged the classes.

Jerry Kruger of Warren was elected president of the Junior Brown Swiss association at the annual meeting held in connection with the picnic. Linda Tollefson was elected vice president; Sharon Yonke, secretary, treasurer and Robert Novak, reporter.

Enjoying a picnic dinner at Maple Lake Sunday were Chris Kruse, Mrs. Leonard Larson, and daughters and Mr. and Mrs. Bob Sorvig and family.

$551,780 Tax Levy Set for Marshall County

Marshall county's tax levy for operating county government activities during 1961 will total $551,780, an increase of $9,962.68 over the 1960 levy which totaled $541, 817.32.

The new levy was approved by the Marshill County board of commissioners during its semi-annual meeting held in Warren last Monday. Major portions of the county budget were left without change for the two years with the bulk of the increase being attributed to the need for more funds for the school tuition fund. This levy was increased from $71,280 to $84,000. Slight increases were also made in the school transportation fund and agricultural extension fund.

Because of accumulated balances in the civil defense fund, the board found it unnecessary to make a levy for this fund for 1961, eliminating it entirely. The mental health fund was cut more than one-half from $7,769.32 this year to $3,500 next year.

The detailed levy for 1961 follows:

Revenue, $110,000; road and bridge, $156,000; welfare, $148,000; sanatorium, $12,000; school tuition, $84,000; school transp., $6,000; building fund, $10,000; county extension, $11, 780; agricultural society $3,500; mental health, $3,500; nursing home, $3,500; historical society, $3,500.

Commissioners also approved the signing of a lease for a gravel pit located in the SW¼ Section 25, Wright township with Walter Donarski. The county will pay Mr. Donarski $500 for the gravel.

Watermelon and Peaches Plentiful

Apricots and Seedless Grapes Coming to Market

Watermelon—favorite fruit of youngsters—tops the list of fruits in liberal supply in Minnesota this week.

Early Elberta peaches from California are plentiful, according to S. H. Sevier, federal-state market news reporter. The early Elbertas are recommended by frozen foods experts at the University of Minnesota as among the best varieties for freezing.

News for home canners is that apricots are now available at fruit counters. Thompson seedless grapes are increasing in supply and good-quality home-grown raspberries are beginning to come to markets.

Consumers can select from a variety of plentiful vegetables this week, including vine-ripened tomatoes, homegrown bunched beets, leaf lettuce, green onions, cabbage and radishes.

Editorials . . .

"Affection, indulgence and humor alike are powerless against the instinct of children to rebel. It is as essential to their minds and wills as exercise, to their bodies. If they have no reasons for it they will invent them. It is hard to imagine families limp enough to be always at peace. Wherever there is character there will be conflict. The best that parents and children can hope for is that the wounds of their conflict may not be too deep or too lasting."

McCarthy Top Orator?

Minnesota's junior senator, Eugene J. McCarthy, delivered the nominating speech for Adlai Stevenson at the Democratic convention, and while he was not successful in his effort to convince the delegates that Adlai should be their first choice, he did *attract a great deal of favorable attention* to himself. Leading papers thruout the country commented on his ability as an orator.

The recognition he thus gained, and his association with one of the leaders of the party who will be prominent in the new administration if Kennedy is elected, adds a great deal to McCarthy's prestige. He isn't the noisiest of the state's top Democrats but he is likely to become the most influential.

Good Presiding

Another leading Democrat who conducted himself like a good American at the Los Angeles convention was Gov. Leroy Collins of Florida, who served as the convention chairman. We liked this part of his appeal:

> "Delegates," he said, "let us here bring out the best that is America, so that our fellow countrymen — whether Democrats, Republicans or independents —and our friends throughout the world can take new heart in these troubled times and regain their faith that America, once more, is acting like America— that it is indeed, the land of the free, the bold and the brave."

Far To The Left

There seems to be general agreement that the platform adopted by the Democrats at their national convention swings the party far to the left. It obviously sets forth the purposes of the radical elements and must be considered a serious threat to the stability of our government.

That program, if established, would speed up the inflationary processes which already have reduced the value of the dollar to less than fifty cents. Inflation has not been controlled. It is merely slowed down. During the past ten years the value of the dollar has depreciated at an annual rate of about two per cent according to a July Economic Report by the First National City Bank of New York. An expanded program of compulsory wage increases and public spending such as proposed in this platform would trigger our creeping inflation into a galloping inflation, and that could be disastrous.

In a recent statement, Martin Brofenbrenner, economics professor at the University of Minnesota, predicted continued inflation, continued increase in price-levels, and continued decline in the value of our dollars. And he made this alarming statement:

> "If anything, I think the rate of price increase per year is going to increase rather than decrease until such time as our monetary system collapses so badly that we start all over again. I have no idea when that will be."

That statement was made before the Democratic national convention, and we are sure the manner in which this convention was conducted would not encourage the professor to modify his forecast. And the fears he expressed are being expressed by many of our leading economists thruout the country.

In his keynote speech Senator Frank Church of Idaho viewed with melodramatic alarm the threat of Communism. He quoted Khrushchev as saying that our grandchildren will be Communists. And we gather that in order to keep our grandchildren from becoming Communists we must boost wages thruout the country again and get going fast on another great spending spree.

Well our guess is that if our grandchildren will have turned to Communism it will not be because our country will have been conquered by invading Communists but rather because we will have lost our freedoms through our own mismanagement of our affairs.

If Khrushchev himself had drafted the Democratic platform he couldn't have produced a more effective plan for the gradual communization of our country.

Firing A Teacher

A district court judge has ruled that the school board at Shakopee was wrong in not renewing a teacher's contract. The following reasons had been given for his discharge:

> His students showed lack of knowledge of basic matter, as measured by standardized tests.
>
> He showed lack of judgment in displaying certain pictures, apparently art photos of nudes, in extracurricular activities.
>
> He appeared before students in improper attire—in Bermuda shorts and knee socks, following an early-morning bird-watching trip.
>
> He engaged in an emotional display unbecoming a teacher.

It would be interesting to know just what rights a community has in the management of its own schools and in order to get some of these questions clarified the Minnesota School Board association should see to it that the ruling of the district court is reviewed by the Supreme Court.

On Going To College

A University of Minnesota economics professor, one of the speakers at an institute for high school counselors at St. Paul last week, urged them, "not to press education on the unwilling as a royal road to labor aristocracy." He believes the middle-of-the-class high school graduate would be well advised to take a job rather than go on to college because he would graduate marginally four or five years later and probably would have to take a job as an assistant to a high school classmate of equal capacity who by this time had four or five years experience and on-the-job training.

Prof. Martin Brofenbrenner recognized the probability that, with a larger percentage of young Americans graduating from college, only the high ranking students will be needed to fill the top-level jobs. For half of the graduates, as he sees it, the four or five years in college will have been wasted.

He advised the counselors to urge their students to do outstanding academic work rather than just passing work.

While this advice is expressed in general terms and should not be looked upon as a hard and fast rule, it does merit the serious consideration of those graduates who are undecided about getting a job or going on to college. Scholastic standing is determined by inclination as well by capacity, and those who are not interested in "book learning" probably will be better off if they apply themselves in other fields.

More Social Workers?

Juvenile delinquency is a problem in Thief River Falls, and it is a problem thruout the state of Minnesota, and all other states. We do not solve this problem, here or elsewhere, by concealing the facts.

A Senate subcommittee that studied the situation reported last week that "delinquency" is now a problem in nearly every community, neighborhood and rural area in the country, to say nothing of the cities. Juvenile crime increased 175 per cent in the ten year span from 1948 to 1958, the subcommittee reported.

In commenting on the condition, and noting how different comunities had sought solutions in different ways, the Wall Street Journal disagrees completely with the solution recommended by the subcommittee which would be to appropriate federal aid to the states to train more social workers. The Journal seems to think we already have enough social workers and that, while they might be helpful in some instances, it points out that a large number of the young people involved in youth crimes are not from skidrow or Hell's Kitchen, but rather "are gifted young people; most of them from normal middle-class American homes."

The Wall Street Journal is of the opinion that:

> "If they act sometimes in abnormal fashion, perhaps part of the blame lies with the world we have made for them. The generations growing up now are taught that the world owes them a living; they learn that Government will provide for them the security they feel is missing. They are not taught the principles of responsibility, either in their schools or in their homes.
>
> "And when they get into trouble, because they have not been really taught either in their schools or at home that along with privileges goes responsibility, Senators promise them more social workers, as though that will solve the problem.
>
> "It will not. And neither will the vast Federal machinery, though Congress appropriate uncounted millions. It is a problem that may not ever be solved completely but whose solution must be sought not in a national law but in the nation's communities of churches, schools and homes."

A few years ago we started a program of youth conservation here in Minnesota. Our old practices of punishment were all wrong and we were going to put an end to youth delinquency by rehabilitating the young offenders. Social workers would lead them gently up the path of reform to lives of righteousness.

We know that this new approach has not been the success its advocates said it would be. We believe however that it was not entirely without merit, and that it has failed largely because of its attitude toward punishment. We will string along with the old-fashioned people who still think a prompt administration of corporal punishment is helpful in building up respect for authority, and from our observation not many youngsters in whom has been instilled a respect for authority become delinquents.

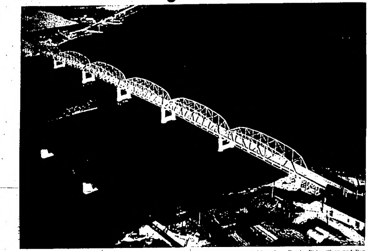
Baudette Bridge Dedication Set



People in the twin towns of Baudette, Minnesota and Rainy River, Ont. are girding for July 30, when they anticipate more excitement than has aroused the two communities since the Fire of 1910 left Baudette and its heavily timbered surrounding area a heap of smoldering ashes.

This time it will be triumph, not tragedy, which stirs the people there. They are, with the help of an impressive list of U.S. and Canadian officials, to dedicate a brand new international highway bridge, which was for more than 40 years little more than a nebulous dream.

There had been sporadic attempts to erect a bridge. In fact in 1932 things went as far as the pouring of a single concrete abutment before the depression washed out the project and most of the dream with it.

But today as people in the hands-across-the-border communities await the dedication and the first traffic flow July 30, there is a satisfyingly material structure of steel and concrete stretching six spans and 1,282 feet across the Rany River, the watery boundary between the United States and Canada.

The bridge is not complete today. But finishing touches will have been applied before the dedication ceremony at the end of this month. General contractor is Barnett-McQueen Ltd., Ft. William, Ont. Architects and engineers are Bettenburg, Townsend and Stolte, St. Paul.

Cutting the ribbon to officially open the new international link will be T. H. Rowell, Baudette civic leader who in northern Minnesota is freely acknowledged both as father of the bridge project and as the man who gave a dozen years of untiring effort to see it to its successful completion.

Former U.S. Senator Edward J. Thye will give a brief address, and a parallel speech is to be given by Fred M. Cass, Ontario Minister of Highways. Others slated for brief remarks are Gov. Freeman, Senators Humphrey and McCarthy, Commissioner of Highways Zimmerman, gubernatorial candidate Elmer L. Anderson, and Mayor P. K. Peterson of Minneapolis.

Cedric Adams is to be master of ceremonies for the program, to begin at 1:15 p.m. and end at 3 p.m.

WCCO plans both radio and television coverage of the event.

A few of the guests who will be joining perhaps thousands of others, on July 30 in Baudette, which has a population of 1,587, are Mr. and Mrs. Orville Freeman, Mr. and Mrs. Hubert Humphrey; Mr. and Mrs. Eugene McCarthy; Mr. and Mrs. Odin Langen; Mr and Mrs. P. Kenneth Peterson; Mr. and Mrs. Elmer L. Anderson; Mr. and Mrs. Edward J Thye; Mr. and Mrs. Cedric Adams and Mr. and Mrs. R. L. Zimmerman. Canadian members of parliament William Noden and William Benedickson; Fred M. Cass, Ontario minister of highways.

The Village of Baudette holds title to the bridge, built at a cost of $1,400,000. Of the total amount, ten percent was raised by selling bonds to citizens of Baudette and Rainy River, and other parts of Minnesota, and North Dakota. That was required before the federal government's home and housing finance agency would agree to buy the remainder of the bonds.

Attendant July 30 activity not part of the official ceremony, but which is hoped to provide entertainment for visitors, will include an acrobatic performance by Royal Canadian Air Force jets; a fly-by of the U.S. Air Force with its newest jet interceptor, the F-106; the Royal Canadian Horse Artillery Guards band, one of Canada's finest military bands; Shrine motorcycle brigade from Grand Rapids, Minn.; bands from several state communities; parade; horse patrol; waterfront activity; concessions; an all day fly-in by land or sea to the Baudette airport for private pilots; dance; fish fry; dedication of new airways radio navigation facility; and go-cart races.

The people of Baudette and Rainy River have contributed $7,000 to foot the bill for their dedication day activity. They will be disappointed if visitors do not swarm into their communities to enjoy everything offered.

Storm Sewer Hearing Agai Is Adjourned

Council Sets Aug. 1 As Hearing Date fo Davis, Dewey av. Job

A resolution to change from diagonal to parallel parking on Second st. between Horace and Main avs. was defeated at the regular meeting of the city council Tuesday evening, July 19, with two members of the council voting in favor of the change, two passing and one voting in opposition.

The move, proposed by Alderman A. J. Rau and voted on favorably by him and Alderman E. B. Benson, needed a four to one vote which failed when Roy Lee, council president, voted in opposition and Alderman Olaf Dahlen and Harry Ranum passed. Alderman A. B. Christianson and Milton Relerson were absent.

Alderman Dahlen offered a motion to refer the matter to the safety council with a request that a definite recommendation be made. All voted in favor of the motion with the exception of Alderman Rau.

The adjourned hearing on the proposed storm sewer project on Dewey and Davis avs. and Red Lake blvd. between Fourth and Sixth sts. was again adjourned following statements from several residents, mostly on Red Lake blvd., that surface water is now being adequately drained and that they could see no benefits to their property from such a project. The hearing will continue at the next regular meeting of the council Aug. 16.

Robert Wurst, city attorney, was directed by the council to prepare an ordinance setting load limits on city streets following a discussion on the subject. A limit of six tons per axle would be set by the ordinance during most of the year and four tons during the spring breakup period on all streets except municipal state aid and county aid roads and state highways. The ordinance is in answer to numerous complaints by city residents that heavy truck traffic has caused serious deterioration to streets which they have paid for or which will be constructed.

Alderman Lee offered a tentative street improvement program for 1961 of 22 blocks of paving in the western section of the city. The area includes Knight, Duluth and Arnold avs. between First and Sixth sts. The matter will be discussed again at an adjourned meeting of the council Monday evening, July 25, when the council will also hear the 1959 audit report by M. H. Matheson.

Two related matters concerning city employees were brought up but no definite action was taken. The second reading of an ordinance pertaining to four weeks of vacation for employes with over 20 years of service was deferred until some sub-

Farm Bureau Sets Cake Baking Event at Fair Next Week

County Women Invited to Enter Sponge-type Cakes Tuesday, July 26

Sponsored by the Minnesota Farm Bureau's women's committee, and open to everyone, a contest to see who can bake the best unfrosted yellow sponge-type cake will be judged at the Pennington county fair next week.

Entries are to be baked in a standard-size tube pan and to be submitted along with the recipe on the opening day of the fair next Tuesday, July 26. Entries are to be made separately from other open classes.

Prizes in the Pennington county contest will be $5 first, $3 second and $2 third. The winner in the county event will compete in the state contest finals to be held September 7 at the Farm Bureau Women's camp at Lake Koronis, Paynesville, Minn. There will be five state prizes, ranging up to a top of $50.

The cakes will be scored for appearance, lightness, texture, moisture content, flavor and odor.

St. Hilaire ELC Church o Observe Its 75th Birthday July 30-31

The St. Hilaire ELC congregation will be host Saturday evening, July 30, and Sunday, July 31, to members of former confirmation classes and their families, and to all former members and all friends of the community.

The event marks the 75th anniversary of the beginning of the congregation, which was organized in 1885. Rev. A. E. Berg of Red Lake Falls is present pastor of the congregation.

The Saturday evening program will commence at 8 p.m., with K. Gigstad, president of the church board, in charge.

Scheduled on the program is the confirmation classes. Greetings also will be heard from visiting friends and members of the congregation. Special music will be rendered including the class songs by the 1958, '59 and '60 classes.

Sunday, July 31, at 10:30 a.m., Dr. A. E. Hanson, Moorhead, district president, will deliver the sermon and conduct dedication services of the new annex to the church, completed in 1959.

Melvin Sherva of Wahpeton, N. Dak., will give the response for an address by Rev. Alvin Skelsrud, former pastor now serving a parish in Wisconsin.

Music will be supplied by the St. Pauli congregation of Hazel and an anniversary offering will be taken.

At noon the ladies aid will serve a baked ham dinner.

The Sunday afternoon program will start at 2:30 p.m. with Paul Roy in charge.

On the program will be an address by Rev. Roland Saethre of Oklee and the reading of the history of the congregation by Mrs. K. Gigstad. Rev. A. E. Berg will sing a solo in Norwegian and other musical numbers will be presented. Greetings from former pastors and other visitors will be included.

Coffee and refreshments will be served at the close of the afternoon program to all friends without charge. The main feature will be a large anniversary cake baked by Mrs. G. Sannes and donated by the men of the congregation.

A cordial invitation is extended to everyone to attend.

Excel Farmer Given Helping Hand July 18

Things looked pretty bad for a young Excel twp. farmer and his mother July 5 when an accident put him in a wheelchair with a broken right leg.

Dennis Pederson, who has run the family farm since the recent death of his father, had his right leg broken near the hip when a bale elevator tipped over on him.

Monday morning, July 18, friends and neighbors began to arrive at the I. M. Pederson place and, when everyone began work, there were 52 men, 31 women and an uncounted number of children present.

In three hours, 100 acres had been plowed. According to the count, 37 wheel and track-type tractors pulled 112 bottoms, three spreaders and two discs to complete the work.

Following the dinner and the refueling by a Consumers Co-op gas truck, the small amount of field work remaining was completed, thanks to the helping hands of friends and neighbors.

Rep. Odin Langen Seeks Reelection

Congressman Odin Langen Wednesday announced his candidacy for reelection to Congress from Minnesota's Ninth district. The tall lawmaker from Kennedy filed by mail with the Secretary of State in St. Paul.

In announcing his bid for reelection, Langen said his doing so "not only expresses my desire to continue to be of service to the Ninth congressional district, but also is in response to the endorsement and many expressed desires that I become a candidate for reelection."

Langen said it will be is purpose to campaign in a constructive and factual manner. "I have no desire," he said, "to attempt to convince the people of the Ninth district of the quality of my record, but will rather present this record for their consideration and judgement. I do so in the knowledge that such reliance upon the decision and will of the electorate is one of the fundamentals of a democratic system, and in the belief that my record will stand this test.

"In this light, rather than being critical of the opposition, I welcome them 'aboard,' knowing that their participation serves to strengthen the electoral process."

Coya Knutson Is in Congress Race

Coya Knutson, DFL, of Oklee, Minnesota, filed Wednesday for representative in Congress from the 9th district on the DFL ticket defining her campaign as one to be based on her outstanding accomplishments as a member of Congress. She will oppose State Sen. Roy E. Wiseth of Goodridge.

"I will again campaign on the facts," she said. "Everyone will know where I stand on issues that important to wives and mothers, the farmers, the small business man, the young people who need guidance for further education and to everyone who is concerned with the welfare and adequate defense of our country."

Council Sells Water Bonds at 4.0925 Pct.

Minneapolis Firm Submits Best Bid on $225,000 Issue

At a special meeting of the city council Monday evening, July 18, $225,000 in waterworks improvement bonds authorized by the voters in the November election were sold to a Minneapolis bidder at a net interest rate of 4.0925%.

Successful bidder was Allison-Williams company whose bid was only slightly less than that of Juran & Moody, Inc. of St. Paul whose bid was 4.0988%.

The total interest over a 20-year period for the Allison-Williams bonds will be $123,390, only $190 less than that of Juran & Moody.

Proceeds from the bond sale will be used to pay for the waterworks improvements which are already under way including the new elevated water tank being erected at the south end of Merriam av., the underground storage tank west of the water treatment plant and the necessary mains, wiring and connections to put the facilities into operation.

Following adjournment of the special session, the council went into an informal closed session to discuss unannounced items.

County 4-H'ers to Go to Itasca Camp

Mary Ann Lendobeja and Nelda Nelson Win Trips

Mary Ann Lendobeja of the Kratka 4-H club was selected to attend the state 4-H Conservation Camp, according to 4-H assistant Julie Gather.

Selection was made on the basis of outstanding junior leadership record, activity in the field of conservation and over-all 4-H work.

Mary Ann will attend the camp at Itasca state park September 15-18. Campers will be given instructions in various phases of conservation and take part in many special events.

Nelda Nelson, a Smiley 4-H'er was named delegate to the State 4-H health camp. The camp also will be held at Itasca park, September 18-21.

Nelda was selected on the basis of her excellent long time 4-H record, her emphasis on health and safety activity and her work in the leadership project.

Nelda is now eligible to compete with other county winners for the National 4-H Club Congress trip to be given to a state health camp delegate.

Mr. and Mrs. Lee Konok and Gary of Minneapolis came Friday to spend a few days with Mrs. Wm. Yonke and other relatives and friends.

59th County Fair to Open Tuesday

Thrill Show Slated for Opening Night of Four-day Event

The 59th annual Pennington county fair will open its gates next Tuesday, July 26, continuing thru Friday, the 29th, and members of the fair board are hoping for favorable weather that will give everyone interested a chance to attend the event.

Tuesday is Entry Day, and a larger than usual livestock show, both in the 4-H and open classes, is indicated by advance inquiries. In addition to the cattle, sheep and hog classes, this year's fair will feature a 4-H horse and pony show, with up to 25 entries expected.

The board also invited county homemakers to exhibit their culinary products and plain and fancy needlework in the women's building.

In addition to being Entry Day, Tuesday has been designated as Thrill Day, with Aut Swenson's Thrillcade due to furnish excitement at an evening show in front of the grandstand, consisting of automobile and motorcycle stunts.

The show will be augmented by other acts, including Jimmy Troy of Liverpool, England, and a Hungarian troupe, Kantor & Co., in trapeze stunts and aerial acrobatics.

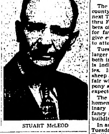
The revue in front of the grandstand will be presented the last three nights of the fair by Marlo Show Productions, who have pleased local fair-goers with their performances in recent past years.

In addition to dancing numbers by a group of pretty girls, the revue will include a dozen topnotch circus and vaudeville acts. Vic and Mal will present a clever bicycle and unicycle act while Alex and Galina will supp'y musical novelty and acrobatic stunts.

Other performers will include the Florida Trio, contortionists; Bareneck's Toy Shop trained dogs; Vic Domino, juggler; and Reuter's original "Circus on Strings," a puppet show.

Arrangements were being completed this week for horses to take part in a series or running races on the fair grounds track Friday afternoon, July 29, with suitable purses being offered.

The William Collins shows will provide carnival attractions on the midway.



STUART McLEOD

Stuart McLeod, for 34 Years with L.O'Lakes to Retire August 1st

Stuart McLeod, associated with Land O'Lakes Creameries since 1926 as a district director or as manager of the Thief River Falls branch, announced today that he will retire as manager at the end of this month. He has held this office since 1942 and prior to that time he was a member of the Land O'Lakes board as a district director since 1926.

Mr. McLeod has been active in cooperative organizations the area over a period of many years, starting as a young man when he became a director of the Goodridge creamery. At that time he was farming in Cloverleaf township mainly in a dairying operation. In 1926 a new Land O'Lakes district, No. 17, was formed and he was elected director.

As a former director of the Thief River Poultry Association he helped reorganize that organization following the failure of the state association. This new organization was taken over by Land O'Lakes Creameries in 1929 and the present branch was established.

Since that time the operation has been greatly expanded and Mr. McLeod has been active in giving direction to the various changes that have been made.

Land O'Lakes is now integrating its operations and consolidating its management by divisions. The branch form of organization is being discontinued and Mr. McLeod will not be replaced as a branch manager. Morris Howlek who has served as a field service man for feed, seed and fertilizer, will now be in charge of the feed division.

John Lang, who has been in charge of the hatchery, will be in charge of the hatchery and the turkey processing plant. Evonne Olson will be the dispatcher of truck operations. These services, along with the milk and ice cream division, will operate under direction from the Minneapolis office.

In addition to his other activities, Mr. McLeod served for more than 25 years as president of the Red River Valley Dairymen's association, and as president of the Northwest Dairy Improvement association, sponsor of Dairy Day since its organization in 1950.

Parade of Champions to Be in Front of Grandstand Wednesday Night at 7:30

4-H club members next week will again take an active part in making the Pennington county fair a success.

Ninety-two demonstrators will go on the platform on Tuesday and Wednesday during the fair. Silent bread and pie demonstrations will be held at the Zion church basement at 9 a.m. and 1 p.m. respectively on Tuesday, July 26. Agriculture and activity demonstrations will be given at the fair grounds on Wednesday. Food and clothing demonstrations will be held at the court house meeting room.

"Parade of Champions" before the grandstand begins at 7:30 p.m. on Wednesday evening. Livestock judging also will be done on Wednesday.

The 4-H food stand will be expanded this year under the direction of Mrs. Caster Moe and Mrs. B. J. Vatsaas. Club booths, conservation and leadership scrapbooks and other exhibits will be moved to the industries building to make room for the enlarged food service area.

Huge Helicopter Stops at Airport

What is probably the largest helicopter to visit the Thief River Falls airport to date was flown here Sunday enroute to Alaska.

The army Piaseckl H-21 helicopter was piloted by a Captain Fuller, who landed here for refueling. Powered by an engine of over 400 h.p. the big "chopper" will carry 18 men in operational use by the army.

Several local residents noticed the big 'copter when it flew low over the outskirts of the city.

FHA Supervisors from Ten Counties in Farm Tour Today

Farmers Home Adms. Men to Study Stock Feeding Programs on Area Farms

Farmers Home Administration supervisors from 10 counties in Northwestern Minnesota are inspecting a number of farms in the area today to observe the results of various feeding programs for dairy and beef cattle. The tour is being conducted under the direction of Leslie Matts of this city, area supervisor, and in the party will be Arnt Aune, director of the Area Vocational School and Fred Sorenson, adult agriculture instructor.

The first place visited will be the Art Steinberg farm east of the city where they will observe a dry lot feeding operation. From there they will go to the Harold Matzke farm for a demonstration in green chopping feeding, and to the John Burtness and Charles and Dale Svendsgard farms where a combination of green chopping and rotational pasture feeding programs are being used. From here the group will return to Thief River Falls for lunch.

During the afternoon another dairy operation will be visited, that of Dean Nelson of Viking who used a relational strip pasture method, and two beef feeding operations. Andrew Skaar in west Pennington has been using straight pasture and Harry Oen, south of the city, has used dry lot feeding.

On Friday the group will meet at the court house for a discussion and evaluation of the various methods and operations covered in today's tour.

EXCAVATION for the new 1-million-gallon underground storage tank west of the water treatment plant began this week with a crawler tractor and dump buggy, in the left foreground, preparing the site for the addition to the city's water facilities. This picture, taken from the roof of the treatment plant, shows the power plant dam at right across the Red Lake river. Work on the reinforced concrete tank is expected to be completed by the end of thiis year and the present underground tank at the base of the elevated tank at the south end of Atlantic av. will be abandoned.

Shirley Manning Weds Russell Porter In Calif.

Baskets of white gladioli and ferns graced the altar of the Memorial chapel of Eden Congregational church in Hayward, California Friday, July 1, for the marriage of Miss Shirley Manning to Russell L. Porter, both of California.

The bride is the daughter of Mr. and Mrs. Bud Manning of this city and the groom is the son of Mr. and Mrs. Percy L. Porter of Hayward.

Rev. Saul Miller officiated at the 7 p.m. double ring ceremony with Mrs. Violet Bay of Hayward at the organ for the nuptial music and also accompanied the soloist, Miss Phylis Kahler, as she sang, "The Lord's Prayer" and "Wedding Benediction."

The bride, escorted to the altar by Don R. Jensen in the absence of her father, was attired in a ballerina length wedding gown of nylon lace and net designed with a fitted bodice, scalloped neckline, three-quarter length sleeves and a very bouffant skirt with a side drape effect trimmed with roses made of lace. Her elbow length veil was caught on a small scalloped halo crown and her pearl necklace and earrings were a gift of the groom. She carried a bouquet of small baby orchids with white carnations and streamers with lilies of the valley. The traditional something old, new, borrowed and blue was carried out.

Miss Marlys McMahon of San Leandro, Calif., was maid of honor and wore a pink chiffon dress with a full skirt and a stole draped over the shoulders coming to streamers hanging down the back with matching accessories. Her bouquet was of white carnations centered with pink carnations.

The bridegroom was attended by Richard Nield of Hayward as best man with Bill Bodeford, brother-in-law of the groom, of San Jose, Calif., and Bunice Putman of Hayward as ushers. The gentlemen of the bridal party party wore white dinner jackets, dark trousers and white boutonnieres.

For the wedding the groom's mother chose a beige lace dress with beige accessories and wore a yellow orchid corsage.

Following the ceremony, a garden reception was held in the patio by the swimming pool at the home of Mr. and Mrs. Don R. Jensen in San Leandro, Calif., with approximately 75 guests present. A three-tiered wedding cake topped with a miniature bride and groom centered the serving table and was cut and served by Mrs. Don R. Jensen. Pink and white carnations and other small flowers floated in the swimming pool.

Mrs. Bob Knox and Mrs. Bob Birchard poured with Mrs. Alice Yoder and Miss Phyllis Kahler in charge of arranging the gifts and Mrs. Bill Bodeford, sister of the groom, at the guest book.

For their trip to Monterey and Carmel, Calif., the bride chose a white brocaded sheath dress with white and black accessories and the orchid corsage from her bridal bouquet. Mr. and Mrs. Porter are making their home in Hayward.

The bride is a 1957 graduate of Lincoln high school and is presently employed as cashier for Peterson Tractor Co. in California. The groom is a 1958 graduate of Hayward high school and is employed with United Can and Glass Co.

Lois Osten Weds Rev. Donley Hesse Saturday, June 18

In a beautiful setting of candelabra and bouquets of white gladioli with accents of Glacier beauty bush graced the altar of the First Lutheran church in Omaha, Nebraska, for the marriage of Lois Osten of Omaha and Rev. Donley Hesse of Blue Hill, Nebraska, Saturday, June 18, at 3 p.m. with Rev. Wm. Kniffel officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Raymond Osten of Creston, Nebraska, formerly of Grygla, and the groom is the son of Mr. and Mrs. Lawrence Hesse of Grand Forks.

B. H. Arkebauer played the nuptial music and accompanied the soloist, Miss Maria Osten, cousin of the bride, as she sang "O Perfect Love" and "Wedding Prayer."

The bride, given in marriage by her father, wore a white gown, fashioned and sewed by the bride and her mother, of pure silk organza with full skirt over taffeta with brush train graced by rose appliques of Chantilly lace touched with sequins. The veil of scalloped silk illusion with rose appliques touched with sequins was held in place by a miniature crown of pearls and sequins and the traditional something old, new, borrowed and blue was carried out. She carried a bouquet of white snowflake roses on a white prayer book.

Miss Miriam Kolm of Omaha was maid of honor with Miss Donna Hesse of St. Paul, sister of the groom, who wore identical floor length gowns of light blue chiffon over taffeta featuring a scoop neckline, cap sleeves and a bow accented the front waistline of the dress. They carried identical bouquets of Wicker ring with accents of ivy and white marquerite daisies and blue leaves. Their pearl earrings and white lace gloves were a gift of the bride. They wore headpieces of light blue Baneaux with pearl drops and circular veils.

Serving as best man was Rev. John Krueger, brother-in-law of the groom, of Vermillion, S. Dak., with Norman Osten of Creston, Neb., brother of the bride, as groomsmen. The gentlemen of the bridal party wore white dinner jackets, dark trousers and white carnation boutonnieres. Ushers were Lester Osten of Creston and Arlyn Osten of Leigh, Neb.

The mothers of the bride and groom wore gowns of light blue lace over taffeta with white accessoris and corsages of pink roses and white carnations.

Following the ceremony, a reception was held in the parish hall with Mrs. Ruth Osten as hostess. Mrs. Henry Stuehrenberg of Blue Hill, Neb., baked and cut the four-tiered wedding cake topped with a bride and groom in front of a church. Gracing either side was Plumosis and blue and white flowers. Mrs. Eldon Dieckgraffe of Cook, Neb., served the wedding cake with Mrs. Virgil Rohiff of Omaha pouring and Mrs. Allen Mortholé of Omaha serving the punch. Mrs. Duane Menken of Fort Morgen, Colo., and Miss Elaine Wiese of Omaha served the ice cream with Mrs. Ronald Bowen, Miss Eileen Schaeler and Miss Delores Siefering, all of Omaha, in charge of arranging the gifts. Mrs. Jean Wells of Omaha was at the guest book.

The bride is a graduate of Creston high school and Norfolk Business college in Norfolk, Neb., and for the past two years was employed by Central National Insurance Company in Omaha.

The groom is a graduate of Concordia high school in St. Paul and Concordia college in 1952. He attended Concordia seminary in St. Louis, Mo., and for the past three years served as pastor of Calvary Lutheran church in Rosemont, Neb.

For going away the bride chose a two-piece blue and white sheath dress with white accessories and a corsage of white roses from her bridal bouquet. After a wedding trip to the Ozarks, Iowa, Minnesota, Canada and North and South Dakota the couple will be making their home at Route 2, Blue Hill, Neb.

Lloyd Zutz of Thief River Falls, formerly of the Radium community, was injured in an auto accident at Middle River Thursday night at about 11:30 o'clock. According to the Marshall county sheriff's office he was driving north on a dead-end street and failed to make the turn, the car plunging into the ditch.

Mr. Zutz was brought to Northwestern Hospital in Thief River Falls where he was treated for minor injuries. Damage to the car was estimated at $150.

G.F. Man Held in Winger Burglary

A Grand Forks man, Harry E. McDonald, was arrested at midnight Friday and later admitted participation in the burglary of the Henry L. Rude farm near Winger July 10. Two other men are being sought in connection with the burglary, Polk county Sheriff Carl Knutson said Monday. All but two of the 10 articles taken from the Rude farm home have been recovered by Knutson's office and Sheriff Art Rike of Grand Forks. Still missing are a .22 caliber rifle and between 20 and 25 pounds of meat.

Encouragement Given in Drive to Continue TRF Airline Service

City Attorney Robert Wurst has received copies of briefs filed by the counsel for the federal Bureau of Air Operations and by North Central Airlines, which encourage the hope that the Civil Aeronautics Board will act favorably on the city's application for continued airline service.

The bureau counsel has recommended to the CAB examiner, who held hearings recently in Minneapolis, that service to Thief River Falls be continued for five years. North Central Airlines agrees that there is justification for the service and expresses itself as being "willing and able" to provide the service if the board approves.

The final determination on the matter will be made by CAB members following a hearing that probably will be held in Washington later this year, according to Mr. Wurst.

As justification for his recommendation that North Central service to Thief River Falls be renewed for a temporary period of five years, the counsel for the Bureau of Air Operations stated:

"Thief River Falls has a population of about 8,000. It is the trading center for Northwestern Minnesota. In 1959 it boarded 4.37 passengers a day of 1,594 for the year. The city has attained this average by a gradual growth. Traffic for the first five months of 1960 shows a 27% increase over the similar period of 1959. The indications are that Thief River Falls will reach the minimum standard of the Board of five passengers a day boarded during the present year.

"Thief River Falls is isolated to a substantial degree. The nearest airport is 65 miles away at Grand Forks. To obtain service to Minneapolis, service from Grand Forks would require backtracking about 65 miles resulting not only in increased mileage but substantially greater cost. North Central did not apply for renewal of its service at Thief River Falls, but expressed willingness to provide service if the board should find that it is required by the public convenience and necessity.

"It is the Bureau's estimate that North Central's service at Thief River Falls resulted in the net reduction in its system's subsidy of $8,402. North Central, however, estimated that its service at Thief River Falls resulted in a breakeven need of $1,775. *The difference between* the two estimates is mainly that in calculating its revenues at Thief River Falls, North Central reduced them by 20% as a "Traffic Retention Adjustment" so that it showed passenger revenues of $43,807 in lieu of the $55,790 used by the Bureau. In other respects North Central and the Bureau were substantially in agreement in estimating the cost of service. It is believed the Bureau's approach is more realistic and should be adopted.

"As indicated above, the record shows that Thief River Falls should reach the minimum "use it or lose it" standard of five passengers a day during the current year. Thief River Falls would be substantially isolated and inconvenienced because of the poor surface transportation available and the distance to the nearest available airport if North Central's service were to be discontinued. In the Bureau's view these factors accompanied by the estimated reduction in system cost resulting from operations in the city, constitute unusual and compelling circumstances which warrant the renewal of North Central's authority to serve Thief River Falls for a further period of five years, subject to the Board's 'use it or lose it' principle."

In its brief to the CAB examiner, North Central stated that while Thief River Falls had never enplaned as many as five passengers a day on a yearly basis.

"The Board may find 'unusual and compelling' circumstances which reqquire the renewal of Thief River Falls service. The city definitely has an isolation problem. If it loses its air service, the nearest airport is at Grand Forks, approximately 65 miles to the northwest.

"An air trip to its most important trade center, Minneapolis, will require a back-haul by automobile of 65 miles to Grand Forks and a trip by North Central to Minneapolis. The time spent in surface transportation and the money expended in increased fares will probably make such a trip prohibitive.

"It would appear—that the public benefit derived from this service justifies the subsidy expended. If the Board should find that the public convenience and necessity require continuation of this authority, North Central stands ready, willing and able to abide by the Board's decision."

FIRST STEPS were taken by Mrs. John Sheggrud in the Northwestern hospital rehabilitation service just four days after her operation for a broken hip. She was aided by Frank Harger, physical therapist at the horpital. Mrs. Sheggrud, 75, of Racine, Wis., was injured July 11 when the car she was entering was moved in reverse by the starter. Both Mr. and Mrs. Sheggrud were profuse with their praise of the hospital's rehabilitation service which had enabled hed to make such rapid progress since her operation.

Friends of Library Select Judges for Flower Show Aug. 6

Bruce and Helen Hall to Judge Exhibits; Open House Will Be Feature

Bruce and Helen Hall will judge the first annual flower show to be sponsored by the Friends of the Library at the Carnegie public library Saturday, August 6, from one until five o'clock. Entries are being invited in a wide range of classes to encourage floral exhibits from every gardening enthusiast in the community.

Classification will be as follows: 1. Formal arrangements, 2. Informal arrangements, 3. Miniatures, 4. Weed arrangements, 5. Arrangements of wild flowers. First and second place ribbons will be awarded in all classes.

A silver tea and library open house will be held in conjunction with the show in the children's department of the library. Miss Frances Shannahan, librarian, and he assistants will be on hand to answer questions about library usage. Members of the library board will also be present. The general public is invited to take this opportunity to get to know their library better.

Persons making entries in the flower show will find the south basement entrance to the library open from 9-11 the morning of August 6 to make delivery of their exhibits more convenient. Exhibitor's name and flower classification should accompany all entries. Anyone wishing additional information regarding entries may call Mrs. Lloyd Bennes, MU 1-1879 or Mrs. H. N. Boroson, MU 1-1679.

Free Churches of Area Meet Friday

Regional Rally Slated at Newfolden at 8:30

The Evangelical Free church of this city will unite with the other Free churches of the area for a regional rally on Friday evening of this week. The service will take place in the Evangelical Free church of Newfolden, starting time being 8:30 p.m.

Among the group of men coming from Minneapolis will be Rev. H. E. Sodergren, North Central district superintendent, who will explain the work and problems of the district and also present and explain the LIFT program (Living Investment and Fund Thrust). The purpose of the program is to supply the means for expanding the work of the district.

Churches included in the rally are the Evangelical Free churches of Newfolden, Badger, Strathcona, St. Vincent and Thief River Falls. Following the service refreshments will be served. All who are interested are invited to attend.

Woman, 75, Walks 4 Days after Repair of Fractured Hip

Mrs. John Sheggrud Lauds Work of Rehabilitation Service at Hospital Here

A 75-year-old woman, whose hip was broken in an accident in Thief River Falls, took her first steps Wednesday, July 20, just four days after the pinning operation at Northwestern hospital.

Mrs. John Sheggrud, 2417 Coolidge av., Racine, Wis., was injured July 11 at the home of her sister, Mrs. Chris Storholm, 724 *LaBree av. N., at whose home* she and her husband had been visiting about a week. According to Mr. Sheggrud, his wife was about to get into their automobile when their son, Larry, also of Racine, turned the ignition key to check the gasoline supply. The car, equipped with standard shift, was in reverse and turning the key operated the started. Mrs. Sheggrud was struck by the open door.

According to Frank Harger, hospital physical therapist, Mrs. Sheggrud has been one of his most cooperative patients. She was admited to the rehabilitation service one week after the accident and was in a wheel chair the following day.

Both Mr. and Mrs. Sheggrud were high in their praise of Northwestern's rehabilitation service, the equipment available and the trained personnel which was available. Both expressed the opinion that they felt that Mrs. Sheggrud could have received no better care anywhere.

The Sheggruds are former residents of this area. Mr. Sheggrud was manager of the old Winton-Nichols Lumber company at Hazel from 1914 to 1921 and, in addition to her sister in Thief River Falls, Mrs. Sheggrud also has a sister, Mrs. Lenore Silk, in Fosston. The Sheggruds now reside in Racine where he was formerly a guard at the J. I. Case company plant.

Land Bank Assn. at Warren Notes Gain

Outstanding Loans Rise $136,000 in Past Year

Harold Sorenson, manager of the Federal Land Bank association with offices at Warren, announced today that the board of directors met recently and approved the association's operating budget for the fiscal year beginning July 1, 1960.

President Raymond W. Knudsen, who farms near Warren, stated, "Although the cost of money which the land bank borrows through the sale of bonds has increased during the past several years, the other costs of operating the association have steadily declined and are now at the lowest point per $100 of loans outstanding since 1945. The association now has $3,152,400 of loans outstanding. This is an increase of $136,000 during the past 12 months."

Other association directors attending the meeting were Stanley Younggren, vice president of Hallock; Millard F. Dailey of Red Lake Falls, Lloyd R. Johnson of St. Hilaire, and Bennie Christianson of Greenbush. Leonard Nordman of St. Paul, regional manager, and Lloyd I. Nelson of St. Paul, associate regional manager for the Federal Land Bank of St. Paul, also attended the meeting and reviewed the bank's operations with the officers and directors of the association.

Odd Fellows Host to United Nations Youth Pilgrimage

The local Odd Fellows and Rebekah Lodges were hosts to a United Nations "Pilgrimage of Youth" tour group on July 11. The noon luncheon was served to a group of 40 teen-age delegates and advisors who were enroute to spend a week at the UN in New York City.

On their return they give talks to various groups of all kinds to help further the understanding of the UN and its various functions and problems and how it operates.

The trips are awarded by various Odd Fellows and Rebekah lodges and include the United States, Canada, Cuba and Hawaii. This particular tour group is from Washington, Oregon, British Columbia, Alberta and Idaho, and is one of 17 such tour groups to visit the UN.

Sediment Test for Bulk Milk Ordered

To Test Tanks on Dairy Farms, Says Byron Allen

An official method for making sediment tests on milk in bulk tanks at dairy farms has been adopted and is now mandatory throughout the state, according to an announcement by Byron G. Allen, Commissioner of Agriculture, Dairy and Food. This is important news in dairy circles, particularly in areas where bulk tanks are replacing the can system of milk collection from the farm.

Many dairy farmers using milk cans rather than bulk tanks have felt that they have been at a disadvantage in their milk grades which are partially determined by sediment tests, because prior to this time regular sediment tests have not been required for bulk tanks as they are for milk in cans.

Research which has been in progress since the inception of bulk tank collection has proved conclusively that only the mixed sample method will give the same uniform results for bulk tank milk as are now used in off-the-bottom testing of milk delivered to dairy plants in cans.

The mixed-sample method uses a one pint sample and a sediment felter disc 0.40 of an inch in diameter, and must now be used to test all milk collected from bulk tanks for delivery to Minnesota dairy plants on the same schedule as required for milk delivered in cans. Directions for making the test may be obtained from the Department of Agriculture, Dairy and Food, 515 State Office Building, St. Paul 1.

Swenson's Thrillcade to Entertain Crowds at Fair Next Tuesday

Recognized from coast to coast as the jumbo of all thrill spectacles, the Aut Swenson Thrillcade will roll into Thief River Falls Tuesday, July 26, for an evening performance at the Pennington county fair.

This is Thrillcade's eleventh consecutive international tour, and following a pattern esablished long ago by Producer Aut Swenson it will augment the customary repertoire of thrill-speed stunts with breathtaking variety *attractions*.

Three of the best-known daredevils in this chance-taking profession will headline the roster of 22 performers — Jimmie James, Chicago, Illinois, dean of the nation's stuntmen, Canadian-born Kenny Blaine, regarded as the foremost motorcycle rider on the North American continent, and, an addition this year, Chuck Beeler of Palm Bay, Florida, precision driver par-excellence.

While regarded as the stellar performers in their unusual field, these three will be surrounded by other stuntmen whose specialties range from deliberate auto crashes to the human battering ram feat.

Thrillcade also claims that it has more to offer in variety attractions, many of them imported.

This year, for example, the acknowledged fastest working aerial artist now active, Jimmie Troy of Liverpool, England, is under contract to Thrillcade. He is known widely as the "Comedy King of the Air".

Also scheduled to appear with Thrillcade is a Hungarian troupe of comics and aerial wizards known as Kantor & Co. Last year, this identical group had featured billing, under another name, with Ringling Bros.-Barnum & *Bailey* circus.

But the chief formula for Thrillcade in 1960, as it has always been, is thrills, chills and excitement as provided by daredevils and their costly, modern motorized equipment.

An old favorite again in the limelight will be an 80-foot leap of an automobile over the back of Dancing Dyna, Thrillcade's elephant performer, a motorcycle broad jump over three to nine parked vehicles, the flaming barrier crash, Suicide Kelley's "Ride of Death" down an almost perpendicular sky-track . . . these and many other crowd-delighting thrillers are on the agenda for the two-hour performance.

The Thrillcadettes will appear in Roman Steeplechase races, and between-stunts tension will be relieved by the antics of the Cavalcade of Comics.

Council Sets Aug. 16 as Hearing Date for Storm Sewer

(Continued from Page 1)

jects are reported on by a committee composed of Aldermen Dahlen and Ranum, who will consult with the city attorney. The matter of compulsory retirement was also discussed but action was deferred until a list of employes nearing retirement age is submitted by the city clerk.

Seven building permits totaling $21,200 were approved by the council. They included: Inga Berg, corner of Gulf st. and Spruce av., new dwelling, $13,500; L. E. Christianson, 823 Main av. N., replace porch, 1,500; Alvin O. Wold, 610 Conley av. S., dwelling addition, $2,400; Earl Tripp, 620 Tindolph av. S., domestic garage, $800; Arthur B. Larson, domestic garage, $800; William Sandeen, 428 Riverside av., domestic garage, $1,000; and Morris Rupprecht, 217 Tindolph av. S., domestic garage.

Renewal of seven 3.2 beer licenses were approved. They included: Eighth St. Grocery, off sale; Wonder Bar, on and off sale; G. A. Frahm, on and off sale; Viking Tavern, on and off sale; Izzy's Tavern, on and off sale; Shorty's Bar, on and off sale and Inga's Cafe, off sale.

A six-month cigarette license was granted to G. A. Frahm; the V.F.W. post was granted a license to sell cigarettes at the Pennington County fair; Paul E. Sullivan's application for a taxi license was approved and a junk dealer's license was granted to Harry Phillips & Son.

Resolutions were adopted for the payment to contractors and engineers for city work completed. Included were the payment of $3,223.87 to Ranum Construction company for estimate number one on the 1960 street improvement project; $1,199.72 as a semi-final estimate in the storm sewer district three project to Stewart & Walker, Inc.; $32,738.69 to Central States Construction company as a semi-final estimate for work on the district three storm sewer, and $7,328.70 to the Action Construction company as estimate number one on the elevated tank footings.

The payment of the funds to Central States Construction company was accompanied by a discussion of resurfacing streets in storm sewer district three. Under the original contract with the company, street surfaces in the area which were torn up during the project were to be resurfaced by Central States with crushed gravel.

Further street work is now contemplated and it was agreed by council members that the crushed gravel originally intended for use would be better used on streets now being improved in the area north of the business district. Streets in storm sewer district three will be surfaced with pit run gravel. A resolution was adopted to enter into a supplementary agreement with Central States to place the crushed gravel on streets now being improved.

A resolution was adopted to have Northwestern Bell Telephone company install an additional line into the city offices, to not interchange phone service in operation and to install an intercommunications phone system between city offices.

Resealing business streets would cost $12,320, of which the city's share would be $5,400 and the state would pay the balance for the work on trunk highways in the city, it was reported by D. H. Stewart, consulting engineer. No action was taken on the matter after Alderman Lee reported that the street committee has recommended that cracks in the streets would be filled this year and sealcoating would be included in the 1961 budget.

The appointment of two replacement patrolmen was approved and D. D. Myers was appointed a police sergeant. New patrolmen are Wallace Heaton and Donovan Liden.

A letter from the state board of electricity in reference to the *William T. Collins Shows* was read and tabled. The department stated that an illegal electrical connection was expected and ordered a disconnection of service.

A letter from the state department of aeronautics in reference to sealcoating airport blacktop was read but no work is contemplated this year and the matter was tabled.

A communication from the Dairy Queen operators in reference to damage to the building was referred to the city's insuring agency. The letter stated that oil being applied to the street south of the Dairy Queen had been blown onto the building.

QUEEN Kathie Aaknes was crowned Trail's Golden Jubilee queen recently. She was invited to attend the Jaycee Aquacade Parade at Thief River Falls on Saturday, Aug. 6th. Miss Aaknes is the daughter of Mr. and Mrs. Albert Aaknes, and is also the granddaughter of Mr. and Mrs. Ben Hruby of Goodridge.—Gonvick Leader-Record photo.

Mrs. Inga Asp Succumbs; Rites Held Wednesday

Final Rites For Thorwald Ramstad To Be Saturday

Funeral services for Thorwald Ramstad of this city will be held Saturday, July 23, at 2 p.m. in the Green funeral chapel with Rev. Ole O. Sande officiating and interment will be made in the Greenwod cemetery. The body will lie in state at the Green funeral home from Thursday evening until time of services.

Thorwald Ramstad passed away Tuesday, July 19, at his home at the age of 79 years.

Mr. Ramstad was born February 7, 1881 in Sigdal, Norway, and came to America at the age of two years with his parents and settled near Grafton, N. Dak., where they lived for seven years. In 1890 they moved to West Valley township, Marshall county, where his father homesteaded and he stayed on the farm until 1906 when he went to Williston, N. Dak., where he bought a homestead and lived there for five years. He then returned to West Valley and built up a farm.

On December 4, 1913 he was united in marriage to Thea Lausness at Newfolden and continued to farm in West Valley until 1944 when he sold his farm and moved to this city where he has since resided.

Surviving him are his wife; one sister, Ida; three brothers, Oscar, Henry and Dan, all of this city and one nephew. He was preceded in death by two brothers and two sisters.

4 Die in Beltrami County Car Crash

Three Young Baseball Players among Victims

Three young baseball players and a Minneapolis man were killed Monday night in a collision of two cars as the LaPorte teenaged team returned from a game at nearby Carr Lake in Beltrami county.

The dead were identified as Vernon W. Nelson, 57, Minneapolis; James, 16, and Lester Ritchie, 15, brothers and Ronald Willet, 16, LaPorte.

Hospitalized at Bemidji were Thomas Pluth, 14, Michael Corrick, 14, both of LaPorte, and Curt Daley, 16, West Elkton, Ohio. Condition of Pluth and Corrick was reported critical.

Police said the crash came at the junction of U.S. Highway 71 and Beltrami County Rte. 4, running to Carr Lake. They reported the car carrying the team was pushed and carried about 100 feet into a roadside billboard by the impact. Nelson was alone in the other car.

Because of a shortage of transportation, officials said the Daley youth had volunteered to drive the team members to their game in a car he borrowed from Burgess Bach, also of West Elkton. Bach was reported vacationing in the LaPorte area. Daley is visiting the Ritchie family.

Officers said survivors had told them young Daley apparently had overlooked a stop sign. The car was struck broadside by the other, in which Nelson was riding alone enroute to Bemidji.

Ralph Luhman to Show $10,000 Bill at Fair Next Week

Local citizens who have never seen a $10,00 bill will have the opportunity to do so at the Pennington county fair July 26 to 29 at an exhibit sponsored by Ralph A. Luhman, Thief River Falls representative of FIF associates, distributors of mutual funds. The bill bears the likeness of Salmon P. Chase, who served as chief justice of the U.S. supreme court from 1864 to 1873.

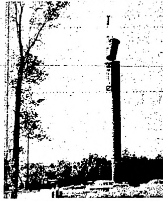
THE LAST section of riser for the new 250,000-gallon elevated water tank south of Nora st. between Merriam and Kneal ave. was hoisted into place and welded Wednesday, July 20, by the five-man crew from the Chicago Bridge & Iron company. Weighing 3,200 pounds, the 16-foot-long pipe was secured and the completed column will now bear a derrick to hoist sections of the legs into place. More men will come to the city soon to join the present crew in completing the tank by Aug. 20.



CABLES were secured to the last section of riser pipe for the new elevated water tank on Nora st. Wednesday afternoon, July 20, and the 3,200-pound unit was hoisted into place and welded to complete that section of the work. The 250,000-gallon tank is expected to be completed by Aug. 20.

Age Is Factor in Drowning Deaths

Half of 65 State Victims This Year under Age 21

An analysis of Minnesota's 65 drowning deaths through July 12 has disclosed that over half of the victims were under 21 years of age, the water safety section of Minnesota's Safety Council announced today.

Twenty-seven victims were ten year of age or less. Eight deaths involved children of "four years and under, who simply wandered away from their parents and toppled into the water," according to the water safety section.

By age classification, drowning deaths were recorded as follows:

Over 21 years old, 29 deaths; under 21 years, 36 deaths; 16 years and under, 32 deaths; 10 years and under, 27 deaths; six years and under 15 death; four years and under 13 deaths; two years and under, 5 deaths.

Factors involved in loss of life by drowning:

Eighteen adult drownings followed capsizing of boats, ten youngsters were victims of "child play" mishaps, six victims plunged through ice, three drowned after their boat struck a submerged object, one died while skin diving, another life was claimed following a speedboat collision, and one adult was the victim of his own anger —when he deliberately capsized a boat.

Gas Appliance School July 27

Personnel of Solar Gas, Inc., will get an inside look at latest thermostatic control devices for home appliances Wednesday, July 27, at the Eagles Hall.

They will be students at a traveling training school touring the area demonstrating proper installation and maintenance of the devices, used for regulating gas heating plants, water heaters, ranges and incinerators.

Business Picks up in TRF Court This Week

Cases in municipal court Monday and later this week took an upturn, compared with the past few weeks. Judge H. O. Chommie presided over the sessions, which included one trial.

Five persons appeared as the result of highway patrol arrests. All pleaded guilty to the charges against them: Delmar B. Rux, city, driving under the influence of intoxicants, $100 fine, driver's license revoked; Emma E. Mehrkens, rt. 5, through stop sign, $15 fine; Calvin L. Hubbs, Chicago, Ill., careless driving, $30; Loren Dean Joppru, rt. 1, failure to yield the right-of-way, accident involved, $30 fine; and Virgil A Prigge, city, speeding 90 at night, $50, speeding 60 in 30 m.p.h. zone, $35, and through stop sign, $15 fine.

Sheriff Charles Richards had three cases: Edward Van de Streek, rt. 2, pleaded guilty to careless driving and was fined $15. Van de Streek's car was involved in a personal injury accident early Sunday.

Hjalmer M. Aaseby, rt. 2, pleaded guilty to speeding and was fined $17.50, while Orville J. Holt, city, pleaded guilty to careless driving and was fined $20.

City police had only three cases in two hearings. Vincent B. Hesse, rt. 2, pleaded guilty to driving with no muffler and was fined $10, and in a trial, Jacob R. McCullough, Goodridge, was found guilty of driving too fast for condition and was fined $15.

Tuesday a 17-year-old youth was brought in on a charge of petty larceny and after pleading guilty was sentenced to 60 days in jail, suspended on conditions set by the judge. He was also placed on probation for a year. The youth was transferred to municipal court from juvenile court in connection with the shoplifting cases uncovered by city police in the past few weeks.

Also Tuesday, the patrol brought in James S. Jensen, rt. 3, on a charge of driving under the influence of intoxicants. He pleaded guilty and was fined $100 and his driver's license was revoked.

In a special hearing Wednesday, Gail Rux, rt. 4, pleaded guilty to driving under the influence of intoxicants and was fined $100 and his driver's license was revoked.

Mrs. Hamerlinck Attends Sunday School Institute

About 100 church school teachers from throughout northern Minnesota, including Mrs. Frank Hamerlinck, Thief River Falls, took part in a training institute at Moorhead, Minn., July 17-20. This institute was the second step in a nationwide training program sponsored by four Lutheran groups.

Participants at Moorhead were trained to lead 15 institutes to be held this fall in the conferences comprising the Northern Minnesota district. The church school teachers of the congregations of the American Lutheran Church, the Evangelical Lutheran Church and the Lutheran Free Church in Northern Minnesota, numbering in excess of 5,000, will be invited to take part in the fall institutes in their locality.

The course presented at the institute is entitled "Know Them Better to Teach Them Better". It deals with the characteristics of individuals at various age levels.

'60 Wheat Support Price up One Cent, ASC Office States

Culkins Announces That Support Price Will Be $1.87 Per Bu. for No. 1

Price support for 1960-crop wheat in Pennington county has been increased to $1.87 per bushel for No. 1 wheat, Patrick W. Culkins, county Agricultural Stabilization and Conservation office manager, has announced.

This definite support rate reflects an increase of one per cent per bushel over the minimum rate announced earlier. It results from an increase in the current national wheat parity price as of July 1, the beginning of the wheat marketing year, compared with a year ago when the advance minimum price was announced.

The current national average price-support rate of $1.78 per bushel is still based on 75 per cent of parity—the same as for the advance minimum support, since wheat supplies for 1960-61 are now estimated at 2,561 million bushels, 190.5 per cent of the estimated normal supply. Under the formula in the law, a wheat supply percentage above 130 per cent calls for the minimum 75 per cent level of support.

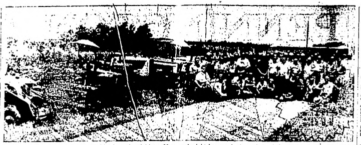
Mr. Culkins said that support rates for loan wheat stored in terminals have also been increased one per cent over the preliminary rates. Information on the terminal rates is also available in the ASC office.

As in the past, wheat support will be available through loans on farm and warehouse-stored wheat and through purchase agreements. Nonrecourse price support on 1960 crop wheat will be subject to a $50,000 limitation unless the producer's 1960 wheat acreage was reduced at least 20 per cent below his 1959 acreage. Loans in excess of the $50,000 will be made on a recourse basis, under which the borrower agrees to repay any amount over $50,000 by Jan. 31, 1962.

Producers in commercial wheat producing states, including Minnesota, must have complied with their 1960-crop wheat acreage allotment in order to be eligible for price support on the crops.

Three from City at Aquatennial

Misses Laura Lund, Gina Gunderson and Geneva Overum flew to Minneapolis Saturday morning where they enjoyed three days of the Aquatennial program. On Saturday afternoon they viewed the Aqua parade and Saturday evening the Aqua Follies. They attended the Music on Parade program at the Memorial Stadium in Bloomington and on Monday the Tamburzinica program at Southdale.



HELPING HANDS of friends and neighbors Monday, July 18, plowed 100 acres for Dennis Pederson, in the left foreground of the group, who has been confined to a wheelchair since he was injured July 5. Pederson's right leg was broken when a bale elevator fell on him. In a three-hour period, 52 men using 37 tractors pulling 112 bottoms, three spreaders and two discs had neary completed the job, and 31 women prepared and served the noon meal. The I. M. Pederson farm is in Excel twp.

60 Persons Join in Purina Livestock Feed Tour Tuesday

Art Dicken, TRF Dealer, Says Successful Event Will Be Repeated in 1961

Interest shown in the first Ralston Purina livestock feed tour Tuesday, July 19, will mean that a second and bigger tour will be planned for 1961, according to Art Dicken of Northland Produce, local Purina dealer.

Sixty livestock feeders, hog raisers, dairymen, businessmen and vocational agriculture teachers went on the tour of actual feeding operations in the getting-the-most-from-what-you-have program sponsored by the company.

Starting at the Alex Wald farm 10½ miles southeast of the city on T.H. 59 at 1 p.m., the group also visited the Fred Grant farm and the Don Wald farm where they observed observations and had lunch.

Don Rich of the Minneapolis Purina office gave talks on present trends of using farm-produced grain and roughage, showing how such operations can be begun on farms that now have idle buildings with very little investment in equipment and gave figures on feeding and labor costs.

Feeders from this area and from the Bemidji, Crookston and Grand Forks areas were among those who commented that they felt the tour was very interesting. Vocational agriculture instructors from Thief River Falls, Goodridge and Plummer also joined in the tour which ended at 1 p.m.

Tom Froehle Tells Rotary of Ireland

Local Young Man Studied at Dublin University

Tom Froehle of this city, gave an interesting report on his experiences as a hitch hiker in Europe and as a student at Dublin University in Ireland at the regular luncheon meeting of the Rotary club Monday noon. He has one year ahead of him at St. John's University, Collegeville, Minn., where he is majoring in English and philosophy and he plans to continue in education.

Ireland is primarily an agricultural country he said and it has made little progress industrially. As a result about 70,000 young men and women leave Ireland every year to find employment elsewhere. The country has a low standard of living and there is much bitterness toward North Ireland which has developed in the fields of commerce and industry and has prospered.

He had covered much of continental Europe as a hitch hiker, which he found to be a very inexpensive way of getting around.

Good Hope Local of FU Sets Picnic at Smiley Sunday

The Good Hope local of Farmers Union will hold its annual picnic at Smiley hall on Sunday, July 24, at 1 o'clock. Each family is to bring dishes, wieners and buns for their own family and something for "pot luck." Coffee, nectar, and ice cream will be furnished. The program will include games and contests.

Social Security Man Here Tuesday

A representative of the Grand Forks district office of the Social Security administration will be in Thief River Falls at the city Auditorium Tuesday, July 26, at 10 a.m. Individuals who have questions regarding social security or who wish to file claims may contact him on that date.

Polk Authorities Arrest 2 Robbers

Armed Pair Picked up Near Mentor Wednesday

Two badly-wanted hoodlums were arrested at Mentor late yesterday by officers from the highway patrol and Polk county sheriff's office, after the Minneapolis detective bureau notified Sheriff Carl Knutson the men were headed north toward Crookston, about 2:30 Wednesday.

Stake-outs were placed Wednesday at two Crokston addresses where the men might stop and all law enforcement cars were advised to be on the lookout for the suspects' car, according to Knutson.

At approximately 5 p.m. Wednesday highway patrolmen Miller, Olson and Gelen spotted the car at the intersection of Highways 59 and 2. As the wanted men were reportedly armed and dangerous the patrolmen radioed the sheriff at Crookston.

The lawmen closed in on the pair at Mentor, the patrolmen from behind, the Crokston lawmen meeting them in front. They surrendered meekly and were jailed in Crookston to await their pick-up by Minneapolis officers.

The two prisoners, Frank Phelps, 29, St. Paul, and Walter Miller, 33, who gave a Louisiana address, are wanted for armed robbery in the Twin Cities area. Officers found a pistol in the dash, fully loaded and with a round in the chamber, in looking through the car.

Accompanying the two men was a woman, Linda Garson, and a seven-months-old baby. No address was given for the woman.

The men are being held in Crookston for the arrival of Minneapolis officers who will return them to the metropolitan area for further action.

NOTICE OF ADVERTISEMENT FOR BIDS

Repair of County Ditch No. 76 of Pennington County, Minnesota

NOTICE IS HEREBY GIVEN That sealed bids will be received at the office of C. W. Rodeukir, County Auditor of Pennington County, Minnesota at the Court House in the City of Thief River Falls, Minnesota until 2:00 o'clock P.M. on the 12th day of August, 1960 for the repair of County Ditch No. 76 of Pennington County, Minnesota.

Said work involves the following estimated quantities:

Excavation	41,478 C.Y.
Clearing	12.1 Acres
Remove port. culverts	2 lin. ft.
Install port. culverts	26 lin. ft.
Remove fence	104 rods

The engineer's estimated cost of construction is the sum of $6,234.58.

Bids shall be submitted on official proposal forms and must be accompanied by a certified check payable to the Auditor of Pennington County, Minnesota or a bidder's bond for not less than ten per cent of the amount of the bid.

At the time and place specified said job will be let to the lowest responsible bidder who will be required to furnish a surety bond to said county for not less than 75 per cent of the contract price and to enter into a contract as required by Section 106.221 of Minnesota Statutes Annotated.

Plans, specifications and proposal forms are on file at the office of the County Auditor, Thief River Falls, Minnesota, and at the office of the Engineer, Lloyd Ofstedal, Crookston, Minnesota for inspection by prospective bidders.

The County of Pennington reserves the right to adjourn the letting of the contract to a time and place other than noted herein, to reject any or all bids, to waive any technical defects in the bid proceedings as it may deem to be in the best interest of the County. No bids will be entertained which in the aggregate exceed by more than 30 per cent the engineer's estimated cost of construction.

Dated at Thief River Falls, Minnesota this 13th day July, 1960.

Mercury Hits 90 Here Wednesday

High of 108 Recorded at Bismarck, N. Dakota

The warmest temparture of 1960 was registered in Thief River Falls Wednesday, July 20, when the KTRF weather station posted a high of 90 but this was cool in comparison to reporting points in the Dakotas.

Bismarck had the hottest reading since Aug. 5, 1941. A broiling 108 degrees was recorded there while Pierre, S.D., had 106, Rapid City had 105 and 100-plus readings were common in many places throughout the Dakotas.

Mostly fair in the south and occasional cloudiness with widely scattered afternoon and evening thunderstorms in the north have been predicted today, tonight and tomorrow for Minnesota. Warmer readings are expected in the northeast section of the state and cooler in the northwest tonight and in the north tomorrow. Continued hot weather is expected for the southern section of the state.

Readings today should be from 80 to 90 in the northeast and from 90 to 100 in the west and south. Tonight, temperatures of 60 to 68 are expected in the north and from 68 to 75 in the south.

Friday night, July 15, hail accompanied by 1½ to 2 inches of rain hit the old Germantown area northeast of Mavie and damage over 50 per cent to grain has been reported on some farms. Hardest hit were the farms of Carl Nelson, George Panek and Billie Wayne. Verne Rogella's farm was less seriously damaged, it was reported.

TRF Legion Jrs. in Semis Tonight

The sub-district American Legion junior baseball tournament in progress at the Fair Grounds diamond here will move into the semifinal round this evening with Argyle playing Lake Bronson at 6:30 P.M.; and Crookston meeting Thief River Falls at 8:30 P.M.

In first round play on Wednesday afternoon and evening, Argyle upset a favored East Grand Forks team, 11 to 8; Lake *Bronson defeated Warren, 16 to* 4; Crookston bested Roseau, 9 to 6; and Thief River Falls eliminated Hallock, 16 to 4.

Argyle took advantage of twelve bases on balls doled out by East Grand Forks' hurlers, Dennis Adair and Dennis Kotrba, to defeat coach Roger Achen's East Siders in the tourney-opening game yesterday afternoon. East Grand Forks out-hit Argyle, 8 to 6, but two erratic innings of baseball by the East Side defense, in the fourth and fifth innings, accounted for nine Argyle runs.

The highlight of Lake Bronson's 16 to 4 win over Warren was the slugging of three home runs, which accounted for nine runs, by Lake Bronsons' first baseman, Loren Grahn. In the first inning, Grahn lofted a home run over the left field fence with runners on first and third; in the fifth inning, with runners on second and third, Grahn, a righthanded batsman, pole another home run over the left field fence; and later in the inning, with runners on first and second, he poled his third home run over the left field wall. His third home run was off the offerings of Warren's relief pitcher, Jerry Cook, with the two previous round-trippers coming off Duane Yeado's slants. The ten-run rule halted the game in the fifth inning.

In first round play last night, Crookston, with a six-run explosion in the fifth inning, overcame a Roseau lead and went on to defeat coach Ray Kavanaghs' team, 9 to 6. Coach Jerry Lindell started righthander Mike Charron on the mound for Crookston, but the youngster, after giving up a run in the first inning, was tagged *for four hits* and four runs in the second inning before speed-balling Jim Turner was brought in from third base for relief duty. Turner pitched one-hit and one-run ball during the remainder of the game. The lone hit and run being a home run over the right field fence by Rick Ulvin in the fifth inning. Turner connected for a two-run home run for Crookston in the first inning.

In the night-cap, coach Ralph Skay's Thief River Falls club, scored ten runs in the fourth inning and, after holding Hallock scoreless in the fifth inning, closed the game on the ten-run rule, winning by a 16 to 4 score.

The locals picked up four runs in the first inning, but Hallock, with two runs in the second inning and a pair in the third, knotted the game at 4-all. The locals' starting pitcher, Eddie Lietzow, gave up seven walks in the two innings he toiled, pitching to three batters in the third inning before burly Mike McEnelly was brought in from first base for relief. McEnelly pitched no-hit and no-run ball for the three innings he hurled, and he collected six strikeouts.

On Monday night, the locals played the Ada Juniors at Ada and dropped a 12 to 9 decision to coach Ken Weber's Ada Juniors.

Fosston, 5, at Bagley, 4.

Schedule, Sunday, July 24
Cass Lake at Thief River Falls (afternoon)
Gonvick at Fosston (night)
Bagley at Erskine (night)

Coach Bob Montabello's Cass Lake club, scored a lop-sided 11-1 win over the Winger Tigers at Cass Lake on Sunday afternoon, moved into the lead in the Northern Minny league. The Bagley Merchants, losing a ten-inning tilt to Fosston, 5-4, at Bagley, dropped a couple of notches in the league standings, holding down third place after having held the league lead for six weeks.

Gonvick, making desperate efforts to gain a playoff berth, upset the Thief River Falls Thieves, 5-4, in a game played at Gonvick on Sunday afternoon.

This week's schedule will be highlighted by the Cass Lake vs. Thief River Falls game to be played at Thief River Falls on Sunday afternoon. In an earlier game between the two clubs, and which was played at Cass Lake, coach Montabello's club, after trailing by a 5 to 3 score entering the seventh inning, rallied *for six runs* to mark up a 9 to 5 decision.

Results of Sunday's games:
Badger, 12, at Thief River Falls, 3.
Greenbush, 11, at Grygla, 5.
Plummer, 2, at Goodridge, 15.

Schedule, Sunday, July 24
Greenbush at Badger
Grygla at Plummer
Thief River Falls at Goodridge.

With but two weeks of scheduled play remaining in the Pen-Ro-Shall league, it is probable that the game to be played at Badger on Sunday, between the Greenbush and Badger teams, will decide the league championship for 1960. The two teams, scoring victories on Sunday, with Badger defeating the Bums, 12-3, and Greenbush taking the measure of Grygla, 11-5, are in a two-way tie for first place, having six wins and two losses each. On July 31, the league schedule will conclude, and playoff arrangements will then be made. In their wind-up games, Badger will play at Grygla, and Greenbush will entertain Goodridge.

Badger, behind the steady pitching of Ron Christofferson, defeated the Bums, 12 to 3, in a game played on the Fair Grounds diamond on Sunday afternoon. Greenbush kept pace with Badger by scoring a 11 to 5 win over Grygla. Goodridge, with Mike McEnelly hurling a two-hitter, defeated the Plummer Red Sox, 15 to 2, in a game played at Goodridge.

The Harmon Forecasts

The other day we received a friendly and welcome letter from Bob Harmon of Middletown, N. Y. Bob, you will recall, was band director at the high school here some years ago, and a golf enthusiast.

And included in this letter was some publicity on the "Harmon Forecasts." It appears that Bob has been having consider*able success in predicting the* outcome of college football games. In the three years that he has been in the football forecasting business, Bob's service has increased its circulation until last season his forecasts appeared in twenty-seven newspapers in twenty-one states. Such papers as the Houston Chronicle and the Des Moines Register & Tribune carry Bob's predictions.

He adds, "I certainly do miss Thief River—I'm convinced it's one of the best towns in the country; and it certainly was a second home-town to me."

Bob expresses great interest in the city golf league, which he was instrumental in reactivating—and he states that "I don't think even a supersalesman could sell the diehards out here on golf leagues—then they would be unable to play in the same foursomes that they have been with for the past 35 years."

Our Nominee

Ole Ekeren has placed in nomination for the honor of being the golfer who hits the longest ball off the tee, the name of Roseau's Don Ross. And there are numerous seconds to his nomination.

Ross, who is a youngster still eligible to play junior Legion baseball, being seventeen years of age, participated in the local golf club's shortstop tournament here on Sunday. In the qualifying round, Don, having a river ball on number five, posted a 39, which carried him out of the championship flight. But it was the blasts off the tee that made Don's game a thing of awe and wonder.

Making due allowance for the fact that the fairways are pavement-hard and that the ball will take an over-long roll, Ross was 'way down the fairway with his tee shot. On number two, where he really let out, Don's drive was just twenty or thirty paces from the green. On the short number four, Don used a nine-iron.

On the long fifth hole, with its dogleg to the left, Ross drove into the river on his first try. His second drive carried the and was within a nine-iron shot of the green. On the comparatively short number six, Ross, who claims that his iron shots are too high, used a four-wood off the tee, and his drive was hole-high to the right of the green.

And what makes these drives so noteworthy is the fact that Ross hasn't been playing much golf this season. About a round or two a week is all.

Down Memory Lane

Carl Wenneberg and I witnessed the Fargo-Moorhead Twins vs. Grand Forks Chiefs Northern league game at Grand Forks on Monday night, and which was won by the Twins, 10 to 2.

Arriving early at the park, we engaged in conversation with a gentleman sitting near the Twins dugout. We learned that he was a scout for the Kansas City Athletics, and he introduced himself as Marvin Olsen.

And what do you know! This fellow, who played three or four years at second base for the Boston Red Sox, many years with the Buffalo Bisons in the International league, and was manager for seven or eight years of the Chatanooga Lookouts of the Southern Association is the same Marvin Olsen who played for Luther college back in the days when we played third base for St. Olaf college. In those days, Luther college was a power-house in college baseball, and our experiences against Luther were unhappy, with lop-sided scores prevailing.

Marvin, who was called "Sparky" during his tenure at Chatanooga, has been with the Kansas City club as scout for the past four years, and his organized baseball career covered eighteen years. The Athletics do not have a "farm" club in the Northern league, but Marv was making "book" on all the players in the league for the Kansas City home office. When minor league players are brought into discussion for purchase or trade, the players' talents as to speed, throwing ability, fielding and batting potential are all listed in a catalog.

Eagles Midgets Tip Erskine 12-2

Local Team to Play at Fertile Friday, July 22

Coach Gene Sack's Eagles midgets baseball team won a Western Border league game on Monday by scoring a 12-2 win over the Erskine midgets in a game played at Erskine.

The midgets will conclude their 1960 league schedule next week. On Friday, July 22, the local club will travel to Fertile for a game; on Monday, July 25, the Ada Midgets will play here on the Fair Grounds diamond; and on Wednesday, July 27, the league schedule will end with the locals playing at East Grand Forks.

Following the conclusion of the schedule, pairings and arrangements for a midget baseball tournament will be made.

TRF Thieves Defeat Warroad Tuesday 3-0

The Thieves of the Northern Minny league took a one-game lead in their exhibition series with the Warroad Muskies by scoring a well-earned 3 to 0 win in a game played on the Fair Grounds diamond Tuesday evening.

Arlan Hjelle, in marking up his second decision in three starts against Warroad and righthander Bob Evenson, gave up but five hits and collected nineteen strikeouts. Evenson doled out but two bases on balls and struck out eleven batsmen.

The game was scoreless until the last half of the fifth inning when an error on Dean Anderson's pop fly to first baseman Rose, and Fred Dablow's double to the fence in left center gave the locals a tally. The Thieves added a run in the sixth inning when, with two men out, Hjelle singled to center field, and then came all the way around the bases on Duane Hodson's two-base blow to left field.

The game's final tally was chalked up in the eighth inning when Harlie Drees, who solved Evenson's slants for three hits in four trips to the plate, sent a ground single past shortstop. Glenn Carlson popped out to catcher Ray Kavanagh. Dennis Bakke and Hjelle walked, filling the bases, and a wild pitch permitted Drees to score.

Hjelle snuffed out several scoring threats by the Muskies. In the second inning, Vern Wahlstrom lined a double to right field. Hjelle picked off Kavanagh's soft liner, and then tossed to second to double off Wahlstrom. Del Hedlund followed with a double to right-*center, but was stranded when* Dave Ganyo whiffed.

Propose Merger Plan for Great Northern, N.P. and Burlington

A plan to unify and operate as a single integrated system the Great Northern, Northern Pacific, Chicago, Burlington & Quincy and the Spokane, Portland & Seattle railway companies has been approved by directors of the two northern lines.

Announcement of the agreement was made Saturday by John M. Budd, Robert S. Macfarlane and Harry C. Murphy, presidents of Great Northern, Northern Pacific and Burlington, respectively. Northern Pacific and Great Northern have equal ownership of 97.18 per cent of the common stock of the Burlington, and jointly own the Spokane, Portland & Seattle railway.

The railways included in the proposal operate nearly 25,000 miles of line in 17 states and the Canadian provinces of Manitoba and British Columbia. Although the Burlington system includes the Colorado and Southern and the Fort Worth and Denver railways, these lines are not involved in the plan.

A joint statement by the presidents announced that:

Exchange of stock ownership as between the Northern Pacific and Great Northern would be on the basis of share for share, with Great Northern stock owners receiving, in addition, one-half share or 5½ per cent, non-voting, preferred stock of $10 par value, for each share held. The preferred stock would be callable and have a mandatory sinking fund provision. Equitable provisions would be made for minority shareholders of the Burlington.

Requirements include clearance of the proxy statement with the Securities Exchange Commission, submission of the plan to shareholders, and applications to the Interstate Commerce Commission for authority to consummate the plan. The presidents' state said that these steps already are being progressed, and that "we will move as fast as possible, and hope the plan will be ready for submission to shareholders by the end of this year."

An independent study complet*ed in 1957 by Wyer, Dick and* Co., New Jersey railway consultant firm, showed the proposed unification would produce eventual operating savings of about $40 million a year, before taxes. The Wyer study now is being updated.

The presidents anticipate that integration of the four lines would be a gradual procedure, requiring at least five years. Details of the operating plan will be presented in the application to the ICC.

It is expected that unification would not substantially affect present employes on the railways involved. In that the plan contemplates gradual integration of properties over a period of years, management believes that natural turnover and retirements would make displacement of employes negligible. It was emphasized that federal satutes and labor agreements protect employes adversely affected by consolidations.

Concerning passenger transportation by the four lines under unification, the presidents' statement said: "We hope that public support of the fine passenger trains, for which these companies have long been noted, will justify continuation of present services."

Newfolden Co-op Elevator Meets

Assn. Handled Total of 1,229,725 Bu. Last Year

The annual meeting of the Newfolden Co-op Elevator assn. was held recently at the Legion Hall in Newfolden.

Ingvald Nyflot was reelected to the board of directors, and Harold Hanson was elected to replace Martin Saugen, who declined renomination. Hold-over members of the board include President Emil Dyrud; Vice President Milford Rokke; Secretary Roy Gast; and directors, Oscar Amundson and Edmund Elseth. Ray Tunheim is manager of the concern.

The operating statement indicates a total gross income of $81,641.80 for the 12-month period of which $24,589.40 was net income. Approximately one-fifth of this amount was income earned at the Strandquist branch and the balance in Newfolden.

The auditor's report also showed that a total 944,976 bushels of grain was purchased at Newfolden and 284,749 bushels at Strandquist for a combined total of 1,229,725 bushels for the 12-month period.

A cash dividend on all grains purchased was declared and these checks will be mailed to patrons shortly after August 1.

WILDLIFE in Minnesota

by JIM KIMBALL

About two months ago, July 13 was marked on many of our our calendars as the date to set the 1960 game seasons. No day in our years is preceded by so much preparation.

Wardens study game populations in their territories, they talk to landowners and sportsmen and then make a report. Before July 13, warden supervisors call a meeting and carefully discuss game seasons with the wardens in their areas.

Area game managers, refuge managers, and other game management personnel make their reports and meet with their four regional game managers.

The section of research and planning gathers information year 'round, which is used in setting game seasons. This includes the results of winter sex ratio counts, spring counts of breeding ducks and pheasants, druming grouse surveys, aerial deer checks, beaver surveys, August roadside pheasant counts, fall bag checks, kill data for all species, and much more. Wardens and managers also help with most of these.

Then, of course, there is the preparation that goes on in the St. Paul office. Questionnaires returned from sportsmen's clubs are summarized, tabulated and placed on large state maps. The same is done with recommendations from wardens, managers and biologists.

Throughout the year, letters concerning game seasons are received from sportsmen and landowners. These are kept in a special file and reviewed prior to and during the meeting. The U. S. Fish and Wildlife Service is consulted to determine the extent of hunting to be permitted in national refuges. Talks are held with the director of state parks, to determine his wishes for handling hunting in the parks. The state division of forestry is consulted regarding deer population in problem areas and of course, a careful study is made of each state refuge to determine the extent of hunting desirable.

The day long meeting to set the seasons is attended by the ten warden supervisors, four regional game managers, the game research biologists, supervisors of the sections of game, warden service and research, plus any staff and field personnel who may have information to contribute.

Everyone who attends is asked to bring his information, his ideas and an open mind. No decisions are to be reached or minds made up, until all the information and ideas have been presented. By keeping this a game and fish family work meeting, no one can be quoted and we get free and stimulating discussion.

The opening dates, but not the limits or season lengths, have already been announced for all species, except waterfowl, ruffed grouse and sharptailed grouse. Waterfowl must wait on a federal government decision, and we held off on the grouse to study whether or not the two seasons could open concurrently. Many sportsmen and clubs are presently giving us their recommendations on this issue. The decision will be reached at this meeting.

Immediately after the meeting, orders are drawn up which must be approved and signed by the commissioner of conservation. Then you will read the results in your newspapers.

The seasons and bag limits finally established will not please everyone and mistakes are not impossible, but they will represent the best judgment of many well-informed people.

Tell of Flax Research at Crops & Soils Day

Flax varieties from foreign lands may eventually give Minnesota flax growers an answer to the dreaded aster yellows disease.

Another possible solution to the virus might be chemicals which, if applied to flax seed before planting, kill the leaf hoppers that carry the disease.

The report was made Tuesday to Crops and Soils Day visitors at the University of Minnesota's Northwest Experiment station in Crookston. U. S. Department of Agriculture agronomist V. E. Comstock said flax selections which show some resistance to aster yellows may be used in development of new varieties.

Aster yellows is a constant threat. While losses haven't been severe in the past two years, the disease wrecked 20 to 30 per cent of the Minnesota flax crop in 1957. Severity depends on numbers of six-spotted leaf hoppers early in May, and whether the hoppers carry the virus. Not all hoppers do.

Comstock said aster yellows-resistant varieties won't be available for several years, but the remarkable thing is that such varieties might be developed at all. Until recently, such resistance wasn't thought to exist.

The first break came when Canadian scientists found resistance in two selections from the World Flax Collection at St. Paul. Later tests by Comstock and R. A. Frederiksen, USDA plant pathologist, confirmed these findings.

One of the selections is from Ethiopia and the other is from North Dakota. However, the battle against aster yellows is far from over. Even the most promising of the two resistant selections wouldn't do as it is. It does not resist rust or yield well. So the aster yellows resistance of this flax must be combined with favorable characterisics of other varieties — which scientists are now trying to do.

"I had six honest serving men: they taught me all I knew. Their names were Where and What and When, and Why and How and Who." —Rudyard Kipling

New York Acts

New York is conducting a drive to let the litterbugs know that they are not good citizens. In one day a thousand of these "rubbish-spouting humans" were ticketed. The following comment by the Democrat Chronicle of Rochester, New York, is interesting:

> "The litterbug is a person we simply do not understand. If in the process of littering sidewalks and roads and fields and parks with his rubbish he injured only other people, we could understand it . . . this would be comprehensible human misbehavior. But such is not the case. The litterbug hurts himself. He has to live in the litter he creates. He fouls his own nest. The necessary and unhappy conclusion is that millions of Americans don't care—or don't even know—if they are living in littered ugliness. Hence littering has been made a crime. That is the only way to get at litterbugs. We don't understand them."

We still think that the amount of litter that is dropped on the streets of Thief River Falls each day would be greatly reduced if the covered barrels that now invite us to keep our city clean were replaced by open-topped containers. From our observations in other cities, there should be several of them in each block. And the contents of these containers should be picked up at least once a month.

Should We Change?

When we consider the possibility of having a Democratic congress and a Republican president in Washington during the next four years we wonder if it wouldn't be wise to reorganize our national government to something more like the European pattern. In Britain for example, the head of the government is elected by the House of Commons, and he retains that office only as long as he has the support of a majority of the members of that law making body.

This practice could be adopted here without much difficulty. As in France we could elect a president to be the administrative head of our government and leave it up to Congress to name the policy making leader. A government organized in that way has the advantage of being able to act more promptly in emergencies. The policy-making head of such a government speaks for the majority and when he no longer has the support of a majority he is replaced by one who has.

To Give, It Must Take

The spenders now tell us that it is well to keep a lot of dollars in circulation as a stimulant to national growth. We hear much talk these days about gross national product and such things. If we give everybody more money to spend presumably we are going to have more gross national product. And that no doubt would be good if it meant an actual increase in the exchange of goods and services.

But if gross national product is measured only in terms of dollars then it is good only to the extent that we have a stable dollar.

In his keynote speech at the Democratic convention Senator Frank Church said we had a much larger annual national growth when Truman was president than we have had during the years of the Eisenhower administration. He neglected to point up two important facts. During Truman's administration we had a war, which meant a lot of wasted national product. And during the Truman year the dollar lost buying power much faster than it has during the past nine years.

The kind of spending they are talking about, regardless of what they call it, is still the same old pump-priming that accomplished nothing more than to build up the national debt during the New Deal and Fair Deal days. Before the government can give, it must either take or borrow, and that which is borrowed must be taken from some future generation.

Why McKinley?

When the Democrats want to say something really derogatory about a Republican they seem to get considerable satisfaction out of associating him with President McKinley. By their strange code, branding a man as a McKinley Republican puts him at just about the bottom of the list. We can't figure why this is.

William McKinley was a good President and a popular leader, with a long record of public service to his credit. He was not a rich man's son. At the age of 18 he enlisted in the Army of the North and came out as a captain. Back in his home state of Ohio he served in the legislature and as governor. In 1896 he was elected President on a sound money platform, defeating Bryan who was for free silver and who was making his famous "Cross of Gold" speeches. And four years later he was reelected, defeating Bryan again.

Under the Democratic administration of Grover Cleveland the country was depressed. McKinley was given credit for restoring prosperity, and his constructive, conservative leadership established a base for nearly twenty years of peace and progress. He was shot and killed by an anarchist named Czolgosz in 1901.

McKinley was not a fancy-phrase maker, and he wasn't long on promises, but his administration had a clean record.

Can anyone enlighten us as to why having some characteristics in common with President McKinley is a bad thing?

Uniquack Speaks

James Reston, Bureau Chief at Washington for the New York Times, has an imaginary electronic gadget that he calls the Uniquack, and to which he turns for help occasionally in his search for interesting copy. Mr. Reston took his Uniquack with him to Los Angeles last week to help him cover the Democratic convention, and when the electronic truth-detector was invited to make its own keynote address to the convention it responded as follows:

"Mr. Chairman, Southern Conservatives, Northern Radicals, Senator Byrd, Senator Morse, Republican Newspaper Publishers, Hollywood Stars, Office-Holders, Office-Seekers, Hot-Dog Salesmen, Ladies and Gentlemen:

"I have been asked to address you because I have no subjective feelings or commitments. I cannot lie or pretend and am not otherwise subject to human folly or the disease of political ambition.

"I was assured that a keynote address has the largest nonlistening audience ever recorded. Accordingly, it occurred to me that, since nobody is listening, I could speak the absolute truth without offending anybody.

"To begin with, this convention is obviously an opulent bore. It is without dignity; it is vulgar, theatrical, ill-mannered, wasteful, ostentatious: a setting for a prize fight or a convention of the Owls, but unworthy of a great nation nominating a president.

"Mr. Chairman, in my stuffy, electronic way, may I suggest that this is an odd moment for frivolity. The world is in a mess, and it is not, as I have heard here repeatedly in the last five days, entirely the responsibility of President Eisenhower. He did not make the world. He is not responsible for the 600,000,000 increase in the world's population since the war.

"Specifically, Fidel Castro is not his baby. This bearded Elvis Presley of the Caribbean is the revolutionary child of Batista and all the other defenders of the rich in Latin America, who were courted by the Democrats in the past well as the Republicans.

"Therefore, Eisenhower is not the issue in this campaign, and if you insist on making him the issue, you will get clobbered in November. He is a passing figure and an affectionate figure at that. He is the president of the transition from Republican isolationalism. He has paid the Democrats the tribute of adopting your policies of collective security overseas and social security at home, and despite all the recent mistakes, this is something.

"Maybe what you should be doing here in Los Angeles is passing a resolution of thanks to the Republicans who forced through the 22nd amendment limiting the president to two terms. For if they had not, you might, after the disappointments of Paris and Tokyo, be faced with running Kennedy against Eisenhower, and you know what that would mean.

"Thus the election is not a judgment on the past but a bet on the future. The issue is not what Nixon did in the campaign against Helen Gahagan Douglas or what he said about the Democratic Party's "affinity for Communism," but what ideas he has for the future, and whether he can govern as president with a resentful Democratic Congress.

"In this convention the facts are fairly clear. The Democratic Party is a loose confederation of quarrelsome tribes. It is out of office and the Republicans are in and it is bound together for the moment by the desire to nominate a man who can reverse that situation.

"Beyond that, it shares only two other feelings: it does not like Nixon and it does not like the present trend of affairs at home or abroad, but that about ends its area of unity.

"There is no agreement here on anything else. The South likes Johnson, who is a political craftsman, but doesn't want to go home with Stevenson who has the gift of eloquence and a sense of purpose. The North is divided about Stevenson, and has its doubts about Kennedy.

"Kennedy, however, has no doubts and has relieved this convention of the torture of decision. He decided the question in advance. He is the American symbol of all the new young men who are toppling the old.

"Los Angeles confirmed what he did in the primaries and the conventions in Milwaukee, Charleston, W. Va., New York and Santa Fe, but it could not reverse the process. He is coming and the others are going, and this is what is happening with the political leadership all over the world."

That new international bridge at Baudette will be dedicated July 30 and that is a proper occasion for celebration for all of northern Minnesota. Anything that is good for a part of the area is good for all of the area. The good people of Baudette deserve not only our congratulations for this, their achievement, but also our thanks. The people of Baudette deserve all of the credit for this good result. We, and other neighbors in northern Minnesota, will share in the benefits.

They Object

(Walter Barnes in Sleepy Eye Herald-Dispatch)

Objecting to a ruling of the state board of education which will require all ninth graders to take a year of mathematics, a delegation from the Minnesota Association of Secondary School Principals led by Carl W. Anderson, principal of a Minneapolis high school, said:

"The board's science-mathematics requirement would disrupt counseling, limit students' opportunities to choose courses according to their interests and abilities, force below-average students out of school, strain both faculties to the breaking point and disrupt courses in smaller high schools."

All of which leads to the question: are schools supposed to teach boys and girls something or just keep them in school and occupied?

FAMILY PUTS 2,000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS
GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kahelin of Plant City, Florida, couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting —"at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the fold-down seat doubles as a built-in baby sitter.

DRIVE A CHEVY CORVAIR
FOR ECONOMICAL TRANSPORTATION

If you haven't driven it yet, you don't know what a delight driving can be. Its steering, response, traction and roadability are unique because it's a unique car —the only U.S. car with an air-cooled airplane-type rear engine, transaxle and independent suspension at all four wheels. Be in on the know. Find out what delightful differences this advanced design makes.

Highway Dept. Using New Land Buying Plan

The Minnesota highway department is now purchasing residential and agricultural property needed for highway right of way by direct negotiation with the property owners on a larger scale than ever before, according to Commissioner L. P. Zimmerman.

Historically, the department has acquired most of the land needed for right of way by the process of "eminent domain" — condemnation, in layman's terms.

But condemnation, because it takes place ultimately through the courts, requires legal and administrative activity which may be more time-consuming and take more departmental man hours than outright negotiation with the residential or agricultural property owner thru whose land a new roadway is planned.

If the same result—purchase of the land for right of way at a cost judged equitable for both landowner and taxpayers — can be accomplished directly between the highway department and the farmer or residential dweller, without need for additional legal and administrative personnel and greater time, the department then figures that both landowner and taxpayer are farther ahead, Zimmerman said.

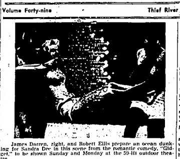
Minnesota's move in this direction, at least in acquiring farm and residential property, is part of a national trend. Of the 48 continental states, more than 40 are now using outright condemnation less and are using other systems such as negotiation as their chief methods for acquisition of land required by the highway expansion of the 1960's.

Minnesota's move toward greater use of direct negotiation has been spurred on by the results of two pilot studies comparing the two basic methods for right of way acquisition. For the past six months, the two studies were operated concurrently in Hennepin county, and in Olmsted and Mower counties.

In the Hennepin county study, 120 parcels of land were acquired under eminent domain—condemnation procedures. Thirty-two owners appealed the appraiser's award, 30 of these cases were settled out of court, and only two went as far as a jury trial. But under direct negotiation, of 117 parcels appraised, only seven were not negotiated. There were comparable findings in the rural pilot study.

A comparison of the studies proves, according to highway department officials, that direct negotiation for residential and farm property produces faster results at less cost in departmental man-hours and tax dollars, and with just as satisfactory a conclusion, in most instances, for both the property owners and the department operating in behalf of the citizens.

"It is hoped," Commissioner Zimmerman said, "that greater public acceptance will result from direct purchase. However, condemnation procedures have proved a satisfactory method in most instances in the past, and we intend to continue using this method as our chief means of acquiring large industrial and commercial properties in the future."



James Darren, right, and Robert Ellis prepare an ocean dunking for Sandra Dee in this scene from the romantic comedy, "Gidget," to be shown Sunday and Monday at the 59-Hi outdoor theatre.

Eyes to Be Checked at 50 County Fairs

Will Show If Vision Is Equal to Drivers' Tests

Highway department driver license examiners will be giving free eye checks at more than 50 county fairs during the next two months, the department announced today. Using the same equipment on which eyes are given acuity tests for license examinations, the uniformed representatives will span the state in as many fairs as can be reached.

The examiners will give fairgoers the opportunity to learn whether or not their vision is than, equal to or beter than the requirements for a Minnesota driver license.

The examinations will be given at highway safety exhibits sponsored by the highway safety division in cooperation with local safety councils, the highway patrol, local police agencies and the county fair boards.

This is the first year the department has made available eye testing in most of the state. Previous checking services were given at isolated fairs and at the Minnesota state fair.

Drivers' Manual Issued by State

A new, comprehensive drivers manual is being issued by the Minnesota highway department, revising the previous manual which had been issued several years ago. The 64-page booklet contains the complete text of materials needed to study prior to writing a driver license examination. In addition, 34 colored illustrations demonstrate proper driving maneuvers.

"Every person should be familiar with the contents of this manual prior to attempting to take a test," Mark Markson, chief of the highway safety promotion section, said. But we feel that every motorist should review the booklet and always know its contents. More experienced drivers need the review that the study of a driver manual will give them."

The manuals are available without charge from the Minnesota highway department, St. Paul 1, Minnesota.

105,000 Deer Bagged in 1959 Open Season

Results of the 1959 hunting seasons were made known today in a report issued by the Minnesota game and fish division.

Big game hunters took nearly 105,000 deer during last fall's firearms and archery seasons. This harvest has been termed "largest in the history of the state". Hunter success reached a whopping 53 per cent, being "among the highest for any state in the nation."

Some 200,602 firearms hunters and 11,869 archers took to the woods last fall under conditions that were nearly ideal for deer hunting. Hunter success in the northeast region where a nine day season was held reached 59 per cent, while in the extreme southeast firearms hunters enjoyed 56 per cent success.

Pheasant hunters took 890,000 birds during the 30-day cocks-only season. This is considerably below the 1958 all-time record kill of 1,561,963 but higher than the 1957 kill of 775,614 cocks.

Ruffed grouse hunters harvested 416,769 birds, while 44,965 sharptailed grouse were bagged. Over 300,000 squirrels, 391,000 rabbits and hares, 25,620 raccoons and 34,325 fox were taken during last fall's small game seasons.

Trappers took one-quarter of a million fur-bearing animals including 83,368 muskrat, 42,200 mink and 19,400 beaver.

While upland game and fur bearer harvests were generally lower than in 1958, game officials scored the statewide hunting "generally fair". Gopher state deer hunters have consistently enjoyed good success over the years with last year's season reaching a new high for animals bagged.

Marine Office in G. Forks to Close

Major D. A. Chiapetti, officer in charge of the Marine Corps recruiting station, Minneapolis, has announced that the Marine Corps recruiting office presently located in Grand Forks, North Dakota, will be closed July 31.

He stated that young men of this area who are interested in obtaining information about the Marine Corps should write to the recruiter, Post Office Building, Fargo, North Dakota.

Elmer Henrickson was absent when his name was called for $30 Saturday evening. Ronald Carlson and Helmer Johnson each received $5. Jerry Jevne was absent.

Summer Band Schedule

The Strandquist Public School Music Department wishes to announce that the summer band schedule is now in operation. It is as follows: The A band meets at 1:00 p.m. on Monday, Wednesday and Friday. The Junior band (beginners) meet at 10:00 a.m. on Tuesday and Thursday. All A band members are requested to take note of the practice time and please be in for each practice on time. All Junior band members which includes those student who have played in the past but were not yet in the A band plus all students who wish to start on a band instrument, please take note of your meeting time and come in each day as these are the only opportunities you will have this summer. Each student is given a time for his or her private lesson. The private lesson is equally important to you and you are requested to be present at each of these sessions. We urge that the parents make a note of this schedule and help their band student observe it.

Parents who have children not yet in the instrumental program please come in to see Mr. Hermann, your new director to talk over the possibility of getting your child started on a band instrument.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Mark	4	26-32
Monday	Matthew	25	1-13
Tuesday	John	6	1-14
Wednesday	Ephesians	6	1-4
Thursday	Proverbs	22	1-6
Friday	Psalms	103	13-19
Saturday	Matthew	19	1-6

Maybe you like smiling babies? Sorry to disappoint you, but I've got a lot on my mind.

There's something wrong in America . . . and I'm the chap who is getting hurt!

Our Constitution says that no one can be denied the right to worship God. I'm an American! According to the Constitution I have the right to learn about God, to hear the Bible Stories, to be taught the Christian Way of Life.

But here's the hitch. While the Government can't deny me the right to attend Church School and Church — MY PARENTS CAN. They can rob me of my most sacred right just by neglecting my spiritual needs.

Did you know that about half the children in America are growing up without religious training? And yet there's a church in every village!

Yessir, I'm serious! Instead of *talking* about juvenile delinquency, we ought to *do something* about it. We ought to crowd our churches with children . . . and parents! And we ought to start Sunday!

Wheat Raisers Favor [illegible] by Big [illegible]

Pennington [illegible] Farmers Su[illegible] Quotas by [illegible]

Marketing quotas will apply to the 1961 crop of wheat, Patrick W. Culkins, manager of the county Agricultural Stabilization and Conservation office announced today.

The decision was made by growers voting in a referendum July 21 in the nation's 39 commercial wheat states. In Pennington county the referendum figures were 118 votes (99.1%) in favor of quotas; 1 vote (.9%) against.

With marketing quotas in effect the marketing program for wheat in 1961 will be essentially the same as it is this year. The farmer who complies with his 1961 acreage allotment will be able to market all the wheat he produces without penalty, and will be eligible for price support at a minimum of $1.78 per bushel.

A farmer who exceeds his allotment will not be eligible for price support. In addition, any farmer not taking part in the feed wheat program who produces more than 15 acres of wheat and exceeds his acreage allotment will be subject to a penalty on each bushel of excess wheat.

Marketing quotas have been in effect for the past seven crops of wheat, including the 1960 crop.

The referendum Thursday in the 39 commercial wheat producing states showed farmers approving the controls—with harsh penalties for overproduction—by 87.3 per cent.

Had the program been defeated, price supports would have dropped to $1.18 a bushel for those farmers who planted within their acreage allotments.

A two-thirds majority of the votes was necessary to enact the program for 1961. Unofficial returns showed 148,766 votes for strict controls and 21,631 against.

Upper Midwest farmers again provided the control program with a safe margin of victory. Returns from all but one township in Minnesota showed 6,827 yes votes and 250 no votes for a favorable margin of 96 per cent.

North Dakota approved controls by a 44,675 to 2,454 margin and South Dakota favored the program 13,272 to 694.

2 Tavern Robbers Taken at Mentor

Minneapolis Robberies Netted More Than $4,000

Two men arrested at Mentor last Wednesday in connection with 13 Minneapolis tavern robberies have been under questioning there after they were returned to Minneapolis last Thursday.

The two, Frank "Rocky" Phelps, 29, and Walter Miller, 33, were arrested last week after Polk county authorities were alerted by Detective Inspector Charles Wetherille of Minneapolis. The arrests were made through the combined efforts of the highway patrol, Polk county sheriff's office and Crookston police about 5:30 last Wednesday after they were spotted by patrolmen near Erskine.

Robberies leading to the arrests of Phelps, Miller and two other men in Minneapolis and Hutchinson netted more than $4,000, according to Minneapolis authorities.

A woman traveling with Phelps and Miller, Mrs. Linda Garson, was released but was to report to Minneapolis last Friday. Three of the men involved in the robberies were listed as parolees from Minnesota penal institutions while Miller was identified as a parolee from a Louisiana prison.

PRICHARD BROS. TO ERECT LAKE BRONSON BUILDING

The contract for erection of a tourist camp building at Lake Bronson state park was awarded recently to Prichard Bros. of Thief River Falls on their bid of $16,602.05, it was announced by U. W. Hella, director of state parks.

GUESTS of the Luther Leagues of the First Lutheran church of Thief River Falls this week from Thursday, July 28, thru Sunday, the 31st, are these four caravaners from the West Coast, who were chosen from a group of 40 to tour the Red River Valley conference. Members of the touring party are Ronald Olson, Oakland, Calif., left above; George Engdahl, Spokane, Wash.; Kathleen Anderson, Sedro Wooley, Wash.; and Linda Carter, Sacramento, Calif. Meetings will be held at the First Lutheran church from 9 a.m. to 9:30 p.m. to demonstrate methods of building better Luther Leagues.

S. R. Dahlen Is Named President American Field Service Group

At a meeting of the AFS (American Field Service) chapter of Thief River Falls July 18, officers were named for the 1960-61 year and plans for future operations discussed.

Stanton Dahlen was named president, succeeding Joe Iverson, who has resigned his school post. Connie Ekeren was elected vice president, Mrs. Robert Bredeson reelected sertary and R. J. Drydn was retained as treasurer. Arnold Larson was appointed executive secretary of the organization by the newly-elected president, and he also named Dr. R. G. Anderson as membership chairman.

Viggo Christian Berg Fischer of Karrebaeksminde, Zealand, Denmark, was officially accepted as the Thief River Falls AFS student for the 1960-61 school year. He will make his home with the Maynard H. Mehrkens family in rural Thief River Falls, and he is expected to arrive about the middle of August.

Before submitting his resignation, Iverson offered a brief report on the growth and present status of the local AFC chapter. He emphasized that the chapter, which was organized two years ago, has the total responsibility for the AFS program in this community. While the chapter is entirely dependent on the financial contributions from community organizations, it serves as the hub for all AFS activities. "It is most important," Iverson reported, "that AFS chapter membership be composed of representatives from all interested community, social and fraternal organizations."

During the two years that the AFS chapter has functioned, two AFS students have been sponsored (Mochammad Stachrani

Dr. Kenneth W. Rye to Leave August 1

Sells His Veterinary Practice to Dr. Hazard

Dr. Kenneth W. Rye, veterinarian here the past three and one-half years, announced this week that he has sold his practice to Dr. Frank Hazard, who is coming from Worthington, Minnesota, to take charge August 1.

Dr. Rye stated that he will be associated with Norden Laboratories of Lincoln, Nebraska, manufacturers of veterinary pharmaceuticals.

Dr. Hazard, who is a 1959 graduate of the University of Minnesota college of veterinary medicine, has been employed by the Minnesota state livestock sanitary board. He is the husband of the former Miss Violet Hunt, daughter of Mr. and Mrs. Ralph N. Hunt.

Vic Aalbu, Gonvick Publisher, to Seek Legislature Post

Files for Office to Be Vacated by Retirement of Rep. W. E. Day, Bagley

Victor H. Aalbu, Clearwater county publisher, has filed for representative from the 65th legislative district. This post has been held the past 40 years by Walter E. Day of Bagley who announced his retirement this spring.

Mr. Aalbu, who was raised in Plummer and Thief River Falls and lived for a time at Oklee, is publisher-editor of the Clearbrook and Gonvick Leader-Record. He took over publication of the newspaper after having worked on the Warren Sheaf from the time he was discharged from the navy in 1946 until 1952. He received his journalism background on the former Thief River Falls Forum where he was associated with his father. During WWII he served with the U.S. Signal Corps and aboard the destroyer-escort USS Gates as electronics technician in the Pacific theatre.

He is presently serving his second term as mayor of the village of Gonvick. He has been closely associated with the various phases of local government and community activities and is a member of the Clearwater county fair board. He is a past president of the Red River Valley Editorial Ass'n, and a member of the professional journalism fraternity of University of North Dakota chapter.

In his filing statement, Mr. Aalbu said he feels his experience in public office and background gained in the newspaper business with its close relationship to district legislative problems, makes him qualified to represent the people of the area equally and without obligations to special interests. He added he will strive to give the office dignity and responsibility.

Filing Deadline Is This Afternoon

With today the final day for candidates to file for county offices, only Henry Storhaug, clerk of court, and the three incumbent rural commissioners had filed for office up to 10:30 this morning, indicating that unless a last-minute rush of filings occurs there will be no county contests in the September 13 primary and possibly not in the November 8 election.

Car Strikes Rear of Oklee School Bus Wednesday

A car struck the rear of an Oklee school bus last Wednesday, causing considerable damage to the car and minor injuries to a passenger in the car.

The car, driven by Robert J. Bernier, Oklee, struck the bus driven by Rudolph H. Hruby, as it was stopped just south of the intersection of highways 92-222 *south of Oklee, according to the* highway patrol.

A passenger, Eugene Christianson, Oklee, sustained cuts and bruises in the mishap. Charges in the case are pending, according to the patrol.

Three Men Appear in Court Thursday

EGF Man Is Fined $100 for Indecent Exposure

Three cases in municipal court were heard in a special session last Thursday.

Brought in by city police was Larry J. Flashe, Fargo. Flashe pleaded guilty to following another vehicle too closely after his car struck another, driven by David G. Kankel, city, who had stopped for the stop sign at Sixth st. and Main av., at 5:13 p.m. Wednesday causing $90 damage to Kankel's car, $95 to Flashe's. Flashe was fined $15 by Judge H. O. Chommie.

Police also brought in Charles C. Froseth, East Grand Forks, for indecent exposure in the Falls Theatre. Froseth pleaded guilty and was fined $100.

Sheriff Charles Richards brought in Maynard Thorson, city on a fraudulent check charge, to which Thorson pleaded guilty and was given a 30-day jail sentence, which was suspended on conditions set by the judge.

Heat Continues after Light Rain

.22 Inch Recorded Here in Shower Sunday Night

Thunder, lightning and black clouds produced only a disappointing 0.22 inch of rain Sunday night and early Monday morning in Thief River Falls but other nearby areas were a little more fortunate.

According to the TRF weather station, St. Hilaire recorded 0.2 inch, Mavie reported 0.35 inch, Silverton had 0. 3 inch, Smiley had 0.39 inch, Plummer recorded 1.3 inches and southeast Pennington county reported 0.8 inch.

Partly cloudy and cooler has been forecast for today and generally fair and cool tonight and tomorrow. Winds from the west will be from 10 to 15 miles an hour today.

Highs today are expected to be from 75 to 85 and lows tonight in the 50's.

No reading of below 80 degrees has been recorded locally since July 5 and temperatures during daylight hours last week and over the weekend have ranged from Wednesday's high of 90 to Monday's 80. Early morning readings have been between Monday's and Saturday's 56 to yesterday morning's 72.

Two Men Killed at Donaldson July 23

N.D. Men's Car Crashes Into Train Locomotive

Two North Dakotans died instantly late Saturday evening July 23, in the crash of their car with a speeding Great Northern passenger train just outside Donaldson, Minn.

The car driven by James C. Schwartzbauer, 19, St. Anthony, N. D., struck the Great Northern flyer on the western outskirts of Donaldson about 11:50 p.m. Saturday. Schwartzbauer and his passenger, Hendrik Junknegt, 36, Mandan, were killed instantly by the impact, which completely demolished the car.

They were just entering Donaldson from the west on highway 11 when the crash occurred, according to the highway patrol. They hit the locomotive near the steps leading to the engineer's compartment, patrol authorities said.

According to GN authorities the train had no "slow" orders and was traveling between 55-65 m.p.h. Engineer was Fred Rose, Grand Forks.

Republicans Open Chicago Convention

Nixon Expected to Be Nominee; Fight on Platform Looms

The 1960 Republican national convention opened in Chicago this morning at 10 o'clock, and with Vice President Richard Nixon a strong favorite for the presidential nomination, principal speculation centered about the party's choice for his running mate, as well as some of the planks in the platform now being drafted for submission to the convention Wednesday evening.

The Nixon forces remained in firm control so far as delegate strength was concerned. They were certain to win their platform demands on the floor Wednesday night if need be and to follow this up by winning the presidential nominations for Nixon and his hand-picked running mate.

The word Sunday was that Henry Cabot Lodge, United States ambassador to the United Nations and former Massachusetts senator, was Nixon's personal choice for the vice presidential role and destined for nomination, barring a last-minute unexpected reversal by Governor Nelson Rockefeller of New York, who repeatedly has spurned the post.

Rockefeller continued to insist that we would not take the vice presidency under any circumstances with the fact of a nomination voted by the Republican convention against his will.

He told a friend that declining the nomination under such circumstances might destroy him politically but he was prepared to risk such a fate if need be.

Child Evangelism Unit to hold Camp

The Child Evangelism Fellowship of Kittson county is sponsoring a camp at Galilee Bible camp grounds, Lake Bronson, August 1 to 6. All children ages 7 to 13 are welcome to attend. The fees are $8 for the first child and $6 for each additional child of a family. Miss Olive Anderson, acting director, will be in charge of registrations at the camp in the forenoon of August 1. Registration blanks may be obtained from Hilda R. Rachuy, secretary, Box 68, St. Vincent, Minnesota.

Pennington Fair Opens Tuesday for Four Days

Additional Features of Jaycee Aquacade Developed Thursday

Final arrangements for the 1960 Junior Chamber of Commerce Aquacade August 6 and 7 were discussed at the organization's annual picnic Thursday evening, July 21, in Riverside park.

Charles Samuelson, co-chairman with Roger Tunberg of the Aquacade Queen contest, announced that Miss Minnesota will take part in the Saturday, August 6, festivities of this year's celebration.

Samuelson also announced that Miss America would be available during the 1961 Aquacade either the first or second Wednesday of August. Although the two-day celebration is usually scheduled for a Saturday and Sunday, the possibility of a change in dates next year will be considered by the local chapter's board of directors.

Also taken up at the joint meeting with the Mrs Jaycees were plans for the popular dunking stand at the Pennington county fair. The booth will be set up this evening in time for the fair's opening Tuesday, July 26, and will be operated by chapter members.

The All-State Jaycee meeting in Alexandria July 30 was discussed by Bruce Hall. The meeting is especially planned for committee chairmen and officers.

TRF Woman Has Huge Easter Lily

A picture story in a Twin Cities newspaper July 10 has been topped by a Thief River Falls family.

Mrs. Florian Kritz, 211 Crocker av. N., called the Times to relate that the earlier story of a 5½-foot Easter lily in Minneapolis is really nothing compared to her plant which, for several years, has produced a seven-foot stalk. This year, the lily is again tied to the west side of her house and has produced 22 blossoms.

Temporary Water Drouth Two Days

Malfunctioning Pump — Fails to Keep Tank Filled

Use of greater amounts of water than usual caused failures in the city's system twice last week.

According to the department, a pump furnishing water to the elevated tank "loses its prime" when excessive amounts of water are used. The processing of turkeys at the Land O'Lakes plant requires large amounts of water and this, coupled with the city's use during the recent, hot dry weather have resulted in the failures, it was explained.

Housewives and others discovered that they were without water Wednesday evening and again Friday morning for short periods. Air conditioning units in some downtown business places also failed when the supply of water was cut off.

LEOLA DYRUD PICTURED IN MPLS. TRIBUNE JULY 31

A photo of Leola Dyrud of Thief River Falls will appear in the Minneapolis Sunday Tribune's Picture Sunday magazine, July 31. The photo is included in a pictorial feature on the Augsburg College band tour to Alaska under the heading "It's Hard to Beat a Band." Miss Dyrud is shown viewing the scenery along the Alaskan highway.

Thrill Program Set Tuesday Night; Car Given away Friday

Final details are being completed today for the 59th annual Pennington county fair, which opens a four-day run Tuesday, July 26. Exhibits will be received and placed the opening day, while a thrill program in front of the grandstand Tuesday evening will by supplied by Aut Swenson's Thrillcade, an aggregation of daredevil automobile and motorcycle riders, augmented by other acts.

The Marlo Shows Productions will present a flashy revue before the grandstand audience Wednesday, Thursday and Friday evenings. The program will include a group of pretty girl dancers, and circus and vaudeville acts, among them being bicycle and unicycle, acrobats, contortionists, trained dogs, jugglers and a clever puppet show.

Friday afternoon at the fair will be devoted to a series of horse races, with a kiddies pony race as an added attraction. A field of 15 horses is expected to compete, starting at 4 p.m.

The big feature of Friday evening's show will be the award to some lucky ticket-holder of a new 1960 model Chevrolet automobile.

As in past years, Pennington county 4-H club members will play a prominent role in the fair, being represented by hundreds of exhibits. The 4-H Parade of Champions will march past the grandstand Wednesday evening at 7:30, and 92 demonstrations will be given during the fair, including bread and pie baking, food, clothing, agriculture and other activities.

The food stand in the 4-H building will be enlarged, and will be under the direction of Mrs. Caster Moe and Mrs. B. J. Vatsaas.

LaVonne Anderson Is Selected as Queen of 1960 4-H Style Revue

QUEEN of the 1960 4-H Dress Revue is LaVonne Anderson, second from left, the daughter of Mr. and Mrs. Orvin Anderson. LaVonne, 16, a member of the Highlanding club for seven years, will represent Pennington county at the state fair in August. Chosen as her attendants were Sharon Nelson, left, of the Smiley club; Margie Vik, second from right, of the St. Hilaire club and Sandra Gunderson, right, a member of the Rocksbury 4-H club.

LaVonne Anderson, 16, a Highlanding 4-H member for seven years, was chosen the queen from 89 entries in the annual Pennington county 4-H dress revue Wednsday evening, July 20, in the city Auditorium. She will compete at the state fair in August.

The 1960 style revue queen, a pupil at Goodridge high school, is daughter of Mr. and Mrs. Orvin Anderson.

LaVonne was crowned by Pat Hornseth, last year's queen, following judging which began at 6:30 p.m. and the public style show at 8:30.

Chosen as her attendants were Sandra Gunderson of the Rocksbury club, an entry in the beginners' class; Margie Vik of the St. Hilaire club, who was in the junior division; and Sharon Nelson of the Smiley club, who was in the advanced division.

Girls modeled wearing apparel which they had made during the past year as their 4-H clothing projects.

Blue ribbon winners in the beginners' division included LaDawn Rude, Susan Dagen, Kathy Breiland, JoAnn Kraemer, Patricia Larson, Judy Maxson, Sharon Petron, Charlotte Myers, Sandra Gunderson and Ruth Peterson.

Winners of blue ribbon awards in the juniors' division were Janice Maxon, Marge Vik, Janice Sabo, Joan Maxon, Bonnie Finstad, Diane Lovly, Nancy Newton, Carol Breiland and Lorna Moe.

In the advanced division, blue ribbon winners were LaVonne Anderson and Sharon Nelson.

There were 42 entries in the beginners' division, 37 in the juniors' division and 10 in the advanced division. The commentary during the style revue was given by Julie Gerber, county 4-H assistant.

Dean Stephenson of San Diego, Calif., arrived last Monday to spend a few days at the Carl Holbrook home.

Paulette Zachar and Dean Joppru Wed July 3

The St. Bernard's church was the scene of the marriage of Paulette Zachar and Dean Joppru Saturday, July 9, with Rev. Keough Patnode officiating at the double ring ceremony in the presence of 65 guests.

The bride is the daughter of Mr. and Mrs. Elmer Zachar of this city, and the bridegroom is the son of Mr. and Mrs. Melvin Joppru, also of this city.

Baskets of carnations, roses and peonies graced the altar as the organist, Beverly Kleinvachter, played the nuptial music and accompanied the chorus as they sang "Ava Maria."

The bride, escorted to the altar by her father, was attired in a white ballerina length gown of lace and tulle over satin featuring a lace jacket, three quarter length sleeves and a bouffant skirt and her fingertip veil was of pleated net and lace with tiny multicolor sequins. She wore rhinestone earrings, a gift of the groom and carried a heart shaped bouquet of tulle matching her dress filled with red roses and dress length streamers trimmed with rose buds.

Attending as maid of honor was Sharon LaCoe with Lynda Booren as bridesmaid and they wore pink ballerina length dresses of net over satin and their headpieces were of narrow bands trimmed with sequins and net matching bouquets. Their bouquets were heart shaped net filled with pink roses and their pearl earrings were a gift of the bride.

Robert Pahlen served as best man with Donald Joppru, brother of the groom, as groomsman. The gentlemen of the bridal party wore light gray business suits and the groom wore a red rose boutonniere with the attendants wearing pink carnation boutonnieres.

For her daughter's wedding, Mrs. Zachar chose a white brocade sheath dress with white accessories and the groom's mother wore a pink dacron with pink and white accessories.

Following the ceremony, a reception was held in the bride's home with approximately 40 guests attending. The bridal table was centered with a square three tiered wedding cake trimmed in pink and white and topped with a miniature bride and groom. Pink and white flowers and bridal candles graced either side. Mrs. Conrad Helgeson, aunt of the bride, cut the wedding cake with Mrs. Wm. Sheedy, grandmother of the bride, pouring. Barbara Joppru, sister of the groom, was in charge of arranging the gifts, with Mrs. Melvin Joppru, mother of the groom, at the guest book.

For their trip the bride chose a pale blue sheath dress with matching accessories. The bride and groom are now living in their trailer house at the Melvin Joppru home in rural Thief River Falls.

Out of town guests were from Tower, Babbitt, Pinewood and Newfolden, Minn., and Lakota, North Dakota.

A. Pihl-C. Quist To Speak Vows July 30

Agnetta Pihl, daughter of Mr. and Mrs. Gosta Pihl of Bromma, suburb of Stockholm, Sweden, and Carl G. Quist, Jr., son of Supt. and Mrs. C. G. Quist of Oklee, have announced their plans for a July wedding.

The wedding will take place in the Zion Lutheran church at Oklee at 3:30 p.m. Saturday, July 30. They wish to extend an invitation to their friends to attend the wedding and also the reception which will be held in the church parlors immediately following the ceremony. No invitations are being sent and everyone is welcome.

Geraldine Miller Russell Erickson Wed In Roseau

Geraldine Lois Miller, daughter of Mr. and Mrs. Gerald W. Miller of Roseau, and Russell Winton Erickson, son of Mr. and Mrs. Andy Erickson of Badger, were married Saturday, July 2, at the English Lutheran church in Roseau with Rev. Jacob Andreasen officiating.

Mrs. R. J. Halverson played the nuptial music and accompanied the soloist, Mrs. Ronald Croone.

The bride, given in marriage by her father, wore a gown of rice paper silk with a princess empire waistline and a cathedral train. Her fingertip veil was held in place by a Swedish crown of pearls and rhinestones and she carried a bouquet of Calla lilies.

The maid of honor was Carol Jean Miller, sister of the bride, with Miss Lois Erickson, sister of the groom, as bridesmaid. They wore identical dresses of blue silk organza and carried cascade bouquets of white spider mums.

Sheldon Erickson, brother of the groom, served as best man and John H. Soberg, Jr., was groomsman. Mr. Ronald Croone of Waseca and Mr. Gary Erickson served as ushers.

For her daughter's wedding, Mrs. Miller chose a blue chiffon dress with matching accessories and the groom's mother wore a white dress with matching accessories.

Following the ceremony, a reception was held in the church parlors with Mrs. John Soberg, Jr. as hostess. Mrs. J. A. Helgeson and Mrs. Ben Danielson poured and Mrs. Harold Esteb, aunt of the bride, and Mrs. Lillian Johnson, aunt of the groom, cut and served the wedding cake. Mrs. Richard Stal served the punch.

The couple spent their honeymoon in Northern Canada.

The Library Corner

by Eleanor Olson

Thinking forward to the flower show to be sponsored by the Friends of the Library on August 6, I brought home the Sunset Flower Arrangement Book by Nell True Welch. I mentioned this book briefly some time ago as a lovely memorial gift given to the library by the TRF Garden Club in memory of Albert Swanson. But at the time I didn't have an opportunity to read it thoroughly.

Now as I study the marvelous photographs and diagrams closely I came to the conclusion that here is another artistic achievement very like abstract painting. A novice to the world of painting usually looks upon an abstract as something that just happens, as something that requires neither skill nor training. If you listen long enough you inevitably hear a remark like, "My four year old nephew does better with his finger paints."

By the same standard any four year old child can thrust flowers into water in a milk bottle, but the results are usually far removed from floral studies of balance, form and color such as shown in Nell Welch's book.

I was even tempted to excuse the sheer perfection of these arrangements to myself with the thought that if I had those beautiful containers I could make lovely arrangements too. I was simply failing to face the facts that the first requirement of a good flower arranger is the ability to recognize potential.

I am sure that I would have walked right over the rocks and pieces of driftwood that were used as foundations for many of the flowers. To have an eye for the right curving branch or a flower in the right stage of development requires both experience and openness of mind. Nell Welch obviously takes the flowers of her garden as they are, making use of both their talents and their handicaps, instead of frowning on them as not good enough. I am convinced that I must do the same, but a thorough look at this book made me see why flower arranging is a carefully taught art in the Orient, and I no longer expect to become an expert overnight.

The other book I brought home seems perfect for people who, like me, are gardening enthusiasts who have more space, time and interests than money for new root stock. We are opening up two new borders in back of the house that I would like to fill with perennials that require a minimum of attention, but I feel to buy more than I have this year would be an extravagance. So I have begged, borrowed (but not yet stolen) starts of plants from all the gardeners I know.

Now along comes this book called Plant Propagation in Pictures by Montague Free. On the cover it says it will show me how to increase my plants by division, grafting, layering, cuttings, bulbs, tubers and sowing seeds and spodes. And it does! It is truly an exciting book for amateur and experienced gardeners alike.

It provoked my husband to suggest we put a fifteen foot extension on the garage to start plants in. (Could be he got tired of stumbling over flats in the dining and bed rooms last spring.) A new potting shed may be a pipe dream, but I still have had lots of fun with this new book and will have for several years to come.

Bill Kjeldahl Says He Will Run for State Post

Bill Kjeldahl, administrative assistant to Minnesota's first congresswoman, Mrs. Coya Knutson, before the defeat of her third-term try in 1958, announced Friday he's filing for state treasurer to help "fight smears and falsehoods" of that campaign.

"I want to prove my character is above reproach and above the false charges of two years ago," Kjeldahl said in a filing statement.

Kjeldahl was threatened with a suit by Andrew Knutson, Oklee, the ex-congresswoman's husband, shortly after Knutson's "Coya Come Home" letter gained national publicity and brought charges, denials and countercharges in a colorful campaign out of which a Republican farmer, Odin Langen of Kennedy, emerged as victor over the Democratic-Farmer-Labor congresswoman. Kjeldahl said he'll file for treasurer as a DFL'er.

Knutson later withdrew his charges against Kjeldahl. This year, with Mrs. Knutson announcing a comeback try, Andy says he'll vote for her.

Mack's CANDID COMMENT

BY V. M. DRAPER

Max Conrad, Winona, Minnesota's gift to aviation, was in Grand Forks a few days ago and made several disclosures to a reporter there in the course of an interview.

For one thing, he isn't particularly pleased to be dubbed "the Flying Grandfather." The term, Max says, carries the implication of near-retirement, whereas he feels he is good for a lot more mileage before giving up his aerial wanderings.

As a matter of fact, Max started his long-distance flying at an age when most pilots are feeling too old for such shenanigans. Presently he holds three light plane records that aren't apt to be broken for a good many years to come, two of which were single-engine distance records set over water. You who think flying in single-engine planes is risky have neglected to read aviation history or face the facts as practically all aviation history was made in single-engine ships.

You needn't feel badly, however; our hide-bound aviation brass hats in Washington are still peddling the notion it takes a multi-engined plane piloted by two supermen to make flying safe.

If our highway department were regulated on the same theory as FAA regulates aviation, our highway death rate would take a phenomenal drop—and so would the mileage driven, while the red tape associated with owning and driving a car would multiply a thousandfold.

Customized cars would probably disappear from the road, as would hot rods. About the most you could do in the way of your own maintenance would be to add air to your tires and you'd have to give progress reports enroute via mandatory two-way radio. If you should decide to stop at New York Mills to see Aunt Susie you'd have to report in and amend your trip plan.

Fantastic? Not altogether—if you fly nowadays you're aware situations similar to the above are fairly commonplace, especially in areas of greater traffic density.

Oh yes—if such rigid control should ever be placed over private surface transportation you'd probably be paying $10,000 up for a car. Largely because of regulations, airplanes haven't changed a lot, basically, since Lindbergh bought the Spirit of St. Louis. They haven't changed at all since the early Thirties. Sure, you have better instruments, more of 'em and better communicaions—but I'm talking about planes.

So, in admitting most of his efforts to interest modern youth in aviation have come to naught, Max Conrad needn't feel this is his fault—it's hard enough to get the mind of callow youth off self-propelled junk heaps and women. When our ever-expanding federal government has to insert itself into the situation the two factors make a combination that's too hard for any one man to beat.

Former Oklee Man Now Rear Admiral

Theodore A. Torgerson Promoted from Captain

Theodore A. Torgerson, a native of Oklee, and a brother of Erling Torgerson of Thief River Falls, was promoted Thursday from the rank of navy captain to rear admiral. He was assigned to duty in Paris and left for there Friday. During the past two years he has served with the Joint Chiefs of Staff in Washington.

Admiral Torgerson graduated from the Oklee high school, and from the Annapolis Naval Academy with the class of 1931. He has served in various capacities in the theater of operations during World War II and the Korean War.

Prior to his assignment in Washington he commanded a cruiser in the Pacific fleet. He visited here during the Oklee celebration and reunion a few weeks ago.

NEWEST member of the Green Funeral Home staff is Thomas Hughes, center, who has joined Orin J. Green, left, and O. S. Green, right, co-partners of the firm. Hughes who has been employed at the Collins Funeral Home in Middle River for 8½ years, joins the Green staff as a mortician. A graduate of Worsham's College of Mortuary Science in Chicago, he is originally from Strathcona. He and his wife, the former Beverly Woller of Shelley, have two children; a boy three years old and a girl one.

WILDLIFE in Minnesota
by JIM KIMBALL
DIRECTOR OF GAME & FISH

The other day at our annual game seasons meeting in St. Paul I talked with a member of our technical staff doing research on the pheasant.

"That old phrase, 'a bird in the bag is worth two in the brush' is no joking matter when you are speaking of he cock pheasant," said Maynard Nelson, pheasant research biologist. And judging from the figures Nelson and his two assistants, Robert Chesness and Paul Bremer, have piled up at their Madelia research center, it's pretty hard to find fuel for argument. Did you know, for example, that Minnesota hunters harvest only 50 to 70 per cent of the cocks each year and actually they could shoot upwards of 90 per cent and there would still be more than enough for breeding purposes? And did you know that if you don't harvest this "surplus" Mother Nature will do it for you just as she has been doing since history began with non-game birds, such as the house wren and robin?

"Most birds, including pheasants, are short-lived," reported Nelson, "and about 70 per cent will die each year whether or not be hunt them. This is Nature's way of creating living space for the young produced each year and also does much to explain ups and downs in our fall populations. Because of this 'population turnover' each hen must raise an average of about four young so that there will be at least two young hens to balance the effect of this turnover rate, and," said Nelson, "this doesn't always happen. In 1959 when we had a wet spring, nesting success tumbled and the hens averaged only 2.8 chicks apiece. That's why our population declined in 1959 despite the fact that we had a good supply of breeders."

Nelson was not so positive, however, when it came to predicting the prospects for the 1960 season. Seems that old proverb, 'don't count your chickens before they hatch' also applies to pheasants. He did say that their studies so far show this year's nesting success to be at least as good as last year, and that spring weather and breeding populations have been good in some of the west central and central counties. Seems the south central range has been hit by wet weather and prospects there are not likely to be any better than last season.

He was quick to add that we can't forget this annual population turnover rate of about 70 per cent and unless this portion of the cock population is harvested, it will be lost forever to the sportsman. "Where else," added Nelson, "could we find a more huntable bird than the cock pheasant. Not only is there a surplus produced each and every year, but cocks are readily distinguished from hens, thus permitting selective shooting of cocks."

He was conservative when questioned about hen shooting, however, saying that hens are subject to much greater natural mortality than cocks during the breeding season and we must give them all the protection we can, especially during the years of low populations."

SPEAKER You and the future of the world, prophetic studies on current and future world events as outlined in the Bible, will be discussed by Dr. H. Fred Nofer, recently of Dallas, Texas, at the Tent located near the Rev. Langness home, across Long's Bridge. Services begin at 8:30 P.M. except Monday evening, when there will be no service.

Two Brothers File for Legislature Post in Beltrami

A third Bemidji man has tossed his hat into the political arena in quest of the Beltrami-Lake of the Woods legislative seat. His entry makes it at least a four-way fight in the fall primary.

Latest to file for representative in the Minnesota house from the 62nd district is Clarence S. Berglund. He is a brother of the incumbent, Elmer E. Berglund, who has filed for reelection. Also in the running are Al Gerner of Blackduck and Leonard Dickinson.

Clarence Berglund is an engineer on the Northern Pacific railroad. He moved to Bemidji from Middle River when nine years of age. He entered the employ of the N.P. railroad in 1937 as a fireman.

Local Man Passes Pharmacy Exams

Dick D. Gaspar, 416 N. Knight av., Thief River Falls, was among 51 candidates who successfully passed the state board of pharmacy examination given at the University of Minnesota last week, according to an announcement from the board, which registered him as a licensed pharmacist in Minnesota.

PVT. CARL G. SCHMITKE IS EXPERT ON CARBINE

Army Pvt. Carl G. Schmitke, son of Carl Schmitke, Thief River Falls, recently qualified as expert in firing the carbine while serving with the 553rd Military Police Company at Fort Campbell, Ky.

He entered the Army last December and completed basic training at Fort Carson, Colo.

He is a 1959 graduate of Lincoln high school.

Exhibit at Fair to Be Presented by Highway Dept.

Visitors at Fair Booth to Be Given Opportunity to Have Vision Tested

"Are men or women the better drivers?"

This and other questions regarding traffic safety will be answered by personnel of the Minnesota highway department during the Pennington county fair, from Tuesday thru Friday this week.

The safety division of the highway department is sponsoring the booth in the exhibits building with uniformed highway patrolmen and drivers license examiners and safety promotion representatives in attendance to distribute free literature and also answer queries.

Fair-goers will also have the opportunity to have thier vision checked free at the booth. Personnel make use of the "tele-binoculars" to give the eye checks. It's the same test that is given driver's license applicants.

The safety promotion section of the highway department has provided hand-out literature, including the new revised edition of the Minnesota drivers manual for distribution at the fair. The hand-outs will include bumper strips, trip record cards, lists of highway patrol telephone numbers, dashboard stickers and posters.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS PENNINGTON COUNTY, MINN.
July 11, 1960

Pursuant to Law the Board of County Commissioners met in the Commissioners Room in the Courthouse at 10:00 A.M., July 11, 1960. Members present: Hanson, Olson, Anderson, Linberg and Taas. All present.

The minutes of the meeting of June 7, 1960 were read and approved as read.

Petition for Repair of Branch 1 of County Ditch No. 76 was presented. Petition accepted ordered filed and taken under advisement.

At 11:00 A.M. the Board convened to take up the adjourned hearing upon the Petition for Repair of County Ditch No. 76 as adjourned from May 20th, 1960.

Petitioners Dale Carlson and Arno Corde appeared with Attorney Stanley Mortenson. After discussion Commissioner offered the following resolution and moved its adoption:

"WHEREAS, The Board of County Commissioners of Pennington County, Minnesota, has duly considered the petition filed with the auditor of said County for the repair of County Ditch No. 76 and the report of the engineer appointed in said proceedings, and has heard all parties interested, for or against the repair of said County Ditch No. 76, and

WHEREAS, It appears from the evidence presented in said proceedings that the following facts have been proven and established:

1. That the petition filed in these proceedings for the repair of County Ditch No. 76 along the route therein described is sufficient.

2. That the report of Lloyd Ofstedal, the engineer appointed in said proceedings, previously filed in the District Court of Pennington County, Minnesota, shows the repairs necessary to restore a part of said ditch to the condition as when originally constructed and, further, shows a statement of the cost of such repairs and the necessary details, plans, and specifications to let a contract for such repair work.

3. That notice of hearing upon the petition and the engineer's report has been duly given to the petitioners and to the owners of the lands and properties, both public and private, affected by said repair proceedings in the manner provided by law.

4. That the total cost of such repair proceedings does not exceed the total benefits as originally determined in said proceedings.

5. That the part of said ditch described in the petition and the engineer's report is out of repair so that said ditch system no longer serves the purpose for which it was constructed; that the repairs recommended in the petition and the engineer's report filed herein are necessary and in the best interests of the property owners affected by the abovedescribed ditch system.

"NOW, THEREFORE, BE IT RESOLVED:

1. That the petition for the repair of a part of said County Ditch No. 76 be, and the same hereby is, approved, and that the report of the engineer previously filed in the proceedings before the District Court of Pennington County, Minnesota, and now filed in these proceedings, be, and the same hereby is, adopted and approved as filed.

2. That the Chairman of the Board of County Commissioners and the County Auditor of Pennington County, Minnesota, be, and they hereby are, authorized and directed to proceed according to law and to advertise for bids, and let a contract for said ditch repair according to the plans and specifications of the engineer as filed herein.

3. That the Chairman of the Board of County Commissioners and the County Auditor prepare and file an order for the Repair of County Ditch No. 76 in accordance with this resolution and the files and records in these proceedings."

The foregoing resolution was seconded by Commissioner Olson, and upon vote said resolution was declared duly adopted.

A supplementary list of 40 Petit Jurors was drawn and the names submitted to the Clerk of Court.

Surety Bond in the amount of $1,000.00 was approved for Deputy County Auditor, Mabel Leyden with the Anchor Casualty Co.

Moved by Anderson seconded by Lindberg that the Board of Equalization meeting scheduled for July 18, 1960 be set off to August 8, 1960 at 9:00 A.M. with said meeting to be held in the Commissioners' Room in the Court house.

Moved by Lindberg seconded by Taas that the Road Committee and the Bridges and Culvert Committee inspect Roads and Bridges and Culverts at 1:00 P.M., July 21, 1960.

Carried.

At 2:30 P.M. the Board proceeded to open bids for regraveling of County Roads and County State Aid Highways as advertised and called for.

The following bids were opened and read aloud:

Oscar Schenkey, Middle River $ 10,500.00
Mahnomen Construction Co., Mahnomen 20,500.00
Megorden Bros., Lake Park 10,280.00

Moved by Taas seconded by Anderson that the bid of Megorden Bros. in the amount of $10,280.00 be accepted and the Auditor and Chairman be instructed and authorized to enter into contract with said Megorden Bros.

Motion carried.

At 3:30 P.M. the Board proceeded to open bids for Fuel Oil for the Court house as duly advertised and called for. The following bids were opened and read aloud:

Midwest Oil Co., Minneapolis .1232 per gal.
Gustafson Oil Co., Minneapolis .1279 per gal.
Consumers Coop. Assn., Thief River Falls .1145 per gal.
Northwest Refining Co., St. Paul Park .1282 per gal.

Moved by Olson seconded by Lindberg that the bid of the Consumers Coop. Assn. in the amount of $.1145 per gal. be accepted and the Chairman and Auditor be instructed and authorized to enter into contract with said Consumers Coop. Assn.

Motion carried.

At 4:00 P.M. the Board proceeded to open bids for the County Highway Garage located on the Chris Kruse Farm as duly advertised and called for. The following bids were opened and read:

James Jurshaw, Rt 1, Newfolden $ 300.00
Chris Kruse, Rt. 3, Thief River Falls 350.00

Moved by Anderson seconded by Olson that the bid of Chris Kruse in the amount of $350.00 be accepted and the Auditor and Chairman are hereby authorized and instructed to execute such papers as are necessary to transfer title of said garage building.

Carried.

Moved by Anderson seconded by Lindberg that the County purchase 2.07 acres, more or less, in the SE¼ SE¼ of Section 24, Twp. 153, Range 45 from LaVern D. Johnson for a Highway Maintenance shed site for the amount of $129.38 and the County Attorney is hereby authorized and [illegible]

[illegible]en Heads [illegible]n Field [illegible] Chapter

(Continued from Page 1)

[illegible] Indonesia and Viggo Fis[illegible] from Denmark for the com[illegible] year). Previously, AFS students were sponsored by the local Rotary club. Iverson pointed out the continued support of the Rotary club in this program. He noted, "while the Rotary club still contributes toward the AFS program, they have also been instrumental in establishing the local AFS chapter so that the program could be community-wide in scope and participation."

[illegible]dition to the AFS stu[illegible] has also spon[illegible] Lincoln high school students under the Americans Abroad program. Under this program, high school students in this country spend a summer living with a foreign family and studying their way of life. Last year, Judy Wold spent a summer in Sweden. Currently, Connie Ekeren is in Greece as an Americans Abroad student.

"We have had a wonderful response from organizations in this community for the support of our AFS chapter," Iverson stated. He pointed out, however, that not all organizations are members of the chapter—a goal for which all present members should strive.

He reported that considerable work still remains for the chapter to do in keeping the public informed of the purpose and mechanics of the AFS programs. Families must be found to serve as foster homes for future AFS students. Local students who have a desire to participate in the Americans Abroad program must become conscious of the requirements and point their schedules toward these requirements.

In concluding his report, Iverson urged chapter members to push hard for the tax relief measure for AFS host families which has been passed by the senate but which is currently lost in a house of representatives committee.

"In spite of publicity to the contrary," Iverson said, "too many people still seem to feel that AFS host families receive pay or reimbursement for part or all of the costs involved. Nothing could be further from the truth. There is absolutely no reimbursement from the local AFS chapter, the New York AFS office or the AFS student.

"The sad fact remains," Iverson concluded, "that AFS host families are not even allowed to claim AFS students as dependents for income tax purposes." He urged all interested individuals and organizations to contact members of the house of representatives relative to this matter.

Pennington Fair To Open Four-day Run Here Tuesday

(Continued from Page 1)

Gordon Hunt will serve as superintendent of the livestock department; Lloyd Johnson, agriculture; County Agent Paul Stelmaschuk, 4-H clubs, and Mrs. Martha Matheson, rural schools.

In charge of the various divisions of the women's department will be Mrs. Arnt Aune, culinary; Mrs. Beth T. Pound, fancy needlework; Mrs. Kenneth E. Lindberg, practical; Miss Geneva Overum, flowers; and Mrs. G. L. Biddick, art.

Other assignments include Sig Quam, publicity, police and parking; Morris Howick, program; J. M. Parkins, front gate; Kenneth Onken, grandstand; Frank Hardesty, grounds; Albert Koop, carnival and concessions; and Arnt Aune, exhibits. Dr. K. W. Rye is official veterinarian.

DULUTH PORT PLANS BIG BIRTHDAY PARTY

Portorama will make Duluth's mighty inland seaport a scene of extraordinary activity from Saturday, August 6, through Sunday, August 14, when the Duluth Junior Chamber of Commerce skippers the second anniversary of the St. Lawrence Seaway. U. S. Marines will "assault" the 120-acre $10,000,000 terminal from the water, Viking swimmers will test their endurance in Superior's icy waters, vessels of all types will parade and race, fireworks will glow and bang, there'll be golf, dancing, track and field events, Miss Seaway will be chosen, special trains and countless colorful foreign vessels will arrive by land and sea. Sponsors even guarantee Duluth's typically "air conditioned" atmosphere for the entire span of a celebration to which Minnesotta, the northwest, the nation, and the world are cordially invited—August 6-14.

Aviation Industry Has Exhibit at Fair

Display Presented in Big Tent on Fair Grounds

The aviation exhibit at the Pennington county fair will be the largest in the state, outside the Minnesota state fair, George Holey, a field representative of the state aeronautics department, said today.

The exhibit will be located in a large tent at the fairgrounds and will feature displays covering every aspect of aviation as it affects Pennington county.

There will be several items on display from the area vocational school aviation mechanics shop, as well as displays by various airlines, local aviation groups and others.

The exhibit will be manned by Holey and local volunteer help by individuals connected with aviation here. The public is cordially invited to visit the aviation tent to see how their county is faring in the air age. A considerable amount of free materials is available.

Go-kart Racing to Make Its Bow Here on Sunday, July 31

25 Karts to Compete on New Race Track Located 1½ Miles North of TRF

Go-Kart racing will make its initial bow in Thief River Falls Sunday, July 31, when 25 karts from Thief River Falls and other communities will compete on the new track 1¼ miles north of the fairgrounds or 1½ miles north on T.H. 32 and 59, it has been announced by Ed Jensen.

Sponsored by the Northwest Racing association, the races will be on a new one-fifth mile oval dirt track. Time trials begin at 2:30 with heats immediately following.

The diminutive racers, powered with small two-cycle engines, have furnished popular sport, especially on the west coast, for more than two years and have started a multi-million dollar business in karts and equipment from coast to coast. Emphasizing driving skill, especially "cornering," kart racing has become popular throughout the United States with men, women and children.

The races will continue for 2½ hours, and everyone is invited to watch this newest addition to area summer sports.

Those who wish to enter karts in the races may call MU 1-3536 for further information. Race officials emphasized that under-age drivers will have to have signed releases from their parents before they can compete.

Results of Sunday League Baseball

Badger Assumes Lead in Pen-Ro-Shall League

League baseball results in this area on Sunday found the Fosston team defeating Gonvick, 11 to 7, at Fosston, moving into a half-game lead in the Northern Minny league standings. Other Northern Minny league results on Sunday saw Thief River Falls scoring an 8 to 7 win over the erstwhile league leaders, Cass Lake, scoring four runs in the ninth inning for the victory; and Bagley marking up a decisive 14 to 0 triumph over the Erskine Merchants in a game played at Erskine.

Badger assumed the league lead in the Pen-Ro-Shall circuit by edging out Greenbush, 5 to 4, in a game played at Greenbush. The Thief River Falls Bums, with lefty Freddy Jensen hurling four-hit ball, defeated Goodridge, 11 to 1, at Goodridge; and the Plummer Red Sox marked up a 12 to 9 win over Grygla in a game played at Plummer.

The Pen-Ro-Shall league will conclude its 1960 schedule next Sunday, following which the league playoffs will be held.

TRF Thieves Defeat Cass Lake Sunday 8-7

With the bases loaded, none out, the Thieves' trailing by a 7 to 6 score in the last half of the 9th inning, Harlie Dress, on a two-and-two count, lined one of relief pitcher Tom Swenson's pitches to the fence in left field, scoring two runs and giving the locals a thrilling 8 to 7 Northern League win over Cass Lake here Sunday afternoon.

Next Sunday afternoon the Thieves will travel to Winger for a game against the cellar-dwelling Tigers.

For eight innings of Sunday's game here, the locals looked like a beaten team, and they were being beaten by a 7 to 4 score. Cass Lake, on a walk, a fielder's choice, a single by Russ Smith, and a home run over the left-field fence by Bob Montebello, had taken a 3 to 0 lead in the first inning.

A pair of walks, and a double steal, with the Thieves' making an error on the run-down of the runner between first and second, found Bob Kennedy coming across the plate with a Cass Lake run in the fourth inning.

The Thieves picked up a pair of runs in the fifth inning on singles by Duane Hodsdon, Arlan Hjelle and John Drury, and a throwing error by the Cass Lake catcher.

Cass Lake added a pair of runs in the sixth inning, getting three hits, and scoring the runs on a wild pitch and a balk, to take a 6 to 12 lead. And when Russ Smith homered over the left field fence in the eighth inning, off righthander Drees, who had replaced Hjelle on the mound for the Thieves in the seventh inning, the Lakers appeared to be winners.

A single by Drury, a hit batsman, a walk, an infield out, and a wild pitch, gave the Thieves two runs in the last half of the eighth inning, and pared the Laker lead to three runs.

In the game-winning ninth inning, Gary Klungness led off with a walk; Hodsdon lined a single to left field, with Klungness stopping at second. Paul Klungness was sent to first base to run for Hodsdon. Rod Collins, a left-handed batter against the southpaw slants of Cass Lake's Jerry Daniels, laced a ground single into center field, scoring Gary Klungness, and moving Paul Klungness around to third base. Roy Pederson walked, loading the bases. On a wild pitch, Paul Klungness scampered home with a run, and the Thieves trailed by one. Righthander Tom Swenson was brought to pitch for Cass Lake, relieving starter Daniels. With runners on second and third, Drury was given an intentional pass, filling the bases. Drees at bat took a called strike, accepted a ball, whiffed at a pitch, took another ball, and then put good wood on a pitch for a ringing two-bagger down the left field foul-line, scoring Collins and Pederson with the tying and winning runs.

Waterfowl Count Higher at Roseau

Increase Reported by R. Farmes, Game Manager

An encouraging waterfowl count from the Roseau River wildlife management area was reported today by the state conservation department's game and fish division.

Area game manager Robert Farmes reports that during his one-day census on July 18, he tallied 113 waterfowl broods as against last year's count of 92 taken during the same period.

The game and fish division now estimates that the Roseau unit will produce approximately 5,000 young ducks this year. The waterfowl brood count on the Thief Lake wildlife management unit in Marshall county indicates that production of waterfowl is about the same as last year. The Thief Lake unit produces about 3,000 young ducks annually, the report stated.

McIntosh Lions Win Golf Tourney Thursday Evening

A delegation of golfers representing the McIntosh Lions club engaged in combat with Thief River Falls Lions Thursday evening on the local golf course, and the visitors won back possession of their club gavel by a margin roughly cumputed at three points. Dinner was enjoyed following the game, and numerous fines were imposed by Dr. O. D. Belch, tailtwister for the local club.

Automatic extension of outstanding E bonds, paying interest on accumulated interest, brings the yield of some of these up to 5 per cent on the original investment. The earliest E's issued are now in their twentieth year; another ten-year extension has already been promised by the Treasury.

Black River 4-H

The Black River 4-H club held its monthly meeting July 13, at the school house in District 180. Beverly Naplin called the meeting to order.

Our guest, Julie Gerber, gave us a few tips on our posters and on our blue exhibit sheets. The club appointed committees for the float and our tour.

Kenny Witt gave an electric demonstration and Beverly Naplin gave a talk on her experience at 4-H camp. Judy Johnson gave a poem. Julie Gerber and Beverly Naplin led in singing.

For lunch each family brought wiener buns and cookies, and the club bought wieners. Nectar and coffee were also served.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS PENNINGTON COUNTY, MINN.

July 11, 1960

Pursuant to Law the Board of County Commissioners met in the Commissioners Room in the Courthouse at 10:00 A.M., July 11, 1960.

Members present: Hanson, Olson, Anderson, Linberg and Taas. All present.

The minutes of the meeting of June 7, 1960 were read and approved as read.

Petition for Repair of Branch 1 of County Ditch No. 76 was presented. Petition accepted ordered filed and taken under advisement.

At 11:00 A.M. the Board convened to take up the adjourned hearing upon the Petition for Repair of County Ditch No. 76 as adjourned from May 26th, 1960.

Petitioners Dale Carlson and Arne Coda appeared with Attorney Stanley Mortenson. After discussion Commissioner offered the following resolution and moved its adoption:

"WHEREAS, The Board of County Commissioners of Pennington County, Minnesota, has duly considered the petition filed with the auditor of said County for the repair of County Ditch No. 76 and the report of the engineer appointed in said proceedings, and has heard all parties interested, for or against the repair of said County Ditch No. 76, and

WHEREAS, It appears from the evidence presented in said proceedings that the following facts have been proven and established:

1. That the petition filed in these proceedings for the repair of County Ditch No. 76 along the route therein described is sufficient.

2. That the report of Lloyd Ofstedal, the engineer appointed in said proceedings, previously filed in the District Court of Pennington County, Minnesota, shows the repairs necessary to restore a part of said ditch to the condition as when originally constructed and, further, shows a statement of the cost of such repairs and the necessary details, plans, and specifications to let a contract for such repair work.

3. That notice of hearing upon the petition and the engineer's report has been duly given to the petitioners and to the owners of the lands and properties, both public and private, affected by said repair proceedings in the manner provided by law.

4. That the total cost of such repair proceedings does not exceed the total benefits as originally determined in said proceedings.

5. That the part of said ditch described in the petition and the engineer's report is out of repair so that said ditch system no longer serves the purpose for which it was constructed; that the repairs recommended in the petition and the engineer's report filed herein are necessary and in the best interests of the property owners affected by the abovedescribed ditch system.

"NOW, THEREFORE, BE IT RESOLVED:

1. That the petition for the repair of a part of said County Ditch No. 76 be, and the same hereby is, approved, and that the report of the engineer previously filed in the proceedings before the District Court of Pennington County, Minnesota, and now filed in these proceedings, be, and the same hereby is, adopted and approved as filed.

2. That the Chairman of the Board of County Commissioners and the County Auditor of Pennington County, Minnesota, be, and they hereby are, authorized and directed to proceed according to law and to advertise for bids, and let a contract for said ditch repair according to the plans and specifications of the engineer as filed herein.

3. That the Chairman of the Board of County Commissioners and the County Auditor prepare and file an order for the Repair of County Ditch No. 76 in accordance with this resolution and the files and records in these proceedings."

The foregoing resolution was seconded by Commissioner Olson, and, upon vote said resolution was declared duly adopted.

A supplementary list of 40 Petit Jurors was drawn and the names submitted to the Clerk of Court.

Surety Bond in the amount of $1,000.00 was approved for Deputy County Auditor, Mabel Leyden with the Anchor Casualty Co.

Moved by Anderson seconded by Lindberg that the Board of Equalization meeting scheduled for July 18, 1960 be set off to August 8, Best at 9:00 A.M. with said meeting to be held in the Commissioners' Room in the Court house.

Moved by Lindberg seconded by Taas that the Road Committee and the Bridges and Culvert Committee inspect Roads and Bridges and Culverts at 1:00 P.M., July 21, 1960.

Carried.

At 2:30 PM the Board proceeded to open bids for regraveling of County Roads and County State Aid Highways as advertised and called for.

The following bids were opened and read aloud:

S. R. Dahlen Heads American Field Service Chapter

from Indonesia and Viggo Fischer from Denmark for the coming year. Previously, AFS students were sponsored by the local Rotary club. Iverson pointed out the continued support of *the Rotary club in this program.* He noted, "while the Rotary club still contributes toward the AFS program, they have also been instrumental in establishing the local AFS chapter so that the program could be communitywide in scope and participation."

In addition to the AFS students, the chapter has also sponsored two Lincoln high school students under the Americans Abroad program. Under this program, high school students in this country spend a summer living with a foreign family and studying their way of life. Last year, Judy Wold spent a summer in Sweden. Currently, Connie Ekeren is in Greece as an Americans Abroad student.

"We have had a wonderful response from organizations in this community for the support of our AFS chapter," Iverson stated. He pointed out, however, that not all organizations are members of the chapter—a goal for which all present members should strive.

He reported that considerable work still remains for the chapter to do in keeping the public informed of the purpose and mechanics of the AFS programs. Families must be found to serve as foster homes for future AFS students. Local students who have a desire to participate in the Americans Abroad program must become conscious of the requirements and point their schedules toward these requirements.

In concluding his report, Iverson urged chapter members to push hard for the tax relief measure for AFS host families which has been passed by the senate but which is currently lost in a house of representatives committee.

"In spite of publicity to the contrary," Iverson said, "too many people still seem to feel that AFS host families receive pay or reimbursement for part or all of the costs involved. Nothing could be further from the truth. There no reimbursement cal AFS chapter, AFS office or the AFS student.

"The sad fact remains," Iverson concluded, "that AFS host families are not even allowed to claim AFS students as dependents for income tax purposes." He urged all interested individuals and organizations to contact members of the house of representatives relative to this matter.

Pennington Fair To Open Four-day Run Here Tuesday

(Continued from Page 1)

Gordon Hunt will serve as superintendent of the livestock department; Lloyd Johnson, agriculture; County Agent Paul Stelmaschuk, 4-H clubs, and Mrs. Martha Matheson, rural schools.

In charge of the various divisions of the women's department will be Mrs. Arnt Aune, culinary; Mrs. Beth T. Pound, fancy needlework; Mrs. Kenneth E. Lindberg, practical; Miss Geneva Overum, flowers; and Mrs. G. L. Biddick, art.

Other assignments include Sig Quam, publicity, police and parking; Morris Howick, program; J. M. Parkins, front gate; Kenneth Onken, grandstand; Frank Hardesty, grounds; Albert Koop, carnival and concessions; and Arnt Aune, exhibits. Dr. K. W. Rye is official veterinarian.

DULUTH PORT PLANS BIG BIRTHDAY PARTY

Portorama will make Duluth's mighty inland seaport a scene of extraordinary activity from Saturday, August 6, through Sunday, August 14, when the Duluth Junior Chamber of Commerce skippers the second anniversary of the St. Lawrence Seaway. U. S. Marines will "assault" the 120-acre $10,000,000 terminal from the water, Viking swimmers will test their endurance in Superior's icy waters, vessels of all types will parade and race, fireworks will glow and bang, there'll be golf, dancing, track and field events, Miss Seaway will be chosen, special trains and countless colorful foreign vessels will arrive by land and sea. Sponsors even guarantee Duluth's typically "air conditioned" atmosphere for the entire span of a celebration to which Minnesotta, the northwest, the nation, and the world are cordially invited—August 6-14.

Aviation Industry Has Exhibit at Fair

Display Presented in Big Tent on Fair Grounds

The aviation exhibit at the Pennington county fair will be the largest in the state, outside the Minnesota state fair, George Holey, a field representative of the state aeronautics department, said today.

The exhibit will be located in a large tent at the fairgrounds and will feature displays covering every aspect of aviation as it affects Pennington county.

There will be several items on display from the area vocational school aviation mechanics shop, as well as displays by various airlines, local aviation groups and others.

The exhibit will be manned by Holey and local volunteer help by individuals connected with aviation here. The public is cordially invited to visit the aviation tent to see how their county is faring in the air age. A considerable amount of free materials is available.

Unfrosted Yellow Sponge-type Cake Contest

Sponsored by Minn. Farm Bureau Women's Committee.

The contest is open to all.

The entry is to be one unfrosted yellow, sponge-type cake baked in a standard size tube pan.

The recipe must be submitted with entry.

Bring entry the opening day to Pennington County Fair. Farm Bureau cake entry will be entered separate from other open class.

Prizes in county contest will be, first prize $5.00, second prize $3.00, third prize $2.00.

Winner of county contest will compete in the state finals Sept. 7, 1960 at Farm Bureau Women's Camp, Lake Koronis, Paynesville, Minn.

There will be five state contest prizes with top prize $50.00. Cake will be scored for its appearance, lightness, texture, moisture content, flavor and odor.

Overnight guests last week at the Frank Heinze home were Mr. and Mrs. Melvin Hanson and John of Anoka.

The community extends their heartfelt sympathy to Mrs. Frank Heinze in the loss of her mother, Mrs. Annie Svanjord who passed away recently.

Go-kart Racing to Make Its Bow Here on Sunday, July 31

25 Karts to Compete on New Race Track Located 1½ Miles North of TRF

Go-Kart racing will make its initial bow in Thief River Falls Sunday, July 31, when 25 karts from Thief River Falls and other communities will compete on the new track 1¼ miles north of the fairgrounds or 1½ miles north on T.H. 32 and 59, it has been announced by Ed Jensen.

Sponsored by the Northwest Racing association, the races will be on a new one-fifth mile oval dirt track. Time trials begin at 2:30 with heats immediately following.

The diminutive racers, powered with small two-cycle engines, have furnished popular sport, especially on the west coast, for more than two years and have started a multi-million dollar business in karts and equipment from coast to coast. Emphasizing driving skill, especially "cornering," kart racing has become popular throughout the United States with men, women and children.

The races will continue for 2½ hours, and everyone is invited to watch this newest addition to area summer sports.

Those who wish to enter karts in the races may call MU 1-3536 for further information. Race officials emphasized that underage drivers will have to have signed releases from their parents before they can compete.

Results of Sunday League Baseball

Badger Assumes Lead In Pen-Ro-Shall League

League baseball results in this area on Sunday found the Fosston team defeating Gonvick, 11 to 7, at Fosston, moving into a half-game lead in the Northern Minny league standings. Other Northern Minny league results on Sunday saw Thief River Falls scoring an 8 to 7 win over the erstwhile league leaders, Cass Lake, scoring four runs in the ninth inning for the victory; and Bagley marking up a decisive 14 to 0 triumph over the Erskine Merchants in a game played at Erskine.

Badger assumed the league lead in the Pen-Ro-Shall circuit by edging out Greenbush, 5 to 4, in a game played at Greenbush. The Thief River Falls Bums, with lefty Freddy Jensen hurling four-hit ball, defeated Goodridge, 11 to 1, at Goodridge; and the Plummer Red Sox marked up a 12 to 9 win over Grygla in a game played at Plummer.

The Pen-Ro-Shall league will conclude its 1960 schedule next Sunday, following which the league playoffs will be held.

TRF Thieves Defeat Cass Lake Sunday 8-7

With the bases loaded, none out, the Thieves' trailing by a 7 to 6 score in the last half of the 9th inning, Harlie Dress, on a two-and-two count, *lined one* of relief pitcher Tom Swenson's pitches to the fence in left field, scoring two runs and giving the locals a thrilling 8 to 7 Northern League win over Cass Lake here Sunday afternoon.

Next Sunday afternoon the Thieves will travel to Wingerd for a game against the cellar dwelling Tigers.

For eight innings of Sunday's game here, the locals looked like a beaten team, and they were being beaten by a 7 to 4 score. Cass Lake, on a walk, a fielder's choice, a single by Russ Smith, and a home run over the left-field fence by Bob Montebello, had taken a 3 to 0 lead in the first inning.

A pair of walks, and a double steal, with the Thieves' making an error on the run-down of the runner between first and second, found Bob Kennedy coming across the plate with a Cass Lake run in the fourth inning.

The Thieves picked up a pair of runs in the fifth inning on singles by Duane Hodsdon, Arlan Hjelle and John Drury, and a throwing error by the Cass Lake catcher.

Cass Lake added a pair of runs in the sixth inning, getting three hits, and scoring the runs on a wild pitch and a balk, to take a 6 to 12 lead. And when Russ Smith homered over the left field fence in the eighth inning, off righthander Drees, who had replaced Hjelle on the mound for the Thieves in the seventh inning, the Lakers appeared to be winners.

A single by Drury, a hit batsman, a walk, an infield out, and a wild pitch, gave the Thieves two runs in the last half of the eighth inning, and pared the Laker lead to three runs.

In the game-winning ninth inning, Gary Klungness led off with a walk; Hodsdon lined a single to left field, with Klungness stopping at second. Paul Klungness was sent to first base to run for Hodsdon. Rod Collins, a left-handed batter against the southpaw slants of Cass Lake's Jerry Daniels, laced a ground single into center field, scoring Gary Klungness, and moving Paul Klungness around to third base. Roy Pederson walked, loading the bases. On a wild pitch, Paul Klungness scampered home with a run, and the Thieves trailed by one. Righthander Tom Swenson was brought to pitch for Cass Lake, relieving starter Daniels. With runners on second and third, Drury was given an intentional pass, filling the bases. Drees at bat took a called strike, accepted a ball, whiffed at a pitch, took another ball, and then put good wood on a pitch for a ringing two-bagger down the left field foul-line, scoring Collins and Pederson with the tying and winning runs.

Waterfowl Count Higher at Roseau

Increase Reported by R. Farmes, Game Manager

An encouraging waterfowl count from the Roseau River wildlife management area was reported today by the state conservation department's game and fish division.

Area game manager Robert Farmes reports that during his one day census on July 18, he tallied 113 waterfowl broods as against last year's count of 92 taken during the same period.

The game and fish division now estimates that the Roseau unit will produce approximately 5,000 young ducks this year. The waterfowl brood count on the Thief Lake wildlife management unit in Marshall county indicates that production of waterfowl is about the same as last year. The Thief Lake unit produces about 3,000 young ducks annually, the report stated.

McIntosh Lions Win Golf Tourney Thursday Evening

A delegation of golfers representing the McIntosh Lions club engaged in combat with Thief River Falls Lions Thursday evening on the local golf course, and the visitors won back possession of their club gavel by a margin roughly cumputed at three points. Dinner was enjoyed following the game, and numerous fines were imposed by Dr. O. D. Belch, tailtwister for the local club.

Automatic extension of outstanding E bonds, paying interest on accumulated interest, brings the yield of some of these up to 5 per cent on the original investment. The earliest E's issued are now in their twentieth year; another ten-year extension has already been promised by the Treasury.

4-H CLUB NEWS

Steiner 4-H

The Steiner 4-H club met Tuesday evening, July 12, at the Steiner Hall.

The business meeting was conducted by President Pat Hornseth. Important dates were discussed and arrangements were made to plan and work on the fair booth and to have a demonstration practice meeting.

The program presented included community singing led by Karen Moe with Mrs. Carl Torgerson at the piano, a project report on gardening by Donald Rondorf, and a reading, "The Wildest Reading" by Ruth Torgerson. The Raymond Rausch and K. M. Russell families served lunch.

The leaders' tour for the Steiner club was held Tuesday, July 12, starting at 9 o'clock, with assistant 4-H club agent July Gerber and Mrs. Alfred Solem in charge, accompanied by junior leaders Pat and Barbara Hornseth, Ellen Jorde, Shirley Fuller, Bruce Russell, Kathryn Solem, and Patsy Vatsaas. Sixteen homes were visited and the projects of 28 members were inspected. State Extension Agent Betty Ellitt joined the tour in the afternoon.

Mavie 4-H

The Mavie 4-H club met at the Harry Liedberg home, July 13, President Rodney Wayne presiding. It was decided during the meeting that the club will again sell light bulbs this year. Marie Breznay and Bill Svendsgaard told us that the cook-out would be on Sunday, August 14.

Bobby Bendickson gave a project talk on "How to Care for Your Flowers in Summertime", Rosemary Liedberg demonstrated "Summer Beverages," Marie Breznay gave a project talk on "Buying and Care of an Electric Iron," Sandra Sanders demonstrated "How to Pop Popcorn," Bill Svendsgaard demonstrated "Planting Strawberries," and Rodney Wayne gave a project talk on "Summer Pastures."

The Hamre and Kainz families were on the program committee and they had a surprise program which consisted of the leaders song "Show Me the Way to Go Home," Robert Fulton, Donnie Hanson and Dennis Drangstveit sang "Three Blind Mice," and Mrs. Ethel Sanders gave a humoruos poem.

Lunch was served by the Pittman and Liedberg families.

Black River 4-H

The Black River 4-H club held its monthly meeting July 13, at the school house in District 180. Beverly Naplin called the meeting to order.

Our guest, Julie Gerber, gave us a few tips on our posters and on our blue exhibit sheets. The club appointed committees for the float and our tour.

Kenny Witt gave an electric demonstration and Beverly Naplin gave a talk on her experience at 4-H camp. Judy Johnson gave a poem. Julie Gerber and Beverly Naplin led in singing.

For lunch each family brought wiener buns and cookies, and the club bought wieners. Nectar and coffee were also served.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS PENNINGTON COUNTY, MINN.

July 11, 1960

Pursuant to Law the Board of County Commissioners met in the Commissioners Room in the Courthouse at 10:00 A.M., July 11, 1960. Members present: Hanson, Olson, Anderson, Linberg and Taas. All present.

The minutes of the meeting of June 7, 1960 were read and approved as read.

Petition for Repair of Branch 1 of County Ditch No. 76 was presented. Petition accepted ordered filed and taken under advisement.

At 11:00 A.M. the Board convened to take up the adjourned hearing upon the Petition for Repair of County Ditch No. 76 as adjourned from May 26th, 1960.

Petitioners Dale Carlson and Arno Corde appeared with Attorney Stanley Mortenson. After discussion Commissioner [illegible] offered the following resolution and moved its adoption:

"WHEREAS, The Board of County Commissioners of Pennington County, Minnesota, has duly considered the petition filed with the auditor of said County for the repair of County Ditch No. 76 and the report of the engineer appointed in said proceedings, and has heard all parties interested, for or against the repair of said County Ditch No. 76, and

WHEREAS, It appears from the evidence presented in said proceedings that the following facts have been proven and established:

1. That the petition filed in these proceedings for the repair of County Ditch No. 76 along the route therein described is sufficient.

2. That the report of Lloyd Ofstedal, the engineer appointed in said proceedings, previously filed in the District Court of Pennington County, Minnesota, shows the repairs necessary to restore a part of said ditch to the condition as when originally constructed and, further, shows a statement of the cost of such repairs and the necessary details, plans, and specifications to let a contract for such repair work.

3. That notice of hearing upon the petition and the engineer's report has been duly given to the petitioners and to the owners of the lands and properties, both public and private, affected by said repair proceedings in the manner provided by law.

4. That the total cost of such repair proceedings does not exceed the total benefits as originally determined in said proceedings.

5. That the part of said ditch described in the petition and the engineer's report is out of repair so that said ditch system no longer serves the purpose for which it was constructed; that the repairs recommended in the petition and the engineer's report filed herein are necessary and in the best interests of the property owners affected by the abovedescribed ditch system.

"NOW, THEREFORE, BE IT RESOLVED:

1. That the petition for the repair of a part of said County Ditch No. 76 be, and the same hereby is, approved, and that the report of the engineer previously filed in the proceedings before the District Court of Pennington County, Minnesota, and now filed in these proceedings, be, and the same hereby is, adopted and approved as filed.

2. That the Chairman of the Board of County Commissioners and the County Auditor of Pennington County, Minnesota, be, and they hereby are, authorized and directed to proceed according to law and to advertise for bids, and let a contract for said ditch repair according to the plans and specifications of the engineer as filed herein.

3. That the Chairman of the Board of County Commissioners and the County Auditor prepare and file an order for the Repair of County Ditch No. 76 in accordance with this resolution and the files and records in these proceedings."

The foregoing resolution was seconded by Commissioner Olson, and upon vote said resolution was declared duly adopted.

A supplementary list of 40 Petit Jurors was drawn and the names submitted to the Clerk of Court.

Surety Bond in the amount of $1,000.00 was approved for Deputy County Auditor, Mabel Leyden with the Anchor Casualty Co.

Moved by Anderson seconded by Lindberg that the Board of Equalization meeting scheduled for July 18, 1960 be set off to August 8, 1960 at 8:30 A.M. with said meeting to be held in the Commissioners' Room in the Court house.

Moved by Lindberg seconded by Taas that the Road Committee and the Bridges and Culvert Committee inspect Roads and Bridges and Culverts at 1:00 P.M., July 21, 1960. Carried.

At 2:30 PM the Board proceeded to open bids for regraveling of County Roads and County State Aid Highways as advertised and called for. The following bids were opened and read aloud:

Oscar Schenkey, Middle River $19,700.00
Mahnomen Construction Co., Mahnomen 20,200.00
Megorden Bros., Lake Park 19,200.00

Moved by Taas seconded by Anderson that the bid of Megorden Bros. in the amount of $19,200.00 be accepted and the Auditor and Chairman be instructed and authorized to enter into contract with said Megorden Bros.

Motion carried.

At 3:30 P.M. the Board proceeded to open bids for Fuel Oil for the Court house as duly advertised and called for. The following bids were opened and read aloud:

Midwest Oil Co., Minneapolis $.1232 per gal.
Gustafson Oil Co., Minneapolis .1279 per gal.
Consumers Co-op Assn., Thief River Falls .1145 per gal.
Northwest Refining Co., St. Paul Park .1182 per gal.

Moved by Olson seconded by Lindberg that the bid of the Consumers Coop. Assn. in the amount of $.1145 per gal. be accepted and the Chairman and Auditor be instructed and authorized to enter into contract with said Consumers Coop. Assn.

Motion carried.

At 4:00 P.M. the Board proceeded to open bids for the County Highway Garage located on the Chris Kruse Farm as duly advertised and called for: The following bids were opened and read:

James Jarshaw, Rt 1, Newfolden $ 300.00
Chris Kruse, Rt. 3, Thief River Falls 350.00

Moved by Anderson seconded by Olson that the bid of Chris Kruse in the amount of $350.00 be accepted and the Auditor and Chairman are hereby authorized and instructed to execute such papers as are necessary to transfer title of said garage building.

Carried.

Moved by Anderson seconded by Lindberg that the County purchase 2.07 acres, more or less, in the SE¼ [illegible] of Section 21, Twp. 153, Range 43 from LaVern D. Johnson for a Highway Maintenance shed site for the amount of $129.38 and the County Attorney is hereby authorized and directed to draw a Deed for conveyance thereof.

Carried.

Application for Homestead classification for Carl M. Swenson on property at Fairfield Addn. the West 50 ft. of Lot 47 approved.

from Indonesia and Viggo Fischer from Denmark for the coming year). Previously, AFS students were sponsored by the local Rotary club. Iverson pointed out the continued support of the Rotary club in this program. He noted, "while the Rotary club still contributes toward the AFS program, they have also been instrumental in establishing the local AFS chapter so that the program could be community-wide in scope and participation."

In addition to the AFS students, the chapter has also sponsored two Lincoln high school students under the Americans Abroad program. Under this program, high school students in this country spend a summer living with a foreign family and studying their way of life. Last year, Judy Wold spent a summer in Sweden. Currently, Connie Ekeren is in Greece as an Americans Abroad student.

"We have had a wonderful response from organizations in this community for the support of our AFS chapter," Iverson stated. He pointed out, however, that not all organizations are members of the chapter—a goal for which all present members should strive.

He reported that considerable work still remains for the chapter to do in keeping the public informed of the purpose and mechanics of the AFS programs. Families must be found to serve as foster homes for future AFS students. Local students who have a desire to participate in the Americans Abroad program must become conscious of the requirements and point their schedules toward these requirements.

In concluding his report, Iverson urged chapter members to push hard for the tax relief measure for AFS host families which has been passed by the senate but which is currently lost in a house of representatives committee.

"In spite of publicity to the contrary," Iverson said, "too many people still seem to feel that AFS host families receive pay or reimbursement for part or all of the costs involved. Nothing could be further from the truth. There is absolutely no reimbursement from the local AFS chapter, the New York AFS office or the AFS student.

"The sad fact remains," Iverson concluded, "that AFS host families are not even allowed to claim AFS students as dependents for income tax purposes." He urged all interested individuals and organizations to contact members of the house of representatives relative to this matter.

Pennington Fair To Open Four-day Run Here Tuesday

(Continued from Page 1)

Gordon Hunt will serve as superintendent of the livestock department; Lloyd Johnson, agriculture; County Agent Paul Stelmaschuk, 4-H clubs, and Mrs. Martha Matheson, rural schools.

In charge of the various divisions of the women's department will be Mrs. Arnt Aune, culinary; Mrs. Beth T. Pound, fancy needlework; Mrs. Kenneth E. Lindberg, practical; Miss Geneva Overum, flowers; and Mrs. G. L. Biddick, art.

Other assignments include Sig Quam, publicity, police and parking; Morris Howick, program; J. M. Parkins, front gate; Kenneth Onken, grandstand; Frank Hardesty, grounds; Albert Koop, carnival and concessions; and Arnt Aune, exhibits. Dr. K. W. Rye is official veterinarian.

DULUTH PORT PLANS BIG BIRTHDAY PARTY

Portorama will make Duluth's mighty inland seaport a scene of extraordinary activity from Saturday, August 6, through Sunday, August 14, when the Duluth Junior Chamber of Commerce skippers the second anniversary of the St. Lawrence Seaway. U. S. Marines will "assault" the 120-acre $10,000,000 terminal from the water, Viking swimmers will test their endurance in Superior's icy waters, vessels of all types will parade and race, fireworks will glow and bang, there'll be golf, dancing, track and field events, Miss Seaway will be chosen, special trains and countless colorful foreign vessels will arrive by land and sea. Sponsors even guarantee Duluth's typically "air conditioned" atmosphere for the entire span of a celebration to which Minnesotta, the northwest, the nation, and the world are cordially invited—August 6-14.

Aviation Industry Has Exhibit at Fair

Display Presented in Big Tent on Fair Grounds

The aviation exhibit at the Pennington county fair will be the largest in the state, outside the Minnesota state fair, George Holey, a field representative of the state aeronautics department, said today.

The exhibit will be located in a large tent at the fairgrounds and will feature displays covering every aspect of aviation as it affects Pennington county.

There will be several items on display from the area vocational school aviation mechanics shop, as well as displays by various airlines, local aviation groups and others.

The exhibit will be manned by Holey and local volunteer help by individuals connected with aviation here. The public is cordially invited to visit the aviation tent to see how their county is faring in the air age. A considerable amount of free materials is available.

Unfrosted Yellow Sponge-type Cake Contest

Sponsored by Minn. Farm Bureau Women's Committee.

The contest is open to all.

The entry is to be one unfrosted yellow, sponge-type cake baked in a standard size tube pan.

The recipe must be submitted with entry.

Bring entry the opening day to Pennington County Fair. Farm Bureau cake entry will be entered separate from other open class.

Prizes in county contest will be, first prize $5.00, second prize $3.00, third prize $2.00.

Winner of county contest will compete in the state finals Sept. 7, 1960 at Farm Bureau Women's Camp, Lake Koronis, Paynesville, Minn.

There will be five state contest prizes with top prize $50.00. Cake will be scored for its appearance, lightness, texture, moisture content, flavor and odor.

Overnight guests last week at the Frank Heinze home were Mr. and Mrs. Melvin Hanson and John of Anoka.

The community extends their heartfelt sympathy to Mrs. Frank Heinze in the loss of her mother, Mrs. Annie Svanjord who passed away recently.

Mr. and Mrs. Axel Engelstad of Thief River Falls were callers at the Mons Engelstad home on Monday evening.

Callers at the Edwin D. Hanson home on Monday were Mr. and Mrs. Albert D. Hanson and Julie of Kratka, Mrs. Russell Williams and Douglas Dennis D. Hanson, Kathy and David all of Thief River Falls.

St. Paul Notes

The St. Paul Ladies Aid will meet at the church parlors on Thursday afternoon, July 21. Hostesses are Mrs. Iver H. Iverson and Mrs. Eugene Rondorf. Everyone welcome.

Go-kart Racing to Make Its Bow Here on Sunday, July 31

25 Karts to Compete on New Race Track Located 1½ Miles North of TRF

Go-Kart racing will make its initial bow in Thief River Falls Sunday, July 31, when 25 karts from Thief River Falls and other communities will compete on the new track 1½ miles north of the fairgrounds or 1½ miles north on T.H. 32 and 59, it has been announced by Ed Jensen.

Sponsored by the Northwest Racing association, the races will be on a new one-fifth mile oval dirt track. Time trials begin at 2:30 with heats immediately following.

The diminutive racers, powered with small two-cycle engines, have furnished popular sport, especially on the west coast, for more than two years and have started a multi-million dollar business in karts and equipment from coast to coast. Emphasizing driving skill, especially "cornering," kart racing has become popular throughout the United States with men, women and children.

The races will continue for 2½ hours, and everyone is invited to watch this newest addition to area summer sports.

Those who wish to enter karts in the races may call MU 1-3536 for further information. Race officials emphasized that underage drivers will have to have signed releases from their parents before they can compete.

Badger Assumes Lead in Pen-Ro-Shall League

League baseball results in this area on Sunday found the Fosston team defeating Gonvick, 11 to 7, at Fosston, moving into a half-game lead in the Northern Minny league standings. Other Northern Minny league results on Sunday saw Thief River Falls scoring an 8 to 7 win over the erstwhile league leaders, Cass Lake, scoring four runs in the ninth inning for the victory; and Bagley marking up a decisive 14 to 0 triumph over the Erskine Merchants in a game played at Erskine.

Badger assumed the league lead in the Pen-Ro-Shall circuit by edging out Greenbush, 5 to 4, in a game played at Greenbush. The Thief River Falls Bums, with lefty Freddy Jensen hurling four-hit ball, defeated Goodridge, 11 to 1, at Goodridge; and the Plummer Red Sox marked up a 12 to 9 win over Grygla in a game played at Plummer.

The Pen-Ro-Shall league will conclude its 1960 schedule next Sunday, following which the league playoffs will be held.

TRF Thieves Defeat Cass Lake Sunday 8-7

With the bases loaded, none out, the Thieves' trailing by a 7 to 6 score in the last half of the 9th inning, Harlie Dress, on a two-and-two count, lined one of relief pitcher Tom Swenson's pitches to the fence in left field, scoring two runs and giving the locals a thrilling 8 to 7 Northern League win over Cass Lake here Sunday afternoon.

Next Sunday afternoon the Thieves will travel to Winger for a game against the cellar-dwelling Tigers.

For eight innings of Sunday's game here, the locals looked like a beaten team, and they were being beaten by a 7 to 4 score. Cass Lake, on a walk, a fielder's choice, a single by Russ Smith, and a home run over the left-field fence by Bob Montebello, had taken a 3 to 0 lead in the first inning.

A pair of walks, and a double steal, with the Thieves' making an error on the run-down of the runner between first and second, found Bob Kennedy coming across the plate with a Cass Lake run in the fourth inning.

The Thieves picked up a pair of runs in the fifth inning on singles by Duane Hodsdon, Arlan Hjelle and John Drury, and a throwing error by the Cass Lake catcher.

Cass Lake added a pair of runs in the sixth inning, getting three hits, and scoring the runs on a wild pitch and a balk, to take a 6 to 12 lead. And when Russ Smith homered over the left field fence in the eighth inning, off righthander Drees, who had replacer Hjelle on the mound for the Thieves in the seventh inning, the Lakers appeared to be winners.

A single by Drury, a hit batsman, a walk, an infield out, and a wild pitch, gave the Thieves two runs in the last half of the eighth inning, and pared the Laker lead to three runs.

In the game-winning ninth inning, Gary Klungness led off with a walk; Hodsdon lined a single to left field, with Klungness stopping at second. Paul Klungness was sent to first base to run for Hodsdon. Rod Collins, a left-handed batter against the southpaw slants of Cass Lake's Jerry Daniels, laced a ground single into center field, scoring Gary Klungness, and moving Paul Klungness around to third base. Roy Pederson walked, loading the bases. On a wild pitch, Paul Klungness scampered home with a run, and the Thieves trailed by one. Righthander Tom Swenson was brought to pitch for Cass Lake, relieving starter Daniels. With runners on second and third, Drury was given an intentional pass, filling the bases. Drees at bat took a called strike, accepted a ball, whiffed at a pitch, took another ball, and then put good wood on a pitch for a ringing two-bagger down the left field foul-line, scoring Collins and Pederson with the tying and winning runs.

Waterfowl Count Higher at Roseau

Increase Reported by R. Farmes, Game Manager

An encouraging waterfowl count from the Roseau River wildlife management area was reported today by the state conservation department's game and fish division.

Area game manager Robert Farmes reports that during his one day census on July 18, he tallied 113 waterfowl broods as against last year's count of 92 taken during the same period.

The game and fish division now estimates that the Roseau unit will produce approximately 5,000 young ducks this year. The waterfowl brood count on the Thief Lake wildlife management unit in Marshall county indicates that production of waterfowl is about the same as last year. The Thief Lake unit produces about 3,000 young ducks annually, the report stated.

McIntosh Lions Win Golf Tourney Thursday Evening

A delegation of golfers representing the McIntosh Lions club engaged in combat with Thief River Falls Lions Thursday evening on the local golf course, and the visitors won back possession of their club gavel by a margin roughly cumputed at three points. Dinner was enjoyed following the game, and numerous fines were imposed by Dr. O. D. Beich, tailtwister for the local club.

Automatic extension of outstanding E bonds, paying interest on accumulated interest, brings the yield of some of these up to 5 per cent on the original investment. The earliest E's issued are now in their twentieth year; another ten-year extension has already been promised by the Treasury.

TRF Legion Jrs. Take Title in Subdistrict

Coach Ralph Skey's junior baseball club, defeating Lake Bronson, 11to 6, in the finals of the American Legion junior baseball sub-district tournament that was concluded here on Friday night, gained a berth in the Ninth district Legion tourney to be played at Erskine on July 30 and 31.

Scoring seven runs in the third inning and adding four runs in the fourth inning, the locals piled up an 11 to 0 lead over coach Willard Pearson's Lake Bronson club on Friday night. The heavy-hitting Lake Bronson team picked up a run in the last half of the fourth inning, and erupted for three runs in the fifth inning when the locals' starting hurler, Gary Anderson, experienced control troubles, giving up four walks, uncorking a wild pitch, and committing an error.

Mike McEnelly, making his third appearance in three days, replaced Anderson on the mound and, with the bases loaded and two out, retired the side when Frank Vagle lofted a fly ball to Gary Kilungness in center field. Lake Bronson, on singles by Doug Bakke and Galen Sele, and back-to-back doubles by Gene Prosser and Leon Oltad, added two runs in the sixth inning. Except for a walk to Ray Larson, McEnelly was in control as he set down Lake Bronson in the seventh inning, with Anderson gathering in a pop foul near the Thief River Falls dugout for the game-ending putout.

In the "big" third inning, Gary Klungness led off with a walk, Paul Klungness and Eddie Lietzow also walked. A wild pitch scored Gary Klungness. McEnelly lined a single to center field, scoring Paul Klungness and Lietzow, with McEnelly moving around to second on the throw to the plate. John Aune, who collected three hits in four tries, singled to center, scoring McEnelly. Anderson struck out. Mike Aune singled to left-center. Jack Goulet struck out. Tony Poole walked to load the bases; and when second baseman Loren Grahn muffed Gary Klungness' high pop fly, three runs scampered across the plate. In the fourth inning, three walks, an infield out, and Paul Klungness' base-clearing single, added four runs to the locals' total.

In semi-finals games on Thursday, Lake Bronson, by an 11 to 1 score, defeated Argyle in five innings; and the Thief River Falls club, on a six-run rally in the fifth inning, defeated a favored Crookston team, 8 to 5.

FIREMAN Mike McEnelly was called in for relief pitching three times during the sub-district baseball tournament that was concluded here on Friday night, and on every occasion he succeeded in snuffing out the baseball "fires" ignited by the opponents of coach Ralph Skay's local juniors. In the first round game against the Hallock juniors, McEnelly replaced starter Eddie Lietzow, and pitched three innings of no-hit and no-run ball as the locals won, 16-4. In the semi-finals against Crookston, McEnelly went in as relief for Jack Goulet in the fourth inning, and gave up but one hit and no runs in his four-inning stint as the local club sidelined Crookston, 8-5. In the championship finals on Friday night, McEnelly was called to the mound in the fifth inning and, athough touched for four hits and two runs, he was instrumental in giving the local club the game, by an 11 to 6 score and the subdistrict title.

The second-place Ben Franklin team picked up a point in the trap shoot league standings on the leading Times' squad on Thursday when the Times and the Wilsons posted a tie score, 122 to 122, while the Franklins were carding a 120 to 115 win over the Northern Chevrolet. Gene Gaer's squad trails the Times by one point, 19 to 18, and hold a one-point edge over the third-place Wilson squad.

In the week's feature match, between the Times and the Wilsons, the following scores were posted: for the Times—Clarence Mattson, 24-2; Bill Dahlquist, 18-5; George Mostue, 22-4; Leif Erickson, 24-6; and Mel Zitzow, 20-4; for the Wilson Bros.—Sandy Wilson, 24-0; Si Schantzen, 24-3; Roy Peterson, 21-4; Al Tonder, 20-3; and Orv Feragen, 17-8. The Times had three "25's" in Clarence Mattson, George Mostue, and Leif Erickson, while the Wilson also had three "25's" in Si Schantzen, Roy Peterson, and Orv Feragen.

The Ben Franklin team, with Gene Gaer having an 18-8 and Dr. Jim Disse a 22-3, for a pair of "25's", and with Bill Pederson scoring a 24, and Bob Baker and Dr. Ralph Helm carding 23's, defeated the Northern Chevrolet, 120 to 115.

The Coast-to-Coast squad marked up the week's high team total, having a 123 as they defeated a four-man Oen's Appliance team, 123 to 90. The Coast-to-Coast had three "25's", with Don Olson having a 21-6, Walt Fisher a 23-2, and Fred Mittelsadt a 19-8. Ivan Hoglan and George Hale had 24's. Hank Storhaug, with a 20-8, had a "25" for the losers.

The Ekeren Pharmacy took over fourth place in the league standings by scoring a 114 to 101 win over the Starekow Clinic. Red Thyren, with a 23-2, and Ray Johnson, with a 21-5, had "25's" for the winners.

The cards posted by the Tunberg squad found Rog shooting a 43-36, Bob a 44-35, Reid a 34-31, and Shorty a 36-32.

The youthful American hardware team—Jon Larson, Curt Johnson, Ron Solheim, and Steve Embury—had a 139 net. In the individual scoring of the team, Larson had a 39-35, Johnson a 36-30, Solheim a 39-36, and Embury a 43-38.

Stromberg's 34 won the low gross individual honors for the 36-30, was the low net score evening, while Curt Johnson's posted.

Midgets to Play at EGF Wednesday

Eagles Team Breaks Even in Two Games Last Week

Coach Gene Sacks' Eagles midget baseball team will conclude their pre-tournament schedule on Wednesday morning, July 27, when they meet the East Grand Forks midgets at East Grand Forks.

According to present plans, a midget baseball tournament, sponsored and promoted by the Eagles, will be held starting on August 1st.

It was a win and loss for coach Sack's squad in a pair of Western Border league games played last week. Playing at Crookston on Wednesday morning, the locals rolled up an 11 to 1 win over the Pirates. In a game played at Fertile on Friday morning, the Fertile team edged out the locals, 5 to 4.

The line scores:

Keeping Score with "Huck" Olson

One for the Book

It's as certain as anything can be in sports that the baseball fans who were in attendance at the Fair Grounds on Wednesday afternoon for the sub-district junior baseball tournament will never again witness such a batting performance as that turned in by Lake Bronson's Loren Grahn. The sturdy Lake Bronson batter, a righthanded batsman, boomed three home runs over the left-field fence against the pitching of Warren's Duane Yeado and Jerry Cook, driving in nine runs.

In the first inning, with Doug Bakke and Leon Olstad on base, Grahn connected with a knee-high pitch and lofted a 330-foot home run over the left field fence.

In the third inning, Yeado whiffed Grahn. But in the fifth inning, with runners on second and third, Grahn blasted a 340-foot home run off Yeado's delivery. Later in the fifth inning, Grahn again came to bat with runners on second and third, and with Lake Bronson needing but one run to end the game on the ten-run rule, the burly hitter poled one of Jerry Cook's pitches for a 320-foot home run.

Granted that the Lake Bronson slugger was given a benefit by the brisk breeze that was blowing in from home plate to left field, we must give the youngster credit for being able to reach the fence. His second clout was a tremendous wallop that would have cleared any fence, wind or no.

We are surely glad that we were scoring the Warren vs. Lake Bronson game, for this three-home-run and nine-runs-batted-in provided quite a thrill.

The Game of the Week

Without any argument or debate, we'll venture the opinion that the Bridgeman's vs. Hartz Stores game slated for the East Side diamond on Thursday evening can be called the softball game-of-the-week. In fact, it can be termed the game-of-the-month.

The two teams are battling for the city softball league lead, with the youthful Hartz team holding a half-game lead over the veteran Bridgeman's club.

Thursday's tilt will find the Hartz relying on Kerm Malberg or Ham Myhrer; while the orange-and-black clad boys of Lowell Collins will have John Drury or Bob Carlson on the firing line. There's not too much to choose between the pitching staffs of the two clubs, and the two teams are quite evenly matched in the field and at the bat, too. Snap-balling Kerm Malberg can perhaps generate the fastest pitch, but he has been having control troubles.

The game's result may be decided by the managerial strategy, and that's where the Bridgeman's will have a slight advantage. Mukkett Collins is a veteran of many softball campaigns, and if he makes his decisions wisely on Thursday evening, and does not allow himself to be swayed by sentimentality and fond friendship, the Bridgeman's should eke out a win by a run or two.

Miscellany

Three former Prowler hockey greats are attending the summer school sessions at the University of North Dakota this summer. Jimmy Doyle, an all-state tournament choice at defense in 1945, and later a captain of the Michigan State hockey squad; Derwood (Swede) Lund a Prowler co-captain in 1948 and a varsity player with the North Dakota Sioux; and Joey Poole, twice a Prowler all-state tournament selection and later a star member of the NCAA North Dakota U hockey champions, are the three boys attending school. Jim, who is teaching at Fort Lauderdale, Fla., and Swede, who taught at Brandon, Man., last year, are working on the Masters; while Joey, who played professional hockey with the Minneapolis Millers last season, is studying for his college degree. . . . Wayne Swanson, flashy guard on the Argyle Eagles district 32 basketball champions last season, and coach of the Argyle junior baseball team this season, will be attending Bemidji State college this fall. The Swansons own an apartment house in Bemidji, and we learn that an effort was made last season to have the Swanson family move to Bemidji so that Wayne could have finished out his high school career with the Bemidji Lumberjacks. And the Jacks could surely have used the Argyle athlete. . . . Named to the North football squad for the ninth annual North vs. South all-star football game sponsored by the American Legion and which will be played in the Parade stadium in Minneapolis on August 31, are three Region Eight athletes. Dan Neppel, the burly fullback of the Sacred Heart team of East Grand Forks; Bert Wang, the 210-pound right tackle of the Roseau Rams; and Bob Glas, the southpaw quarterback of the Bemidji Lumberjacks, are the three boys honored.

Saturday, July 30—
Hartz Stores vs. Herb's Texaco, Warren. (Exhibition game at East Side diamond)

This week's play in the city softball league was featured by the closeness of the games, with all the decisions being by a one-run margin. The Hamm's Beer, getting a pair of fine performances by pitchers Glenn Carlson and Mike McMahon, marked up two 1 to 0 wins, defeating the Len's Tire team on Monday and the Bums on Tuesday.

The Hartz Stores moved ahead of the Bridgeman's by one-half game in the league standings by posting a 5 to 4 win over the Len's Tires on Thursday night. Sparking the Hartz' win were a pair of home runs poled out by Dennis Bakke and Carl Gustafson.

This week's schedule will be featured by the Thursday evening game between the Hartz and the Bridgeman's, the result of which could decide the league championship.

On Saturday evening, with game time at 7:30 P.M., the Hartz Stores team will play an exhibition game on the East Side diamond against the Herb's Texaco team of Warren. The Texaco team is the city champion of Warren.

N.W. Association of Conservation Clubs Meets Here

E. H. (Cap) Nelson, Roseau, was renamed director of the Minnesota Conservation Federation at the Northwestern Minnesota Conservation Club meeting in Thief River Falls Thursday night.

Al Nixon, East Grand Forks, and Charley Munn, Crookston, were named to the club's board of directors. The group approved a resolution calling for a complete change of by-laws. Plans were made to send delegates to the state convention at Park Rapids Aug. 20-21.

The group also reaffirmed its stand on urging the Minnesota conservation department to acquire more wetlands in Marshall and Pennington counties.

Sees Steady Turkey Prices until October

Turkey prices will probably hold up quite well until the last three months of year, according to W. H. Dankers, extension economist at the University of Minnesota.

But from October through December an expected increase in heavy turkeys on the market will most likely lower prices to producers — several cents per pound below prices for the same period of 1959.

Dankers points to a number of trends behind this outlook. Minnesota — now the nation's number one state in turkey numbers — is shifting toward more small turkeys for the year-around market. State producers are raising more of the so-called large white turkeys, which may be sold as mature birds or as broilers or fryers.

From 1945-49, Minnesota turkeys at market weight averaged 18.2 pounds each—the same as those from other states in this region and about a pound and a half lighter than those in the west.

By 1958, however, average market weight of Minnesota birds had dropped to 15.4 lbs., compared to 16.9 for the entire region and 19 for the west. Last summer, turkey prices were rather moderate, prospects for 1960 were modest and producers reduced the number of laying hens for breeding. By January 1, 1960, producers had 3 per cent fewer heavy breed hens and 30 per cent fewer light type hens—or eight per cent fewer total turkey hens—than a year earlier.

However, interest in turkeys picked up with the sharp price rise in late fall, 1959. Poult orders increased and hatching from January through April of this year was actually eight per cent higher for the whole country than in the same months a year earlier.

Early 1960 hatching actually decreased among light breeds, but that was more than offset by the increase in heavy breeds. This means fewer small turkeys will reach the market as broilers and fryers and turkey prices from now to October should be above the same period of 1959.

In late 1960, however, turkey meat tonnage marketed will be much above a year earlier.

The turkey outlook is made a bit uncertain by the "heavy white" turkeys — and the fact they can be sold as good quality broilers and fryers before maturity, or as heavy mature birds for later markets. Dankers pointed out that if large numbers of these birds hit the market in late summer, much of the expected overload of heavy birds in late 1960 would disappear.

Seaway Institute Planned at Duluth

Foreign Trade to Be Topic of Sessions Sept. 12 to 16

The Unversity of Minnesota will conduct its first annual Seaway Institute — a short course for Midwest businessmen, manufacturers and transportation officials on how to develop international trade — September 12-16 at the University's Duluth campus.

Opening of the St. Lawrence Seaway, bringing foreign ships to midwest ports for the first time, prompted the institute, which will focus on the problems of developing international trade at a seaway port.

Speakers will include government and industry leaders in the field of international trade who will discuss such topics as: how a company gets into import or export trade, the mechanics of international banking and trade, packing and handling gods for export, the role of the foreign freight forwarder, marine insurance, steamship operation and rates and contacting foreign importers.

Patten D. Allen, director of the European division, office of economic affairs, United States bureau of foreign commerce, will address a dinner meeting on the opening day of the institute Monday, September 12. He will discuss "The Inner Six and Outer Seven," two groups of European countries organized for reciprocal trade arrangements.

The United States department of commerce is assisting the University's Center for Continuation Study and the division of social sciences, University of Minnesota, Duluth, in arranging the institute.

483 Game Law Violators Fined

Minnesota game wardens continued their assault against license violators and fish hogs in June as 483 were arrested for infractions of the state game and fish laws.

License violators proved to be particularly vulnerable to the game wardens as they nabbed 185 for this offense. This is a 134 per cent increase over a similar period last year. License agents involved in illegal issuance of angling license were also arrested. Offenses involving fishing accounted for 266 apprehensions.

Since announcing their crackdown in May, game wardens have continued to hit offenders hard around the state. One angler checked for the third time this year by wardens stated, "I have fished in Minnesota for over 25 years and was never checked by a game warden, but this year they just seem to be everywhere."

PRINCESS Carole Thorson of the Northwestern Bell Telephone company in Thief River Falls introduced the new Princess telephone to all employes at the Rex cafe Wednesday, July 20. The new sets, which are two-thirds the size and half the weight of regular phones, will be available in Thief River Falls Aug. 1. Using the theme, "It's little — it's lovely — it lights," the Princess phone is available in white, beige, pink, blue and turquoise, has a night light and a bell volume control and cutoff. With Princess Carole is George Hale, left, manager, and A. K. Bacon, right, wire chief.

Farmers to Place Flags on Vehicles

Cooperate in Implement Dealers Safety Campaign

"Minnesota farmers through their implement dealers have taken a very forward step towards increased highway safety," Harry A. Sieben, state highway safety director, said today. "They are doing so by installing warning flags on all tractors and equipment moving in highway traffic."

"This is an encouraging action taken by a very large and responsible group of our citizens and will be of tremendous help in the farming seasons ahead."

The Minnesota Implement Dealers association has worked out the production of a suitable red and orange flag on a pole and bracket device which will identify the slow moving equipment. The flags, flying high above machinery, will enable motorists to notice equipment ahead, particularly in hilly country where the low equipment may be hidden from view.

Details for the program were developed by the farm machinery section of the Minnesota Safety Council, in cooperation with the University of Minnesota farm specialist, Glenn Prickett and Charles H. Getchell, Highway Department employee safety supervisor.

"It is most opportune that this announcement was made in conjunction with Farm Safety Week which is conducted nationally this week," Sieben said. "Traffic safety is an important part in this embasis program, and the work of the farmer and his business associates in promoting safety on our highways is most commendable."

During 1959 there were 158 accidents involving motor vehicles and farm tractors on Minnesota highways. In these three persons were killed and 103 persons were injured. This was a slight increase over 1958 when five persons were killed and 92 persons injured in 154 accidents.

Soo Line Reports on Area Crop Conditions

Alexandria to Thief River Falls

Hot dry weather prevailed this week. Second cutting of alfalfa looks very good. Corn and soy beans making very good progress. Present condition of potatoes and all grains is good. However, in the southern area where the top soil is dry, barley is ripening too fast; and the later grain also needs additional moisture. Moisture conditions are good in the territory Bejou to Plummer where good rains were and barley is expected within a received. Cutting of rye, oats week. Wheat is in the blossoming and filling stages. General prospects are good. However, most areas should have rain soon.

Newfolden to Orleans

Newfolden and Strandquist stations report no rain this week and topsoil is dry. Other stations received about ½ inch of rain to maintain good moisture conditions. Potatoes and all grains look very good. Heavy hail damage reported to about 400 to 500 acres of crops in the vicinity of Lancaster.

Viking to Rolette, N. D.

Weather generally hot and dry this week. In area Viking to Adams potatoes, sugar beets and grain crops are still in good condition but need rain soon, especially for potatoes and late barley an flax. Ardoch station reports about 35 per cent damage to barley by aphids. In the area Fairdale to Rolette drought has reached the critical stage. Most reports indicate grain crops are still in good condition; but a few stations report oats, barley, rye and flax is beginning to deteriorate and each additional day of hot dry weather will take its toll. Nekoma station reports light damage by aphids.

Overly to Norma, N. D.

With the exception of hail damage in the vicinity of Lansford and Tolley, grain crops are in good condition. Aphids also reported to be in barley fields at Overly and grasshoppers at Lansford. Although no drought damage has been reported as yet, rain will be needed soon as the thick stands of grain draw heavily on moisture supply. Rye cutting to begin within a week. General prospects good.

Dahlen to Orrin, N. D.

Hot weather prevailed this week. In areas that received rain this week or last week crop conditions are excellent and moisture adequate for the present. However, rain will be needd soon as stands ofe grain are very heavy. In some areas where no rain was received the past two weeks, crops are already showing damage.

General

Hot, dry weather prevailed the past week. Rain was received on only scattered areas. A good general rain is needed over the entire Winnipeg division. In most areas the topsoil is dry and subsoil moisture is being rapidly depleted by heavy stands of grain. Corn, potatoes, sugar beets and soy beans are making good progress. Grain crops are generally good; but in many areas lack of topsoil moisture has reached the point where rain is needed very soon. In a few areas the grain is already showing the drought damage. Few reports of hail or insect damage and no reports of rust have been received.

Critic of Red Lake Indians Quits Job

State Publicity Aide Advised Avoiding Area

Dick Quinn, 24, assistant publicity director for the state department of business development, has resigned.

Quinn had written a letter advising a Rockford, Ill., family against visiting the Red Lake area in northwestern Minnesota. Quinn warned that the Indians "do not always resist the impulse to attack intruders."

Quinn contended he was reflecting unwritten department policy in advising against vacationing in the area. John Hendrickson, department publicity director, denied such a policy existed.

Quinn wrote a letter of resignation to James W. Clark, commissioner of the business development department.

"We'll do all we can to get Dick another job," Clark said Thursday.

June Fire Losses Hit $82,829,000

Estimated fire losses in the United States during June amounted to $82,829,000, the National Board of Fire Underwriters reported.

According to Lewis A. Vincent, NBFU's general manager, this represents an increase of 6.4 per cent over losses of $77,867,000 reported for June 1959, and a decrease for 4.7 per cent from losses of $86,940,000 for last May.

Losses for the first six months of 1960 now total $573,971,000, an increase of 2.3 per cent over the first six months of 1959, when they amounted to $560,866,000.

"There are two kinds of conservatism—that which is born of fear and ignorance and that which is born of knowledge and courage. The first dreads the light, the second asks for more light, better light." —W. D. Hoard

A Net Gain

A Texas company is mining a peat bog over in Carlton county and expects to harvest 500,000 bales of sphagnum peat moss this year. The six-cubic foot bales are selling for $3.89 to $5.50. The company has an estimated 3,900 acres leased from the state and hopes that it will be able to recover from 30 to 35 million bales.

According to Stephen Alnes, St. Paul Pioner Press staff writer, "Sphagnum peat moss is a lightweight, spongy, brown earth which look something like pipe tobacco. It is used widely by gardeners and commercial growers to loosen the texture of soil and improve its moisture-holding capacity. It is often specified as a top-dressing for lawns and golf courses." This variety of peat brings $45 and more a ton compared to $11 a ton for ordinary varieties.

The company is paying a royalty of four cents a cubic yard for each yard marketed and on the estimated volume in this one area the state would collect several hundred thousand dollars. More important, the industry employs 35 men and through taxation, contributes to the cost of local government. This development by private industry is a net gain for northeastern Minnesota and for the entire state.

Our Liberty Comes First

The Republican national convention got under way in Chicago this morning and it probably will be a colorless performance compared to the show staged by the Democrats at Los Angeles earlier this month. Vice Prsident Nixon seems to be secure as the convention choice for President and the only argument in prospect is on the question of finding someone who is able and willing to be a candidate for the office of vice president.

A highlight of the convention will be the keynote speech delivered this evening by our congressman Walter Judd. Congressman Judd is an able and well-informed speaker, and as the convention key-noter, his address will deserve the thoughful consideration of all Americans.

There has been some speculation about the control of the party and the direction it will take in its platform announcements. In the Republican party, as in the Democratic party, there are radicals and reactionaries, liberals and conservatives. Our party names as such, have lost their meaning.

But the Republican party has come to be accepted as the party of the conservatives and the Democratic party has been accepted as the party of the liberals. It would be well to keep them that way.

At its Los Angeles convention the Democratic party swung far to the left, adopting a program that, if followed, would threaten the stability of our government. There are those in the Republican party who advocate a program that is as far to right as the Democratic program is to the left.

What the country needs now, and what the Republican party should offer to the voters of America, is a stable economy and a sound dollar. Inflation is a very real threat. Continued spirals of wage and price increases can lead only to a less competitive position in world markets, unemployement and a further shrinking in the buying power of the dollar.

The Democratic party has made itself the standard bearer for a program that is said to be popular. The Republican party can best serve the country by championing a program of national development that is honest and realistic, and having as its main objective the conservation of our liberties.

Calm Again in Congo

United Nations intercession in the Congo seems to be accomplishing its purposes. At any rate another highly explosive situation appears to be under control and international tensions once again are easing.

This means that once again the United Nations organization is serving a good purpose. It is significant that while the Russians tried to sabotage the Congo operation they did not openly oppose a program that the Africans themselves asked for.

Credit is being given again to Secretary Dag Hammarskjold for the diplomatic manner with which he has been able to maintain a semblance of harmony, and to Dr. Ralph J. Bunche, who acted as Hammarskjold's representative in Leopoldville.

If the operation results in a satisfactory solution for the overall problems of Congo then there will be less resistance to proposals for a permanent United Nations police force. As has been pointed out, such a police organization, not a fighting army but with only small arms for defense, could be highly effective in keeping the brush fires under control.

Living Dangerously

Our sympathy to our good friend Jim Clark, commissioner of the department of business development for the state of Minnesota. He is in the awkward position of being indirectly responsible for a letter written, neither wisely nor well, by one of his clerks.

In reply to an inquiry concerning vacation facilities in the Upper Red Lakes area, and requesting general information, a prospective visitor from Illinois was given the following warning:

Dear Mr. Aschtgen:

Because of the unusual circumstances existing in the particular area of our state about which you inquired, Upper Red Lake, I thought it best to give you a few personal suggestions.

As you probably know, Lower Red Lake and about half of Upper Red Lake are contained in the Red Lake Indian Reservation. This is significant since the Indians within the reservation are of a rather primitive nature. Without wanting to sound foreboding I feel it my responsibility to warn you against trespassing on or too closely approaching their property.

There is virtually no law enforcement in that area. The Indians are living today as they lived years ago and have preserved many of their ancient customs such as burial above ground and "eye for an eye" justice. In many ways they are primates and will not alaways resist the impulse to attack an intruder.

I personally would not go there, would not camp there, would not drive through, by, or even near the reservation, nor would I fish on the lake—especially if my family were with me.

There are no cities or lodges in that area nor are there state parks or camping grounds.

The fishing on Red Lake is superb but . . . If you decide to go there I wish you lots of luck. If you decide against it and pick another area of Minnesota (our other reservations are completely different) please write and we'll send you everything that might help.

Please find enclosed our state parks folder and thank you for your interest in Minnesota.

Cordially,
Dick Quinn, Ass't. Director of Publicity
P.S. There is no Red Lake Folder . . . Sorry.

We understand young Dick Quinn is no longer on the state payroll but we are not worried about his future. The lad has imagination and he will get along. We are sure our good neighbors who live lawlessly to the east of us are getting a lot of chuckles out of this letter of alarm.

To the members of the Council of the Red Lake Band we respectfully suggest that, if they are thinking in terms of a tourist industry development on the reservation, they might give a little consideraion to the possibilities in a publicity campaign directed by this man Dick Quinn. The country is full of people who like to live dangerously, and with Quinn as the directing genius, we are sure the members of the Red Lake Band could put on a good show for the visitors.

Railroad Work Rules

(Christian Science Monitor)

The wage issues which threatened a nationwide railroad strike have been largely settled. The "featherbedding" issue, to which management devoted a major publicity campaign and to which labor responded with some heat, has not been solved. Archaic working rules remain a subject of dissatisfaction on both sides.

The four brotherhoods of operating employees—engineers, conductors, firemen and trainmen—proposed on July 6 to the regional railroad management committees that the whole complex issue of work rules be submitted to a special study commission. The commission would include representatives from the railroads, the unions, and the public.

This appears a reasonable and constructive proposal. Modification may be desirable but a cooperative response from rail managements would be encouraging.

With higher train speeds, railroads would like to raise from 100 miles to 160 miles the run for which a basic day's pay is allowed. They would like to omit the firemen from diesel locomotives in freight and yard service. They would like to reduce some train crews and to use road and yard crews interchangeably.

But railroad workers would like some changes made also if these alterations are to be considered. They would like to be paid their expenses for layovers away from home. They point out that they receive no differential for night, Sunday and holiday work. They would like to minimize any hardship from dismissals.

All these are matters that do not lend themselves easily to solution at the bargaining table. They require careful, dispassionate analysis, and so are suited to the processes of a study commission.

For More Doctors

(Baltimore Sun)

Three years ago the John Hopkins Medical School announced a new curriculum under which the time taken to earn a doctoral degree was to be cut by as much as two years. Now it has taken a second step toward increasing the output of doctors: the entering class is to be enlarged from 75 to 90 a year. Both measures are realistic and, if they work out as well as the university expects, may point the way for other medical schools.

This country is grievously short of doctors. Not only has the population risen greatly in the past three decades, but the ability of the population to pay for medical treatment has increased. The supply of medical talent has not risen proportionately, partly because medical schools have had limited facilities; partly because the time needed to qualify, not to mention specialize, has steadily lengthened. As a pioneer in modern medical education, the Hopkins has recognized its responsibility in what can, without exaggeration, be called a crisis, and has acted accordingly. The larger number of young people of college age should guarantee that more in quantity means no falling off in quality. It will, indeed, mean that the Hopkins can enfold more of the qualified applicants it has been obliged in the past reluctantly to turn away.

Council Give[illegible] Budget Advi[illegible] by Matheson

Auditor Suggests Higher Charges for Certain Services

A careful study of means to balance the city budget if possible was contained in a memorandum with the annual report read to the city council at an adjourned meeting Monday evening, July 26, by the city's auditor, Homer Matheson, of Grand Forks.

The memorandum, which contained several recommendations made in the 1959 audit, also suggested the disposal of unneeded assets wherever possible, and pointed to airport restaurant equipment as an example; charging rent or at least the cost of maintenance for space now being given free in the city Auditorium to various agencies; rasing rates to balance the deficit and adding city administrative costs to the cost of various projects such as street improvements and other suggestions.

"Refinancing gives temporary financial relief but you need a permanent solution," Matheson told the council. He suggested raising the rates for various city services or cutting the services as one means, pointing to the 50c charge a month for the collection of garbage as inadequate. The consolidation of some departments to effect economy was also suggested.

The handling of city money by various departments was also discussed and Matheson pointed out the danger of many persons not now under bond being in a position where they are collecting funds. The separate checking account of the library and the collection of fines by the police department were pointed out as examples.

Keeping the city's accounts was also discussed and it was recommended that the services of P. G. Pederson, retired city clerk, be used whenever possible. "Difficulties encountered in bringing the accounting system up to date were discussed together with personnel problems and it was suggested that city employes, other than those in the city clerk's office, be used to bring the accounting up to date.

In answer to a question by Roy Lee, council president, as to how long it would take for a man from the Matheson company office to bring the city's accounting system up to date, the auditor said that if they were given the authority, it could be done in a month.

A lengthy discussion of the progress of the city's revised accounting system followed, together with other problems. Matheson told the council that an auditor could make recommendations but nothing further could be done until the council passed motions to put the suggestions into effect.

A motion was adopted to hire one person from the auditor's

R. J. Lunds Return from Europe Tour

Had Spent 2½ Months Visiting 8 Countries

Mr. and Mrs. Robert J. Lund, who landed in New York City July 11, following a two and one-half months tour of Europe, arrived at their home here last Saturday after having spent two weeks visiting relatives in Boston and Washington, D. C. They were accompanied to this city by their daughter, Mrs. Allan D. Hanson of Middleton, New York, who will remain here a few weeks.

Of the eight European countries they visited, Mr. Lund said, they were most impressed by the scenery in Norway, where they spent three weeks. While there, they also visited Mrs. Lund's relatives in the Bergen area, as well as the home of Mr. Lund's grandparents.

Other countries visited in the course of the tour were Finland, Sweden, Denmark, the Netherlands, Germany, France and England.

While in Boston, they visited with their son Robert and with Mrs. Lund's brother, Dr. Harry Tosdal, a professor at Harvard University.

CAPTAIN of this mighty vessel at the Pennington county fair Tuesday night was Phillip Swenson, the son of Mr. and Mrs. Lowell Swenson, 315 Maple av. N. Wednesday, the midway was jammed with youngsters taking advantage of Kiddie Day. More rides than ever have been furnished this year by the William T. Collins shows including many which are new to the area.

Mrs. L. G. Owen, chairman, says the emphasis will be put on outdoor skills and badges, which cannot be completed in the troops during the winter. Girls will try to complete their swimming badge work. Instructions will be given and good swimmers are urged to complete the boating and canoeing badges.

Younger Scouts will be able to choose Rambler, Adventurer and Outdoor Cook; older Scouts will probably try the Campcraft, Star or Sport (Archery) Badge.

Missionary to Far East and Two Sons on Lions Program

Rev. Henry Peterson, on Furlough from Singapore Duties, Is Guest Speaker

Rev. Henry Peterson, visiting here while on a one-year furlough from his missionary duties in the Far East, together with his sons LeRoy and Lowell, both talented violinists, supplied an interesting program at the Lions club luncheon meeting Wednesday noon.

The Seventh Day Adventist missionary, a native of the Gatzke community, and his sons were introduced by Dr. Leo Herber. LeRoy supplied a group of violin solos, accompanied on the piano by Mrs. Arthur Hamilton, and also rendered two duets with his brother Lowell.

Rev. Peterson briefly described conditions in Singapore and the Far East nations, where he has served since 1947. He pointed out that American aid had saved some of the countries from coming under Communist domination.

The program closed with the showing by Mr. Peterson of motion pictures and slides descriptive of the area where he serves.

Contest for Rep. from Marshall Co.

Ervin Strodquist to Oppose R. Fitzsimons

Political batle lines are now drawn for the September 12 primary in Marshall county and in some cases for the general election in November, says the Warren Sheaf.

Rep. Richard W. Fitzsimons of Argyle, who has served four terms in the house, got opposition Monday when Ervin Strandquist, 41-year-old Foldahl township farmer, filed.

A member of the Newfolden school board and life-long county resident, the Strandquists have six children. In his filing statement Strandquist says he "is familiar with the problems faced by both the farmer and townsfolk of this county."

Water problems seem to have brought out many candidates to oppose incumbent county commissioners. Concentration of political activity in the county for the primary will be the race for commissioner in the second and fourth districts.

In the fourth, Andrew Korgen, incumbent, will be opposed by Oscar Rokke of Newfolden, his cousin Edgar Rokke of Newfolden and John Isaacson of Spruce Valley township, who filed this past week to make it a four-way race.

In the second district incumbent Roy Edman of Alvarado will be opposed by Edwin Morberg of Alvarado who ran as a sticker candidate four years ago and Leon Pribula, also of Alvarado.

State Lets Road Job at Thorhult

Contracts totaling $230,729 have been awarded for maintenance work on 25 miles of trunk highways, the Minnesota Highway department announced.

A $62,226 contract was awarded to C. L. Nelson Co., Inc. of Brainerd for bituminous stabilized base on 14.3 miles of T.H.s 1 and 89 between the south line of Beltrami county and Thorhult, in maintenance district 3 with headquaters at Bemidji.

Harvey Nelson of Lake Park was awarded a $168,503 contract for grading of 10½ miles of T.H. 113 between a point 9.6 miles west of Becker county and junction T.H. 71, in maintenance district 6 with headquarters at Detroit Lakes.

More Equipment for Civil Defense Is Received Here

The local civil defense organization this week received a 400-gallon-per-minute centrifugal type pumper mounted on tires, and a large capacity cement mixer from surplus property available to civil defense. The equipment has been assigned to custody of the fire department, according to staff officials.

Lodge Seen as Richard Nixon Running Mate

Nixon Nominated for President Last Night on 1st Ballot

Local residents who stayed close to their TV sets two weeks ago when the Democratic nation convention was in progress in Los Angeles, repeated the performance this week, when the Republicans are holding their quadrennial meeting in Chicago.

Vice President Richard Nixon Wednesday night bore out advance predictions when he won the GOP prsidential nomination on the first ballot, which was made unanimous after Senator Barry Goldwater of Arizona, the only other candidate proposed, withdrew his name.

Nixon announced early this morning that he favored as his running mate for the vice presidency Henry Cabot Lodge, former U. S. senator from Massachusetts and now U. S. delegate to the United Nations.

Agreement on Lodge apparently was reached at a meeting of about 30 party leaders following Nixon's nomination. Those eliminated include U. S. Rep. Walter Judd of Minnesota, who delivered the keynote speech Monday night; Senator Thruston B. Morton of Kentucky, GOP national chairman; and Treasury Secretary Robert B. Anderson, formerly of Texas.

Among those making seconding speeches last night in behalf of Nixon were John Roosevelt of New York, son of the late president, and Robert Taft Jr. of Ohio.

Others who addressed the convention included President Eisenhower, former president Herbert Hoover, now 85; and Thomas E. Dewey of New York.

Fine Weather Greets Fair on 1st Three Days

Large Crowds Enjoy Program; Car Given Away Friday Night

Perfect weather has brought ever-increasing numbers of area residents to the Pennington county fair and, with two days remaining, near-record attendance is expected by fair officials.

Tuesday, opening day, was highlighted by the Aut Swenson Thrillcade performance in front of the grandstand and the troupe repeated the hair-raising auto and motorcycle acts together with a new aerial act and a Ride of Death.

Wednesday was a big day for livestock exhibitors and the 400 4-H boys and girls who had a total of 1,400 entries. Although the open class competition in livestock was smaller this year, judges agreed that the stock entered was of excellent quality and judging was difficult.

The annual 4-H Parade of Champions followed Kiddies Day on the midway which was attended by hundreds of area youngsters. Recognized before the first Marlo Productions before the grandstand were the 4-H boys and girls whose entries in the various competitions had been judged as superior.

Paul Stelmaschuk, Pennington county agent, announced that the Silverton 4-H club won 76 points in dairy cattle competition, the Mavie club was second with 59 points, the Kratka club was third with 43 points and the Rocksbury club fourth with 38 points.

Marian Augustine, director of district 17 of Land O'Lakes, presented the winning Silverton club with the calf award which is sponsored by the Thief River Falls Cooperative creamery, the Consumers Cooperative association, and the Land O'Lakes Creameries, Inc. Chosen by the Silverton club to receive the calf was Les Nelson.

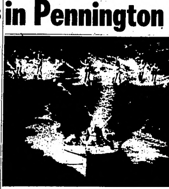
Grandstand performances by the Marlo troupe are scheduled again for the last two nights of the fair tonight and Friday and the Friday evening show will include the award to some lucky ticket-holder of the 1960 Chevrolet automobile.

A special afternoon feature

(Continued on Page 4)

FAIRGOERS had someone to look up to Tuesday when "Shorty" walked the midway advertising the Thrillcade that performed before the grandstand that evening. A large audience attended the show to watch the Aut Swenson daredevils perform with automobiles and motorcycles and to see aerial and acrobatic acts. Bonita VeVea, left, 504 Arnold av. S. and Judy Arneson, 509 Duluth av. S., found that the weather was as ideal at "Shorty's" altitude as it was at ground level.

No Primary Contests in Pennington Sept. 13



PERFORMERS who will take part in the water show for the annual Jaycee Aquacade Aug. 6-7 have been practicing on the Red Lake river recently getting their acts polished for showtime. This multiple ski tow included, from left to right; Gretchen Larson, Pat Brown, Faye Fuller, Ben Kleinvachter, Nancy Dicken and Rose Votava. In the tow boat are Wendell Olson, Chad Jewett and Steve Taxeraas. The multiple acts have been made possible by using a 75-horsepower Evinrude motor and Starcraft boat loaned to the show by the Coast to Coast store.

Two County Board Members Opposed in November Election

The list of candidates in the 1960 primary and general elections is now complete, following the closing of the filing period Monday in the offices of the county auditor and secretary of state.

While there will be no primary contests for county offices, two candidates filed for commissioner posts shortly before the deadline Monday. They are Stanley Hruby of Goodridge, living in Cloverleaf township, who will oppose Odin Hanson, incumbent, in the first district; and Woodrow Almquist of St. Hilaire, living in Black River township, who will attempt to unseat Carl R. Anderson, incumbent in the third district. Almquist also was a candidate for the post four years ago.

Glenn Tasa, fifth district commissioner, and Henry Storhaug, clerk of court, are both unopposed for reelection.

With four filings for the two position as state representative from the 65th district, there will be no elimination contest in the September 13 primaries. Candidates include Ben Wichterman, Plummer, incumbent; Vic Aalbu, Gonvick; L. J. Lee, Bagley; and David M. Ostby, Plummer. The other incumbent, W. E. Day of Bagley is not seeking reelection.

Odin Langen of Kennedy, incumbent Ninth district congressman, will be opposed on the Republican ticket in the primary election by Jack Carlson, Blackduck farmer, who filed Monday. There will be a three-way race for the DFL nomination for congressman, the candidates being August J. Duren, Fergus Falls; Coya Knutson, Oklee; and Roy E. Wiseth, Goodridge.

Following is the list of other DFL and Republican candidates for office who filed with the secretary of state before the deadline Monday afternoon. Incumbents are indicated by an asterisk.

Dr. Walter M. Pedersen, pastor of the Zion Lutheran church of this city, announced his resignation at services Sunday, effective November 1. He has accepted a call from the Ascension Lutheran Church of Seattle, Washington.

Dr. Pederson has served the local congregation 17 years, having come here in October of 1943 from Enumclaw, Washington. This year brings the tenth anniversary of the completion of the new church which was built under his guidance.

The congregation now numbers about 1,400 people and the indebtedness has been reduced to less than $30,000 including the obligations for additional property recently acquired.

Texas Youth Takes Wild Ride Tuesday

A Dallas, Texas, juvenile is in custody here after an episode of wild driving early Tuesday morning in the north side of the city.

The 17-year-old youth, employed by a concessionaire at the carnival here, drove north on LaBree av. about 12:25 a.m. Tuesday running over several obstacles in the street which is dug up for improvements.

Upon reaching Sixth st. he turned west and ran over a street barricade at Main av., causing about $60 damage to the car and demolishing the barricade. Residents of the area noted the commotion and two turned in reports to the police, who arrested the youth shortly afterwards.

He was taken to juvenile court but later turned over to municipal court where he was charged with driving under the influence of intoxicants and having an open bottle in a car.

He was fined $100 or 90 days on the first charge and $25 or 25 days under the second in a special hearing Tuesday. He was unable to pay the fine and is being held in jail here.

Leone C. Olson Weds Verl Leckron July 16

Baskets of peonies and ferns graced the altar of the Goodridge Lutheran church for the wedding of Leone Carol Olson to Verl Leckron Saturday, July 16, at 2 p.m. with Rev. A. B. Heltne officiating at the double ring ceremony in the presence of 150 friends and relatives.

The bride is the daughter of Mr. and Mrs. Orris Olson of Goodridge, and the bridegroom is the son of Mr. and Mrs. E. A. Leckron of Crookston.

Mrs. Dick Marquis of Goodridge, sister of the bride, was at the organ for the nuptial music and accompanied the soloist, Jerome Helstad of Roseau, as he sang "O Perfect Love" before the ceremony and "O Promise Me" and "The Lord's Prayer" during the ceremony.

The bride, escorted to the altar by her father, was attired in a white floor length gown with colonial fashion Chantilly lace over net featuring a scalloped neckline with sequins, long sleeves coming to a point over the hand and her fingertip veil fell from a Tiara crown trimmed with rhinestones. She carried a white Bible, a gift of the parents, with a bouquet of yellow roses and carnations.

Miss JoAnne Sletten of St. Paul served as maid of honor with Jean Wiseth of Goodridge and Darlene McLean of Minneapolis as bridesmaids. They wore identical parakeet blue dresses of nylon over taffeta with re-embroidered lace and ribbon midriff and their headpieces were white with pearl trim and circular veils. They carried bouquets of yellow roses and white carnations and their pearl earrings were a gift of the bride.

Attending as best man was Duane Hanet of South Milwaukee with Leon Iverson and Wallace Anderson as groomsmen and Allen Iverson and Mike McEnelly as ushers. The gentlemen of the bridal party wore white dinner jackets, dark trousers and carnation boutonnieres.

For her daughter's wedding, Mrs. Olson chose a beige dress with beige accessories and the groom's mother wore a beige dress with white accessories and their corsages were of yellow roses and white carnations.

Following the ceremony, a reception was held in the Goodridge high school auditorium with 150 friends and relatives attending. Mrs. Garfield Iverson, aunt of the bride, was hostess with Mrs. Clarence Manderud of Duluth, aunt of the bride, cutting and serving the wedding cake and Mrs. Oliver McEnelly, aunt of the bride, poured.

Waitresses were Ione Vraa, Marlene Elg, Sharron Iverson, all of Goodridge, and Linda Larson of Ulen. Mrs. N. T. Antonson of Minot, N. D., was at the guest book with Lynette Holthusen of Minneapolis and Hope Snobeck of Clearbrook were in charge of the gift table.

For their trip to the Black Hills and Bad Lands, the bride chose a beige dress with white accessories and a corsage from her bridal bouquet. The couple are making their home at 906 Lowell in Crookston after August 1.

The bride is a 1959 graduate of Goodridge high school and is employed as a teller at First National bank in Crookston and the groom is a 1957 graduate of Plummer high school and is presently employed with Brekken's Clothing Store in Crookston.

Out of town guests were from Minot and Crafton, N. Dak.; Glasgow, Mont.; South Milwaukee, Wis.; St. Paul, Minneapolis, Duluth, Clearbrook, Ulen, Oklee, Roseau, Crookston, Plummer, Grygla and Gonvick.

Court Sessions Held Four Days Past Week

This was another busy week in municipal court with numerous offenders appearing before Judge H. O. Chommie in four sessions Saturday, Monday, Tuesday and Wednesday.

Saturday, city police had Roger A. Erickson, Ft. Pierre, S. D., in court on an open bottle charge. He pleaded guilty and was fined $25.

Most cases were heard Monday. Four appeared as the result of arrests by the highway patrol. Erwin H. Stupek, rt. 1, pleaded guilty to illegal use of license plates and was fined $15 and an additional $15 fine after pleading guilty to the additional charge of having no Minnesota registry on his vehicle.

Glenn W. Grindeland, city, pleaded guilty to driving over the center line and was fined $15. Emil R. Burdick, city, pleaded guilty to having no valid driver's license and was fined $25, $10 suspended. Carl Gruber, Pierz, Minn., pleaded guilty to going through a stop sign and was fined $15.

Two cases were brought by Sheriff Charles Richards. Theodore L. Larson, rt. 5, pleaded guilty to driving after license revocation and was fined $50, $25 suspended.

Helmer Hinden, city, pleaded guilty to petit larceny and was sentenced to 90 days in jail, 30 suspended. He was committed under the Huber law and restitution is to be made.

All other cases were brought by city police. Helmer Hinden was also charged by police with driving after revocation and he was sentenced to an additional 15 days in jail, suspended on condition the offense is not repeated.

John Edward Johnson, city, pleaded guilty to having no chauffeur's license was fined $10. Douglas D. Bergdahl, St. Hilaire, pleaded guilty to speeding and was fined $20. Donald D. Joppru, rt. 1, forfeited $20 on the same kind of charge.

All others who appeared pleaded guilty and were fined as follows: Oran G. Underdahl, rt. 1, Fosston, possession of beer, minor, $15; Ellsworth D. Danielson, rt. 1, Fosston, careless driving, $50; Harry McManigle, rt. 3, driving under the influence of intoxicants, $100 and driver's license revoked, and Jens J. Mikkelson, rt. 4, careless driving, $25.

Vern M. Nelson, Plummer, forfeited $25 bond on an open bottle charge.

Tuesday, a Dallas, Texas, juvenile, was given two jail sentences on two charges involving drinking and driving. A complete report is published elsewhere in this issue.

Wednesday, Geo. Searls, Jr., Dayton, Ohio, pleaded guilty to petit larceny and was fined $25 on a citizen's complaint.

Coast-to-Coast Store Personnel at Fargo Meeting

Don M. Olson, John Norbeck and Miss Viola Pearson of the local Coast-to-Coast Store have returned from Fargo where they attended the fall and winter merchandise and sales promotion meeting sponsored by the Coast-to-Coast Stores central organization of Minneapolis.

Many seasonable lines of merchandise were on display with emphasis on fall and winter gift items.

Coast-to-Coast Stores merchandisers and authorities discussed the latest selling and service techniques. The group now numbers over 850 locally owned stores in 20 states and are serviced by central organization warehouses in Minneapolis and Portland, Oregon.

Doctor Cites Evils of Cigaret Habit

Dr. Herber Tells Rotary of Relation to Cancer

The relationship between smoking and lung cancer was discussed by Dr. Leo Herber at the Monday noon meeting of the Rotary club and a film dramatization on the subject was presented.

Dr. Herber, who was introduced by Dr. S. E. Pollman, told Rotarians that national and international health agencies have, after years of research, stated their belief in the relationship between smoking, especially cigarette smoking, and cancer of the lung.

The resulting cancer is the most common fatal tumor that affects the male, he said, and continued that 30,000 males and 5,000 females in the United States last year died because of it. This is about the same number that was killed in automobile accidents.

The speaker said that cancer of the lung is one of the most fatal of the tumors and that, on the average, persons will die of it if not operated upon in a year.

Chances of developing cancer of the lung is about one in 275 for nonsmokers, one in 30 for a moderate smoked and one in 10 for a heavy smoker (one who smokes two or more packages of cigarettes a day.)

Preceding the talk, the auditor's report was read and accepted by the Rotary members and it was announced that Ray Henderson has been elected to the board of directors to succeed Joe Iverson, who is leaving the city.

Feed Grain Output Reduced for 1960

Corn Acreage Down One Pct., Crop Report Shows

The country's total output of feed grains in 1960 appears likely to fall below 1959 as a smaller volume of corn is in prospect and sorghum plantings are lower than last year, according to the July crop report of the U.S. Department of Agriculture.

Total corn acreage dipped about one per cent from last year, the report shows, although plantings increased slightly in the Corn Belt. Oats production is estimated slightly above last year, and barley shows a slight increase over 1959.

The department reports a total planted acreage for 1960 of 333 million acres, or 4.5 million acres less than last year.

Area 3 Directors of Civil Defense Meet Here Today

Principal speaker at a regular session of the Civil Defense directors council for Mobile Support Area III to be held in this city today will be Brigadier General Paul McDonald, U.S. Army Ret., who is currently deputy commander of Civil Defense Region IV.

The organization will hold a dinner meeting at the Rex Cafe at 6:00 P.M. The council is composed of county and local directors from 14 NW Minn. counties. Its president is Eugene Simmons, Pine Creek, Roseau county director.

Alleged Burglar Is Bound over

Harry E. McDonald, Grand Forks waived preliminary hearing on a first degree grand larceny charge in Crookston municipal court Tuesday morning. He was bound over to district court and bond was set at $3,000.

McDonald was charged with participation in the $900 burglary of the Henry Rude farm near Winger July 10.

Issue Warning on Japanese Beetles

'U' Entomologist Says Pests Are Destructive

Japanese beetles may hitchhike into Minnesota within the next few weeks—unless travelers are especially careful.

According to John Lofgren, extension entomologist at the University of Minnesota, heavy numbers of the beetles are building up in eastern states.

Persons travelling into areas infested by the insects are urged to guard against bringing the pests back in luggage, clothing, car or public vehicles.

Japanese beetles are destructive to a wide variety of ornamentals, fruit, vegetables and farm crops. Lofgren says every effort should be made to keep them out of this area as long as possible.

Japanese beetles are about a half inch long. Their bodies are dark, metallic green with six white spots along each side. The insects have bronze colored, shell-like wing covers.

Any pests suspected of being Japanese beetles should be sent to the University for identification. Specimens should be in a preservative such as rubbing alcohol, and should not be sent alive. The beetles may be taken to any county agent, or may be sent directly to the Entomology Department, University of Minnesota, St. Paul 1.

Local Men Attend Workshop at UND

School Administrators Conference Ends Today

Philip Beadle, principal at Northrop school, was one of 450 school administrators, teachers and school board officials to attend the ninth annual school administrators workshop and conference which was held July 18-22 at the University of North Dakota.

Schoolmen from 10 states and Canada attended panel discussions and speeches on the problems of school construction, and proper design and use of school buildings. The annual conference is devoted to helping school administrators understand the problems of operating schools, according to Dr. Archie L. Gray, professor of education at UND who directs the workshop.

Also attending were Joe Forsberg, Francis Hamerlinck, Eugene R. Manning and Paul Stelmaschuk, all of this city.

County FU Boasts 634 Families in '60

Membership Now at New Peak, Says Chmn. Myers

Pennington county Farmers Union has moved ahead encouragingly in Farmers Union membership, it was reported this week.

Bernard Myers, county chairman said that, with only a small part of the membership work remaining to be done, the 1960 family membership has now reached a total of 634 families. This is well over the previous peak figure and equal to 75 per cent of all farmers in the county.

The new high in Farmers Union family memberships in the county is part of overall gains across the state which are leading towards a new all-time high membership for the organization. The 1960 state total is already over 40,000 families for the fourth year in a row.

"Farmers," said Myers, "are realizing more and more that they need to be organized just as other groups. Stronger organization is the most effective answer to stopping a further decline in rural community income and in getting farm prices on the way upwards again."

Pennington county has six Farmers Union locals: Erie, Good Hope, Highlanding, Pioneer, Silver Leaf and Union.

Paul Engelstad Chosen to Serve on Potato Group

Members and alternates who will serve from July 1, 1960, to June 30, 1962, on the Red River Valley potato committee were announced today by the U. S. Department of Agriculture.

The committee administers the Federal marketing order regulating the handling of Irish potatoes grown in the Red River Valley.

Named to represent Minnesota District 3 was Paul Engelstad, Thief River Falls, member, and Harlan Almen, Red Lake Falls, as alternate.

Campanula Club Held Tour Sunday

Nearly 20 members of the Campanula Garden club participated in the club's annual tour Sunday, and visited the Bergerson Nursery near Fertile, enjoying a picnic supper there. The group returned to this city by way of Maple Lake and Erskine.

Soil Moisture Is High in Minnesota

Ample Reserves in Most Counties, Says 'U' Man

Most Minnesota counties have higher soil moisture reserves than they've had in July for many years.

That's based on a statewide soil moisture survey as of July 18, according to Donald Baker, soil climatologist at the University of Minnesota.

Baker says topsoil moisture seems to be adequate over most of the state. Exceptions are the area north of a line between central Carlton county and western Roseau county, and some localized areas in the central and west central part of the state.

Rainfall was generally less than normal over Minnesota in June, but subnormal temperatures helped conserve the supply of soil moisture. Although July rainfall has been above normal over most of the state, some areas, including Pennington, Todd, Morrison and and Wadena counties, have had little rain.

The survey was conducted cooperatively by the University soils department, U.S. Soil Conservation Service and the state climatologist for the U. S. Weather Bureau.

Four Men Running for Legislature from Polk County

As filings for the Sept. 13 Minnesota primary election closed Monday, four candidates had entered the race for the legislature from the 66th district, comprising Polk county.

They include incumbents Harveydale Maruska of Angus and Harvey Wilder of Crookston. Also filing were Leland Affeldt Sr. of Fosston and Kenneth Moran of Erskine.

Only other Polk County posts to be on the ballot this fall are the county commissioners for the 1st, 3rd and 5th Districts, but there will be no contests for those positions.

Only the incumbent commissioners filed. They are Oris Moen, Fertile, 1st District; Afton Hanson, Crookston, 3rd District; and Louis Glege, East Grand Forks, 3rd District.

Dick Sculthorp Tells of Boy Scout Trip to National Jamboree

The journey by a group of area Boy Scouts to the National Jamboree which opened last Friday on a ranch near Colorado Springs, Colorado, is described in the following report by Dick Sculthorp, one of the local Scouts in attendance.

Pre-Jamboree training was held in Emerson, Man., from Friday, July 15, through Sunday the 17th. Sunday church services were held at camp by Rev. Robert Swart of Dayton, Ohio. We left Emerson Monday at 6 a.m. and had breakfast in Warren. We stopped in Wahpeton, N. D. for lunch, and traveled to Redfield, S. D., where we stayed over night. While at Redfield, we swam in the pool for two hours.

After eating breakfast we were on our way to Rapid City, S.D. We arrived on the afternoon of the 18th. After a trip to a laundramat our uniforms looked almost as good as new. We had two hours of free time that night so some of us cowboys bought hats. After dinner we went on a tour of the Reptile Gardens. We stayed over night in the Trinity Lutheran church in Rapid City.

After eating a hearty breakfast we were on our way. We stopped in Hot Springs, S. D., and went for a swim in the hot springs, which was quite an experience. We then went to the Mt. Rushmore Memorial and looked around for a half hour. We stayed over night at the English Lutheran church of Torrington, Wyo. After eating breakfast we pushed on to Greely, Colo., for lunch. We called Hartley Story, former basketball coach of Thief River Falls, on the telephone and he came down to the park where we were eating to visit with us.

W arrived at the Jamboree near Colorado Springs Thursday, July 21. The Jamboree was officially opened at 9 a.m. on Friday morning with the firing of an aerial bomb. At the opening, flags representing the 50 states were raised. A band played in front of a building shaped like a birthday cake in honor of the 50th anniversary of the scouting movement.

Watkins Co. Cites Morris Odegaard

Morris A. Odegaard, local dealer in Watkins Products, was honored recently by F. J. King, Jr., president of the firm, for his sales and service in this area. As part of a national program to pay recognition to the firm's outstanding dealers during the months of May and June, Odegaard received a president's award pin and certificate.

LAKE PARK MAN GIVES UP DFL CONGRESS CONTEST

Arthur Carlson, mayor of Lake Park, today announced his withdrawal from the 9th Minnesota district race for the nomination for Congress.

"The majority of the delegates to the 9th district DFL convention held at Detroit Lakes in May have spoken.

"I accept this verdict and will work with the endorsed candidates from top to bottom," he said.

staff to bring the accounting system up to date as of July 31 at an estimated cost of $1,000. The work will probably begin about August 5.

Preceding the auditor's report, D. J. Robinson, 502 Crocker av. S., appeared before the council to ask that the ditch north of his property be partially filled to eliminate water which stands in it. The council told him that some of the dirt being removed from the street improvement project north of the business district would be used for that purpose.

The meeting was concluded with a report by the fire department committee composed of Aldermen Olaf Dahlen and A. J. Rau. Alderman Harry Ranum was absent. At the conclusion of the report and the discussion which followed, the council voted to direct the auditor to prepare a complete audit of the fire department account.

The council president's ruling at the regular meeting July 19 that the resolution changing parking on Second st. from the diagonal system now in effect to parallel parking failed to gain a passing vote was questioned by Alderman E. B. Benson. The question failed to gain the support of any other member except Alderman A. J. Rau. Benson, quoting from rulings made by the attorney general and contained in the magazine, "Minnesota Municipalities," claimed that the vote of two for the parking change, one against and two passing was a passing vote.

The vote was cast when a resolution offered by Alderman A. J. Rau and voted in favor by himself and Alderman Benson was voted against by Roy Lee, council president, while Aldermen Olaf Dahlen and Harry Ranum passed. If approved, the resolution would have changed parking on Second st. from Main to Horace av. from the present diagonal system to parallel.

Dwayne M. Hesse Inducted July 19

Mrs. Ardell B. Overbye, clerk of the local selective service board, reports the induction of Dwayne M. Hesse, Thief River Falls, on July 19. He was assigned to Ft. Ord, California, for his basic training.

Robert Walters Has 3 Masters' Degrees

POWER PRODUCTION

A college degree is about the ultimate in education that most people hope for. Sometimes, a master's degree is called for when a little further study is desired on a particular subject.

A second master's degree is almost unheard of and three master's degrees—well that's for Robert Walters of Chicago, son of Mr. and Mrs. Wm. Walters of Thief River Falls.

Bob is technical coordinator in the power production division at South Works of U. S. Steel in Chicago. He earned his bachelor degree at the University of North Dakota in 1955. That was in mechanical engineering.

Then he started to work for South Works and attending school a night at the Illinois Institute of Technology. In two years, he had earned a masters degree in mechanical engineering.

He had already decided, though, that straight engineering was not for him, so he worked simultaneously on a masters degree in gas technology, which works in very well with the functions he performs at South Works.

Then he reasoned that a man who wants to work his way up in the management ranks, should know something about business, so this past June, he earned his masters degree in business administration, also at I.I.T.

Bob is a native of Thief River Falls. He maintains that going to college is not his hobby.

"I collect coins," he said. "That's a hobby. Going to school—that was business. But," he said, "I don't think I'll go back, except perhaps for a specialized course."

7 Canadians Hurt in Mishap at Angus

Car Overturns Tuesday Following Tire Blowout

A tire blowout on a car pulling a camp trailer caused the car to go out of control and overturn, resulting in injuries to all of a Canadian family of seven, Tuesday.

The mishap occurred on Highway 75, two miles south of Angus. Mrs. Ruth W. Russell, 39, Beamsville, Ont., was the driver when the left-rear tire of their car blew out, causing her to lose control. The trailer swayed left then right and into the ditch, causing the car to overturn.

Mrs. Russell suffered chest and back injuries. Her husband, W. A. Russell, had head, arm and leg injuries; Barbara, 12, had chest injuries; May, 10, had face and forehead injuries; Margaret 4, lacerations; Diane, 9, back injury, and Joan, 6, is under observation.

All were taken to the Warren hospital by William Youngquist, according to the Polk county sheriff's office report.

The camp trailer was a total loss and damage to the Russell car was estimated at $2500.

State Auxiliary of Legion Honors Late Mrs. Bishop

The state Legion and auxiliary convention was held in Moorhead July 21-23. Mrs. Elmer Andersen, Mrs. LeRoy Nabben and Mrs. Myrle Vettleson were the three delegates attending from the Thief River Falls auxiliary. Mrs. James Cuppet and Mrs. Ellsworth Jorgenson attended the meetings also.

Thursday morning, July 21, a special memorial service was held in honor of the late Mrs. J. M. Bishop of St. Paul, formerly of this city. Mrs. Frank E. Morse gave the memorial tribute to Mrs. Bishop.

Mrs. LeRoy Nabben and Mrs. Myrle Vettleson carried the Ninth district colors. Mrs. John H. Christenson of Minneapolis was elected and installed as state president and Mrs. Carlton Mortenson of Fergus Falls was installed at district president.

One of the highlights of the convention was an address by Governor Freeman.

Temperatures in 80s Here This Week

High Reading around 90 Is Forecast Here Today

The weatherman has promised his complete cooperation with the Pennington county fair board and has forecast continuing good weather with no hint of rain through Friday.

Occasional cloudiness today and tonight have been predicted by the KTRF weather station but southern Minnesota counties may expect scattered thunderstorms this afternon and evening.

Cooler temperatures are forecast for today and over the state tomorrow with highs locally from 80 to 90 and lows tonight from 50 to 60.

CITY COUNCIL PROCEEDINGS

July 28

Extract of Minutes of Meeting of City Council City of Thief River Falls Pennington County, Minnesota Held July 18, 1960

Pursuant to due call and notice thereof, a special meeting of the City Council of the City of Thief River Falls, Pennington County, Minnesota, was duly held at the City Council Chambers in the Municipal Auditorium Building in said City on Monday, July 18, 1960, at 8:00 o'clock P.M.

The following members were present: E. R. Benson, A. R. Christianson, Olaf A. Dahlen, Harry Ranum, Roy G. Lee, A. J. Rau, Robert A. Wurst, City Attorney, Orin J. Green, Mayor, L. H. Thorstenson, City Clerk, and the following were absent: Milton Rekerson.

The City Clerk presented affidavits showing publication in the Thief River Falls Times and the Commercial West of notice of call for bids on $225,000 Waterworks Bonds of said City, for which bids were to be received at this meeting, in accordance with the resolution adopted by the City Council on June 23, 1960. Said affidavits were examined, found to comply with the provisions of Minnesota Statutes, Chapter 475, and were approved and ordered placed on file.

The Clerk presented 2 sealed bids and stated that they were the only bids which had been received by him prior to the time at which this meeting had convened. Said bids were then publicly opened, examined and found to be as follows:

Name of Bidder or Manager of Bidding Group	Interest Rate and Maturities	Premium
Allison-Williams Co., Minneapolis Piper, Jaffray & Hopwood, Mpls. J. M. Dain & Co., Mpls.	1963-68 maturities, 3.70%; 1969-73 maturities, 3.90%; 1974-80 maturities, 4.00%; plus 1.90% from 1/1/61 to 1/1/62	None
Juran & Moody, Inc., St. Paul Kalman & Co., St. Paul Am. Nat. Bank, St. Paul E. J. Prescott & Co., Minneapolis	1963-67 maturities, 3.60%; 1968-71 maturities, 3.80%; 1972-80 maturities, 4.00%; plus 1.50% from 9/1/60 to 1/1/62	None

The net interest cost on said Waterworks Bonds (being the total interest from their date to their maturity dates less any premium offered) according to the respective bids was then computed and announced.

Alderman A. R. Christianson introduced resolution and moved its adoption:

RESOLUTION AWARDING SALE OF WATERWORKS BONDS

BE IT RESOLVED by the City Council of the City of Thief River Falls, Minnesota, that the bid of Allison-Williams Co., of the City of Minneapolis, Minnesota, and associates named therein, to purchase $225,000 Waterworks Bonds of this City to be dated as of July 1, 1960, and to be issued as specified in the official notice of sale thereof, is hereby found and declared to be the bid most favorable to the City received pursuant to due notice, and should be and is hereby accepted, said bid being to purchase the bonds at a price of par and accrued interest plus a premium of $________ for bonds bearing interest as follows:

Bond Maturity Years	Interest Rate
1963-68	3.70%
1969-73	3.90%
1974-80	4.00%

plus additional interest on all bonds from January 1, 1961 to January 1, 1962, represented by "B" coupons, at the rate of 1.90%.

The Mayor and Clerk are authorized and directed to endorse an acceptance on said bid and on a copy thereof, and to return such copy to the successful bidder. The Treasurer is directed to retain the good faith check of the successful bidder pending completion and delivery of the bonds, and the good faith checks of other bidders shall be forthwith delivered to them.

ROY G. LEE,
President of City Council.

Attest: L. H. THORSTENSON,
City Clerk.

I hereby approve the above resolution this 18th day of July, 1960.

ORIN J. GREEN,
Mayor.

The motion for the adoption of the foregoing resolution was duly seconded by Alderman Harry Ranum, and upon vote being taken thereon, the following voted in favor thereof:

E. R. Benson, A. R. Christianson, Olaf Dahlen, Harry Ranum, Roy G. Lee, A. J. Rau.

and the following voted against the same: None.

whereupon said resolution was declared duly passed and adopted by the required two-thirds vote of all the members of the City Council, and was signed by the President and attested by the Clerk and was declared to be in full force and effect upon approval by the Mayor, and publication in the official newspaper.

Alderman A. R. Christianson then introduced the following resolution and moved its adoption:

RESOLUTION FIXING THE FORM AND DETAILS OF WATERWORKS BONDS AND LEVYING TAXES TO BE APPROPRIATED TO A SINKING FUND FOR THEIR PAYMENT

BE IT RESOLVED by the City Council of the City of Thief River Falls, Minnesota, as follows:

1. In accordance with the authority conferred by the voters at the election held in and for the City on November 3, 1959, and the resolution adopted this date awarding sale of bonds, the City shall forthwith issue its negotiable coupon general obligation Waterworks Bonds in the principal amount of $225,000, dated July 1, 1960, for the purpose of financing the construction of improvements to the present water plant and system of the City. Said bonds shall be numbered 1 to 225, inclusive, each in the denomination of $1,000, shall mature in order of serial numbers on July 1 in the respective years and amounts set forth below, and shall bear interest from date of issue until paid at the annual rates set forth opposite their maturity years:

Year	Amount	Interest Rate
1963	$ 5,000	3.70%
1964	5,000	3.70%
1965	5,000	3.70%
1966	10,000	3.70%
1967	10,000	3.70%
1968	10,000	3.70%
1969	10,000	3.90%
1970	10,000	3.90%
1971	10,000	3.90%
1972	15,000	3.90%
1973	15,000	3.90%
1974	15,000	4.00%
1975	15,000	4.00%
1976	15,000	4.00%
1977	15,000	4.00%
1978	20,000	4.00%
1979	20,000	4.00%
1980	20,000	4.00%

Interest at the basic rate applicable to each bond as stated above, from date of issue to maturity, shall be evidenced by appropriate interest coupons. Each and all of the bonds shall bear additional interest, to be represented by separate and detachable "B" coupons, at the rate of 1.90% per annum from January 1, 1961, to January 1, 1962. The interest on the bonds shall be payable semiannually on January 1 and July 1 in each year, commencing January 1, 1961. The bonds maturing in the year 1963 through 1970 shall not be subject to redemption prior to maturity, but those maturing in the years 1971 through 1980 shall be each subject to redemption and prepayment at the option of the City, in inverse order of their serial numbers, at the following dates and prices: The bonds maturing in the year 1978 through 1980 shall be prepayable July 1, 1965, and any interest payment dated thereafter, at par and accrued interest plus a premium of $40 for each bond prepaid on or before January 1, 1970; and all of the bonds maturing in 1971 through 1980 shall be prepayable on July 1, 1970, and any interest payment date thereafter at par and accrued interest plus a premium of $30 for each bond so prepaid. Not less than thirty days before the date specified for prepayment and redemption of any bond, the City Treasurer shall mail notice of the call thereof to the holder, if known, and to the bank at which principal and interest are then payable; and the Treasurer shall maintain a record of the names and addresses of holders of prepayable bonds of the issue, so far as such information is made available to him, for the purpose of mailing such notices. The principal of and interest on the bonds shall be payable at the Northwestern National Bank of Minneapolis, in Minneapolis, Minnesota, and the City hereby agrees to pay the reasonable and customary charges of the paying agent for the receipt and disbursement thereof.

2. Said bonds and the interest coupons to be appurtenant thereto shall be in substantially the following form, with suitable insertions of dates, numbers and amounts:

UNITED STATES OF AMERICA
STATE OF MINNESOTA
COUNTY OF PENNINGTON
CITY OF THIEF RIVER FALLS
WATERWORKS BOND

No. ______ $1,000

KNOW ALL MEN BY THESE PRESENTS that the City of Thief River Falls, a duly organized and existing municipal corporation of the County of Pennington, State of Minnesota, acknowledges itself indebted and for value received promises to pay to bearer the sum of ONE THOUSAND DOLLARS on the 1st day of July, 19__, or, if this bond be prepayable as stated below, on any date prior thereto on which it shall have been duly called for redemption, and to pay interest thereon at the rate of ________ per cent (___%) per annum from the date hereof until said principal sum is paid or until this bond, if prepayable, has been duly called for redemption, and at the additional rate of ________ per cent (___%) per annum for the period from ________, 19__, to ________, 19__; such interest being payable semiannually on January 1 and July 1 in each year, commencing January 1, 1961, and interest to maturity being evidenced by and payable in accordance with and upon presentation and surrender of the interest coupons appurtenant hereto, consisting of one set representing interest at the basic rate applicable to this bond from date of issue to maturity, and a separate set designated as "B" coupons, representing interest at the additional rate and for the limited period stated above. Both principal and interest are payable at ________, in ________, in any coin or currency of the United States of America which on the date of payment is legal tender for public and private debts. For the prompt and full payment of such principal and interest, the full faith, credit and unlimited taxing powers of the City have been and are hereby irrevocably pledged.

This bond is one of an issue in the total principal amount of $225,000, all of like date and tenor except as to serial number, interest rate, maturity and redemption privilege, all issued by said City for the purpose of financing the construction of improvements to the City's water plant and system, and is issued pursuant to the favorable vote of more than the requisite majority of the electors voting at an election duly called and held and pursuant to resolutions of the City duly adopted, and in full conformity with the Constitution and laws of the State of Minnesota thereunto enabling.

The bonds of said issue maturing in the years 1963 through 1970 are not subject to redemption prior to maturity, but the remaining bonds of the issue are each subject to redemption and prepayment at the option of the City, in inverse order of their serial numbers, at the following times and prices: The bonds maturing in the years 1978 through 1980 are prepayable on July 1, 1965, and any interest payment date thereafter, at par and accrued interest plus a premium of $40 for each bond prepaid on or before July 1, 1970, and all of the bonds maturing in 1971 through 1980 are prepayable on July 1, 1970, and any interest payment date thereafter, at par and accrued interest plus a premium of $30 for each bond so prepaid. Not less than thirty days in advance of the date specified for prepayment and redemption of any of said bonds, the City will mail notice of the call thereof to the holder, if known, and to the bank at which principal and interest are then payable. Holders of prepayable bonds desiring to receive such notice must register their names and addresses and the serial numbers of their bonds with the City Treasurer, at Thief River Falls, Minnesota.

IT IS HEREBY CERTIFIED AND RECITED that all acts, conditions and things required by the Constitution and laws of the State of Minnesota to be done, to happen, to exist and to be performed precedent to and in the issuance of this bond, in order to make it a valid general obligation of the City according to its terms, have been done, have happened, do exist and have been performed in regular and due form, time and manner as required, that, prior to the issuance hereof, a direct, annual irrepealable, ad valorem tax has been duly levied upon all of the taxable property in said City for the years and in amounts at least five per cent in excess of sums sufficient to pay the interest hereon and the principal hereof as they respectively become due, and additional taxes, if needed, may be levied upon all of such property without limitation as to rate or amount, and that the issuance of this bond does not cause the indebtedness of said City to exceed any constitutional or statutory limitation.

IN WITNESS WHEREOF the City of Thief River Falls, Pennington County, Minnesota, by its City Council, has caused this bond to be executed in its behalf by the signature of its Mayor and of its City Clerk, and sealed with its official seal, and the appurtenant interest coupons to be executed and authenticated by the facsimile signatures of said Mayor and City Clerk, and this bond to be dated as of July 1, 1960.

________ (Signature of Mayor)

________ (Signature of City Clerk)

(Form of Coupon)

No. ______ $ ______

On the 1st day of July (January), 19__, the City of Thief River Falls, Pennington County, Minnesota, will pay to bearer at ________, in ________, the sum of ________ DOLLARS lawful money for interest then due on its Waterworks Bond dated July 1, 1960, No. ______.

(Facsimile signature) Mayor

(Facsimile signature) City Clerk

(Coupons numbered 21 and upwards appurtenant to bonds numbered 91 through 140 and coupons numbered 11 and upwards, appurtenant to bonds numbered 166 through 225, shall include the phrase: "Unless the bond described below is called for earlier redemption.")

3. Said bonds shall be prepared for execution under the direction of the City Clerk, and when so prepared shall be executed in behalf of the City by the signature of the Mayor, attested by the City Clerk, and the seal of said City shall be affixed to each thereof; and the interest coupons shall be executed and authenticated by the printed, engraved or lithographed facsimile signatures of said Mayor and Clerk. When the bonds have been so executed, they shall be delivered by the City Treasurer to the purchaser upon the receipt of the purchase price heretofore agreed upon, and the purchaser shall not be required to see to the application thereof.

4. So long as the bonds herein authorized or any of them shall be outstanding and unpaid, the Treasurer shall maintain on the official books and records of the City a separate and special Sinking Fund which shall be used for no purpose other than the payment of the principal of and interest on said bonds and any additional general obligation bonds of the City which may be directed by resolution of the Council to be payable therefrom; provided that, if any payment of principal or interest on such bonds shall become due when there is not sufficient money in said sinking fund therefor, the Treasurer shall pay the same from moneys in any other fund of the City, and such other funds may be reimbursed for such advances out of the proceeds of the taxes hereinafter levied. Into said Sinking Fund shall be paid the proceeds of all taxes levied pursuant to this resolution and pursuant to resolutions authorizing other bonds directed to be payable from said fund, and any and all other moneys from time to time received for or appropriated to the payment of said bonds and interest.

5. For the prompt and full payment of the principal of and interest on said bonds as such payments respectively become due, the full faith, credit and unlimited taxing powers of the City shall be and are hereby irrevocably pledged. To provide moneys for such payments, there is hereby levied upon all of the taxable property in the City a direct, annual, ad valorem tax which shall be spread upon the tax rolls and collected as a part of other general taxes of the City for the years (collectible in the respective ensuing years) and in the amounts as follows:

Year	Amount	Year	Amount
1960	$18,400	1970	$22,300
1961	14,800	1971	21,700
1962	14,600	1972	21,000
1963	14,400	1973	20,400
1964	19,100	1974	19,800
1965	19,000	1975	19,200
1966	18,700	1976	23,800
1967	18,300	1977	22,900
1968	17,900	1978	22,100
1969	17,400		

Said tax shall be irrepealable as long as any of the bonds are outstanding and unpaid, save and except that the City hereby expressly reserves the right and power to reduce any of the above levies in the manner and to the extent permitted by Subdivision 3 of Section 475.61, Minnesota Statutes 1957, as amended.

6. The officers of the City and the County Auditor of Pennington County are hereby authorized and directed to prepare and furnish to the purchaser of said bonds, and to the attorneys approving the legality of the issuance thereof, certified copies of all proceedings and records of the City relating to such bonds and to the financial condition and affairs of the City, and such other affidavits, certificates and information as may be required to show the facts relating to the legality and marketability of the bonds as the same appear from the books and records under their custody and control or as otherwise known to them; and all such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the City as to the truth of the facts purported to be shown therein.

7. The Clerk is hereby authorized and directed to file with the County Auditor of Pennington County, Minnesota, a certified copy of this resolution, together with such other information as the County Auditor may require, and to obtain from the County Auditor a certificate that the tax required by law for payment of the bonds has been levied and that the bonds have been entered on his bond register.

ROY G. LEE,
President.

Attest: L. H. Thorstenson,
Clerk.

I hereby approved the foregoing resolution this 18th day of July, 1960.

ORIN J. GREEN,
Mayor.

The motion for the adoption of the foregoing resolution was duly seconded by Alderman Harry Ranum, and upon vote being taken thereon, the following voted in favor thereof: E. R. Benson, A. R. Christianson, Olaf Dahlen, Harry Ranum, Roy G. Lee, A. J. Rau and the following voted against the same: None;

whereupon said resolution was declared duly passed and adopted by the favorable vote of a majority of all the members of the Council, and to be in full force and effect upon approval by the Mayor, and publication in the official newspaper, and was signed by the President and attested by the Clerk.
